

CAME GIVEN TO RIO GRANDES.

Disgraceful Spectacle at Walker's
Baseball Grounds Saturday.

FATHER GIMLIN'S KICKING.

Is Responsible for the Affair—Objected
to Charlie Griffin's Decision and
Game Went by Default.

Father Gimlin, chief of the Lobsters, took on another kicking streak Saturday afternoon. Kicking seems to be his chief characteristic, and how well he can do it is known by those who congregated at Walker's field Saturday, hoping to witness a good game of baseball.

It had not been for the aforesaid lobster leader, the contest would undoubtedly have been a lively one. The trouble occurred in the second inning when the Lobsters were at the bat. 1229 Harold was in the box for the visitors. He hit the first ball, but the Lobsters were hitting him hard. Hopkins doubled and Gimlin singled. McGregor went in left field, fumbled with the ball long enough to give Hopkins a chance to get nearly home. Just as he crossed the plate the sphere reached his hands. Gimlin's mitts were raised. He called the umpire and charged Griffin with kicking him. Griffin was in the grand stand and saw the play. He called the ball and made a vicious "swipe" at the Lobster, and miss him not less than a foot.

Then a funny thing happened. Funny indeed! Father Gimlin, as everybody knows, plays out in center field. When Griffin announced his decision, Gimlin was observed to shake his head savagely and march with measured tread to the seat of the trouble. Ah, he had seen the game! He saw all this, and even more, but space is limited.

The crowd was with Charlie Griffin, for it realized that his decision was just and that he understood the game. A loud and mighty roar went up and Griffin and his followers were booed and hissed. Umpire Griffin pulled out his time piece and when the limit expired gave the game to the Lobsters.

Then the Lobsters picked up their belongings and started homeward. When the gate was reached some sort of agreement was reached and back they came. The crowd yelled for Griffin and Gimlin, and the game was resumed.

The Rio Grande Western now has a standing of 1009 with the Short Lines second which is the highest position the latter has yet attained.

This state of affairs was brought about by the Short Lines pounding the life out of Pocatello in two games and the Lobsters defeating the Lobsters.

In the morning game at Pocatello Harmon was batted out of the box in the third inning and was replaced by Lillis. Kidder pitched for the Short Lines and was in excellent form. Home run was made by Uncle Bill Haynes and Bert Margrett.

In the afternoon Harmon did better but his support was miserable. Kimerer pitched a swift game for the Short Lines. Following is the score of both games:

In the game at Ogden Tex Gierhart was safely hit ten times and presented passes to six. It was a winning day for the Lobsters and Pendergraft did his share to make it so. Although he allowed numerous hits they were well scattered. Errors on the part of the Lobsters were plentiful and Father Gimlin made one of them. He dropped an easy one, but it is said he did not even kick. This is the score:

a
baseball game even for "professional" teams is an unenviable and thankless undertaking and Charlie Griffin had the fact brought forcibly to his mind at Walker's field Saturday afternoon.

It is generally understood that an umpire's decision is the end of controversy. But Manager Gimlin of the Ogden team evidently thinks otherwise, for when Griffin called a man safe on home base, Gimlin came in from center field and roared long and loud. It is the unanimous opinion of the fans that he did no more than all for raising such a fuss for every person in the grand stand saw that the base runner was safe. Griffin promptly gave the game to the Rio Grande, and he has the satisfaction of knowing that his position is upheld generally. Griffin has always endeavored to be absolutely fair under all circumstances, but it is doubtful if he will umpire another game in Salt Lake.

Next Friday at Walker's field the Wilkes team will play the Ontarios of Park City. These teams have already played two games which resulted in favor of the Wilkes nine. The Ontarios now believe they can defeat them.

The Bankers have received a challenge from Exhram to play ball. The moneyed men will accept if the challengers will play at Lehi or Provo; otherwise they will decline.

The Full Tea team of Ogden is anxious for another game with the Bankers, and the manager has written to Manager Whitney asking for a game at Ogden on the eighteenth.

It is hoped that Iver Lawson will return from Omaha in time to ride with Chapman in tomorrow evening's races at the Salt Palace.

Terry McGovern has taken to novel writing, says the Denver Post. A New York evening paper is featuring a continued story entitled "Cupid Refuses" or "Love and the Championship." By Terry McGovern. Not long ago Terrence, the Terrible, was credited with the authorship of a love song. If this thing keeps up Terry will be a shattered idol with the little fans, who can't get the idea that a real fighter can have the touch of the romantic or poetic in his makeup.

RACING EVENTS TOMORROW NIGHT

in Time to Ride.

A two-mile tandem handicap professional will be the feature of tomorrow night's bicycle races at the Salt Palace. A good purse has been offered for each event and should be an incentive for some lively sprinting. In addition to the two-mile tandem race, for which \$50, \$25, \$15 and \$5 are offered, there will be a one-mile handicap amateur, prizes \$20, \$10 and \$5. A one-mile open professional, prizes \$40, \$15, \$10 and \$5, and a one-mile local professional, prizes \$20, \$10 and \$5. Iver Lawson is entered to ride in tomorrow night's races, but it is doubtful if he will arrive here in time. He is scheduled to reach here tomorrow, and it is said that Barney Oldfield will come with him.

RACES AT PARIS.

In the Professional Championship
Cooper Only Wins a Heat.

Paris, Aug. 12.—The three-day meeting of the world's bicycle championship contests began today with the trial heats. The crowd was very large and enthusiasm intense.

Lake won his heat in the amateur championship on a course of 233 metres. Time—2:22 1/2.

In the professional championship Tom Cooper was the only American winning a heat. McFarland finished third. Cooper's time was 1:41.55. McFarland and McFarland were second in their heat in the tandems but had no place in the finals. Tomaselli and Meyers won the heat.

JOE BUSH RETURNS.

Tells Stories of the Existing Condi-
tions in Cape Nome.

Joe Bush, miner and man hunter, returned from Cape Nome last evening. Mr. Bush, when seen, told the same story, as related by other returning miners, regarding the conditions that prevail in that camp at the present time.

According to the Salt Lake News is decidedly overcrowded, and when he left there was considerable suffering in evidence on account of their being hundreds of men without employment or the means of getting out of the country. What, with the climate, crime and sickness, he says that the latest epidemic is anything but a salubrious one for the average mortal at the present time.

Since leaving this city Mr. Bush traveled extensively with the Begon brothers in their gasoline launch up the coast prosecuting the Kooragang, Casanovosa, Zook Sook and other rivers. He brings back with him specimens of muck which contain considerable fine gold. This rock comprises, for the major portion, the geological formation of the district named, and says Bush would be very good location under more favorable conditions.

OTTO AUER HURT.

Young Man Injured in Jumping from
Saltair Train.

Otto Auer, an employee in the Rio Grande Western machine shops, met with a painful accident last night while in the act of jumping from the Saltair train at the junction of Sixth Street and First South. Auer jumped from the rapidly moving cars with the result that he came into violent contact with a switch bar. When picked up the young man was in a semi-conscious condition. Later a hack was secured and the injured man conveyed to his home at 123 north Sixth West. Upon the advice of friends of the injured man Auer was subsequently conveyed to St. Mark's hospital early this morning. It is thought the big injury will not result in a serious sequel.

A YOUTHFUL INCENDIARY.

Small Boy Attempts to Set Fire to the
Arcade Grocery.

A boy was discovered last night in the act of setting a blaze to the Arcade Grocery, No. 25 east Third South Street, and the woman who saw the act, Mrs. R. W. Stevens, a tourist who has a room at the Miller hotel, at once gave the alarm, and the flames were extinguished before any damage was done.

She saw the boy gather some sticks and other combustible material together and apply a match to the pile. Large flames at once shot into the air beside the front of the building. Mrs. Stevens aroused the occupants of the hotel, and in a few minutes some had the fire completely out. The objects that were burning had been saturated with kerosene.

The store is conducted by Sam Tobias. It is thought that the boy was hired to do the job. The young miscreant made good his escape after starting the blaze.

Washington, Aug. 13.—The volume of appropriations, new offices, etc., required by law to be prepared and published at the end of each session of Congress, under the direction of the committee on the appropriations of the Senate and House, has been completed for the first session of the Sixth Congress by Thomas P. Cleveland and Jas. C. Curtis, chief clerks respectively of the committee. A summary of the appropriations shows the grand total of \$710,150,862.88. The details by bills are:

Agricultural, \$1,623,000; army, \$11,420,000; diplomatic, \$1,711,000; district of Columbia, \$7,700,000; fortifications, \$7,383,625; Indian, \$3,197,552.54; legislative, \$24,175,672.52; military academy, \$674,000.00; naval, \$85,140,000.00; pension, \$14,445,230.00; postoffice, \$11,653,235.75; river and harbor, \$590,000.00; sundry civil, \$65,319,915.45; deficiency appropriation, \$1,083,330.61; miscellaneous appropriation, \$1,802,501.34; permanent appropriation, \$12,712,120.00.

In addition to the specific appropriations made contracts are authorized for various public works throughout the country requiring future appropriations of \$5,449,374.

The new offices and employment specifically authorized aggregate 3,000 in number at an annual cost of \$4,537,673. The number of salaries or compensation of officers and employees of the government is \$1,150,000,000, an increase of 475, at a cost for the year of \$13,230.

K. P. Biennial Encampment.

Detroit, Mich., Aug. 12.—Seventeen thousand men under canvas. Is the estimate made by Major General James Carnahan, of the uniformed rank, Knights of Pythias, for the attendance of the coming biennial encampment which opens in Detroit Sunday, Aug. 26. Four thousand, five hundred tents will arrive here this week, and the work of erecting camp will last eight days.

The camp ground is seven complete squares on the boulevard, near Belle Isle. The city has built special sewers and water mains throughout the camp, and 6,000 incandescent lamps will be used in illumination. Fifty thousand knights will parade on Aug. 29, and the carnival features will surpass any previous attempt.

The \$10,000 prize drills, for which 43 companies have entered, will begin August 29.

Fighting For Eight-Hour Day.

San Francisco, Aug. 13.—The mill men's union, backed by the building trades' council, began in earnest its fight for an eight-hour day. A strike has been ordered, and the strength of the movement will soon be known. The lumber and planing mill owners have not yet decided whether the mills shall try to continue operation without a strike, or what else to do down until an adjustment is effected.

In four San Francisco mills and in all of the Oakland mills the union men were paid off Saturday night after their refusal to return to work under the old schedule, and were ordered to remove their tools from the mills.

"Unless some understanding is reached before the end of the week," said William W. Quinn, one of the mechanics' mills, "I believe building will practically cease in San Francisco. And the bay cities, and the 15,000 men in the building trades will be thrown out of employment."

No advance in wages is asked, but the same pay is wanted for eight hours as is now given for nine hours work. The millmen say they cannot grant the demand and meet eastern competition.

Pickpocket Got \$500.

San Francisco, Cal., Aug. 12.—C. N. Mahon, a young man of Woodward Avenue, Detroit, Mich., was robbed of \$500 in greenbacks while coming out of the California theater, after the performance by a pickpocket, who secured a roll of bills and escaped. The police think the crime was committed by an expert "crook" from New York.

James E. Keeler.

San Francisco, Cal., Aug. 12.—Prof. James E. Keeler, director of the Lick Observatory, who died yesterday at a sanitarium in St. Louis, has been suffering for some time from heart trouble, to which pneumonia was added in the past few days. Mr. Keeler left Highland Springs, where he had been recuperating last week, intent upon securing medical aid in this city. On his way here he suffered a stroke of apoplexy from which he did not rally. He was taken to the hospital in a precarious condition and died in a few hours.

Prof. Keeler was one of the astronomers who participated in the Colorado expedition for the observation of the solar eclipse in 1878. He later served as the director of the Allegheny University, and was a colleague of Prof. Langley in the famous Mount Whitney (California) expedition. He studied with Quinceus at Heidelberg and Helmholtz in Berlin, and on his return from Germany again worked with Langley, and was after attached to Lick. When Prof. Langley retired from Allegheny, Prof. Keeler took his place. His work there was almost exclusively in the line of stellar spectroscopy. Two years ago he became director of the Lick Observatory. He was regarded as one of the most eminent of American astronomers.

ELECTRICAL STORM.

New York Suffers Great Loss From Lightning and Wind.

New York, Aug. 13.—Latest reports of the big electrical storm which passed over this section yesterday show that the havoc wrought by the lightning and wind was unusually severe. Lightning struck the Olney house, spilling one of the flag poles and shook the hotel to its very foundation. The great gilt ball and a 12-foot piece of the pole fell into Twenty-ninth street. Another section of the pole struck the street on the Broadway side. It weighed over 200 pounds.

E. Benner, a bicyclist, was instantly killed by a bolt of lightning during the storm while standing in the doorway of Benjamin Brothers bathing pavilion on the shore of the Great South Bay near Bay Shore, L. I.

Thomas Dunn, 16 years old, was killed by lightning as he stood beneath a giant oak tree, where he has sought shelter from the storm, near Jamaica, L. I.

In Jersey City the gale tore off forty feet of the roof of St. Paul's German Evangelical Lutheran church and knocked down about half of the roof wall.

A trolley car of the North Jersey Street Railway company was struck by lightning in Orange, N. J., and the car was enveloped in flames. In the rush to escape five persons were injured, two of them seriously. Mary Leonard, six years old, Orange, sustained severe scalp wounds and injuries about the body. Mrs. Kohler, of Newark, was wounded about the head and internally injured.

At Bloomfield, N. J., a circus tent was blown down.

At Elizabeth lightning struck a tank in the oil yards on Front street and started a blaze.

At Hackensack, N. J., the wind stripped limbs from trees. A score of trees were hit by lightning and torn to pieces. Uprooted trees mark the course of the storm. Hoboken, harbor, six yards of the fence enclosing St. George's cricket grounds was also blown down and the gospel tent in a vacant lot was blown into shreds and thrown across the street.

The training quarters of Joe Bernstein the pugilist, in this city, were struck by lightning. Mrs. Bernstein was knocked unconscious by the bolt, and did not recover her senses for more than twenty minutes. When the lightning struck the house Bernstein and Jimmy Michael, the cyclist, were punching the bag in a room adjoining that in which was Mrs. Bernstein. The punching apparatus was ruined by the lightning but both Michael and Bernstein escaped injury.

British-American Union.

San Francisco, Cal., Aug. 12.—The British-American Union has been organized in this city for the purpose of a better understanding between "both great branches of a common stock." It is hoped this to afford a common rallying center in California, but for all those who recognize the mutual interests of the British empire and the United States. A board of fifteen directors has been chosen under the presidency of William G. Harrison.

Netherlands Consul Dead.

New York, Aug. 12.—William M. Gravenhorst, the Netherlands consul, is dead from heart failure at his home in Brooklyn. Mr. Gravenhorst was born at Curaco, Dutch West Indies, 84 years ago. He was educated at the University of The Hague, and returning to the Dutch West Indies, was appointed governor of Aruba. His services rendered to the Venezuelan government he was decorated with the order of Bolivar by Guzman Blanco. The order of Holland decorated him with the Order of the Oak Leaf. He was also received a medal from his government for faithful services. Fifteen years ago he was appointed vice consul at New York and two years ago consul.

Roosevelt Coming to Utah.

Chicago, Aug. 11.—Perry S. Heath of the Republican national committee, who returned to Chicago today said: "Roosevelt will come to Chicago on Labor day. From Chicago he will pass through Wisconsin, Minnesota, North and South Dakota, Montana, Idaho, Washington, Oregon, California, Utah, Wyoming, Colorado, Kansas, Nebraska, Iowa and Missouri, practically in the order named. No attention will be paid by Gov. Roosevelt to the Eastern States outside of New York, and unless conditions change materially, he won't go into New England at all."

Firemen Decide to Strike.

Marquette, Aug. 11.—The firemen of the Trans-Atlantic Steamship company have decided to strike beginning tomorrow. It is feared the movement will spread to other lines.
