

## VAUGHAN DEFEATS IVER LAWSON

Californian Wins 15-Mile Match  
Race and 1-Mile Professional.

## SAMUELSON WINS ANOTHER.

W. A. Rutz of New York Makes His  
Appearance on the Sauer and  
Shows Up Well.

The poorest bicycle meet held at the Salt Palace last night was witnessed last night by about 1,500 persons. The events were very slow, the night was too cool to be pleasant, and enthusiasm was at a low ebb.

There were but three events, a one-mile open professional, an amateur, and fifteen-mile match race between Iver Lawson and Billy Vaughan. W. A. Rutz of New York appeared in the professional race, last evening, and demonstrated that he has strength and speed. In the first heat of the one-mile professional, Vaughan, May and Rutz finished in the order named, but very close together. Time, 2:10.2. The next heat was a lot and the riders were caught by the crowd. The time was 2:12. Iver and Gussie Lawson qualified. The final was not so bad and was a little exciting for the reason that Vaughan beat Iver Lawson. Rutz made a great effort to ride around Billy, but the latter was too speedy and cut in for first place with Iver Lawson second and Rutz third.

The amateurs, as usual, put up a pretty good race. W. E. Samuelson won the final, with Burns second and King third. Time, 2:13.

The fifteen-mile match race was a failure. It was the proposition, "If my riders give I win." Sometimes the motor would go and sometimes they wouldn't. The result was that Iver Lawson gained nearly two laps on Vaughan when his motor went wrong. Vaughan took on a good streak and finally defeated Iver. The race was the twelfth mile that Vaughan caught up with Iver, and he did it by spinning about a half lap ahead of his motor. Just when it looked like Iver was a sure winner, the motor giving him pace, began to jump, and it was found that the rear tire was flat.

The time by miles was as follows: 1.5, 3:35; 5.45, 7:31; 9.13, 11:05; 12.54, 14.42; 16.32, 18:36; 20.42, 22:37; 24.15, 26:16; 28.44.

### Sporting Notes.

HIS is ladies' day at Walker's park, and the fair sex will be admitted to the baseball game free. The Short Lines and Rio Grandes will play, beginning at 4:45.

The line-up of the two teams will be the same as heretofore. Taylor instead of Kimerer will pitch for the Chicagoans and the latter will endeavor to cause many Short Lines to fan the breeze. "Tex" had been doing some fine work of late and is constantly improving. Taylor has always been a hard proposition for the Hickories and the game promises to be full of interest from start to finish. The Losers of Ogden have followed Dan Gimlin to Peacetto, where they battle with the Indians this afternoon and tomorrow.

The Wilkes team, called the "Hustlers" is no more. It was deemed wise by the management to disband.

May R. and Sallor Boy are scheduled to run a match race at 4:30 today, at Calder's park for \$10 a heat. There will be three heats.

W. A. Rutz, the new bicycle rider from New York, made a pretty fair showing at the Salt Palace last night. When he gets onto the curves of the track he will be hard to beat.

A movement is now on foot to hold a six days' bicycle meet beginning in about two weeks. The riders will ride one hour every night. John M. Chapman is preparing for this event and says he will be in at the finish.

It is said that Ruby Robert Fitzsimmons and Jim Corbett have made up again for the twentieth time. Fitz went into Jim's place the other day and the following conversation took place: "Jim," said Bob, "you have shown yourself a wonder once more. I'm your friend, and I always was willing to be, as you know. I think you're a harder man to fight than Jeffries. Can't he hit? I'd like to see some of those fellows who think you can't hit take just one of your punches." "Thank you, Fitz," said Jim. "I didn't want to take any chances or I might have won sooner. The kid is a hard hitter. If you only give him time to get set. Now, as to the future, I'm going to take care of myself and try to win the championship back. I know I can do the trick in a flash fight, but I'd rather fight Jeffries right away; but if he isn't ready now, Fitz, I'm willing to wait."

### OUTSIDE EVENTS.

#### GAMES IN THE EAST.

Pittsburg and Brooklyn Fight a Terrific Battle and Break Even.

It was a hard fought battle between the badgers and the blearharts in which the former had the better of it in hits and the worst of it in errors, while runs were even and therefore the game was tied.

The game was called in the ninth on account of darkness, but for nine innings it was a fierce war.

The Chicago-Philadelphia game was also tied, and called in the ninth on account of darkness. The Phillies played an errorless game.

The following is the standing of the clubs:

#### National League.

	P. W. L. C. P.
Brooklyn	107 52 42 697
Pittsburg	109 52 47 568
Philadelphia	108 52 52 518
Boston	110 53 37 481
Chicago	109 52 47 517
St. Louis	109 52 47 517
Cincinnati	111 52 39 468
New York	109 46 63 423

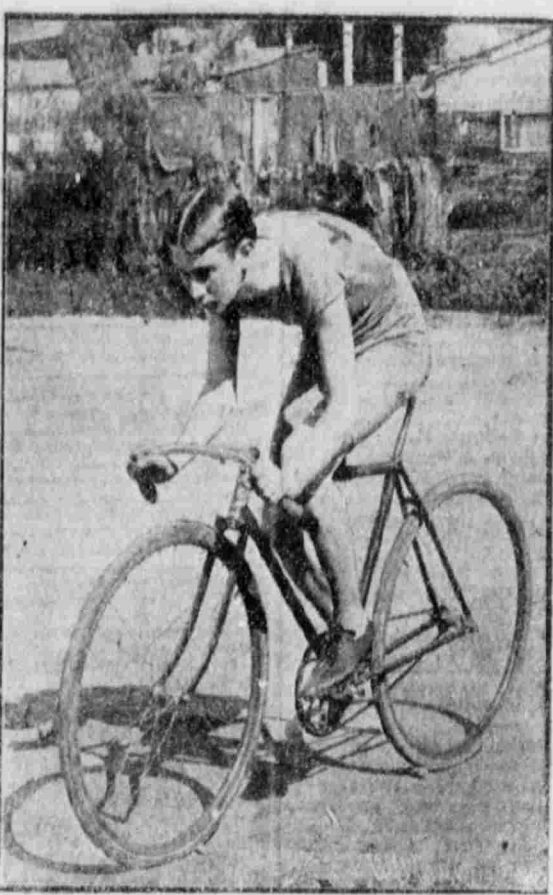

#### TODAY'S GAMES.

Cincinnati at Boston.  
Chicago at Philadelphia.  
Pittsburg at Brooklyn.  
St. Louis at New York.

#### YESTERDAY'S GAMES.

Boston, 5; Cincinnati, 6.  
Philadelphia, 6; Chicago, 6.  
Brooklyn, 6; Pittsburg, 6.  
New York, 5; St. Louis, 3.

## GUSSIE LAWSON, THE BOY BICYCLE WONDER

We here present the picture of Gussie Lawson, the younger brother of John Lawson, who has been styled the boy champion. Although scarcely nineteen years of age, he holds the one hour record of his championship record. He is a product of Chicago, and it was in and around the Windy City that he began his wheel career. Like his famous brothers, he has a natural aptitude for the wheel, and bids fair to even outdo them.

Four years ago Gussie Lawson did his first riding. Throughout the year the young wonder rode as an amateur principally in road races out of Chicago. Beginning with the next season he rode among the professional top notches, participating in many successful events. His first big contest was in Kansas City in a six-day race in which he had the distinction of finishing third. In this event Gussie rode 165 miles, dur-

ing the first eight hours and at the end of forty-eight hours, marvelous to say, he had ridden a total of 961 miles. Considering the fact that Gussie was just entering his sixteenth year, it was truly a wonderful showing to make, one that any rider in the world might justly be proud of.

Gussie has made a very flattering record for himself on the Salt Lake "sauer," winning several notable events. It will be remembered that on two occasions in handicap races he rode around his brother Iver in exciting finishes that thrilled five thousand persons with enthusiasm and delight.

The most notable event this year of which he was the victor, was the match motor-paced race with Billy Vaughan of California, the riders crossing the tape with Lawson barely a foot ahead. The young rider is steadily improving, his already wonderful showing in the future that will place him in the lead of the fastest riders in the world.

### American League

#### TODAY'S GAMES.

Buffalo at Milwaukee.  
Cleveland at Kansas City.  
Detroit at Chicago.  
Indianapolis at Minneapolis.

#### YESTERDAY'S GAMES.

Milwaukee, 7; Buffalo, 1.  
Chicago, 1; Detroit, 7.

#### It Was a Tie.

Brooklyn, N. Y., Sept. 7.—Today's game was a hot one from start to finish. The game was called in the ninth on account of darkness, with the score tied. Attendance, 1,700.

#### SCORE.

	R.	H.	E.
Pittsburg	6	11	3
Brooklyn	6	9	1

Batteries—Waddell and Zimmer; McGinnity and McGuire.  
Umpire—O'Day.

#### Score Was Six to Six.

Philadelphia, Sept. 7.—Darkness brought today's game to a close in the ninth inning with the score tied. Attendance, 1,383.

#### SCORE.

	R.	H.	E.
Chicago	6	15	4
Philadelphia	6	12	0

Batteries—Hughes and Donahue; Orth and McFarland.  
Umpire—Emslie.

#### Cincinnati 6, Boston 5.

Boston, Sept. 7.—A single, a two-bagger, a base on balls and a passed ball in the ninth gave Cincinnati three runs and the game. Attendance, 1,000.

#### SCORE.

	R.	H.	E.
Boston	5	13	1
Cincinnati	6	10	1

Batteries—Willis, Dineen and Clarke; Philippi, Newton and Kahoe.  
Umpire—Snyder.

#### New York 5, St. Louis 3.

New York, Sept. 7.—The New Yorks defeated the St. Louis team today through misplays by Jones and McGann. Attendance, 1,000.

#### SCORE.

	R.	H.	E.
St. Louis	3	7	2
New York	5	7	1

Batteries—Jones and Robinson; Hawley and Gray.  
Umpire—Gaffney.

#### THE RACES.

##### At Hartford.

Hartford, Conn., Sept. 7.—The Grand Circuit meeting closed at Hartford today this afternoon, the single event for tomorrow's card being crowded in this afternoon. The racing was very interesting, the 2:14 trot requiring six heats to finish. Four heat-winners went in the sixth heat and the contest was spirited.

The 2:20 pace was taken by Fred S. Wedgewood in three straight heats, George, the favorite, taking second place.

The 2:17 trot went to Roster in three straight heats.

The mile to beat the wagon record of 2:09, held by Lucile, made at Cleveland in 1897, was the sensation of the afternoon. The Abbott, driven by Geers, did the trick with ease in 2:05.

The quarters were 23½ seconds, 1:05 and 1:36; the last half being in 1:00½. Jupe

is a remedy which may be safely used for any stomach disorder, and the only one to cure

Indigestion, Dyspepsia, Constipation and Biliousness, or prevent Malaria, Fever and Ague.

BITTERS

and the Great Trial stake, for two-year-olds, five furlongs, \$2,500 added.

"In all \$40,000 are added to the stakes, and as the entrance fees go to the winner in every case, it is safe to say that horses will be running for \$75,000 in these races alone. Horses are provided for all sorts of contests the sprinter having a chance to earn a fortune for his owner as well as the horse that can negotiate a long route.

"It is quite likely the club will offer a number of specials for closely matched horses of very high class from time to time.

"Prince Poniatowski, who named most of the stakes after famous racing points throughout the world, aims to have racing put upon the highest plane possible, and the gentlemen associated with him share his ideas and will work to accomplish the aims of their president.

"The tracks controlled by the San Francisco Jockey Club (Tomb and Inclosure) are pronounced among the safest and 'fastest' in the world. Ample stable facilities will be provided.

"The premium of five per cent going to breeders where a purse of over \$100 will stimulate the breeding interest in California and elsewhere as nothing has ever done in the past."

### HARDSHIP'S NEAR THE POLE

#### Some of the Troubles the Italian Duke's Party Met.

Christiania, Sept. 7.—Further details regarding the Arctic expedition of the duke of Abruzzi, on board the Stella Polare, whose safe return was reported yesterday from Tromsø, Norway, show that the expedition last year, through the night and sound and the British canal, reached as far north as 84 degrees, but finding no wintering harbor, it returned to Tiplitz bay. Crown Prince Rudolph's land, where the Stella Polare was frozen in about September.

The duke of Abruzzi's fingers were frostbitten on a trial sledging trip at Christmas, and two joints were amputated, obliging him to remain for several months in his tent.

The cold increased to 33 degrees Celsius. On March 11th the advance was renewed, and ten men started north. After ten days' marching three started to return to the ship, which, however, they never reached. Their fate is unknown.

A second party of three men passed the 33rd parallel after a march of twenty days, and then returned to the ship.

A third party, led by Capt. Casati, with two Alpine guides and an Italian sailor, reached latitude 86.3, and was then obliged to return through lack of food. It started with six sledges and forty-five dogs, and returned with two sledges and seven dogs, having subsisted for seventeen days exclusively on dogfish.

On August 8th the Stella Polare started homeward. She traversed the British canal in a single day, and then drifted about for a fortnight in a severe storm with drift ice before reaching the open sea.

### Country's Population Increase.

Washington, Sept. 7.—The census bureau up to last night has tabulated the returns of fifty-four cities. These show a population of 1,644,711. This is an average increase in population of 2.29 per cent. The same cities in 1890 had a population of 1,150,015, making a total gain of 3,94,696. The percentage of increase in 1890 was calculated on the aggregate gain, and not on the average increase per city. The result was that the percentage of gain, according to the census bureau officials, while appearing to be larger, namely 3.33, was not so in fact, owing to the different methods followed in making the calculations.

### The Democratic Campaign.

New York, Sept. 7.—National Committeeman Richardson called today on Former Secretary of the Treasury Charles D. Smith, who is recovering from an hour. Mr. Richardson said he got no satisfaction and Mr. Carlisle said he knew his own mind, but preferred to make no statement.

Mr. Richardson announced that Burke Cochran will take the stump for Bryan and will be under the direction of the speaker's bureau at the Chicago headquarters, because it was not intended to have a speaker's bureau in the New York headquarters, and he thought that Mr. Cochran would stump the West a large part of the time.

Former Senator Arthur P. Gorman of Maryland arrived here today to assist the Eastern branch of the Democratic campaign committee.

### HELP TO WORKERS.

Yale Has a Department for Students Who Can Utilize Their Labor.

New Haven, Conn., Sept. 8.—A new department has just been opened at Yale where students of limited means can secure an education by their own labor.

Prof. C. I. Kitchell has been appointed head of the new department which is a sort of employment agency. He will go between the Yale men who need assistance and the merchants who are willing to give them work. Prof. Kitchell will also investigate applications for remission of tuition, scholarships, fellowships, the kind of employment offered and the manner in which the work is done by the Yale applicant.

The opportunities for paying expenses at Yale are classified as follows:

Prizes and scholarships, mentorships and choir work, tutoring, remission of tuition, waiting on table, organizing eating clubs, acting as subscription agent, newspaper editing, stenography, and stenography, teaching in the schools, positions as clerks, telegraphers, conductors and motormen on street cars, ushers, ticket sellers at theaters and concert halls and caring for yards, churches, or residences of private families in the city. The force of men employed for electrical work by the Yale Athletic organization is now recruited almost entirely from the undergraduates. In the theological school a new system goes into effect today in the distribution of the money paid to the undergraduates. The divinity students will make pastoral visits, lead prayer meetings, call upon the sick, take charge of city missions and will be paid part or the whole of their scholarship expenses according to the amount of the work they do. This policy of distribution of scholarship funds was made at the demand of President Hiley who believes that the system formerly in vogue tended to pauperize the students.

The Yale officials state that never before have there been so many chances for earning a part or all of the college expenses.

"There will be about \$2,750 per day disbursed to owners throughout the meetings of the club, \$500 days in all. Every Wednesday there will be a stake, where the added money is \$750 or upwards, and every Saturday during the meetings of the San Francisco Jockey club a stake will be contested for racing in value from \$2,500 to \$5,000.

The principal stakes offered are: The autumn handicap, \$3,000 added, a mile and an eighth; the Gold Vase, \$1,500 and a gold vase, valued at \$1,000, to the club, one mile, both of these races being for three-year-olds and upwards; the Chantilly stakes, a handicap for three-year-olds, a Christmas handicap for three-year-olds and upwards, \$2,000 added, a mile and a quarter; the Eclipse stakes for four-year-olds, a mile and three-quarters, \$1,500 added; seven furlongs; the winter handicap, for three-year-olds and upwards, \$3,000 added, a mile and a quarter; the Eclipse stakes for four-year-olds, a mile and an eighth, \$2,500 added; the California Derby for three-year-olds, a mile and a quarter, \$3,000 added; the Spring handicap, for three-year-olds and upwards, a mile and a half, \$3,000 added.

TO TENDER-SKINNED MEN

Shave with CUTICURA SHAVING SOAP, and before applying the face rub on a bit of CUTICURA Ointment, the skin will be soft and tender, and the razor will glide over it with ease.

This simple, inexpensive treatment will make shaving a pleasure instead of a pain. It will tender, it will soothe, it will make the skin soft and tender, it will make the skin soft and tender, it will make the skin soft and tender.

removes oily excretions and all pimples and blotches. Facially it is used to prevent tan and sunburn.

Sold by all druggists and general dealers. If you cannot obtain it send us 50c for a large bottle, or 10c for trial size. E. H. Harrington & Co., Mrs. Los Angeles, Cal.

expenses as at present. The club which was graduated last June shows that of 227 members 14 entirely paid their expenses, 16 others nearly all and a total of sixty-nine paid a large part of their dues.

Certainly it is.

Canada Asks if Philippines is American Territory, and is Answered.

Chicago, Sept. 8.—A special to the Record from Ottawa, says.

Recently a communication was sent from the postoffice department here to Washington asking if the United States postal authorities regarded the Philippines as coming under domestic postal rate, or in other words, whether the Philippines was United States territory, and the reply was in the affirmative.

Accordingly today the Canadian postal authorities issued a notification to all postmasters that on and after October 1, next, the domestic rate will apply to Porto Rico, Hawaii, Guam, the Philippines and the American islands of the Samoan group.

The peculiarity of this order is that while the distance from Canada to the Philippines is twice that from Canada to Great Britain the postal rate to the latter is just double that to the Philippines. To Great Britain it is two cents per half ounce, while to the Philippines it will be two cents per ounce.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured, says John S. Holloway, of French Camp, Miss. 'I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have.'"
