GEORGE Q. CANNON November 22, 1872,

Laura D. Fair did not lecture this evening. About two thousand noisy, boisterous boys assembled in front of Platt's hall. The police were on the alert and in strong force. Mrs. Lane, mother of Mrs. Fair was on the street, GENERALLY thoughout the Union peop ple have on their thinking caps just now, and after drawing lessons from the election have been drawing lessons from the fire, that little Biston blaze. Hereabout the people have on their Hereabout the people have on their

Hereabout the people have on their thinking caps too, but they are drawing lessons from the no fire. Local hap-penings are the main topics just now, and smong the most salient of these happenings are the circumstances that "everybody" is out of coal just when there is "no coal" to be had. Well, what do we learn by this? Beveral things, much in many ways. Among other things the following may be notleed: 1. That it is unpleasant, inconveni-ent, unhealthful and very trying to

ent, unhealthful and very trying to fared.

even good tempers to be without fuel in winter. Nobody likes to hear the wife complain of chilled feet or half cooked meals, or to hear the chidren cry with aching toes and fingers, and noses as cold as a dog's, with no fuel to help over the difficulty.
2. That those who can't get coal now can save their money until the market is better supplied.
3. That like the Dutchman who wanted his deposit when he heard the WADSWORTH, Nev., 21.-Edward S. even good tempers to be without fuel

wanted his deposit when he heard the The flames were discovered and extinbank was shaky, and didn't want his guished. PORTLAND, 21 .- The Bulletin Commercial estimates that there will be a was sound, so as soon as there is a whis-per that coal is scarce, everybody flocks to the depot to buy, whether he needs

Friday, .

bad, if not temporarily impassable, and dispersed to their homes many teams from the Weber mines. But now that the roads and the weather are excellent, very excellent, for hauling, and so long as those conditions exist, much coal hauling should be done.

8. That the weather is also very favorable to the getting of wood out of he cafiyons.

9. That the business of supplying this market with fuel, steady, extensive, growing and profitable as the business is, ought to be placed on a better and more satisfactory basis than it appears to have yet been.

10. That now is a good time to be as economical with fuel as one reachably can be, a lesson which many people have not yet learned.

11. That patience and fortitude are useful qualities just now.

grade of the railroad connecting the Weber mines with the U. P. R. R. is ready for the rails; that negotiations are in progress for a supply of rails, with engine and cars to run that branch on the narrow track principle; that there is a prospect, if things go favorably, of the laying of the rails and the running of the cars on that branch within a fortnight or so; that thence- Arnold A Allen F h forth there is ground to think that the market will be much better supplied Barker H than it is now; and that therefore there is no cause for despair.

THE Boston fire exercises the minds of Carpenter T F the writers and talkers a good deal, naturally enough. Boston preachers are twitted with laying the account of Danielson M C Dewey E the Chicago fire to a visitation of God as a punishment for wickedness past. But over this Boston fire there is erumb of comfert offered by no less a Fairfield M 6 personage than Mr. Beecher. Yet the crumb of comfort, however satisfactory, Gibson L M is not received without a comparison the query, as the following from the Chicago Times shows— West Bacober asis not received without a captious

The Rev. Henry Ward Beecher as-sures the country that the Boston con-flagration was not a visitation of Divine Providence upon that city because of its sins. The announcement will be re-ceived by the rublic with the greater satisfaction because it proceeds from one of the professions whose members generally assume to know about such
