BIG SLUMP IN STAR CON. TODAY

Send the Stock Below 60.

VALEO WAS MUCH STRONGER | ASSAYS FROM STAR CON. ORE

Mammoth Active Around \$2.20-Yankee Con. a Little Weaker-Sacramento Unchanged.

community

TODAY'S METALS:

SILVER 63 3-4 LEAD, \$4.00 CASTING COPPER 15M

stock for \$4.780.25. The feature of the day was the remarkable slump in Star Consolidated, owing to the low values in the last shipment of ore. Yesterday morning it stood around 80 cents per share, but as soon as news of the assay values reached the street the stock declined materially. Those who expected a reaction today were disappointed as after recording the first sale at 61, the stock declined rapidly to 5814.

Valeo was much higher today selling up to 20 cents per share, although no the change is reported from the property. Mammoth opened at \$2.19 and closed at \$2,2014 with the sale of 700 shares, while Yankee Con. sold from 2014 down

May Day let go 1,200 shares at 30, closing weaker, and Sacramento was traded in at 33. Dalton advanced to 7% in the bidding, while only 40 cents per share was offered for Eagle and Blue

Grand Central was held at \$5.45 with \$5.30 bid. An offering of 41 was made for Sunbeam.

Con. Mercur was offered at \$4.85. Daly West was weaker, but Richmond-Ana-conda advanced to 11 in the bidding to day. No stock was offered however, at less than 22 cents per share. Lower Mammoth was weaker with 25 bid. The closing figures were posted as fol-

On Friday, Oct. 19,

Via Oregon Short Line. Special train leaves at S. p. to, returning immediately after opera. Ferc \$1.00.

CHANCE IN TIME.

RIO GRANDE WESTERN RAILWAY. Effective Friday, October 12th, the Effective Friday, October 18th, the Rio Grands Western local flyer from Tintic, Provo and all intermediate points, Will leave Salt Lake City at 5:00 p, m, instead of 6:00 p.m. On the same date, the local from Park City will leave that point at 2:30 p.m. instead of 6:30 p.m.

Happiness depends very much on the condition of the liver and kidneys. The like of life make but little impression on those whose digestion is good. You can regulate your liver and kidneys with HERBINE and enjoy health and buoyancy of spicits. Price, to cents. Z. C. M. I. Drug Bent.

MERCHANTE PRINTING

Turned out on short notice at the Deseret News. A big shipment of new types and supplies just in. Our facilities for letter heads, bill heads, tags, envelopes, and velopes, pads, etc., etc., are unexcelled by any establishment in the West.

REFINERY WILL BE CONSTRUCTED

Low Values in the Last Shipment | Glen R Bothwell Says Bids Are Already Being Secured.

Rich Shipmont from the Ophir-Bexter Bullion - Ore from Regulator Group-Cariboo District Items.

A local refinery to handle the cyanide product of this district will shortly be built in or near Salt Lake City, This was the information given out today by Gien R. Bothwell of the Sacramento 121,000 were awarded and approved. Two Mining company. It is understood that sets of special instructions with an aggregate liability of \$1,629 were issued R. E. McConaughy will join Mr. Bothwell in this enterprise. It was stated today that bids are already being secured for the necessary material. The Business on the stock exchange closed | refinery is estimated to cost about today with the sale of 11,600 shares of \$10,000. Its construction will be similar to the Golden Gate Heffnery at Mercur, and will, it is said, be conducted by Lee Gilson, formerly employed at the Golden Gats. The plant will handle the product of the Sacramento mill at cost. product of the Sacramento mill at cost, which should effect a considerable saving to the Sacramento every month. The price received from the American Smeiting company for the gold was only \$15.75 per ounce, whereas another large producer obtained as high as \$20.30 per ounce. This would seem to secure at least \$5 cents an ounce to the company. company. Arrangements will also be made, it is said, to handle the product of other properties. It is expected that the plant will be completed in two months.

STAR CON. ASSAYS.

The Values of the Last Shipment Are

Lower Than Many Expected. The ussay returns of the last shipnent of ore from the Star Con., secured resterday afternoon, show that the 120 n lot of company ore runs 1.1 ounces gold to the ton, with 6.5 ounces in liver. Another lot of 21 tons assayed 5 ounces in gold and 12 ounces silver, he third lot of 19 tons, which showed far the highest values, was leasers' from which the company is said to ore from which the company is said to derive a 20 per cent royalty. This lot showed 4.62 ounces in gold and il ounces in silver per ton. The ore has not been sold, the values being so dis-appointing that a resampling will probably be ordered.

OPHIR SHIPMENT.

Five Tons of Ore From This Promising Prospect Net \$1,000.

The Ophir property at Stateline was on the market yesterday with a 5-ton of sliver ore for which the sum of \$1,000 was obtained. The ore was taken from the 100 level, where a body of very high grade ore has gince been opened up. All of the Ophir ore runs well in silver but good gold values were also obtained from this last strike, a shipment from witch will shortly be on the market.

DEXTER SHIPMENT.

Gold Bullion Valued at \$8,200 Arrived from the Mine Today.

A bar of builton valued at \$8,200 A bar of buillon valued at \$8,200 reached the local offices of the Dexter company today from the mine at Tucarora, Nevada, Nothing has been heard of the cyanide product. It is known, however, that a shipment has been made and the secretary says the buillon and cyanides will aggregate \$14,000 in values.

ITEMS FROM CARIBOO.

A. J. Hansen Tatks of Several Gold Properties in the Old District.

A. J. Hansen came down last evening A. J. Hansen came down last evening from the Cariboo district about forty miles northeast of Soda Springs, Idaho. In company with Mesers. Putnam and Nelson Mr. Hansen is developing four gold claims on the west side of the Cariboo mountain. The claims are said to be traversed by four distinct veins which show good values from the surface down. Comparatively little work has been done in the camp, owing to the fact that the helders of the claims are her wealther mer and are not able to wealthy men and are not able to

The Pittsburg company is said to ave an excellent showing in its prop-rty on the east side of the mountain, it is being managed by S. F. Hunt, or Castleman, of Mercur, is also heav-ly interested. The 375-foot tunnel is aid to have cut four ledges, each of run the tunnel to the first vein, a has since proved to average \$26 old. The first average obtained gold. The first average obtained wed \$91 in gold and greatly sur-ed everyone. This vein has now a prospected about 175 feet. A great of work is being done but money is needed behind the men who are at present trying to open up the camp.

PROSPECTS IN NEVADA.

E. E. Myers Returns After an Extensive Trip in Lincoln County.

E. E. Myers is back to town after spending several months on a prospectspending several months on a prospecting trip in the southwest section of Lincoln county, Nevada. His mean-derings took him close to the Potosi or 'Old Mormon Mine,' a lead producer of some Brominence. A great deal of prospecting has been done in that section. ''A man could not visit all the prospect holes in a month of hard riding,' eald Mr. Myers. Most of these holes, many of which are only about ten feet deep, show good lead ore. On the surface of some claims located by the surface of some claims located by himself. Mr. Myers says numbers of farme boulders of lead carbonate are found, some of which weigh 200 pounds, and assay from 13 to 40 per cent lead. The district is said to be on the proposed coast railway route and the proits coming to the front are very good,

SINK IN UNITED VERDE.

Affected 300 Square Feet Above the

300 Level of the Great Mine. A dispatch from Jerome, Ariz., says: Miners employed on the 500-foot level of the Great United Verde copper mine noticed early yesterday morning the ground giving way over their heads. The alarm was immediately given and in a short time the 300 men employed in the mine were taken to the surface

without injury.

At 8 o'clock this morning the sink and extended in succession to the variance levels of the mine, until the top was reached, the sunken ground showing that about 300 feet square had been affected. The railroad with a trainload

of cars was lowered ten feet. The large machine, boder and blacksmith shops were all badly damaged. The foundry was also lowered same ten feet. Work is in progress repairing the damage. DAMAGE NOT SERIOUS.

Butte, Mont. Oct. II.—senator Clark, owner of the United Verde Mine, when shown the Associated Press dispatch from Jerome. Arizona, relative to the cave-in in the mine, said:

"The cave-in is not of a serious nature and only extends from the 300 foot level up. The ground had all been worked out above that point. A few feet of the railroad bed that passes over the surface, the boiler and blacksmith shop are slightly injured. The shaft, hoisting and smelting plants are uninfored and the smelting plants are uninjured and the case will in no wise affect the opera-tios of the property. It was a great re-lief to me when I found no one was injured by the accident."

REPORT FROM WASHINGTON.

Shows That 322 Original Mineral Surveys were Approved in Past Year.

The report of the commissioner of land office at Washington for the fiscal year showing the operation of the service in Utah is as follows:

There was apportioned \$21,000, out of the appropriation for surveys and resurveys for the fiscal year ending June oth. Under said apportionment, six outracts with an aggregate itability of so payable from the oppropriation for

surveys and re-surveys.

The excess of \$1.629 over the amount apportioned to fiscal year was provided from the appropriation for the survey appraised and sale of abandoned military reservations for 1900. In his annual report the surveyor-general states that during the year thirty-one townships, aggregating 2.299 miles. 70 chains and .64 links of line, were approved and forwarded to the commissioner of the land office for his proper action, three hundred and twenty-two original mineral surveys were approved containing eral surveys were approved containing 503 todes, 171 amended surveys were approved, and 1,333 mineral plats were made. During the year 324 orders for mineral surveys were issued, containing 566 lodes and a placers: 17 orders for amended and additional mineral surveys were Issued during the year. Containing 17 lodes and 3 placers. One order was issued for placers by legal subdivision. There was deposited by individuals during the year in connec-tion with mining claims \$13.554,65; available balance at beginning of fiscal year ending June 30, \$17.784.35; paid out in connection with work on mineral sur-veys during the fiscal year, \$10,555.20; available balance June 30, 1900, \$20,786.88, Deposited by Union Pacific railroad for office work on surveys of land grants \$751.48. Deposited by Individuals during office work on surveys of land grants \$751.43. Deposited by individuals during the fiscal year for office work in connection with public land surveys \$170. The surveyor-sceneral estimates that \$14,998 will be required for public land surveys for the fiscal year ending June 30, 1902.

Hydro-Carbon Locations.

Provo, Oct. 11 .- Hydro-carbon locations of claims near Soldier Summit have been filed with the county record-er as follows: W. H. Hacking, the New Era; M. S. Hackney, New Era No. 1; W. H. Hackney and others have filed notices of location of the following hydro-cardon claims situated about four miles west of Tucker station: Fay-ette Nos, 1 to 5, both inclusive.

Will Market a Car of Ore.

A car of ore has reached the sampler from the Horn Silver Tunnel company's claims lying west of the Horn Silver Mining company's property at Frisco.
The lot consists of about twenty-one
tons, which is expected to bring about
\$750. The values heretofore found have
been principally in silver. Nine men at present engaged in developing

The Water is Increasing.

Regarding the Smokehouse lode, which A. H. Tarbet of this city is open-ing up in the center of Butte, the Miner says: The shaft has now reached a depth of 335 feet, and at that depth the flow of water has increased to an ex-tent that requires the installation of a pump. A pump and water columns are being put in as rapidly as possible. Heretofore the water was raised in a bucket. A new cage is expected to ar-rive almost every day. The character of the ground continues very hard.

MINING NOTES.

Another car of ore is reported from the Cave mine near Milford. The Ophir Hill, of Ophir, marketed

seven cars of concentrates today. Col. Haight has returned from Name

but expects to return next year. The South Swansea, of Tintic, reached

the market today with a car of ore. The Golden Star, of Gold Mountain, has a thirteen-ton lot of rich gold ore

W. H. Tracy reports the discovery of 2 feet of crystallized lead ore at the Regulator group at Alta. Ed McCarrick was out at Bingham yesterday and reports the shaft at the

Red Wing Extension down 35 feet in The Blue Jacket, of the Seven Devils district, Idaho, was on the market to-day with a car of high grade copper

The Hercules of Stockton marketed 2 cars of ore yesterday afternoon on controls showing 50 per cent lead and

Samuel N. King is up from the La Sal district and reports that the 5-stamp mill at Miner's Basin will be ready to start up next Monday.

The Taylor-Brunton sampler reported one car of ore from Tintic, one from Idaho, seven from Stockton, one from Gold mountain and one from Milford

Mammoth Record: Col. L. A. Doane Mammoth Record: Col. L. A. Doane has left Fay. Nevada, and gone to Stateline, where he has accepted a position as engineer at the Ophir mine. In writing of that district the colonel gives it as his opinion that Stateline is destined to become one of the largest mining camps in Utah. Every prospect, he says, has good free milling ore running from \$8 to \$10 per ton.

Laramie (Wyo.) Boomerang: The Rambier Copper company will develop the Rambier mine on Douglas creek during the winter with a force of from twelve to lifteen men. The mine is located forty-five miles from Laramie and the shaft is fifty feet deep. It is a low grade proposition but is said to be one of the best compar prospects in the country. It is possi-ble that a leaching plant and shaft house will be constructed this winter and sinking continued until spring, the ore being treated on the ground.

SLIGHT UPWARD TENDENCY

Changes Were Confined to Smallest Fractions in Opening Dealings.

Large Blocks of People's Gas Were Unloaded in a Steady Stream, Depressing It.

New York, Oct. 11 .- Wall Street: Changes were confined to the smallest fractions in the opening dealings and business generally was small. A decline of % in Pacific Mall was about the only change worthy of note. A tendency upward was arrested by selling of People's gas. Large blocks were unof Poople's gas. Large blocks were an loaded in a steady stream, depressing it its per cent. Support was withdrawn from other stocks, but the resultant declines were small. Not much stock was offered in the general market and speculation became semi-staguant. A rise ulation became semi-stagnant. A rise which occurred in Manhattan and People's gas brought some slight response elsewhere. Sugar advanced 2 points. Trading in bonds was small and prices

were maintained.

People's Gas was the only point of interest in the market in the last hour and advanced to nearly \$6. International Paper rose about a point. The closing was very dull and rather easy and net changes were insignificant. SUGAIL.

REVIEW OF WOOL MARKET. Boston, Oct. 15.—The American Wool and Cotton Reporter will say of the wool trade tomorrow, "There has been a fair demand for wool during the past week, mostly from the smaller mills outside of the combine, comprising those making men's wear, worsted and woolens, dress goods and flannels. Some of the smaller mills had, it is reported been walting for the larger consumers to take the initiative in the matter of lication departments of the Desert News new include all the type, machinery, presses and supplies of the combined plants of the News and Geo. Q. Cannon & Sons Co. Estimates furnished on contracts of any size. Rush lines of woos, especially. California and Texas, and fine un-

THE DUTY OF MOTHERS

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examina-tion; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruationhad headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Mrs. Pinkham's great medicine for regulating woman's peculiar monthly

washed fleece. The wools were purchased to meet actual requirements there being still no evidence of any speculative tendency. Prices hold pretty steady and where the consumer really wants the wool, the holder can securwants the wool, the holder can secure practically as good prices as he could a month ago. The London wool sales on Tuesday of this week showed an average decline of 12½ per cent on merinos, fine breds being quoted 7½@ 10 per cent, but coarse and low cross-breds quoted virghtness. quoted unchanged. cline has been discounted some time

"The sales of the week in Boston amounted to 2,641,600 pounds domestic and 40,000 pounds foreign, making a total of 2,881,000, against a total of 2,628,000 for the previous week and total of 4,466,000 for the corresponding week last year. Sales since January 1st amount to 101,100,000 pounds, against 130,954,000 pounds for the corresponding time last year.'

BOSTON MARKET. Boston, Oct. 11 .- B. & M .- B. & B., 60

LONDON WOOL AUCTION. London, Oct. 10.—At the wool auction sales today 12.546 bales were offered. There was good competition for cross-breds, of which the bulk went to the home trade. Broken greasy wool cross-breds, of which the bulk went to the home trade. Broken greasy wool sold and New South Wales scoureds were fairly competed for at steady
