FRAGMENTS.

Advertisement of girl wanted to do general housework. Judge Twiss' official term expires on the first of January. About three hundred Conference visitors returned south last evening. Nathan Sears, of this city, is lying very low at Provo, suffering from cancer. Slight hopes are entertained of his recovery. Bandmaster Stigler, of the 6th Infantry, was laid to rest yesterday in the Fort Cemetery amid impressive ceremonies. A footrace is to be run on Washington Square to-morrow between a fleet-footed Ogdenite named Wright and a local flyer named Tibbitts, for a purse of \$50. The weather during the Conference hasn't been all sunshine and pleasure, but it hasn't been all storm and shadow either. Altogether, it might have been much worse. A land office business has been done by the bakeries and eating houses not so far removed from the Tabernacle. Our country cousins brought their Sunday appetites with them. Considerable building is going on notwithstanding the dull times. Dwelling houses, in various parts of the city in all stages of progress, are being crowded to completion while there is still time. The Logan Choir made good this evening at the Sunday School Union meeting last night. Considering the number of the vocalists the rendering of the chosen glee and anthems was superb. It seems almost like a waste of time and water to insist on sprinkling the streets these days. The dust isn't exactly overpowering and a dry shower of Main street would be considered a positive boon by this soiled pedestrians. The following additional aliens were made full-fledged Americans yesterday in the Third District Court: James Allen, of Box Elder; Wm. McMichael, of Summit; Joseph Adams, of Salt Lake, and Joseph Griffith of Tooele County. Dr. Geo. Bridges, well known in this community as having brought several carloads of fine stock to the Territory at various times, has now come to stay, and has opened an office as veterinary surgeon in the Old Constitution building. Wm. T. Foulger wishes to be kindly remembered to the individual who replenished his wardrobe from his clothes line last evening, and sincerely thanks him for being so considerate as to leave intact that which belonged to other members of the family.

LOCAL NEWS.

A meeting of Zion's Board of Trade was to be held this afternoon at 3 o'clock in the Social Hall. Missionaries Meeting.—The missionaries called at this conference are requested to meet with the Twelve Apostles and the First Seven Presidents of the Seventies in the Social Hall at 6 o'clock this evening. Opera House.—Miss Nellie Boyd and her dramatic company played "Forget Me Not," to a very good house last evening, and seemed to give entire satisfaction. The villainous part of "Stephanie" is one in which Miss Boyd has opportunity for the display of much of her dramatic power, and she takes advantage of it accordingly. Her company are a good support. To-night, the "Ticket-of-Leave Man," an old favorite with the public, will be presented, and a good attendance is already assured. Y. M. I. A.—The associations of Salt Lake State will remember the request to reorganize and resume their exercises the first week after October Conference. Those associations which have not already done so will make the necessary arrangements at once, that due notice may be given in the Ward meetings next Sunday evening. The Stake assistants are requested to assist in this in their several districts. Joseph H. Felt, Supt. Base Ball.—The first game of the series between the visiting nine from Butte, Montana, and the Bluestockings or a picked nine composed principally of members of that club, came off yesterday afternoon at Washington Square. There was a pretty large attendance, fully as good as the playing warranted. The game was by no means first class, the errors in fielding and throwing on both sides being numerous and inexcusable. The game lasted three hours all but 10 minutes, and resulted in a score of 13 to 3 in favor of the visitors. A second game will be played to-day and the concluding one to-morrow, when better playing is expected.

PERSONAL.

Dr. C. C. Ormby, the popular physician of Cache Valley, is down from Logan. To-day we had the pleasure of a call from Dr. W. L. Lane, a noted German scientist and an extensive traveler, who is on a tour in this country for general observation and pleasure. Higher Priesthood Meeting.—A notice was read in the conference this morning requesting the attendance of the presidents of stakes and the presiding bishopric at a meeting to be held to-morrow at 1 p. m. in the Social Hall. Two keys lost in the Tabernacle. See advt.

"THE DRUM MAJOR'S DAUGHTER."

THE CARLETON OPERA COMPANY AT THE THEATRE.

"La Fille du Tambour Major" was presented by the Carleton Opera Company last evening to a crowded house. The dual advent of company and opera combined was worthy of such substantial recognition, and never has a Salt Lake audience, by an entertainment of this character, been so well pleased or so entertained. The opera is deserving in every way of the encomiums passed upon them and the splendid reputation which preceded them to this city. The piece they came out in last night is one of the finest of its class, full of pretty music, sprightly dialogue and lively incident, and as by them presented, fairly radiant with beautiful costuming and scenic effects. Mr. Carleton as "Captain Robert" fully sustained the prestige he gained before, and which has ever since made him a great favorite with us. His fine voice, his coolness of temper and his power and sweetness, and he is the same accomplished actor as ever. His best opportunity was in the second act, where the solo and duet with "Stella" was made the gem of the evening. Miss Wiley, who personated the latter, was one of the best light sopranos we have ever heard of, and both as singer and actress speedily won the admiration of all. Her voice has the clearness of a silver bell, and its ringing sweetness seems to linger like an echo on the air after her lips have ceased to move. As an actress she is all archness, cuteness and prettiness. The loudest applause called forth when an encore was demanded for her coachman's song in the third act. Miss Davis, as the little drummer, also established herself as a favorite. She has a rich contralto, and is perfectly at home upon the stage. The characters of "Claudine," with Miss Beaudry, the Duchess, Miss Wismar, "Monther," Mr. Clark, "Duc Della Voita," Mr. Golden, and "Rambini," by Mr. Dowd, were all first class. In fact it would be difficult to better the company or the performance. Mr. Golden as the near-sighted, snuff-taking old Duke, was particularly funny, and Mr. Clark's splendid impersonation of the song "A Father's Love," was a notable feature. The chorus was excellent, the girls pretty, the supernumeraries in excellent discipline, the orchestra led by Mr. Intropoli, up to the mark, and the stage was managed by Carleton himself in most careful and able manner. A very prominent feature was the costumes, which were splendid and in rich variety. Encores were frequent, but none too much so for the audience. None will regret seeing this company during their four nights' engagement. To-night the "Drum Major's Daughter" will be repeated, and to-morrow evening "The Merry Widow" will wage for the first time on our boards.

The Contributor.—The October number of this magazine, now from the hands of the printer and binder, is without question one of the most interesting and valuable that has yet been issued. It begins the Sixth Volume of the Contributor, whose editor seems to have spared nothing to make its pages reflect the growing richness and variety of current local literature. The frontispiece is a splendid steel portrait of the late Bishop Edward Partridge, the first person called of the Lord to the Bishopric in this dispensation. Accompanying it is the first of a series of papers on "The Atonement Priesthood" by Bishop O. F. Whitney, incorporated with which is a historical gem in the form of a calendar, prepared and elegant biography of the subject of the engraving. In the first named paper little more than a mere introduction is essayed; but the grasp and treatment of the subject of the Bishopric are defined with perspicuity and thoroughness, and those who read it will look forward with interest to the fuller enunciation of the theme in succeeding articles. Following these is a scientific paper on "Dust," a dry subject treated in style quite the reverse by Professor J. E. Talmage of the B. Y. Academy. There comes the initial of a series on "Scenes in Israel," from the cradle and gifted pen of Dr. Ellen B. Ferguson. Charles D. Evans contributes "A Psalm of Praise," and Elder B. H. Roberts, in eloquent and vigorous language, portrays the bloody picture of the "Tennessee Massacre." Walden describes "A Battle of the Ants," and Harry W. White treats of "Dust and Education" in an article accompanied by an illustrated alphabet of the deaf and dumb. "Reminiscences of Australia" are related by W. W. Day, and Ruby Lamont, in "The Carthaginians" brings up a picture of ancient history to the eye. "A Hymn" written by Bishop Partridge, and found among his private papers by his present biographer, appears as a relic of the past, and a poem by H. W. Nalebuff, entitled "Only a Boy," adds interest to this department of the magazine. The editor writes on "The Associations" for mutual improvement, and this is followed by an article giving in brief the history and character of that notorious political organization known as "Tammany Hall," from the pen of J. H. Moyle. The number concludes with an "Historical Record" of events in church history which have happened in the month of October. The interest and variety of this number of the Contributor are therefore apparent at a glance.

The Mayo Traditions.—An Indian Prophet Looked For.—Llewellyn Harris, writes thus to the Orion Era of the 26th ult., at St. John's, Arizona:

According to the Indian traditions and also according to the records of the Mayo Indians who live on the Mayo river in the southwestern part of Sonora, and who have a written language, some of the Indian tribes who at one time inhabited Arizona, whose houses can still be found in parts of the territory, moved from the north to the valley of Mexico about the latter part of the 12th century, and united with the Mayo and other tribes who were already in that country. Mayos claimed to have formed those tribes into a government and that they gave them the code of laws that governed them until their country was conquered by the Spaniards. The Mayo state in their records that the city of Mexico was founded by these combined tribes about the year 1300. These tribes, after uniting together, in the course of time became a very strong nation, and had become somewhat civilized at the time of the Spanish conquest, A. D. 1522. One thing that is very remarkable among the tribes of Mexico, and some tribes of Arizona, is, that the time is close at hand when a prophet and a man of great power and ability, many believe that this great prophet will be Montezuma, one of the rulers of Mexico, who will return to the world in a new body, and save it from the evil that is now prevailing in New Mexico, Arizona, and old Mexico.

From a Mission.—This morning Elder Charles M. Nokes, of River-ton in this country, called in to deliver returned night before last from a mission to the Southern States. He was absent twenty-five months to the day, and labored in the North Carolina Conference, which includes three counties of Virginia. He had the privilege of baptizing twelve persons and blessing about twenty children. He suffered no ill-treatment of a physical character, but was basely slandered by the pulpit and press.

THE MINISTERS OF WILKES COUNTY, N. C., applied to the County Judge to have Elder Nokes and his companion expelled from that section, but he replied that "Mormons had as much right to preach there as they did, as long as they violated no law. The ecclesiastical gentlemen then communicated with the Governor of the State, with a like result.

Fire churches and school-houses were locked against them, but they found many opportunities for preaching out of doors, and Brother Nokes averaged one meeting a week during the period of his mission. He succeeded Elder James Jenkins last October, as president of the Conference, and held that position till his release. His health has been excellent, and generally speaking, he was well treated by the people. In Wilkes County, two Justices of the Peace were in a mob which threatened to "kill" the Elders, and one of these peace (?) officials offered to pay all expenses if the threat were carried out. But it went no further than that. The mob was broken up, and the door of a church the brethren had engaged to preach in. A widow lady named Wright then gave the Elders permission to use her house for meeting purposes, as often as they desired; in spite of a notification from the mob warning her not to do so. The last time Brother Nokes held forth was at a public discussion with two Campbellite ministers, in Forsyth County, N. C., September 18th, three other Elders being present. The congregation were left to decide as to which was right, and many did so in favor of the "Mormon" Elder. A good feeling was left and even the ministers shook hands with the brethren on parting, and seemed quite pleasant and sociable.

Nothing Like It in Existence.

The Renner Combined Alarm and Door Bell. A protection and an ornament to anybody's door. Give your orders to Mr. C. J. EARLE, Soliciting Agent. You no doubt have seen the line from Barton & Co., and observed in what positive terms they claim the reliability of their alarm, superior quality, not only of their clothing, hats, caps, etc., etc., but also of their furniture, of every description, and also the low-ness of their prices. We felt a little surprised at receiving their circular at the seeming boldness of their assertion, and decided to examine their stock thoroughly, and ascertain the correctness of their statements. On doing so we were happily surprised to find everything as stated. They are certainly energetic and enterprising young men, and spare no pains in making it to the public, that they are establishing their business not on misrepresentation or deceit, but on thoroughly honorable business principles. The quality of their clothing and furnishings is thoroughly first-class, and their reputation as such is well extending far and wide; and as to their hats, it seems they display great tact in selecting them for the most part, and they are just what the public want. I happened to be in the other night just as they were opening a bill of the most beautiful and sufficient for the fall trade, but in less than an hour they disposed of many that they had to order by express a fresh supply. We are happy to recommend them to the public, and feeling that they will find them as reasonable as any house in town.

How to Secure Health.

Scovill's sarsaparilla and stillingia or blood and liver syrup will restore perfect health to the physical organization. It is, indeed, a strengthening syrup, pleasant to take and has often proven itself to be the best blood purifier ever discovered, effectually curing Scrofula, Erythema, Eczema, Malaria, All Nervous Disorders and Debility, Bilious Complaints, and all diseases indicating an impure condition of the blood. It corrects indigestion, cures when the complaint is of an exanthematic character, and tends to lessen the vigor of the brain and nervous system.

The floral decorations on the Sacra-mental altar in the Tabernacle, during the funeral services of the murdered Elders W. S. Berry and John H. Gibbs appeared so pretty and unique, that I photographed the same, and to perpetuate the memory of the above Elders, I thought that interesting traits of these martyrs would be considered in their place enwreathed in this floral emblem. Consequently I applied to Mrs. W. S. Berry, of Kanab, Iron County, and Mrs. J. H. Gibbs, of Paradise, Cache County, for the portraits of their husbands, which they kindly responded to by sending me a photograph each.
