BY TELEGRAPH.

RECEIVED BY TELEGRAPH. "THE EVENING NEWS" FROM THE FOLLOWING CITIES:

LAST NIGHT'S DISPATCHES.

EASTERN.

HARTFORD, 25.—The Senate today elected George C. Woodruff, of Seneca, N. Y., to the office of President. The election was in disregard of previous caucus nominations, by which Ames, 1872, and John P. Stoughton, 1873, had been elected. The House also elected Woodruff to the office of President. The Senate also elected Woodruff to the office of President.

BOSTON, 25.—The case of James A. Cox, the alleged forger, is on trial before a jury in the Superior Criminal Court.

MIDDLETON, N. Y., 25.—R. B. Coker, Fuller & Co.'s factory was burned this morning. Loss \$50,000, insured fully.

WASHINGTON.—The following is the official report of the condition of the wheat crop:

Winter wheat is mostly harvested. Of 753 counties from which reports have been received, 202 are above average, 183 average, and 351 below; of 300 counties reporting spring wheat, 102 are above average, 110 average, and 88 below average. Winter wheat is somewhat ahead of season, though many fields have been winter killed and ploughed up for spring wheat, and other crops are advanced. Spring wheat is very largely injured, and especially in the northwest is unusually promising. The indications of the crop of 1873 are considered at the annual report of June, 1872, when the department estimated the prospective crop at two hundred and twenty million bushels. Subsequent conditions of growth raised the first estimate of the year in the annual report of 1872. Insect ravages, however, are reported in spring wheat, indicating serious loss in some localities.

The commissioner of pensions has promulgated the following new and important order:

On and after July 1st consideration of all invalid increase cases will be suspended by the Pension Office until the Biennial Examination, which takes place on the 4th of September next. Medical examinations, however, will be held in such cases so that no applicant may suffer loss by the commencement of increase by reason of the date of medical examination. Meanwhile all original cases upon files will be considered as disposed of so far as the evidence will warrant.

The Indian Bureau to-day received from the War Department an official letter from Lieut. Col. John R. Brooke, commanding at Camp Supply, in which he says that the Cheyenne and Kiowa Indians are off their reservations. This letter is transmitted by Major-General Sherman to the general army and Indian Bureau, with endorsement of the general army and Indian Bureau.

Headquarters Army, Washington, June 24.

Respectfully submitted to the Secretary of War. These are Indians and Big Troop are to be turned back. I have no more to say in private volleys, and as I once risked my life to test their security I do not propose to again expose them in the danger, and I hope the Indian Bureau will manage without the aid of the military.

Jackson S. Schultz has been requested to remain as U. S. Commissioner at Vienna. In the event of his returning, Garretson, of Cleveland, will be his successor.

It would be no surprise, if, as the head of the State, Schultz's life should be terminated at the close of the Exposition. The facts, four years ago he said he desired to remain abroad only about half that time. His retirement will be voluntary, without any indication from the administration in that direction.

The first comptroller has issued a circular to inventories of the accounts of the U. S. courts incurred during the present fiscal year are in excess of the appropriation, which is now entirely exhausted. This will prevent the settlement of unpaid accounts for services in the courts until additional means be obtained.

Montgomery, N. J.—Washington's headquarters was sold by auction here to-day and was purchased by ex-Governor Randolph, W. V. Ledgeway, George M. Hall, and Gen. N. H. Hall, for \$25,000. The intention of the purchasers is to hold it for the State until the legislative session, when it will be sold to the State if it will not profit.

FONDA, N. Y., 25.—The large woods near Fonda caught fire to-day. The town was threatened with destruction, but the fire is now under control.

NEW YORK, 25.—The sixth game of the international billiard tournament was played this evening at Irving Hall, between Maurice Daley and Cyrille Dion. Daley won 31 innings by a score of 300 to Dion's 150. Daley made runs of 52, 40, and 38. Dion's largest run was 25.

The seventh and eighth game of billiards were played this evening. The hall was literally packed. The contestants in the former game were John Deery and Albert Gardner. Score of Gardner, 300; Deery, 180. The eighth game between Uvassy and Joe Dion was very one-sided. The Frenchman won taking the lead one inning. Score of Uvassy, 300; largest run 88; score of Dion, 148.

BELFAST, Me.—The Journal of tomorrow will contain the report from Hon. Chas. P. Kimball, two years democratic candidate for Governor, absolutely declining another nomination.

Boston, 25.—The directors of the Union Pacific railroad company met to-day and passed appropriate resolutions relative to the death of Horace F. Clark and Oakes Ames. W. A. Townsend, president of the company, declared that he desired to be exclusively under the control of the federal government, and asserted that if the directors of the company are allowed in any way to control or even interfere with the friends of McKim and the opponents of McKim will have nothing to do with the election.

New York.—The safe of John and Abraham Lott, attorneys, in Brooklyn, was robbed on Saturday night of mortgage bonds, valued at two hundred thousand dollars, belonging to various clients, but of no value but to the owners. The facts were kept secret until to-day. The safe was opened with a skeleton key. The burglary was fruitless in available plunder.

Eight persons have been obtained in the Woodhull case. The panel is exhausted. A fine of \$250 has been entered against delinquent jurors and a panel of 400 has been ordered for to-morrow.

WASHINGTON.—The commencement of the National Debtors' College took place this p. m. in the hall of the Columbian Institute. One of the remarkable features was a satirical lecture delivered by D. H. Carroll, of Ohio, who is entirely deaf, but has learned to speak by almost perfect distinctness. The vocabulary was delivered by Vallandigham Holloway, of Indiana, who had also learned to speak.

It has been ascertained in official quarters that some progress has already been made by the British government in the arrangements for paying the Geneva arbitration award, part of the funds being already in this country in the form of fifty-two bonds, to be exchanged for gold on or after the 6th of September, payment falling due in that month.

No intimation has been received as to the time of the official report of the condition of the wheat crop.
