

## PIONEER SQUARE TO BE DISCUSSED

Meeting in the Council Chamber  
at 7:30 Tonight.

## PROPERTY OWNERS INVITED

Various Committees, the Mayor and  
City Attorney Will Come Together  
This Evening.

Salt Lake City, and for that matter  
the entire State, has one topic of  
conversation since the banquet at the  
club on Tuesday night. On all sides  
may be heard expressions in regard to  
the proposed road from Salt Lake to  
Los Angeles and the benefits that will  
accrue with the development of the un-  
told resources of the State.

Now that it has been definitely stated  
by W. A. Clark that he has a large in-  
terest in the project and that it will be  
pushed to an issue, the skeptics are be-  
ginning to think that after all the whis-  
tles of the locomotive will startle the  
coyotes upon the desert which has be-  
come prime factors in the Great West.

At the present time the chief topic of  
speculation is in regard to the outcome  
of the proposition to grant the Pioneer  
square to the corporation which will be  
incorporated in this State for terminal  
facilities.

At 7:30 this evening the committees  
on municipal laws, streets and public  
grounds will meet in the Council cham-  
ber with the Mayor and the city attor-  
ney to discuss the petitions and com-  
munications that have been presented  
to the City Council in regard to the  
granting of Pioneer Square for a rail-  
road depot. On this occasion the gen-  
eral public is invited to attend and all  
those whose interests will be affected  
may have an opportunity to voice their  
sentiments and put forward any  
suggestions.

In view of the opposition that is man-  
ifested on the part of some of the res-  
idents and property holders to the pro-  
position, Councilman Hartenstein is dis-  
posed to prepare a resolution which he  
feels the opinion will have the effect of  
settling the much vexed question as to  
whether or not Pioneer Park should be  
given to the Salt Lake-Los Angeles  
railroad for terminal purposes. At the  
next meeting of the City Council on  
Tuesday Mr. Hartenstein will intro-  
duce a resolution asking that the peo-  
ple may be allowed to vote upon the  
proposition.

## EARNINGS OF SHORT LINE

August Shows Up in Excellent Shape  
With Big Increase.

The earnings of the Oregon Short  
Line continue to show a flattering in-  
crease. As given out yesterday they  
were for the month of August, \$399,-  
\$7.00, against \$375,000 for the same  
month last year, or an increase of \$24,-  
\$22.00. The total earnings for the  
month ending August 31 were \$1,553,002,  
or an increase of \$225,054.

## Western Says "No."

Chicago, Oct. 2.—The officers of the  
principal western roads have agreed to  
form a transcontinental passenger asso-  
ciation. It is not certain that the agree-  
ment will be signed by all the lines. Yester-  
day the officers of the Rio Grande  
Western road telegraphed to Chicago  
that they would not join the pro-  
posed organization if it was necessary  
for this road to sever its traffic rela-  
tions with any of its connecting lines.  
The Rio Grande Western people also  
protest against the proposition to es-  
tablish headquarters of the association  
at any point east of the Missouri river.  
General passenger agents of the other  
lines, however, are of the opinion that  
the opposition of the Rio Grande West-  
ern will be overcome, and that the or-  
ganization will be finally effected. They  
are so certain of this that they have  
ordered the agreement to become effective  
November 15.

## Cut in Homeowner's Rates.

St. Paul, Minn., Oct. 2.—The Great  
Northern railway has issued a circular  
announcing a big reduction in home-  
owner's rates to take effect in line. The  
rates are to be effective Tuesday, Octo-  
ber 10th, and thereafter on Tuesday of  
each week until November 25th. From  
Chicago, the one-way rate to all points  
east of Great Falls and Kalkreuth, Minn.,  
is reduced from \$1.50 to \$1.25, to points  
west of Kalkreuth, including Seattle,  
from \$2.10 to \$2.00.

## SPRINKLE AND RAIL.

Eugene Fox, traveling agent, Rock  
Island, is in Idaho.

F. B. Choate, general agent of the  
Union Pacific, is in Wyoming.

General Superintendent A. E. Welby  
of the Rio Grande Western is now down  
the line on an inspection trip.

John W. Frawley, collecting agent  
for the C. & N. W. R. Co., goes south this  
evening on the still hunt for rosin.

The Rio Grande Western preferred  
stock will pay 1 1/2% dividends on this  
quarter's stock.

Clarence McCormick is slated as a  
director upon the proposed company  
which will build to Los Angeles in the  
near future.

The Oregon Short Line depot at Kay-  
ville was burglarized last night and a  
number of worthless tickets stolen.

General Agent Donnell of the Colora-  
do Midland accompanied by his char-  
ming young bride, started on his honey-  
moon to California last night.

Vice President T. E. Gibson, of the  
Los Angeles Terminal, will leave for  
the city of the Angels at the end of this  
week.

The engineering department of the  
Rio Grande Western is at work on pro-  
jecting lines over the mountain summit with  
the object in view of reducing the  
heavy haul from Tucker to the summit.

The censor, published in St. Louis,  
has an article upon "what is to be seen  
write-up is illustrated with very good  
pictures of S. K. Hooper and George  
W. Helms.

It is now apparent that the new line  
between Los Angeles and Salt Lake  
City is an assured fact, as the route  
project is ably financed. The rapid  
growth of transcontinental traffic war-  
rants the belief that such a line is  
needed and will be a paying venture.—Rail-  
way Journal.

## R. A. GREENEP'S SUDDEN DEMISE.

Found Dead in a Bed at the Clift  
House.

HE HAD BEEN QUITE ILL.

Was Living Apart from His Wife Be-  
cause of a Disagreement With  
His Mother-in-Law.

A. R. Greenep, formerly private sec-  
retary to Governor Wells, was found  
dead in bed at the Clift House last  
evening about 6:30 o'clock. Greenep  
had been in Seattle, Washington, and  
arrived from that place about six  
weeks ago. He stopped at 227 E street  
where his wife and mother-in-law, Mrs.  
Jane Romney, reside. Later an alterca-  
tion arose between him and his  
mother-in-law, and he left the house,  
taking a room at the Clift House. He  
had been complaining for several days  
of severe pains in the head and that he  
could not sleep at night. He also ate  
but little, subsisting principally upon  
chicken and crackers.

Greenep was last seen between 8 and  
10 o'clock Tuesday night, by Mr. W. T.  
Lynch, proprietor of the house. He  
says that Greenep was up then getting  
a pitcher of water. He did not feel  
alarmed at the young man's failing to  
appear yesterday until in the evening,  
when he secured a pass-key and en-  
tered the room, to be horrified at the  
sight of Greenep lying dead in death.  
The face bore no signs of pain which in-  
dicates that death came to him while  
asleep.

Greenep's body was taken care of  
by Undertaker O'Donnell. A search  
through his clothes was rewarded with  
a number of letters, papers, a gold  
watch, a silver dollar, and the follow-  
ing message written on an envelope:  
"Notify police, 217 Harmon street,  
Seattle, St. 9-29-1898. Mary, if you  
ever get a chance please send my watch  
to George Leader at a last remem-  
brance. His address is on all his let-  
ters. Good-bye, Alan."

Letters found on Greenep's person  
show that he has a brother, Ernest,  
who is in Butte, Montana, who has  
been afflicted with the death of Alan.  
When Mrs. Greenep heard the awful  
news last night she sank to the floor  
overcome with grief and her pitiful  
sobs were heart-rending.

Milando Pratt Jr., a close friend  
of the deceased, called last evening to see  
him, and when he found him dead he  
felt much grief. Greenep leaves a  
little daughter who was born in  
July, 1899.

## HOW MUCH BUTTER FAT?

"Tots" Would Like Food Inspector  
Faust to Tell Him.

In the Elgin Creamery investigation  
now on, H. J. Faust, Jr., testified that  
he had had samples of the company's  
milk analyzed several times a month  
through the summer and that no for-  
maldehyde had been found in it.

Mr. Faust is a devotee of food.  
The people pay him to see that they get  
pure food, unadulterated food. The El-  
gin Creamery has been for a year serv-  
ing its customers what it calls pasteur-  
ized milk. It is delivered in bottles.  
Will Mr. Faust please tell the people,  
whose servant he is, how much butter  
fat this bottled pasteurized milk con-  
tains? The Elgin company claims: "No  
formaldehyde" is good, but all milk and  
no milk would be better. If Mr. Faust  
will only tell us, we will be thankful  
and sweet as cream.

## RELIEF SOCIETY MEETINGS.

Two Well Attended Gatherings in the  
Assembly Hall Today.

There were two well attended meet-  
ings at the General Relief Society con-  
ference today. The first one was held  
at the Assembly Hall, beginning at 10  
o'clock this morning. The second one  
occurred at the same place, beginning  
at 2 o'clock this afternoon.

Prof. C. J. Thomas led the choir at  
the opening session and Mrs. Ida  
Daynes Cannon presided at the organ.  
At the morning session Miss Grant ren-  
dered a solo, and at the afternoon ses-  
sion special music was furnished by the  
"Young Ladies' Mutual Improvement  
choir from the Twentieth ward, led by  
Mrs. Kelly.

The meetings were very interesting  
and representatives were present from  
thirty-eight stakes. The remarks were  
listened to with much attention. To-  
day concludes the conference.

## POLITICS WILL HUM CONSTANTLY

Little or No Let Up During Fair  
and Conference Time.

## NOT MANY WEEKS LEFT.

Visitors are Calling at State Head-  
quarters for Posters—Both Camps  
Present Scenes of Activity.

There is no let up to politics. Fair  
and Conference will cut but little figure  
so far as interfering with the cam-  
paign, is concerned. The activity that  
was inaugurated in both the Republican  
and Democratic camps three or four  
weeks ago will be waged with all ear-  
nestness from now on until election.  
Many of the remote parts of the State  
have already been visited. In this con-  
nection the fact is worthy of note that  
a good deal of attention is being paid  
to outside counties this year. This in-  
dicates, of course, that the hardest fight  
will be centered on the legislative tick-  
et. Each party is anxious to win but  
it is particularly anxious to be victor-  
ious with its legislative candidates.  
The reason for this is plain. There is a  
United States Senator to elect and each  
party will do its utmost to bring about  
that result.

During the last few days each of the  
headquarters has received many visitors  
from outside sections who are in quest  
of information and instruction to take  
home with them for the last days of the  
battle.

## WRAPPED IN KERNELS.

Blessings Dropped in the Little Particles  
of Grape-Nuts.

An employee in the pension office at  
Washington, J. R. Weathers, says, re-  
garding food: "For thirty years I have  
been a brain worker. Originally I in-  
herited a good physical organism and  
this reserve of life force carried me  
through upwards of twenty years of  
exhausting work as a professional teach-  
er."

"Ten years ago I turned from that vo-  
cation to the present occupation, here  
again, was mental work and sedentary  
habits, which coupled with poorly se-  
lected food, finally set up indigestion,  
constipation, liver trouble, brain pain  
and loss of mental power. Nervousness  
marked me for torture and for years  
the afflictions increased. I spent hun-  
dreds of dollars in vain efforts to find a  
cure."

"Finally I quit all drugs and took up  
Grape-Nuts, which I had heard of as a  
food for the brain and nerve centers.  
After giving the food a fair trial, I  
found it was not necessary to give up  
my occupation, but I have been able to  
keep clear along and do more work,  
while the result has been marvelous. My  
anxiety is gone, work is a pleasure  
and I am a new man throughout. The  
wonderful blessings wrapped up in the  
toothsome little kernels of Grape-Nuts  
can be extracted by one who wishes  
to repudiate the waste and wear of brain  
and nerve."

## WHAT HIS PUPIL SAYS

Professor J. S. Pugh, of Littleton, N.  
C., Writes.

Prof. McNamara, the Magnetic Healer  
Has Met With Success Elsewhere as  
Well as in Salt Lake City.

Littleton, N. C., Aug. 29, 1900.

I take pleasure in stating that I have  
received instructions under Prof. J. W.  
McNamara in Magnetic and Hydro-  
pathetic healing, and I deem the infor-  
mation and knowledge obtained of in-  
calculable value to me. I would not be  
wile of the knowledge of the God-given  
power, as taught by him for twenty  
times the cost of it. His instructions in  
this wonderful science is so complete  
and so simple that anyone of ordinary  
intelligence can understand them. I  
can cheerfully recommend J. W. Mc-  
Namara's course of instruction to all  
who seek such knowledge for the good  
of mankind and the elevation of hu-  
manity, for every father and mother  
ought to know and understand this  
wonderful science. I feel as though I  
cannot say too much in behalf of his  
teaching. His course on healing con-  
cerning the science of the soul is far  
more than he claims for it. May God  
bless him in his good work to instruct  
those who are striving to live a higher,  
holier, grander life. With best wishes  
for your success in spreading the truths  
of this great science. I remain yours  
sincerely,  
J. S. PUGH, B. S.
