

MAYOR'S VETO IS LAID OVER.

Council Thinks He Transcended
His Authority in Matter of
Eardley Resolution.

HAD NO RIGHT TO INTERFERE.

Action Dispensing With Inspectors is
Therefore Sustained—Objections
To Penalties.

The city council last night refused to grant Mayor Thompson's veto of the Eardley resolution as a veto. The communication of the mayor disapproved of the resolution dispensing with the five special sanitary inspectors. When the communication was read, Fernstrom raised the point that it was not a veto for the reason that the mayor has no right to veto a measure which provides for cutting down expenses. He has the right to veto a measure which involves the expenditure of money but not one which does away with an expenditure. He stated further that he was still of the opinion that the inspectors were doing more work than sanitary work and that they should be on the payroll of a political party and not on the city's payroll.

After several councilmen had expressed their views on the advisability of dispensing with the inspectors, President Cottrell ruled that Fernstrom's point was well taken; that the mayor had no right to veto the resolution. Upon motion of A. J. Davis, the communication of the mayor was laid over for one week.

WONT STAND PENALTY.

The Alcatraz Asphalt Paving company submitted its bill for \$7,850, being the amount of the penalty imposed upon it by the city for failure to complete the second and third South street pavements within contract time. In addition to the above amount the company also put in its claim for \$302.40 as interest on the above amount from Dec. 31, 1902. The company ran 177 days over contract time in the work and a penalty of \$50 per day was imposed. The matter will be considered by the council as a committee of the whole on next Wednesday evening.

CITY STREET COMPANY ALSO.

The City Street Improvement company put in a bill for \$4,750, the amount withheld by the council from the final estimate due the company for the paving of South Temple street. This amount was deducted by the council as a penalty for failure to complete the work within contract time. The company required 95 days over contract time to complete the work for which a penalty of \$50 per day was imposed. This claim was also referred to the council as a committee of the whole to be considered Wednesday evening.

PHYSICIAN'S BILL REFERRED.

City Auditor Heller submitted the bill of Dr. C. M. Benedict for services rendered Patrolman Horace Heath who was injured in a battle with three highwaymen in February last. The amount of the bill was \$675. As the council agreed, at the time of the incident, to pay Mr. Heath's bill, Mr. Heller submitted it for investigation. He refused to approve it and passed it up to the council. The matter was referred to the committee on finance and police and prison.

BURBIDGE GETS HIS PAY.

The finance and police and prison committees recommended that Captain of Police Burbidge's claim of \$263.53 be allowed. The amount is the difference between the salary of captain and of chief of police, the committee deciding that Capt. Burbidge is entitled to the salary of chief of police during the time he has acted in that capacity. The report of the committee was adopted unanimously.

APPOINTMENT CONFIRMED.

The board of public works submitted the appointment of E. L. Byler as inspector of work on the Liberty Park greenhouse. The appointment was confirmed.

JUDGES GET MILEAGE.

Attorney General Advises State Auditor
To Draw Warrants.

The state judges want their mileage, which the last Legislature in its wisdom failed to provide for, and the state auditor asks the attorney-general what is best to do. The query and reply are as follows:

Hon. State Board of Examiners—Gentlemen—I have the honor to inclose you the claim of Hon. J. F. Chidester for mileage covering the period from January 6, 1903, to March 12, 1903, in the sum of \$149.35.

While there is no question as to the liability of the state for the mileage of district judges according to March 12, 1903, the date the act became effective providing for the increase in the salary of the judges and cutting out the mileage, still, as no appropriation has been made by the Legislature to cover a mileage up to the date mentioned, I have held that the claims could not be paid, but would have to be referred to a future Legislature for appropriation. Judge Chidester, however, takes issue with me and claims that it would be perfectly proper to pay the claims as an authorized expenditure, and cites the opinion of Attorney-General Bishop, found on page 105 of his report for 1902. At the request of the judge, I

the healthfulness of the food.

PRICE BAKING POWDER CO., CHICAGO.

transmit this claim to you for your action. Yours truly, C. S. TINGEY, State Auditor.

Hon. C. S. Tingey, State Auditor—Dear Sir—Referring to the claim of Hon. J. P. Chidester, judge of the Sixth judicial district of the state of Utah, for mileage while traveling in the performance of his duties, for which you declined to draw your warrant, the same having been referred to me for my opinion by the state board of examiners, I beg to advise you that this same question came up and was decided by my predecessor on page 105 of his biennial report of 1902, in which he held that the judges were entitled to their salaries and mileage under the provisions of section 20 of article 8 of the Constitution of the state, regardless of whether or not the Legislature had made any special appropriation therefor. I affirm my views and adopt the same as my own, and you are therefore advised that it will be your duty to draw warrants for the mileage of Judge Chidester upon his claim herewith returned to you. I am, truly, M. A. BREEDEN, Attorney-General.

EXCITEMENT AT BASIN.

Caused by Reported Finding of True
Bills Against Lynchers.

(Special to the "News.") Basin City, Wyo., Oct. 26.—The grand jury which has been for several days investigating the lynching of Gorman and Walters and the murder of Deputy Price at the county jail here last July, and which was expected to report this morning, will go out tonight.

There is great excitement here over the report that the jury is alleged to have found true bills against George Haban, James Patlock and C. F. McKenzie, all prominent and wealthy citizens who are alleged to have been members of the mob of 60 lynchers.

People are on the tip of expectancy also for it is alleged that the names of other members of the mob will also be disclosed. The grand jury is this afternoon investigating the murder of Ben Minnick, the Black Mountain stockmaster, who was assassinated last spring. Jim McCloud, now in the same cell with Tom Horn at Cheyenne, is the suspected assassin. It is feared here that Sheriff Fenton will be unable to arrest the alleged lynchers of Gorman and Walters, and serious trouble is not improbable.

CLIMATIC CURES.

The influence of climatic conditions is the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size \$1.00, at all druggists. G. C. GREEN, Woodbury, N. J.

HOPE FOR HOPELESS.

Branch of Society for the Friendless
To be Organized Here.

There was a meeting last evening, at the residence of Mrs. E. E. Shepard of local workers in the private evangelist field to talk over the plan to organize here a branch of the Society for the Friendless. Rev. Dr. Fredenburgh of Topeka, the general superintendent, was present, and detailed the general plan of the work which was outlined in yesterday's "News." It was proposed to make Mrs. Shepard general secretary, and to include Idaho and Utah in her field, and perhaps Wyoming, making it an intermountain district. Rev. P. A. Shipkin, chairman of the local state

prison committee, was present and gave valuable advice; and Miss Grace M. Helkes, an intelligent and enthusiastic worker in the local reform field, was also present.

Dr. Fredenburgh is actively at work today making a start to get the society locally on its legs, and the scheme will be again discussed later. It is proposed to have the society directed by a board composed of citizens whose business and philanthropic sympathies would naturally lead them to affiliate with such a work. Active recognition from the state will be expected from the fact that as Hon. Fisher S. Harris has said, it is cheaper for the state to extend aid to a discharged convict and help him get on his feet and try to become a good citizen, than to neglect him, and then see him fall back into crime again, and land once more in prison, an expense for years to the commonwealth. Dr. Fredenburgh held a long conference yesterday with Mr. Harris, and was very favorably impressed with his views.

SOCIAL AND PERSONAL.

Miss Nellie Austin, associate editor of the Post Democrat of Grand Rapids, Mich., and special press agent for the Perry lectures to be given this week at the Ladies' Literary club house, visited the "News" yesterday, and went through the various departments in the "News" building and annex, including the bindery, stereotyping and printing rooms, and the new quarters of the staff, expressing herself as never having witnessed anything more complete than the equipment of the new establishment. Miss Austin is enthusiastic as to the value of the Perry lectures as a medium of education as well as entertainment, and believes that no student of literature would miss them.

The annual reunion of the Wells family will take place tonight at the home of Miss Lydie Wells on Eighth East street.

Mrs. Elmer Jones received informally this afternoon.

Misses Pearl Pratt and Gertrude Tobin will give a party Friday evening at 2425 Walnut avenue, Forest Dale.

Ward Entertainments.

On next Thursday and Friday nights an entertainment will be given in the Twenty-fifth ward meetinghouse, the same being for the benefit of the ward fund. The program will consist of a dramatic fancy in one act, entitled, "Dream Faces," those assuming the different roles being Messrs. W. W. Nilsson, James Tolhurst, Miss Bertha Hansen and Mrs. Mary A. Davis. There will also be recitation by A. Swan and a comic play in one act entitled, "His Father's Son," the characters being W. W. Nilsson, Frederick Hust, Miss Logena Ek and Miss Ada Mainie.

COSTLY TRUNKS.

Local trunk dealers report that while business is not up to what it was last year, it is very fair. The special report of last year was due to the Elks convention, and then a great many small trunks and suit cases were sold. While dealers acknowledge that there is really no trunk made that will utterly defy the orthodox baggage smasher, there is a trunk made that is likely to exhaust most of his resources before the destruction of this particular piece of baggage can be effected. The trunk referred to is made entirely of sole leather whose ribs and frames are of tempered steel, and put together in the strongest and most durable manner possible. Such a trunk costs \$65, and it is worth all the price asked. A baggage smasher can fire this trunk from

one end to another of a baggage car, and the chances are that it will come back on him and break his legs or crush his feet every time he tries to smash the trunk. It can be thrown off a car on to a cement platform and not be injured to speak of. However, dealers say that people appear averse to buying this class of goods, and prefer to purchase trunks that may be easier damaged.

The highest price trunk in this market brings \$250, and is made of alligator hide, and the interior finish is of the finest, and moreover, the trunk is made up into compartments with drawers, so that it can be used as a bureau in the house as well as a trunk on the road. For \$100 the finest of the average run of trunks may be bought, and they are so strongly built that it takes a long siege of assaults from the baggage car tends to do them much damage. Quite a trade in men's suit cases is reported, some of which are made of rattan and bamboo, or wicker work, and weigh but a few ounces. However, they are anything but water proof.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's Little Pills and she got relief at once and was finally cured. Only 25c, at Z. C. M. I. Drug Store.

WHAT TO EAT.

This matter will be found to be entirely different from and superior to the usual run of food articles, in that every item is a nugget of culinary wisdom and eminently practical. Conducted by Katherine Kurtz, Marquette Building, Chicago, whom all inquiries should be addressed. All rights reserved by Banning Co., Chicago.

Pyrography.

The outfits for burnt woodwork sold well yesterday. Pyrography is all the rage. It is so simple and inexpensive that any girl can master it without effort. The subjects are outlined on the articles to be burned.

Free lessons in Pyrography: In the forenoon of every working day.

Free lessons in Art Needlework: 3 to 5 p. m. on Monday, Wednesday and Friday; 4 to 6 p. m. on Tuesday, Thursday and Saturday. Private lessons in Pyrography are 50 cents for two hours.

The burnt woodwork and the outfits will be found in the Art Section. Those who desire free lessons must present check showing that an article for burnt work has been purchased at this store.

In the Basement Section.

Our attention is frequently called to the fact that Basement Section prices are lower than similar goods sold elsewhere. No carpet exhibit equals ours in variety of patterns and quality. Linoleum is sold at the very lowest figures. No display of rare Oriental and Domestic Rugs compares with ours—no prices are made on such a close margin.

The showing of metal beds is extensive.

We clearly lead in draperies.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING,
CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhoea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and other cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous ailments that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.
