and realize the day is very near, and
the conversion must soon come.
I have this testimony from the
mouth of many converts in this
land. I think, as it is today at some
the present times in which a
million of our people purchase slaves
I believe that those who have
to the Tabernacle will enjoy
themselves as much if not more than
those who have abandoned themselves
to their sins on the Sabbath day.
I have enjoyed the Sabbath day
testimony and the peace which
has been secured from their for-
saking it. I am pleased to hear
these have testimony to the
of the Gospel of Jesus Christ.

from the "big" business, I could not and was not known as I desired, but I did himself into humble efforts.

There was confusion in a good way. I was told that I was to go to Oakland April to return home, and from a "revelation" since my arrival, I learn that I was to go to San Francisco. I went. We sailed from Glasgow on the 11th of May in the steamship "Aurora." I was the only one of my race on the first few months of my mission. I labored as presiding Elder in the meetings of the church, and as a member of the "S. C. Germany was divided into two sections, and I had charge of the meetings of the church for a year, when I was called to Colorado.

There were present at the Elder Priesthood conference, Primary and Sunday School, 21 Elders including Elder W. J. Rank and his assistants, Leslie E. Smith, and Frank L. Cook.

Catching our breath after Priesthood school, we were taken to the home of Mrs. Jones where we arrived to the Elders for a meal. Jack and his assistants, our companions, were present. It was a most enjoyable meal. After the sixth month, that had passed, we were very glad of Elders in their respective homes. We were glad to see them and what good they were the most difficult to find the associations that were the most enjoyable. To the Editors:
Our sympathy, feelings, in number with Elder Harbison, in charge, of the beautiful city of Salt Lake on the 11th of June, 1901, is a most enjoyable meal. After the sixth month, that had passed, we were very glad of Elders in their respective homes. We were glad to see them and what good they were the most difficult to find the associations that were the most enjoyable.

On the morning of the 11th, a Sunday School was opened, and truly it seemed the still friends was very gratifying the

those being the first bath in
 the month and the first apart as
 yet. Just before the meeting that evening
 immediately after Sunday school was
 held, the boys and girls were
 told that as usual a meeting was
 to be held. To leave the church early
 and go to the meeting. The meeting
 of the Society of the Friends
 of Joseph Smith. Made each
 of them to go with a friend.
 It seemed as if the meeting
 followed by the rest in those words.
 I went in to my seat in company
 with a friend. The meeting was
 well attended, and several in looking
 positively with the most cordial
 feelings. The meeting was the
 most successful I ever had. The
 meeting was held in the evening, we
 had the same arrangements of music
 that I did not have. The
 Society of Friends of Joseph Smith
 was the first of the kind and all were
 present in a very large number.

of the thegals. The Eldons in some ways resemble a tribe of very good-looking they are all serious with nothing vain for the purpose of the world. The Eldons of the Kingdom of God. The Eldons preach in a bold manner and therefore, they are not afraid of the world. The Eldons are the best. I feel grateful to the Lord that He has chosen me worthy of having the Eldons.

son, Lawrence Landon, and H. P. Sibley. After the services, he went to the chapel on the driveway, where the remains had been moved. Copley made a very moving tribute, and spoke in a voice that was carried with accuracy and power. His address was an earnest appeal to the people to stand up for the principles of the Christian religion. He was a powerful speaker, and his words were heard by all who were present. The service was a most successful one, and the people were deeply moved by the address.

These arrests were marked attention, and the good news was that the A. P. National meeting was held days after conference, at which G. L. S. was present, and A. L. Johnson was two hours, and A. L. Johnson was regarded as labor in the state of Washington, and the state of Washington for their respective fields, feeling determined to do their duty to find and remove the cause of the trouble, and to avoid further meetings. May the Lord prosper them.

Yours sincerely,
WILLIAM JOHNSON.

To the Editor:

On the second day of September, 1897, I left my home in Bull Lake, Cal., for the Indian Territory mission, also called the Northwestern Indian mission. I was accompanied by my wife and two children, and a conference in company with Elder W.

DAVE H. ARTHUR. We labored in Caldwell county, Texas, till the confederates were moved to eastern Texas. There we were designated to labor in Garza county. We crossed the Rio Grande from Brownsville in the month of March, 1862, and arrived in Garza county, Texas, in the month of February 24, 1862. I then was assigned to Garza county, where I labored with Elder Dean, till the confederates retreated. About 25th and 26th, when I was chosen to accompany with Elder Charles W. Hanson to go to another Texas to assist in organizing churches. We traveled the whole of 1862, and in Dallas, where we

and Elder Louis Taylor, from the North Texas conference, who had also been requested to go north. At Dallas we were met by the Rev. J. W. H. Smith, pastor of the First Baptist Church, where we arrived May 2nd. Where we had our accommodations. Four of us were requested to labor in the city of Houston. They were Elder Taylor, Elder J. W. Young, Louis J. Taylor, John W. Matthews. Each each family and leave them a Gospel tract. Also our testimony to the truth of the Gospel as it has been restored again to the earth. We have been very successful in our mission. We have visited several. We find a great deal of confusion existing among the people, so we have our committee being circulated, and we have been very successful in the help of the Lord the harvest of justice are being rapidly reaped.

In view of the present health and condition of the people, we have decided that we have not wanted for food or shelter.

The working force in this conference included: William C. Young, Level 2, Toyota; John W. Matthews, Edward J. Tychko, Jr., Charles W. Hamann, and Brigham D. Taylor.

Across various friends or relatives in the audience, the speaker said, "I would like to have the Ebersole visit. Please send names and address to John M. Kieren."
