further travel, you arrive at Gordon City, on the Niobrara river.

Grand Island, Omaha, Sloux City, all eastern Nebraska, the old Sioux City, and Fort Randall routes, all center-and follow the same road up Antelope and down Wounded Knee creeks to Buffalo Gap. It was at Gordon City that the Gordon outfit were captured some time ago by Col. Mill, and their wagons burned by order of government. It was the intention of Mr. Gordon to make that point a base of supplies for the Black Hills and would have been successful, had not the government interfered. But now the government opposition is withdrawn, and in this immediate vicinity, you will find any quantity of good timber, as ash, pine, box elder, elm and hackberry; much of the pine would make excellent saw logs, build-ing stone is found in abundance, and within a radius of twenty miles any quantity of bridge timber ean be gotten out. There is splendid bunch grass all along the rouge, and you pass many fine meadows that are unsurpassed as hay land. Gordon City promises to be a town of

some importance, and a good ranch s established for Black Hillers. The last day our surveyors were there nearly two hundred teams assed through. We copy the report of the Kear-

ey surveyors on the route from the Nicbrara to the Hills: "Follow the Niobrara to the

mouth of Rapid Creek, passing up Creek and down the left bank of the Wounded Knee Creek, and crossing White River near its mouth: the distance is sixty miles over a
