OGDEN, UTAH, DEC. 9, 1903.

## AN IMPORTANT MOVE FOR OGDEN.

Hot Springs Car Line to be Extended to Brigham and Perhaps to Cache Valley.

## DAMAGE AND DIVORCE SUITS.

Death of Mrs. Bulmer—County Teachers' Institute—Y. L. M. I. A. Conference—Wedding.

The damage suit of Byron Moyer against the Ogden Sewer Pipe and Clay company to recover \$25,000 for the loss of an arm, was completed before Judge Rolapp and a jury last night, and this morning the attorneys argued the case, the court instructed the jury, and submitted the case for decision.

### MRS. WEST GRANTED DIVORCE.

The divorce suit brought by Sophia West against Edwin C. West was heard before Judge Rolapp yesterday afternoon. The testimony of plaintiff and other witnesses to the failure of defendant to provide the necessities of life and his improper treatment of plaintiff was heard and a decree of divorce granted as prayed for. The couple were married in Ogden April 8, 1899. The custody of the children was awarded to plaintiff.

### IMPORTANT MOVE FOR OGDEN.

Mr. H. H. Spencer announces that as soon as the frost is out of the ground next spring, work will begin on the Hot Springs car line, or the Ogden and Northwestern railway, as it is now called, to extend the line to Brigham City and perhaps into Cache county. It is the intention to operate the road by electricity, and as it will place the whole northern end of the county in close connection with Ogden, it means much to the merchants of the Junction city, who see in this project a means to greatly increase trade and business.

### DEATH OF AN AGED LADY.

Mrs. Francis E. Bulmer, one of West Weber's aged and respected citizens, passed from mortality to the great beyond at her home yesterday morning of heart disease. The deceased was the oldest sister of Thomas Ethelington. She was born in England 78 years ago, and has been a resident of this country for many years. Her demise came as a shock to her relatives and friends. Monday she was around her home as usual, feeling slightly indisposed and retired early in the evening. Her grandchildren, who were keeping her company, observed after she had slept a few hours, that her breathing became heavy, and in a short time she ceased to breathe, sleeping peacefully from mortality. The funeral services will be held at the West Weber meetinghouse Thursday morning at 11 o'clock. Interment will take place in the Ogden city cemetery.

### COUNTY TEACHERS' INSTITUTE.

Next Saturday morning at 11 o'clock the Weber county teachers' institute will be held in the county court house. Miss M. E. Peterson, who recently returned from an extended European trip, now a training teacher in the Brigham Young college at Logan, is to lecture at the meeting on manual training. A full attendance of the teachers and those interested in education is urged.

### STAKE Y. L. M. I. A. CONFERENCE.

The conference of the Young Ladies' Mutual Improvement associations of the Weber stake is announced by the president, Sister Elizabeth Stanford, to convene in the Ogden tabernacle Saturday afternoon, Dec. 19, at 1 o'clock. Some of the general authorities of the organization are expected to be present. A cordial invitation is extended to the public to attend the service.

### PEDCOCK-GUNNELL NUPITALS.

A marriage license was granted to Eugene Gunnell, 29, and Miss Roxina Pedcock, 22, both of Ogden.

### BRIEFS AND PERSONALS.

The preliminary hearing of William A. Ross and David Williams, the two men charged with burglarizing Bruce's cigar store, has been continued until Monday, the defendants having sent for money with which to employ an attorney to defend them.

Walter Harker was the happiest man in Ogden today, the occasion being his first born, a son, weighing 10 pounds, 10 ounces and babe are doing well.

Tonight at Dugman's hall the Electrical Workers will give their grand ball. The hall will be beautifully illuminated with colored light. The affair promises to be one of the social functions of the season.

The excavating for the George A. Love warehouse and large new store will be commenced in a few days.

A baby girl was born yesterday to Mr. and Mrs. Gustavus A. Horn. Mother and child doing well.

Tomorrow evening the ladies' auxiliary to the B. of L. F. will give a card party at the Union Labor hall on Twenty-fourth street.

lary to the B. of L. F. will give a card party at the Union Labor hall on Twenty-fourth street.

## PROVO.

**ELECTION CONTEST DECIDED.**  
Throwing Out Illegal Ballots on Each Side Leaves Results Unchanged.

Special Correspondence.  
Provo, Utah Co., Dec. 9.—The case of W. E. Harding, plaintiff and contestant, vs. James Gray, defendant and contestee, (the Second ward election contest case), was heard yesterday in the Fourth district court by Judge Morse. Two votes were taken from Mr. Gray, the Democratic nominee for councilman, leaving him 169 votes, and two from Andrew Knudsen, the Republican nominee, leaving him 168, making a change in the result. The votes decided by Judge Morse to be illegally cast by Mr. Gray were those of Mr. and Mrs. George A. Storrs, who were registered in the Second voting district (and who voted there without challenge or objection), but who had removed to the Sixth voting district before the election.

The two votes decided to be illegally cast for Mr. Knudsen were those of Isaac Bergerson, who had not been a citizen for ninety days, and that of Mrs. Susie Cummings of Heber, who, the case was referred to the Sixth voting district before the election.

The vote of Mrs. Clara Crowell was decided to be illegal, but as she had gone to Portland, Oregon, since the election and it could not be established how she voted, her vote was not disturbed.

Three days were given to prepare and file a bill of exceptions. An information charging Joseph Woods of Spanish Fork with a felony, has been filed in the Fourth district court. Defendant is the man whose case was referred to in the "News" a few days ago.

### HARRISON-COOK WEDDING.

Charles K. Cook, 22, and Grace R. Harrison, 20, both of Provo, have taken out a marriage license.

### GARDEN CITY NOTES.

The family of Mr. and Mrs. Samuel Knudsen has been increased by the arrival of a son.

D. P. Felt, representing the "News," is in Provo gathering material for the Christmas edition. He appeared before the county last evening and presented the matter of an elaborate write-up of Provo in the holiday issue before the city fathers. The committee on printing and advertising is considering Mr. Felt's proposal.

### Report from the Reform School.

J. G. Gluck, Superintendent, Pruntytown, Va., writes: "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform School. I find it the most effective and absolutely harmless." Sold by Johnson-Pratt Drug Co.

Eczema, scald head, hives, itches, of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

## LEHI.

### DIVISION OF LEHI WARD.

Organization of Four Wards Expected at Conference-December 20.

Lehi, Utah Co., Dec. 8.—Ward conference will be held here Sunday, Dec. 20, when it is expected a division of the ward will be made partitioning Lehi, which is now the largest ward in the Latter-day Saint Church, into four Bishop's wards. It is expected that a full complement of officers for all four wards will be chosen at that time. F. R. Cutler has been Bishop of Lehi for nearly 20 years and no Bishop in the Church is held in higher esteem. He has served his people with fidelity, and he has increased his residence in Salt Lake City, it seems an opportune time for the contemplated change.

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

## FRISCO.

### SUNDAY SCHOOL ORGANIZED.

Personnel of Official Corps—An Obstreprous Dutchman Fined.

Special Correspondence.  
Frisco, Beaver Co., Dec. 7.—Supt. Wm. Fotheringham came over to organize a Sabbath school, which has been in the making for some time, but had to return to Beaver before accomplishing his mission, on account of the death of his seven-years-old grandchild. Arrangements were made to complete his labors and resulted in placing M. J. Greenwood as superintendent with John E. Steine and Myrtle Farnsworth, assistant, Eva Slaughter secretary.

A few weeks back an individual of Dutch persuasion named Vandervene, from Oregon, entered the town with some kind of a panoramic show and talking machine, which he endeavored to exhibit, but failed, and got employment in the mine. All of a sudden he concluded to abandon the camp, demanding his time on a moment's notice. The bookkeeper called for his time slip from the manager of the mine, also of his board bill. He objected to the delay and began abusing the bookkeeper and threatening violence. The officers were sent for, but the man refused to be taken to jail until a wagon was sent for and he was forcibly put in. He was held in custody until the sheriff and prosecuting attorney arrived from Beaver. When the case came up he

**van Houten's Cocoa**

A perfect beverage—rich in nitrogenous elements.

**Best & Goes Farthest**

utterly objected to be tried and carried his objection in force by jumping and yelling at the top of his voice. The court could not be heard until the man was gagged. He was fined \$50 and \$25 costs, and was taken to the county jail by the sheriff, abusing officers and witnesses on the way.

## LOGAN.

### CITY PROPERTY SOLD.

Prosperity of Cache—Cattle Mea at the Mercy of the Packers.

Special Correspondence.  
Logan, Cache Co., Dec. 8.—As indicating the general prosperity in Cache county, the county treasurer's office is a pretty good financial barometer. The total taxes of all kinds payable to him amounts to the sum of \$175,000 and all this has been paid, except about \$4,000. Never in our local history have collections for this account been so good.

### CITY PROPERTY SOLD.

A special session of the city council was held last night to open and dispose of the bids for 125 feet of city ground fronting on Main street between the courthouse and the Eagle hotel. Several bids were handed in, some valued 25 feet only, and two offers were made for the entire piece. R. Murdock, representing a syndicate composed of himself, John H. Anderson and the Logan Knitting factory, bid \$10,500 for the lot, and his bid was accepted. It may be said that the location is the best Main street vacant ground in the city, and the purchasers secured a bargain.

### CATTLE MEN MUST COMBINE.

Hon. W. W. Riter paid Logan a brief visit, and in an interview referred to his recent visit to Kansas City. He said at the river markets corn is so high and beef so low that feeders can't afford to pay a fair price for cattle. Cattle have never been so low since the Civil war. The packing houses are so strong that they can practically control the price of the only beef fed to feeders as well. They buy at their own figures and make the selling price as high as they can. It would seem that the only remedy is a combination of cattle men so as to regulate the supply of cattle on the principal markets.

United States Deputy Surveyor J. H. Martineau has returned to Logan from his survey of portion of the Utah reservation. He had a hard experience for a man 76 years of age, but he stood it well.

Judge Hark appointed Hons. I. C. Thoresen and C. Z. Harris as jury commissioners for 1904.

Postmaster Murdock is being congratulated by many of the larger patrons of the postoffice for the extension and installing of free delivery in Logan. During Mr. Murdock's four years of service in the office he has been a capable and most acceptable official and if left to the people he would be reappointed when his term expires.

William R. Rowe is here on sugar business.

The "Logan Nation" has changed hands but will continue as a semi-weekly independent paper.

The holiday vacation of the Agricultural college will begin Dec. 18, and school will open again on Jan. 4, 1904. Students will be given half fare rates on the Oregon Short Line to their homes.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Sold by Johnson-Pratt Drug Co.

Bodily pain loses its terrors if you've a bottle of Dr. Thomas' Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

## WILLARD.

### MISSIONARY BENEFIT.

District School Flourishing—New Depot Building—Sales of Realty.

Special Correspondence.  
Willard, Boxelder Co., Dec. 6.—The new depot building is nearing completion. It is a great improvement on the old one.

The district schools are well attended and doing good work this year. Prof. Woolley of Salt Lake teaches the ninth grade. He has also started a night school, which it is hoped will be well supported.

Considerable real estate has changed hands recently. In some instances the prices paid were out of sight.

Mr. and Mrs. R. Nebeker have moved into their handsome, modern residence on Main street.

Thanksgiving day was fittingly observed. An excellent program was rendered in the morning, followed by the usual Thanksgiving dinner at which turkey and pumpkin pie were the staples.

Last Friday night the Improvement associations gave a party for the benefit of the missionaries in the field. A purse of over \$80 was raised, which will make a neat Christmas present for each.

"Neglected colds make fat graves." "Neglected colds make fat graves." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

## MANTI.

### JURY LIST FOR 1904.

Names of Sanpete Citizens Who Will Serve on Next Year's Juries.

Special Correspondence.  
Manti, Sanpete Co., Dec. 8.—The district court jury list for 1904 has been selected by Abner Crane and Frank L. Copeland, jury commissioners for Sanpete county, as follows:

Axtel—Charles Jensen, Ole Larsen, Jr., Anthony Madsen, Edward Waits, Centerfield—W. D. Childs, Charles O. Anderson, Brigham Jones, Joseph Jensen, Miller.

Chester—J. E. Childs, Ishmael Beck, Zack Kump.

Ephraim—George M. Allred, W. J. Armstrong, C. J. Anderson, James Armstrong, Thomas Herrogaard, David N. Beal, Charles Christensen, James P. Christensen, N. P. Christensen, John Greaves, Rasmus Hansen, Parley Hansen, Christopher Iverson, Ole C. Jensen, Christian John Poulson, Paul Poulson, Peter Peterson, Earl Peacock, Joseph Quinn, Joseph Thorp, Thomas P.

son, Andrew Sorenson, Jr., C. W. Sorenson, James B. Staker, Stewart R. Seely, John Stanfield, A. C. Wall, W. E. Watson, John Waldemar, Asa Wilcox.

Spring City—A. E. Allred, H. L. Aard, Mervin Hrough, S. L. Burdett, Louis Black, James Christensen, Emil Erickson, E. A. Billington, James Hansen, N. C. Jensen, J. F. Justesen, Laurita O. Larsen, Andrew Madsen, John Robinson, Henry Straile.

Sterling—John Anderson, Hans J. Denness, Samuel Killpack, Eric Ludvigson, William D. Musig.

Wales—Ephraim Anderson, Samuel Dye, J. K. Midgley, Henry E. Potter, T. A. Woolsey.

**A Timely Topic.**  
At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Sold by Johnson-Pratt Drug Co.

## JUAREZ, MEXICO.

### STAKE ACADEMY NOTES.

Visit of Elders Taylor and Woodruff—Movement for New High School.

Colonia Juarez, Chihuahua, Mexico, Dec. 2.—The enrollment of the stake academy is now 268. We shall go by the 300 mark with a rush when the new year opens. Thirty boys are now taking woodwork in the manual training department, and about the same number of girls are in the domestic art classes.

School closed last Thursday to give time for Thanksgiving with its feasting and festivities.

Teachers and students are beginning to feel the pressure of work that gets so heavy usually as the end of a semester approaches, but two weeks out of doors, in such a delightful climate as we have at Christmas time will fit every one for another half year of hard school work.

It has been thought best not to require or allow the students to turn too much of their attention from their regular work to the preparation of exercises for the close of the semester, so the different class programs are short but good.

The first semester of the year is nearing the end, and we are glad to say that thus far not one case of tobacco using in any form or of profanity among the students has come to the notice of the faculty. The moral atmosphere in our school this year has been exceptionally pure.

Principal Guy C. Wilson returned last week from a three weeks' tour of the stake, in company with the other members of the stake presidency, also Elders John W. Taylor and A. O. Woodruff, besides a number of the leading brethren and sisters from different colonies.

### VISIT OF APOSTLES.

All the eight settlements were visited and a very enjoyable and profitable time was had by both the visitors and the colonists. The affairs of the different wards were regulated wherever necessary, and much good counsel and encouragement was given. Principal Wilson made education his special topic while on this trip, and one of the results of his talks will be an increased attendance at the stake academy.

### NEW ACADEMY BUILDING.

Last Sunday the people of Juarez were invited to attend an educational lecture in the evening. At that meeting President A. W. Ivins, Principal G. C. Wilson, and Elder John W. Taylor, each made an enthusiastic address on education, and spoke of some of the needs

of the people along that line, and also outlined some of the plans of the stake board of education in relation to the school. It was voted to build a new academy building exclusively for high school purposes, here in Juarez. A subscription list to aid in this great cause was made out in the meeting, and although perhaps not more than three-fourths of the heads of families of the ward were present, more than \$1,000 was subscribed in a very few minutes.

As President Ivins had already pledged himself to raise one-half enough means from sources outside the colony, to build the academy, if the people of Juarez would raise the other half, we feel certain that it is only a matter of a short time till a \$20,000 academy building will be reared in our pretty little town.

The success of this movement seems all the more assured when we know how enthusiastic the women and children are in the matter. At the meeting referred to the sisters subscribed promptly, some of them very liberally, and the children seemed glad of the chance to pay a dollar or five dollars toward the erection of their future temple of learning. Many of the students from out of town also subscribed liberally.

A beautiful site for the building has been donated by President Ivins. It is large enough to give room for several large school buildings, and still leave a good campus.

The plans for the building are under consideration, and the accumulation of material will begin at once. The intention is to move the High school into its new home at the beginning of the next school year.

There are at present nine rooms in the academy where recitations are being held from 8 o'clock in the morning till 4 in the afternoon, and often two classes are reciting in one room at the same time. Yet our cry is "give us room" and rooms, and we feel sure our cry will not be in vain.

The health of the people here is good.

### Coughs, Colds and Constipation.

For people realize when taking cough medicines other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Sold by Johnson-Pratt Drug Co.

## HANNA, WYOMING.

### MORE BODIES RECOVERED.

Work of Restoration Nearly Complete—And Mine Will Soon Open.

Special Correspondence.  
Hanna, Wyo., Dec. 3.—The remains of Robert Clarkson, John Clarkson and S. J. Klassen, victims of the mine and aster of June 30, were recovered a few days ago. There are now 17 bodies in the mine. These will be reached not later than next week.

It is learned from a reliable source that a few days after the awful explosion a committee of miners waited upon the coal company officers and urged them not to re-open the mines, but let the bodies remain in the workings. The company refused, and although it has cost approximately \$7,000 for every body that has been recovered, the company pushed the work and one by one recovered the remains of the unlucky men. The workings were completely shattered, many mining experts agree it would be useless to re-open the mine, for the amount of money that would have to be expended in the work would develop a much better property, but now the company has recovered almost

all of the bodies and the mine is fast being put in condition to produce hundreds of tons of coal daily.

## RAYMOND, CANADA.

### RELIEF SOCIETY REUNION.

Return of Pleasant Weather and Resuming of Farm Work—Lecture.

Special Correspondence.  
Raymond, Alberta, Canada, Nov. 20.—As has been anticipated for several days the frost is out of the ground and the "stubbies glee" is being broken by the plowshare. This is really a first April day. Many of the horses that, during the cold spell were turned out to fatten for spring work, are again in the harness.

The fattening of horses and mules on the range during the winter season here is no phantom, but a fact demonstrated by experience.

Huge loads of grain are still being drawn to the stacks, while long lines of teams are pushing to and from the mill and elevator where the farmer leaves the grain and carries away the chaff.

The Knight Ranching company under the management of Ray Knight, has completed its mammoth dipping vat and the great herds are being passed through the solution of lime and sulphur as a preventive against the mange that sometimes attacks cattle and interferes with their growth. From the experience of Montana cattlemen this dipping is good security against the spread of infection.

### RELIEF SOCIETY REUNION.

The Relief society reunion held last Thursday, was a United States Thanksgiving day, was a signal success. The afternoon exercises, conducted by Stake Counselor Rosella Grant, were full of profit and pleasure to all present. The afternoon was spent in social enjoyment and recreation for the little ones.

Stake president, Sister Hannah Russell, presided during the evening.

After some general remarks were made then came the picnic, made up of dainty and substantial viands, of almost every description of sandwiches and cakes in lavish abundance. The picnic was followed by an old time dance, which began with a grand march led by President J. W. Knight and wife. The tripping of the light fantastic, interspersed with songs, recitations and a most laughable farce "Woman's Rights," continued until near midnight. The general verdict at dismissal was "a splendid time."

The stake priesthood meeting held last Saturday was well attended. Matters of the general spiritual and temporal welfare of the people were discussed and timely instructions given by President H. S. Allen and counselors Theodore Brandley and J. W. Knight.

As many of our young men are at work on the canal it was decided to organize Mutual Improvement associations at the camps.

Elder Mark Brimhall, a returning missionary from the Pacific coast, California and Oregon missions, spoke during the afternoon services yesterday, gave an outline of individual missionary work and its benefits.

Last evening Elder George Wride, our night school teacher, gave a discourse on the "Fulfillment of Prophecy" which was listened to with great attention by a large congregation among which there were a number of persons not members of the Church.

Next Sunday our stake conference begins and we hope to be favored with the presence of some of the general authorities.

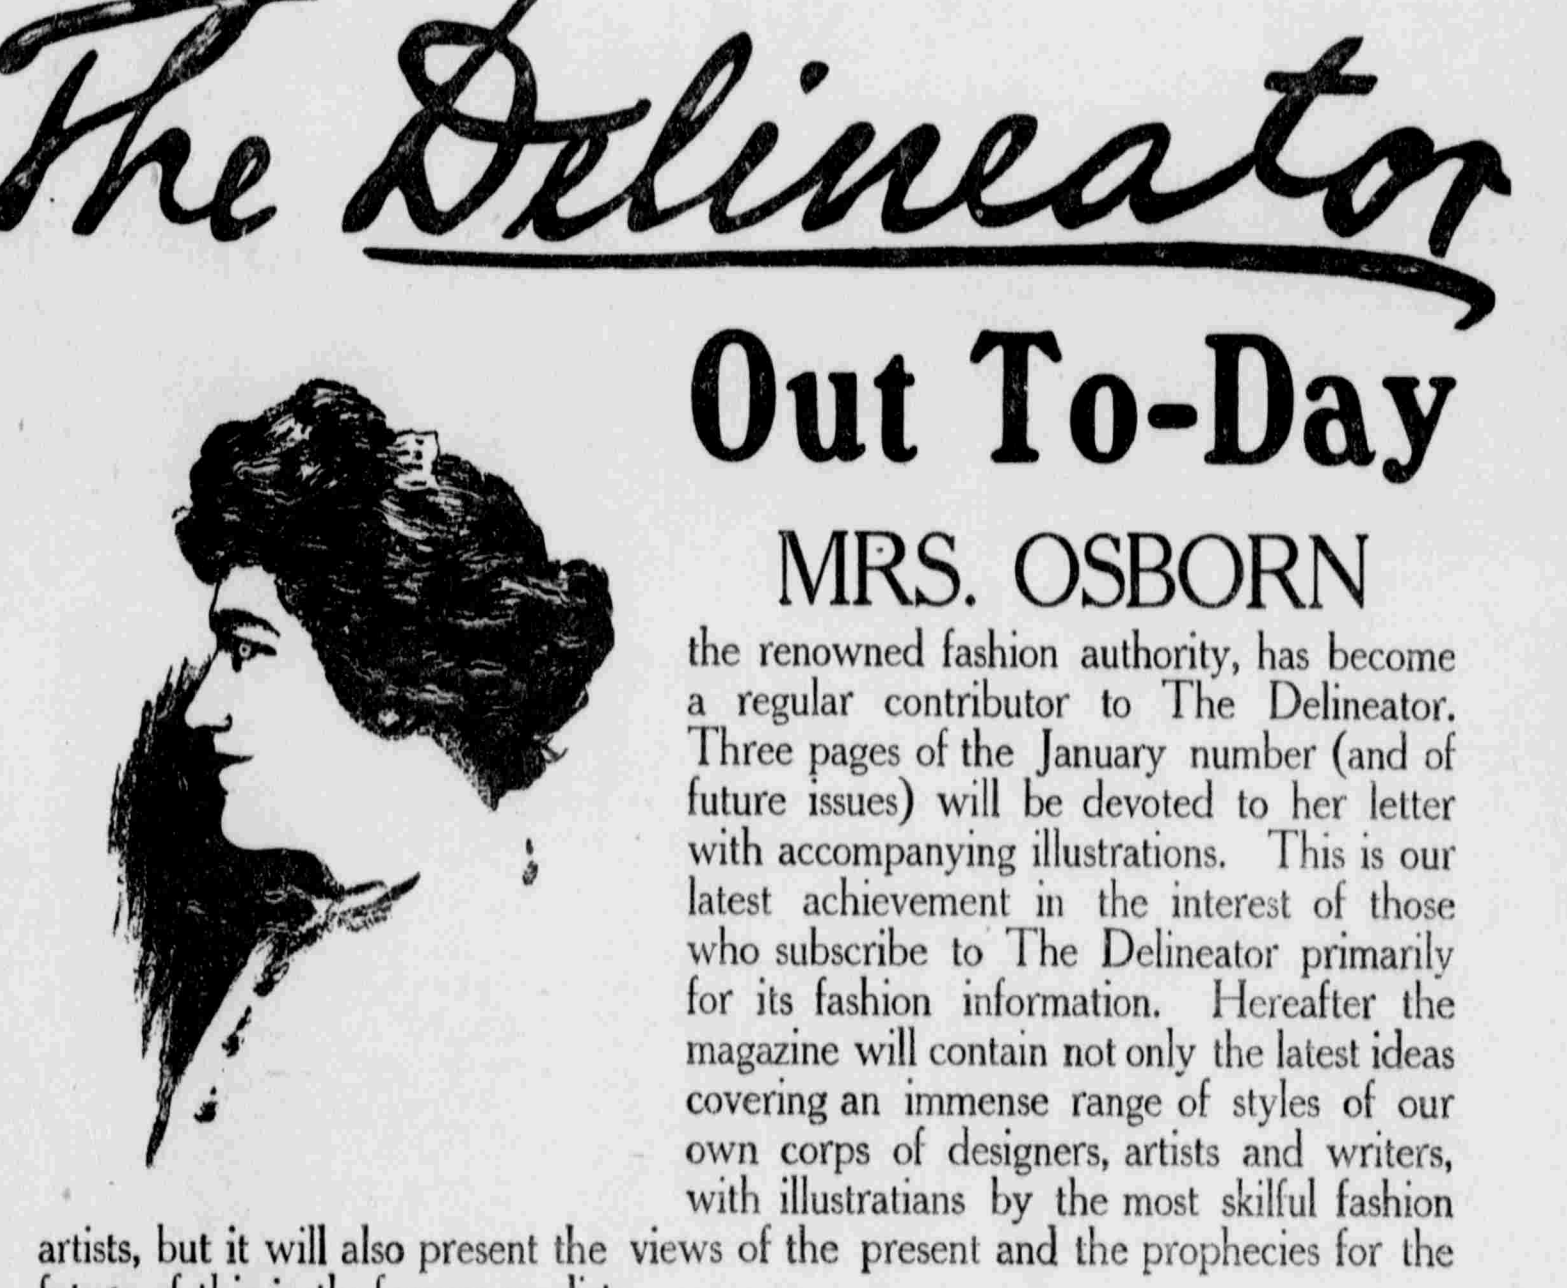

## RISE IN BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain.

No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood" is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to
