FIRE AND POLICE LAW.

THE AND POLICE LAW.

There is considerable tain now being loudiged in in the way of princetive legislation concerning in fire and public commission law, the standard testing much reselvent in the next Legislature will be asset to regard it, and make a practical testing the freshy that the next Legislature will be asset to regard it, and make a practical return to the former nitic. It is also stated that the equalities generally stave the change through it does not appear clear, any daffatts expression on home any daffatts expression on home any daffatts expression on the content of the first process of the content of the first, there is not partial of the first, the case (qual if for effective service. This has been allowed contentively in cities couldness of the Siste; hence a non-partial administration in these departments in greatly in the deatled wherever attainable, like when he intent of the law is disceptibled in its administration, and its clark of knon-partials which is the requirement of the law is designed in the law of the content of the law is designed in the law of the content of the law is designed in the law of the content of the law is decime on the law of the content of the law of the law of the content of the law of t chases are of a character to de-troy the conjunities epith of the law and member the effectiveness of the expariment operating tweescale, then they may be expected to insigh-rate a character that the precision alteration we do not prefer to any out there may be a precision to say, but have an fore that whether action to take the Lagislatory and with a view to Desting the greatest amount of good withinhile under a stelling or-comutations.
