WASHINGTON, 22.—The follow-
ing order was sent to-day to nearly
all the Indian agencies by Indian
Commissioner Smith:

"Washington, 22.
"Sir—You are advised that all
sales of arms or ammunition to
either white or Indian, by parties
holding licenses as Indian traders,
issued by this office, must be stop-
ped. Notify your traders and be
apparent in seeing that no viola-
tion of this order is allowed. If any
instance of such violation occurs you
will revoke the license of the of-
fering party, report the case to
this office for further action."

Application to Carry the Mails.

Application was made to-day by
the Southern Pacific Railroad for an
order to carry the mails on the
extension from Chicago to
Andrews station, which would
cost about \$10,000. The mails are
now carried by the Star route at a
cost of \$12,000. The railroad offers
to carry the mail route to the rail-
road a saving of about \$2,000 could
be accomplished.

Discharge of Men by the Cripple.

Appropriations—What the Indian
Must Come To.

The examination of appropriations
for public buildings shows
much more damage will result
from crippling the appropriations
than from any other cause. Among
the more serious is the result to the
class of workmen. A general
discharge must take place on the
completion of the work, and work long
before the usual season is closed.

The Commissioner of Internal
Revenue, to-day, issued orders re-
lating the pay of deputy collectors
of Internal Revenue six per cent,
and also reducing the pay of gaugers
a matter of six per cent.

The Commissioner of Indian af-
fairs is engaged in completing in-
structions to the commissioners
of the various Indian reservations
concerning the removal of the Sioux
Indians to the Missouri River.
They are not yet finished, but are
being sent to the various agents
of the reservation, and the views of
the President.

This evidence in an emphatic
direction. After quoting the law
of Congress that no promises shall
be made to the Indians that any-
thing will be done for them, as the
result of the deliberations now had
with them, will be submitted to the
President and confirmed by Con-
gress, a very distinct and credible
injunction is that no negotiation for
the payment of money can be made,
but they are to be assured that the
guarantees will be carried out for
feeding, clothing and teaching
them so as to make them self-
sustaining. Secretary Chandler will
refuse to give Indians money to
such point on the Missouri River as the
President may select. They are to be
given up to the Black Hills entirely
and to remove as far as possible
away from them. The success of
the commission with the Sioux
will depend largely, it is felt by the
officials, on the pending hostilities,
which, if terminated in defeat,
will result in the capture or driv-
ing in of the Indians, will be fol-
lowed by a disposition among hos-
tles, as well as reservation Indians,
to accept any terms of peace pro-
posed to them by Government.

New York Republican Convention.

SARATOGA, 22.—The republican
State convention to-morrow will be
the most interesting of several
years. It is expected that the
dispute in the purpose of pressing his
claim, although it had been hoped
he would withdraw in view of the
fact that there is immediate dan-
ger in the nomination of a man
in the national campaign by
offending or disappointing the in-
dependents. Evans' strength from
the rural districts proves to-day
stronger than expected, and has
alarmed Cornell's friends, who, it
is expected, will unite with Mor-
gan's friends, so far as the leaders
can control the delegates, if neces-
sary to defeat Evans. Therefore,
if Evans is nominated, the
present prospect is that Gov. Mor-
gan will win, because there is no
considerable response to his
concrete upon any other can-
didate supposed to be less offensive
to Conkling.

Sitting Bull Wants Queen Victoria to Mediate.

St. Paul, Minn., 22.—A gentle-
man from Winnipeg, on the 12th,
reports a large amount of ammu-
nition, in small packages, sent
to a depot in Saskatchewan County,
by Sitting Bull, who had sent the
Canadians to send word to Queen
Victoria asking that the British
Government act as peace maker be-
tween the United States and the
Sioux nation, and that if necessary
he would send a number of chiefs
with an interpreter to visit the
Queen and state their grievances.
The dishonesty and unscrupulous-
ness of the Indian agents who de-
fraud them out of all their rights,
and asking that the British Gov-
ernment give them a large tract
of country as a permanent reserva-
tion, bordering on the British na-
tion, to be formed into a civil-
ized Indian government.

Chinese Students Visit the Exhibi- tion.

PHILADELPHIA, 22.—One hun-
dred and thirteen Chinese stu-
dents from colleges in Hartford and
New Haven, arrived at the Exhibi-
tion, accompanied by several professors
and a Chinese interpreter. They were
sent to the exhibition by the
University of Hon. G. Northrup, su-
perintendent of schools in Connecti-
cut. After dinner the party sepa-
rated, most of them going to the
Machinery Department, and
up to four o'clock, numbers could
be seen examining sewing ma-
chines and their operators, and all
sorts of machinery that requires fa-
male attendance. They wear dark
fannel suits cut a la Chinese, and
have long queues. The boys were
sent to this country by their Gov-
ernment to acquire a professional
education, for which the Chinese
Government has appropriated \$
500,000. They remain here till
Thursday.

dian Commissioner Dickinson, dat-
ed Fort Ellis agency, states that
the Sioux now on the way past
present of the Blackfeet to the Blackfeet.

MEXICO.

No Important Political or Military
Movements.

HAVANA, 22.—A steamer from
Veracruz arrived bringing the fol-
lowing news—
"City of Mexico, 13.—There has
been no important political or mili-
tary movement since the depart-
ure of the last steamer from Vera-
cruz. Politicians and revolution-
ists appear to be waiting for the
meeting of Congress, which takes
place on Sept. 15th.
"The line of the Vera Cruz rail-
road has been free from Pronuncia-
do and trains are running without
disturbance.
Gonzales, the revolutionary gov-
ernor of Tamaulipas, committed a
gross outrage, pressing forced loans,
seizing worthless paper money, and
compelling the people to sell their
property to his private agents.
Persons who can be flying for pro-
tection to the neighboring United
States. Gonzales openly
announces that he pronounced
only for the purpose of raising money."

TURKEY.

Officers Degraded Before the Public.

SALONICA, 22.—The officers im-
plicated in the murder of the
consuls were formerly degraded be-
fore the public, and salutes were
exchanged between the forts and
foreign men-of-war.

GREAT BRITAIN.

Schuyler's Investigation into the
Bulgarian Outrages.

LONDON, 22.—The Bucharest cor-
respondent of the News, who ac-
companied Schuyler in his tour of
investigation, says Baring's report
of the sixty villages burned and
the twelve thousand persons killed
in Bulgaria, does not include the
outrages committed in the districts
north of the Balkans nor in the dis-
trict of Sofia. The villages were
burned north of the Balkans and
seventy south. Schuyler has not
completed his investigation, but
estimates the number of killed at
sixty thousand in the district of
Philippolis alone. The regular
troops are more cruel than the
Bulgarian militia. No still less
sanction of the authorities. The
outrages continue to occur. Schuy-
ler thinks there is immediate dan-
ger of additional massacres, and
will suggest to his government the
following measures: The hanging
of four of the leaders in these atro-
cities, the disarming of the Mus-
salmans, and rebuilding the burnt
villages at the government ex-
pense, for these measures cannot be
left to the authorities. Schuyler
will propose a foreign commission
to see that they be executed.

Correspondence.

Y. M. M. I. A—Lively Interest—Or-
ganization—Good Health and
Good Crops.

MEADOWVILLE, Bear Lake,
Rich Co., August 13, 1876.

Editor Deseret News:

On Thursday August 3, Elders
Hardy and Young held a meeting
in this place for the purpose of or-
ganizing a Young Men's Mutual
Improvement Society. After an
amount of valuable counsel from
these brethren the society was or-
ganized with Elders Jonathan Gold-
smith and Joseph S. Moffatt and
Joshua Eldridge as Counsellors.
They held their first meeting last
Sunday afternoon which was well
attended by all the young men
in the settlement.

There seems to be a livelier inter-
est manifested towards building up
the kingdom of God and the duties
growing out of that labor in this
place than heretofore. It is gratify-
ing to see and feel the spirit of sacri-
fice with which the brethren have
taken hold of this labor. Some time
previous three of the brethren from
the north visited this settlement
and organized the Elders' Quorum
and made a call on the Elders for
means to help build the temple,
which was heartily responded to.
The people here are enjoying good
health. Crops are well and all is
moving on harmoniously.

Yours respectfully,
JOS. GORDON,
Secretary.
