Correspondence.

Heavy Thunder Storm.

OGDEN CITY, Sept. 14, 1877.

Editors Deseret News:

We have just been visited by one of the heaviest thunder storms which have passed over this place since I have resided here—twenty-two years. The clouds have been gathering up and the weather has looked threatening for several days past. The air became chilly and dusters gave place to comfortable coats.

Night before last a shower fell which saturated the earth considerably, but yesterday, notwithstanding we had some light falls, it dried up measurably. The storm however, of last night was a tremendous one; the thunder was accompanied with lightning, hail and rain which fell in very heavy torrents. Around where but a day or two since, the dust lay in the streets and other roads a foot thick, we have a profusion of mud and large pools of standing water. This morning, notwithstanding the east and north mountains are capped with snow, and the clouds still creeping down them, the weather is pleasant. The late storm was much needed, and although it may injure the seeds of some crops of ripening lucern and retard the progress, briefly of the improvements going forward in this place, it will make travel more pleasant and prepare the ground for fall plowing. The farmers will take advantage of this item. Hope the frost will be merciful. The usual peace and quiet reigns in our city. SEMPER.

MASON & HAMLIN CABINET ORGANS

Unanimously assigned the

"FIRST RANK

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognised in the Reports of the Judges from which the following is an extract:—

"*THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Sweetness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action.*"

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the *Only* ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and
