XLIX CONGRESS.

SENATE.

WASHINGTON, 25.—The Chair laid before the Senate a letter from the Secretary of the Treasury in compliance with the recent resolution of the Senate, asking for information as to what proportion of the bonds called for payment February 1886 are held by the National Banks as a basis for circulation. The letter was read. It states that the amount of bonds so held is five million.

Also a letter from the Secretary of War, showing the contracts made by his department during the past fiscal year and transmitting the report of the Board of Fortifications, the report of the Quartermaster General, and the report showing the number of clerks employed in the various bureaus of the War Department.

Also a letter from the Secretary of the Interior stating that the increase in the clerical force of the Commissioner of Railroads was indispensible to the performance of the duties devolving upon that officer, especially in connection with the investigations on the subject of land-grant railroads.

A joint resolution from the House of Representatives was placed before the Senate appropriating money for the relief of the Northern Cheyenne Indians. Upon examination of the spelling of some of the words in the bill it was found to be wrong.

Dawes said the misspelling was such as to render the intent of Congress doubtful, and the matter went over so as to permit of correction.

Berry called up his resolution, submitted some days ago, providing that the leases of the bath house and hot springs at Hot Springs, Arkansas, be not renewed till Congress shall decide whether further legislation in regard thereto be necessary. Berry said it would be impossible to beautify and improve the Hot Springs so long as the present system of management prevailed. The place was intended for the special benefit of invalids, but was made a general dumping grouud for unseemly articles, and the persons who had leases had a complete monopoly of the water. Even the Army and Navy Hospital authorities had to pay for the hot water used in the construction of their building. Berry thought that since the hot water was going to waste daily, it should be utilized for the benefit of all the inhabitants of the city of Hot Springs.

After further debate the matter went over till to-morrow.

The Senate then proceeded to the consideration of the electoral count bill, and Morgan took the floor. He characterized Sherman's amendment as entirely new. It would usurp, he said, by the hands of Congress a power, the exercise of which, under the proposed amendment, would tear down and destroy one of the electoral bodies, provided by the Constitution. He could not see how the danger to the country could be decreased by having the 76 Senators voting pell-mell with 325 members of the House of Representatives. Could there be a more daring threat or a greater danger to Constitutional powers than the proposition brought forward by the Senator from Ohio, (Sherman) and supported by the Senator from New York, (Mr. Evarts) when they declared the right of Congress to create an electoral body which the people had never chosen with reference to the choice of President of the United States? The bill reported from the Committee was worthy of the Senate and he hoped it would pass.

At the conclusion of Mr. Morgan's remarks, the Senate went into executive session, and when the doors reopened a message from the House of representatives was placed before the Senate giving information of the death Representative Rankin, of Wisconsin, and presenting for the action of the Senate a concurrent resolution expressing its regret.

Sawyer offered a resolution, which was agreed to, in which the Senate, after concurring in the House resolution, expresses its deep sensibility of the loss sustained by Congress in the death of Mr. Rankin, and provides for a committee of three Senators to act with the House committee in superintending the funeral, and escorting the remains of the deceased to Wisconsin. The Chair appointed as such committee Messrs. Sawyer, Blackburn and Jones of Arkansas.

George presented the credentials of E. C. Walthall, Senator from Mississippi to fill the unexpired term of Senator Lamar. Walthal was sworn in by the President pro tem.

Hoar, from the committee on judiciary, reported the bill to provide for the settlement of the debt of the Union Pacific railroads.

Wilson, of Iowa, submitted an amendment, which was ordered printed and referred to the judiciary committee, providing that whenever it may be necessary for the protection and security of the interests of the United States in respect of its lien, mortgages or otherwise, on the property of the companies affected by the bill, the President may order the Secretary of the Treasury to clear off prior paramount liens or mortgages by paying the same, and that on such payment the United States shall become subrogated to the rights theretofore pertaining to such parsmount liens or mortgages.

Hoar said he thought the judiciary committee would agree to the amendment, which had been perfected too late for the consideration of the committee.

A resolution offered by Mitchell was agreed to calling on the Secretary of War to inform the Senate what disposition, if any, had been made of the $150,000 appropriated by Congress for the commencement of the construction of a breakwater at Port Oxford.

The Senate then adjourned.

HOUSE.

WASHINGTON, 25.—In the opening prayer, the Chaplain feelingly referred to the death of Representative Rankin, of Wisconsin, and invoked the Divine blessing and protection upon the sorrowing family.

On motion of Blount it was ordered that after the reading of the journal to-morrow the States shall be called for the introduction of bills and resolutions.

Bragg announced the death of his colleague, Rankin, and offered the customary resolutions [which were unanimously adopted, and as a mark of respect to the memory of the deceased the House at 12:15 p. m. adjourned.

AMERICAN.

Wired from Washington.

WASHINGTON, 25.—The bill to provide for the settlement of claims growing out of the issue of bonds to aid in the construction of certain railroads known as the Union Pacific bill, was reported from the Senate committee on judiciary to-day. It provides that the Union Pacific and Central Pacific, the Central Branch of the Union Pacific and the Sioux City and Pacific be authorized to make the issue and deliver to the Secretary of the Treasury each 100 bonds of the redemption each bearing date of October 1st, 1885, one of which bonds shall mature on April 1st 1887, and one thereafter at the expiration of each successive period of six months from that date, and that each of such bonds shall be for the same sum which shall be ascertained by adding to the balance of said indebtedness computed and ascertained as provided in section one of this bill, interest at the rate of 3 per cent. per annum from said first day of October to the average date of maturity of said bonds, and dividing such aggregate amount by 100. Section one to which reference is made provides that the Secretary of the Treasury shall ascertain the indebtedness of the respective companies to which the subsidy bonds were advanced as of the 1st of October, 1885.

The Committee on Pensions in the House to-day added an amendment to the Mexican Pension bill and directed the report of the bill to the House. As agreed upon, the bill authorizes the Secretary of the Interior to place on the pension roll, at the rate of $8 per month the names of all surviving officers, soldiers and sailors who served in the Mexican War for any period during the years 1845, 1846, 1847 and 1848 or their surviving widows. No soldier whose political disabilities have not been removed shall be entitled to the benefits of the act.

Representative Woodburn of Nevada, will to-day introduce a resolution, calling upon the Secretary of the Treasury to report to the House his reasons and his authority for closing the Mint at Carson, Nevada.

The total collections of internal revenue during the first six months of the fiscal year ending June 30, 1885, were $58,594,611, an increase of $2,029,464 over the collections during the same period of the last fiscal year. There was an increase of $676,573 on spirits, $969,565 on tobacco, and $437,801 on fermented liquors, and a decrease of $74,475 on miscellaneous items. The receipts during December, 1885, were $559,241 greater than during December, 1884.

The Senate committee on public buildings decided to report favorably the bills making appropriations for public buildings at Pueblo, Colorado, $100,000; Portland, Oregon, $350,000.

Among the bills introduced in the Senate to-day were the following:

By Morgan—Providing that the members of any tribe or nation under the jurisdiction of the United States shall be eligible to appointment as postmaster, mail agent, postal clerk, deputy collector of internal revenue, deputy marshal, Indian agent or Indian inspector, or to any other office relating to the conduct of Indian affairs or to the government of any Indian tribe or nation.

By Bowen—Providing that no action shall be begun by the United States to cancel land patents after three years from the date of entry.

The President went to Baltimore this evening to attend the charity ball. He was accompanied by Senator and Mrs. Gorman, Miss Endicott, Miss Villas, Col. Cassidy, Col. and Mrs. Lamont and Col. and Mrs. Wilson. The party will return to Washington to-night.

Senator Platt to-day reported favorably from the committee on Territories the bill for the admission of the Territory of Washington, together with what is known as the "Panhandle" of Idaho.

The President to-day nominated Wm. H. Parker, of the District of Columbia, to be Minister Resident and Consul General of the United States to Corea.

The Senate to-day confirmed Charles J. Canda to be Assistant Treasurer of the United States at New York; John S. McCalmont, of Pennsylvania, to be Commissioner of Customs: Fletcher J. Eckart, of Alabama, to be Indian Agent of the Mescalero Agency in New Mexico; Elisha C. Osborne of Tennessee, to be agent for the Indians of the Ponca, Pawnee, Otoe and Oakland Agency, Indian Territory.

The Senate committee of public buildings decided to report favorably the bill by Senator Mitchell—to appropriate $60,000 for the construction of a light house at Cape Mears, Tillamook Bay, Oregon.

The fair and bazaar of the Washington Israelites for the benefit of the Hebrew Charities of this city opened to-night. Speaker Carlisle delivered the opening address. The President had been invited to attend, but not being able to do so sent the following letter which enclosed a generous contribution:

Executive Mansion: S. N. Myer, Secretary, Dear Sir—I regret that I shall not be able to attend the fair and bazaar to be held under the auspices of Israelites of Washington during the next week. The objects of the fair, however, have my warm approval and my earnest desire that they may be as fully accomplished as the promoters of this benevolent scheme hope. Please accept the enclosed as my contribution in aid of the purposes of the fair.

Truly yours,
(Signed) GROVER CLEVELAND.

Asking for Greenbaum's Removal.

SAN FRANCISCO, 25.—A petition, signed by the most prominent Americans residents in Apia, Samoa, dated December 9, 1885, has been forwarded to Secretary of State Bayard at Washington. It asks for the removal of U. S. Consul Greenbaum, whom it charges with general unfitness for the office which he holds. Mr Greenbaum is accused of charging more than his legal fees for services rendered in his official capacity, and also with neglect of his official duties.

Blaine as a Candidate.

NEW YORK, 25.—The *Tribune* says: J. B. Montgomery, of Portland, Oregon, is at the Fifth Avenue Hotel. He was asked yesterday about the present political bias of the republicans of the Pacific Coast, and replied: "They are already looking ahead to 1888. There is only one man to nominate, James G. Blaine. The force of circumstances would require he should be renominated. The democrats will renominate President Cleveland. There is a great deal of bitterness against him in his own party but they cannot refuse him renomination. I have just spent a week in Washington. The democratic members of Congress have cursed Cleveland before me until I thought they would lift the roof but I told them they would be obliged to put him up again. Their answer has been he could not be re-elected; there I agree with them. His renomination would carry with it Blaine's. Blaine would get all the Irish vote another time. The entire Pacific Coast will be again for Blaine as enthusiastically as ever."

Brutal Murder.

NEW YORK, 25.—Mail advices from Panama, under date of January 16th, giving the following: Five Chilians who were employed in the mines at Hoquia, were brutally sent in custody of a guard of thirteen Indians by Judge of the Tarapacs sub-delegation to be tried for robbery. The wife of one of the prisoners accompanied her husband. On reaching a lonely and deep gully about nine miles from Lipiza the guard set upon the prisoners and murdered all of them. They also killed the woman, who was "encente," and her boy. The bodies of the the victims were discovered a short time after.

Snowslide at Crested Butte.

DENVER, Col., 25.—The *News'* Gunnison special says: Yesterday a snowslide carried away the cabin of the Excelsior mine, located in Poverty Gulch, near Crested Butte. Three miners, Wm. Alexander, John St. John and Mr. Goss, were killed. Their bodies were recovered to day. A second slide carried away the cabin of the Crystal Basin, occupied by Robert Jovey and Henry Collins, who were both killed. Slides are occurring daily. Great anxiety is felt for other mining camps not yet heard from. Crested Butte is the place where 68 miners lost their lives two years ago by the explosion in a coal mine.

Two Sailors Drowned.

SAN DIEGO, 25.—Couriers who arrived yesterday from Ensenada, Lower California, brought intelligence that the United States steamer *Ranger*, which was lying near that place, during a recent storm dragged her anchor and went ashore, but was towed off without material damage by her steam launch and a number of row boats which were lowered. While thus engaged one of the boats capsized and two sailors were drowned.

Chaotic Condition of the Ohio Legislature.

COLUMBUS, Ohio, 25.—3:25 p. m. The democratic senators have just filed into the Chamber and were received with cheers by the lobby, which was soon checked by the sergeant-at-arms. The call showed all the members present and a fight was immediately inaugurated on the motion to dispense with further proceedings under the call, the republicans holding the call had exhausted itself. The republicans have made a motion to proceed with the order of the day, the Hamilton County contests.

5 p. m. The discussion continues with a vim, the democrats endeavoring to force a reading of the journal and the republicans insisting on proceeding to a hearing of the Hamilton County cases.

The wrangle is over and the journal will be read.

The Chair decides the journal shall not be read, but the special order shall be taken up. An appeal is taken from the decision of the Chair, on which he ruled that Hamilton County members could not vote. The Clerk called the names of Hamilton County members and they voted. The Chair, before announcing the vote, marked off the vote of Hamilton County and declared himself sustained.

The republican members had continued in session from 10 o'clock in the morning, and it was the intention to have adjourned at 4 p. m. unless the democrats put in an appearance. As the latter hour approached and it had been learned that the majority of the members would be there on time, the Senate Chamber filled up rapidly. Half an hour before the time for the joint meeting all the available space had been appropriated. There was plenty of anxiety and any number who were ready to fight at a moment's warning. The tactics of the afternoon were proceeded with, the call of the Senate showing all the members (thirty-seven) present. The republicans insisted on the order of the day, and endeavored to get the contest case before the Senate, whilst the democratic side was engaged in the effort to get before the body the resolution, which had been agreed upon in caucus, proposing the appointment of a committee to consider the constitutional and legal relations existing between the Senate and its presiding officer. The democrats being unable to get their resolution before the Senate, the final motion was made to adjourn and a demand made by the democrats that the Clerk proceed with the call of the roll.

The President at last endeavorded to drown the voice of the Clerk with the gavel, but finally became quiet and the roll was called, 26 members voting for adjournment. The democratic members rose from their seats and started out, while the Clerk handed the roll to the President to be announced. That official tore it in separate pieces and threw it on the floor, while the crowd surged in from the railings and the greatest confusion and demonstration prevailed. The clerks all left their places, and as soon as partial order was restored the President proceeded to read the rules himself, which had been offered by Pavy with one of the Senators at the Clerk's desk. The republican minority voted on the rules and they were declared adopted. In the results, the Senate proceedings stand about where they did this morning. The democratic adjournment was taken to Wednesday at 4 p. m., and the republican to to-morrow morning.

The Chinese Trial.

ST. LOUIS, 25.—Cong Seng, the man on trial for the murder of Lou Johnson, who made a voluntary statement which was equivalent to a confession before the coroner, was put on the stand this afternoon, and he told a long story, detailing how he and six other Chinese arranged to kill Lou Johnson for the money which was to be paid them for the job. He described how Chio Chiack, the prisoner at the bar, and Chio Pack went into Johnson's room and murdered him while he (witness) and Hock Siack watched outside. How after the murder he (witness) and Hock cleaned up the room, arranged the bed, washed the weapons used, and how they then put Johnson's body in a narrow stairway adjoining, and how he left the city, went across the river, traveled southward by the railroad and on foot, and how he was arrested near Murphysboro, Illinois, and brought back to this city. The story was substantially the same as the one he had told before the coroner, and it will be greatly relied upon to convict the defendants.

Gen. Alex. Shaler's Trial for Accepting Bribes.

NEW YORK, 25.—Gen. Alexander Shaler was put on trial to-day on an indictment charging him with accepting a bribe from Monmouth B. Wilson in connection with the purchase of sites for regimental armories in this city. After the jury had been secured, Wilson was called to testify. He had several conversations with Gen. Shaler about armory sites. The first that he could remember was in 1884. Shaler then said he was looking for sites for the Eighth and Twenty-second Regiments, and it was then understood between the two, according to witness, that if the sites that Wilson wanted to sell were chosen, the commissions received by the witness should be divided with Shaler, if Shaler was to exert his influence to have Wilson's sites purchased. Wilson swore that at the time he knew Shaler had property in New Jersey encumbered by mortgages. Accordingly Wilson told the General that when the property was sold he would take up the mortgages on the General's Jersey property. The property was sold in September, 1884. Wilson purchased the mortgages for $9,000 and gave them to Shaler. The commissions of the witness were about $10,000. After witness was brought up by the Gibbs committee on these matters he went to General Shaler and secured the satisfactory papers from him and destroyed them to get them out of the way.

The Australian Cable.

SAN FRANCISCO, 25.—Honorable Randolph Want, Solicitor General in London for the New South Wales Government and Commissioner for that colony to the Colonial Exhibition which opens in London in May is now in this city and will remain until his colleague, Sir Alexander Stuart, arrives from Sydney about February 21st. These gentlemen are interested in the proposed cable line direct from San Francisco to Sydney and New Zealand via Honolulu, New Caledonia and the Fiji Islands. Mr. Want represents an English syndicate, the members of which are said to be prepared to furnish the cost of laying the cable, estimated at $10,000,000, as soon as they are assured of receiving reasonable subsidies from all the governments interested. So far they have received the assurance of liberal support from Hawaii and all the provincial governments of Australia and New Zealand, excepting Queensland, with the Executive of which, negotiations are pending. The Commission will ask the United States Government for a subsidy in the interest of the commercial relations between this country and the Australian colonies. Mr. Want says the cable will be able to carry messages for a fraction over fifty cents a word, while the charges are now $2.50 a word.

FOREIGN.

The Situation in Greece.

ATHENS, 25.—A demonstration was held yesterday to protest against the attitude of England. The ministry met yesterday and to-day to consider Lord Salisbury's note, which mentioned that the course by England had been consented to by the Powers, especially by Germany. Premier De Lyannis has had several interviews with the King on the subject. The newspapers unanimously condemn the unjustness of Lord Salisbury. The reserves abroad are responding with alacrity to the summons to return to duty.

Greek and Turkish War Notes.

LONDON, 25.—Admiral Lord Hay, commanding the Mediterranean squadron, consisting of the *Alexandra*, *Temeraire*, *Thunderer*, *Dreadnaught*, *Iris* and *Hellcon*, has received instructions as to the course he should persue in the event of it becoming necessary for him to take action on England's demand of Greece to disarm.

In the Commons this afternoon, Burke, political Secretary of Foreign Affairs, in answer to inquiries regarding the warlike news from Greece, said at the instance of England, six great Powers notified Greece yesterday that a naval attack by Greece upon Turkey would not be permitted.

The Greek government in reply to the note of the Marquis of Salisbury, says the representations of England infringe on international and diplomatic observances, and declares that Greece reserves perfect freedom of action. The answer further says that Greece has not declared war nor has she given cause for England to interfere regarding her attitude. Bulgaria having violated the treaty of Berlin, under the aegis of England, Greece is justified in using every means in her power, and even to resort to arms if necessary to obtain the concessions the treaty of Berlin gave her. Greece will maintain her claim to Thessaly and Epirus, no matter what the cost may be, and is prepared to take the field at the earliest moment and fight to the bitter end in support of her rights. She is confident of success. The first movement of the Turkish troops against Greece will be the signal for a revolt in Albania and Macedonia, and Europe will not look placidly on.

Athens, 25.—The army will soon be ordered across the frontier.

SMYRNA, 25.—Great activity exists in Turkish military and naval circles. Troops and horses are being dispatched to Salonica. The transportation department is using extraordinary efforts to accelerate the movement of troops and munitions to the Greek frontier.

London, 25.—Count Von Hatzfeldt, Count Karoty and M. Waddington, the German, Austrian and French ambassadors, had a lengthy conference with Lord Salisbury to-day, for the purpose of considering measures to prevent warfare in the East.

Dispatches are frequent between London and Athens, but so far with no result. Greece has completed her preparations for war and is now seeking a plausible pretext for a conflict.

Athens, 25.—Other diplomatic representations have been presented to the government, the notes being identical with that from the British minister. The government has made a reply similar to that to the British note. Frequent warlike demonstrations are taking place in this city.

BRIEF TELEGRAMS.

A bill has been brought in the Chamber of Deputies to tax foreign workmen and another bill to exclude them from employment under State contracts in France.

In Denver, Judge Brevier of the United States Circuit Court this evening filed an opinion in the Maxwell land grant case. The decision was for defendants. The suit was brought by the Government to cancel land patents claimed to have been obtained by Maxwell and others by fraud and involved 1,700,000 acres of Colorado and New Mexican property.

Reports agree that this is the hardest winter Scotland has known for twenty years. The snow is two feet deep. Sheep are perishing and the wild birds are flocking to the towns and villages for food. Trains move with difficulty.

It is stated on the authority of the Secretary of State that amnesty will be extended to all political prisoners undergoing sentence in the Northwest. This does not include the Indians.

The principal producers and dealers in California wines to-day decided to advance the prices on wines 20 per cent. and dry wines in proportion, owing to the short crop and the increased cost of production.

The German Americans on the Island of Foehr, whose expulsion from Germany was recently ordered, have petitioned the Government for leave to remain till April 1st.

Hippolyte Mellon Victor Charamaule, the French lawyer and statesman, is dead.

In Denver, Col., the Tryner Jewelry Co. assigned to J. D. Alkire this afternoon. The liabilities are $35,000, all except $3,000 of which is due to New York houses. The assets, comprising the stock and furniture, amount to $45,000 to $50,000. The cause of the failure is not known.

The schooner *Hyperion*, which sailed Dec. 7th, for La Have Bank, since which time nothing has been heard from her, probably went down in the Christmas gale and has been given up by her owners. She had on board 12 men, Captain William Martin, John Nelson, John McQue, Wm. Kelly, Michael Coglen, Angus McDonald, Wm. McGuavan, Patrick McQue, John Towle, James Brown, Augustus Johnson and Patrick Mather.

Chemical tests show that there are no nauseous narcotics in Red Star Cough Cure.

STOP THAT COUGH.
By using Dr. Frazier's Throat and Lung Balsam—the only sure cure for Coughs, Colds, Hoarseness and Sore Throat, and all diseases of the throat and lungs. Do not neglect a cough. It may prove fatal. Scores and hundreds of grateful people owe their lives to Dr Frazier's Throat and Lung Balsam, and no family will ever be without it after once using it, and discovering its marvelous power. It is put up in large family bottles and sold for the small price of 75 cents per bottle. For sale by Z. C. M. I Drug Dept

TAX SALE.

WHEREAS THE TERRITORIAL School and County Taxes assessed against and upon the property of W. H. Harlin or Harker, for the year A. D., 1885, amounting to sixty cents, (60 cents) remain unpaid.

Therefore, I, Nathaniel V. Jones, Collector of Salt Lake County, Utah Territory, by virtue of the authority vested in me by the provisions of An Act of the Legislative Assembly of the Territory of Utah, entitled "An Act to provide revenue for the Territory of Utah and the several counties thereof," approved February 22d, 1878, and of the amendments thereto, have levied upon the following named property, to-wit:

Part of lot four (4) in block twenty-eight (28) as plotted in plot "G" of Salt Lake City survey, and will sell the same or so much thereof as may be necessary to pay the taxes and costs, at public auction, at the front door of the County Court House, Salt Lake City, on the 15th day of February, 1886, at 12 m.

NATHANIEL V. JONES,
Collector for Salt Lake County.
County Collector's Office, No. 5, County Court House, Salt Lake City, January 13th, 1886. d5 s2

Constipation

Causes, directly or indirectly, fully one-half the sufferings which afflict mankind. It is usually induced by inactivity of the liver, and may be cured by the use of Ayer's Pills. C. A. Schomerus, Great Bend, Kansas, writes: "I have used Ayer's Pills for Costiveness, with the most beneficial results." J. Windholm, Newark, N. J., writes: "Ayer's Pills cured me of chronic Constipation." Martin Koch, Huntington, Ind., writes: "Last year I suffered much from Biliousness

And Headache

After using one box of Ayer's Pills I was quite well." C. F. Hopkins, Nevada City, Mo., writes: "I have used Ayer's Pills, and think they are the best in the world. They have cured me of Sick Headache and Neuralgia." W. L. Page, Richmond, Va., writes: "I have been a severe sufferer from Headache. Ayer's Pills afford me speedy relief." A. J. Forster, Dauphin st., Mobile, Ala., writes: "For a number of years I have been troubled with Constipation and Headaches. After trying a number of so-called Liver Invigorators, without benefit, I was at last

Cured by Using

Ayer's Pills." Rev. Francis B. Harlowe, Atlanta, Ga., writes: "For years I was subject to Constipation, from which I suffered increasing inconvenience, in spite of the use of medicines of various kinds. Some months ago, I began taking Ayer's Pills. They have entirely corrected the costive habit, and have vastly improved my general health." Hermann Bringhoff, jewelry engraver, Newark, N. J., writes: "Costiveness, induced by my sedentary habits of life, at one time became chronic and exceedingly troublesome. Ayer's Pills afforded me speedy relief, and their occasional use has since kept me all right." Ed. O. Easterly, Rockford, Ill., writes that he has been cured of chronic Constipation by the use of

Ayer's Pills.

Sold by all Druggists.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.
