

## LOCAL AND OTHER MATTERS.

**THEATRE.**—In consequence of the preparations that are being made at the Theatre for the grand celebration ball, to be held therein on Monday evening, the managers have concluded to close the establishment until the celebration is over. Due notice will be given the public of its re-opening.

**END OF TRACK.**—Everybody and a great many others went out to the end of the track to-day, there being a perfect stream of pedestrians, equestrians, buggies, light wagons, heavy ditto, one horse concern and other vehicles during the early part of the afternoon. There were the young, big and little, of numerous stages of age and both sexes; and even a Pyper on horseback gaily quailed to the Hot Springs. At noon the track-layers stopped for dinner, having laid 4,700 feet of track during the forenoon, and the rails being within three hundred feet of the Hot Springs. The ties then were laid a considerable distance ahead; and at one p.m. the brawny arms began again to handle the iron, dragging the rails into place, and stretching the track rapidly towards its completion. Some idea may be formed, even by those who have not seen the operation, of the labor involved in laying track. The iron required for a mile weighs close on a hundred tons, and has to be handled three times, making a weight actually handled of iron, for each mile, of about three hundred tons. Through the absence of proper facilities, some of the iron has been handled seven times. Thus the work of laying a mile and a half necessitates the handling of a weight of iron equal to from four hundred and fifty to ten hundred and fifty tons of iron a day. Mr. Young expects to be in the bottom, north of the city, by to-morrow noon, and at the Depot Square on Saturday evening.

**MRS. YELVERTON'S READINGS.**—A not very large but select audience assembled at the Theatre last evening. Mrs. Yelverton formed the principal attraction of the evening. The Hon. lady read with considerable ability and was remarkably composed during the time she was before the curtain. During the course of her readings, Mrs. Yelverton was frequently applauded.

The laughable comedy of "A husband at sight," concluded the entertainment, and was performed in a very lively manner.

**STILL ADDING.**—We learn from bro. C. R. Sangiovanni, the gentleman who is in charge of the menagerie of John W. Young, Esq., that two very fine brown bear cubs have been kindly contributed to the menagerie by Mr. Sharp Walker of this city, which are now numbered—just exactly among the lions—but among the bears of the institution, and may be seen by visitors.

**SKATING RINK.**—The skating rink, situated between South Temple and First South Streets, owned by Hunter & Brown, is a splendid institution, for the "boys," both juvenile and adult, and for six days in the week they may have all the recreation there they want; but on Sundays the proprietors have very properly resolved to keep it closed, no matter how many amateur or professional skaters want to display themselves. This resolve will be carried out if it should be necessary to secure the assistance of the police. Now, "boys," great and small, do not go there on Sundays if you wish to keep out of trouble.

**INFORMATION WANTED** by the undersigned of his uncle, Wm. Cozzens, who left Ogden City on the 1st of July and was last heard of when between Franklin and the Big Dugway, en route for Bear Lake, about the 18th of July, 1869. He is from Wales, worked several months in Weber Valley grading, and is about 42 years of age. Any information concerning him will be thankfully received by John Cozzens, Montpelier, Rich County.

**FOUND.**—Some time ago between this City and Bountiful a coarse sack containing a lady's dress, shawl and various other articles of female apparel; also a tin pail and a small work in the German language, entitled "Liederbuch für die Kirche Jesu Christi der Heiligen der Letzten Tage." The sack with its contents has been placed in charge of Bro. Wm. Pinnock, gate keeper at the Temple Block, who will deliver it to the owner on application therefor.

**EDUCATIONAL.**—R. L. Campbell, Esq., superintendent of common schools, returned on Tuesday evening from a school tour through Cache and Box Elder Counties.

He had the privilege of visiting many school houses in Cache and was happy to find that the Trustees in the several districts were alive to the importance of furnishing their school rooms with blackboards, charts, maps and school apparatus.

During last week, accompanied by Superintendent Budge and Brother Wm. Giddes, he fulfilled two appointments each day, advocating educational interests in general and holding forth in favor of the Deseret Alphabet in particular. Superintendent Campbell also lectured at Brigham and Willard Cities, in Box Elder County.

The Superintendent feels under obligations to Bishop Peter Maughan of Cache, and President Lorenzo Snow of Box Elder for the kindness and courtesy shown him.

The brethren were kindly received and entertained wherever they went, and feel that in the providences of God they had an opportunity of doing a little good to the educational cause.

**SOCIAL PARTY.**—The members of the Sixteenth Ward held a very delightful party at the Social Hall on Tuesday evening. The committee were Messrs. F. Kessler, G. C. Riser and E. B. Tripp. The floor manager was Mr. W. G. Newman. Olsen's band discoursed sweet and excellent music on the occasion. Presidents Young and Wells and Elder Orson Pratt and other prominent citizens were present. The party passed off in excellent style and all those who were present seemed to enjoy themselves and we heard the Bishop remark that he would rather pay a good price for the Social Hall than have another hall for such a purpose for little or nothing, as in the Social Hall there was such an excellent spirit experienced, a remark which every person who has visited that structure will readily endorse.

**Married:**  
In this city, on the 5th inst., by Pres. D. H. McLean, John Anderson, from Richmond, Cache County, to Miss Anne Jensen, from Box Elder County, late of Copenhagen.

## LOST!

NEAR Constitution Buildings or between this city and Farmington, about 14th December, ONE SMALL BOX, containing Knives, Forks, Spoons and Carpet Tacks. Will the finder please return the same to Constitution Buildings and receive pay for their trouble. d30-3t H. B. CLAWSON, Sup't.

## BUY THE BEST

## FLORENCE

## SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and Europe, where critical examination and PRACTICAL TESTS have been made by Judges of the highest standing and cap. awarding an intelligent decision.

In addition to this, the Florence has received the verdict of

POPULAR APPROVAL

ALL OVER THE WORLD,

As evidenced by its

IMMENSE SALE!

And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to any not giving satisfaction, free of charge, three machines have been presented, needing slight repairs, JUST ONE IN ONE HUNDRED, after four years of service.

MRS. JOSEPH BULL, in the 17th Ward, has just purchased a Florence Machine. We are permitted to refer to her and express her recommendation a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPIRING DRESSMAKER, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a Florence and my family for general family use the Florence is the best."

MRS. PAXTON, living nine miles south on the State Road, says: "I have a Wheeler &amp; Wilson. My neighbor, Mrs. WESTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like saying, 'Why, my dear friend, what a machine! so that none may know I have a Sewing Machine.'"

ALFRED BEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the requisites of a first class Sewing Machine. Simplicity, reliability, quiet and rapid motion.

MR. SMITH, of W. F. &amp; Co., purchased a Florence about two weeks ago. A few days after, MRS. MORSE purchased one, and now another of Wells, Fargo &amp; Co.'s employees is about purchasing. Thus proving the practical test of the Florence Sewing Machine is its own best recommendation.

MRS. SHURTLEIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine, they would once give the Florence a fair trial."

COL. JACKSON, brought a Sewing Machine up from St. George, and after using it for some time, he was determined to have a RELIABLE SEWING MACHINE before leaving it two hundred miles home.

MRS. STEVENSON and MRS. CRANDELL, of Springville, purchased Florence Sewing Machines, last week, after carefully examining it to the merits and demerits of the various Sewing machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLEIFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

JEREMY, WILLIAM, SLOAN, MRS. STRABIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the result of years of careful labor, making it a most complete and PRACTICAL Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversible bed. It is the only machine having a self-adjusting shuttle tension—a great improvement.

It is the only machine making more than one kind of stitch. It is the only machine that ties the thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch of other machines in elasticity. The seam will stretch as much as the cloth, never giving way in washing, which is of the greatest importance in the machine for a family. The lock stitch of the Florence is more like good hand sewing. Both sides being alike, either side may be the right side, and the seam can be sewed either side up or down, as most convenient.

The Florence is warranted to give satisfaction. Many not succeeding with others have no trouble with the Florence. All who could do well with any sewing machine, or who know how to do good sewing by hand, cannot fail to be pleased with it.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most careful inspection, saving a self-adjusting afterwards, no purchaser having paid a cent for repairs in the five years since its introduction.

Reputation as being reliable and durable is established. So little attention do they need that we will fix any machine sold by us, for nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, if informed that it don't work well.

A careful examination will fully substantiate all that we have claimed for and justify the assertion we now make, that it is the best Sewing Machine in the world.

We warrant every Machine to be such that we claim for it, and will give a written warranty if required.
