

## HUNDREDS FLOCK TO GOLD MINE

Mountain Side Covered With Locators Since Recent Discovery of Quartz.

### AFFAIRS OF CITY SCHOOLS

Theatrical War Threatened—Damage Suit for a Life—Cafes and Markets Inspected.

Ogden, April 17.—The Days of Old, the Days of Gold, the Days of '49. This is what one is reminded of when a visit is paid to the mouth of Ogden canyon, where traces of gold were recently discovered in the digging of a rock cut for the line of the Ogden Rapid Transit company through Ogden canyon.

Since the discovery of quartz, which ran \$17.00 per ton in gold, was reported on Tuesday, hundreds of people from the city have flocked to the canyon daily to see the famous mine-to-be and to do a little prospecting on their own account. Many of the prospectors have gone high up on the mountain side and are busy staking out claims and placing their notices of claims. While the prospectors are content with "color," they look with envy upon the fortunate locators of the mother vein which is within 10 feet of the county road. The men who have been employed upon the line of the Rapid Transit company claim the distinction of being the original discoverers of the vein and before the ownership is settled these promises to be some dispute.

It is estimated that about 1,000 people have visited the canyon during the past three days, and most of that number have a slight attack of "gold fever." People of all ages are seen here and there. Among the visitors have been a number of well-known mining men of the city who have examined the formation and pronounced the discovery to be of considerable merit.

### CITY SCHOOL AFFAIRS.

As the result of a ruling made by the board of education at its meeting last night, no dramatic entertainment will be given by the graduating class of the Ogden High school this year. The board also decided that the commencement exercises should be limited to a program of one and one-half hours. J. S. Mills, superintendent of schools, suggested that the board take steps to order supplies for the new High school immediately. It was also reported that the building will be ready for wiring in two weeks and bids will be advertised for. Frank Thatcher, who has been employed as teacher of manual training, was paid \$200 for the remainder of this year and \$1,000 for next year. The treasurer reported \$110,343.42 cash on hand and the teachers' pay roll for the last month amounting to \$2,245 was allowed.

### IN FOR A THEATRICAL WAR.

Ogden promises to be the scene of a theatrical war before the termination of which may bring two additional playhouses to this city and turn the Grand Opera House into an Orpheum house.

Friday afternoon the deal whereby Martin Beck, J. H. Garrett and a number of prominent citizens of Ogden take a lease on the Grand Opera House was closed by David Eccles and the owners of the Grand Opera House. The lease calls for a monthly rental of \$1,000 and for at least \$10,000 in improvements.

The new Orpheum company will have the following officers: Willard Scofield, president; David C. Eccles, vice president; John Pingree, treasurer; J. H. Garrett, secretary. The directors will be Martin Beck, L. R. Eccles, P. P. Jensen and probably one or two others whose names have not been divulged. R. A. Grant, the manager of the interests of John Cort in Utah, was in the city yesterday afternoon and stated that he had nothing to say other than that the owners would find that the verbal lease given to Mr. Cort to retain the house for another season would be hard to break. He stated that already 20 attractions have been booked for next season. The Orpheum people announce they will open the house Aug. 1.

### EXTENSION OF GAS MAINS.

Ogden, April 17.—On Monday morning the Utah Light & Railway company will put a gang of men to work digging trenches for the extension of the gas mains as was announced some weeks ago. The mains in many sections of the city will be tested and a general overhauling will take place of the entire system.

The main extensions of the system will be made in the residence portion of the city where the company has contracts for placing gas in residences for cooking as well as lighting purposes. These improvements mark the beginning of many which the company will make in connection with its plant in this city. It has been announced that the plan to locate a main between Twentieth and Twenty-first streets will be greatly enlarged.

### DAMAGE SUIT FOR A LIFE.

Robert G. Ages, as administrator of the estate of John Donnell, deceased, has filed suit in the district court against the Diamond Coal & Coke company to recover damages in the sum of \$10,000. The complaint alleges that while in the employ of the defendant company in the mine in Utah county, Wyo., April 17, 1907, the deceased was crushed to death. The heirs of the

# Exposure to Disease Germs In the Spring

Is greater than at any other season, because the blood, having been vitiated, impoverished and de-vitalized during the winter, mostly by unhealthful modes of living, has less power to defend the body.

Loss of appetite, pimples and other eruptions, bad complexion, laguer and lethargy, mental and physical weariness, so common at this time of year, are all indications that the blood is wanting in the power to defend the body, because they are all indications that it needs cleansing, enriching and vitalizing.

The medicine to take is Hood's Sarsaparilla, according to the experience and testimony of thousands of people every spring.

Hood's Sarsaparilla makes the blood of the right quality and quantity,—rich in red and white corpuscles and all other constituents.

It cures all humors, catarrh and rheumatism, relieves that tired feeling, restores the appetite, cures paleness, weakness, nervousness, and builds up the whole system.

It will make you feel better, look better, eat and sleep better, and give you the best protection possible against all infectious and contagious diseases.

"I am glad that such a medicine as Hood's Sarsaparilla can be had, and I write this letter to thank you for it. My experience may help someone else by telling them where a good medicine for them may be found, and so I will say, I doubt if I should be alive now if I had not taken Hood's Sarsaparilla. I was troubled for a long time with spells of great pain in my stom-

ach. At first they were quite long times apart, but later came more and more frequently and more severe, until I dared not eat food that I wanted and could hardly keep anything on my stomach. I took a course of Hood's Sarsaparilla, and am glad to say I am completely cured of all that trouble. Last spring I used the medicine again as I was not feeling very well, and had rheumatism quite badly. I was also tired and weak all the time. When I had taken two bottles I felt all right again. It is truly a splendid stomach tonic and spring medicine." Mrs. Ed. Champlin, Groton, N. Y., Jan. 9, 1909.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in the usual liquid form or in the tablets known as Sarsatabs. 100 Doses One Dollar.

## Our Prices On Spring Hats

Have won the popular favor. The stylish designs, rich spring coloring and consistent prices have attracted even the ultra-fashionable women and misses to Banks.

### UNUSUAL THINGS IN WALL PAPER

Any one can furnish wall papers that have only house cleaning qualities. To produce artistic effects requires taste and study. All our previous efforts are surpassed in excellence, good taste and merit. We have everything for a distinct purpose, and a vast variety to select from. Geo. W. Ebert & Co., 57 Main.

### LATE LOCALS

C. W. Nibley Goes to Moapa—Bishop Charles W. Nibley, of the Episcopal bishopric, has gone to Moapa valley to visit a sister who is ill. Mr. Nibley is well known among members of No. 43 as he has occupied his present position since the Grand Lodge met here and was appointed by former Grand Exalted Ruler George Kronk. R. L. Holland, the present grand officer of the order, reappointed Mr. Nibley at the last annual election. Among Mr. Nibley's closest personal friends here is Col. Applegate, one of the most popular members of the order.

Miss Carrie J. Steward, formerly with Conn Bros., has accepted a position with Gray Bros. Co. in their department of high grade hand tailored ladies' ready-to-wear garments.

### COURT NEWS

#### POLICE COURT DOCKET.

Assortment of Petty Offenders Face Judge Bowman This Morning.

Probably the shortest session of the criminal division of the city court in city cases held for the past six months was that of this morning. A dozen or so minor cases were called and disposed of within six minutes.

A. H. Taylor, a colored man charged with stealing 25 cents worth of coal from the Rio Grande yards, pled guilty but sentence was suspended upon the promise of the defendant to "never do it again."

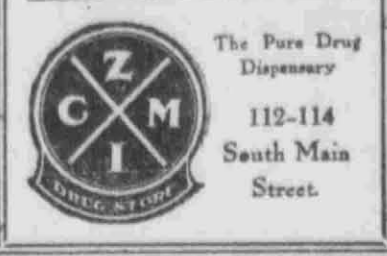

C. Shaffer, who forfeited \$10 yesterday afternoon for violating the speed ordinance with his automobile, and for whom a bench warrant was issued, made another forfeiture this morning to the tune of \$10. It is Judge Bowman's habit to "sack" automobile drivers \$5 and to suspend \$2. Shaffer did not appear yesterday nor today, so the city is richer by \$10 for his rash act.

Bill Ellis was released yesterday on his promise to keep sober, but his feet got tangled again last night, and when he awoke this morning he found himself in the city jail. He had no valid excuse to offer and was sentenced to 30 days for drunkenness.

John O'Brien, the man who had half a dozen suits of clothes on at the time he was arrested for vagrancy, declared
