EASTERN DISPATCHES.

HUDSON, N. Y.—Officers Dyer and Best, of this city, have been arrested, charged with allowing two prisoners, suspected of being connected with the Waterford Bank robbery, to escape.

WASHINGTON.—The report of the Statistician of the Department of Agriculture upon the condition of the cotton crop shows that the prospect has undergone no serious changes since the September report.

NEW YORK.—The National Board of Trade, after a long discussion, adopted the resolution reported yesterday from the committee on the subject of the reciprocity treaty with Canada. McGovern, of the Canada delegation, expressed the conviction that the action of the Board on the subject would be beneficial to both countries.

A number of cigar manufacturers have acceded to the demands of the workmen for an increase of from one to five dollars per thousand. Several houses suspended operations rather than agree to the increase.

The friends of Burrows, late proprietor of the Everett House, deny that he has gone to Europe with Ella and Wesner and Josie Mansfield, and say that he only sailed secretly to prevent arrest by creditors and make arrangements to meet his obligations.

BOSTON, — Rev. George Chapman, graduate of Dartmouth in 1804, a well-known Episcopal clergyman of Newburyport, died to-day, aged 84. He was formerly pastor of a church at Lexington, Ky., pastor and intimate friend of Henry Clay.

MADISON, Ind.—Henry H. Armstrong, a well known wealthy citizen, met his death last night under circumstances revealing mystery like those connected with the death of Nathan, of New York. It appears that Armstrong had not lived amicably with his wife for some time. He returned last night unexpectedly from New Albany, where he had been the past two weeks, went to his house, took off his boots, left them in the parlor, went up stairs to his wife's room, where she says he beat and abused her and finally dragged her down stairs. Reaching the foot she screamed for help and he released her, when she returned up stairs. Presently she heard a pistol shot, and Armstrong was found lying outside, back of the hall door, with a bullet-hole in his head, just at the corner of his left eye. His forehead was covered with bruises, and one of his hands was cut and torn, showing that he had been engaged in a struggle. There were no powder marks around his wound, as would have been the case had he committed suicide, and there appears no reasonable doubt that the case is one of murder, not suicide.

LEXINGTON, Ky.—In the trotting races to-day, the race for yearling colts, mile heats, to harness, was remarkable, as showing 9½ seconds faster time than ever before recorded. A similar race was won by L. Harris Monebrin with Patchen in 3.14½ and 3.13½.

BOSTON.—Willis & Compon's iron foundry, South Carver, Mass., was burned last night. Loss, $30,000; insurance, $18,000.

The State Liberal Committee decided to substitute F. W. Bird in place of Chas. Sumner, as candidate for Governor; Wm. L. Smith for Lieut.-Governor, in place of M. Sterns; Josiah G. Abbott to be elected in place of Bird.

Ground was broken to-day on Trinity College grounds for the new State house.

ST. LOUIS, 18.—S. M. Goodale has sued the *Globe* for $100,000, for publishing a dispatch from Boston, furnished by the American Press Association, in which Goodale is suspected of being connected with the assassination of Chas. Lane, of Dorchester, Mass., on Sunday evening.

BANGOR, Me.—Four inches of snow fell on West Branch of the Penobscot yesterday.

WESTERN DISPATCHES.

SAN FRANCISCO.—The earnings of the Central Pacific Railroad for September were $1,882,220, against $996 000 for the same month last year, and $787,000 for the same month in 1870. For the first nine months of the year the earnings were $9,494 428, against $6,916,500 for the same time last year, and $5,800,000 for the same time in 1870.

BAKERSFIELD, Cal., 18.—At 5 o'clock this morning a shock of earthquake occurred. The first indication of it was a gentle vibration which lasted ten or fifteen seconds, ending with a sharp shock causing the windows to rattle and waking sound sleepers.

VICTORIA, 18.—W. H. Buckner, of Olympia, was found dead on the afternoon of the 14th, having committed suicide by shooting himself.

The water in the Fraser River rose more than 20 feet between the 6th and 14th instant, and reached within a few feet of the highest water work.

WINNEMUCCA, Nev., 18.—A shooting affray occurred to-day, between two sports, over a game of cards. Four shots were fired, one making a slight flesh wound.

EUROPEAN.

LONDON.—The appointment of Sir Roundell Palmer, as Lord Chancellor, is gazetted.

ST. PETERSBURG.—The Czar has issued full pardon to Michael Czarowich, the Polish general who entered the Turkish army under the title of Tesmon Pasha, and distinguished himself as commander of the Ottoman Cossacks in wars against Russia.

PARIS.—Thiers leaves Paris to-morrow, and probably goes to Trouville, for a brief rest.

The Franco-American Postal treaty will soon be signed. Guiford, minister of finance, wants one of the rates to be raised from forty to forty-five centimes for ten grammes, and differs slightly from the postal department on the question of transit, but Thiers interposed to reconcile all differences.

The Rhine, Seine and Loire have overflowed their banks.

The bulk of the German force in Marne and Upper Marne will be withdrawn in small detachments and will remain at important points on the borders of Germany. Arrangements for the evacuation of other departments are not yet completed.

At a recent murder trial in Memphis, wherein an attempt to establish insanity was made on the part of the defence, D. K. Allen was called as an expert, and testified thus briefly and rationally; I have been a practising physician for nearly thirty years; I have had some experience in cases of insanity, having been for ten years medical superintendent of the Kentucky Lunatic Asylum, and during that time had over 2,000 crazy people under my charge; I have heard the hypothetical case read by Mr. Phelan; I am here as an expert, and before answering the question would like to say that the more I studied the question of insanity the less I understand it; and, if you ask me where it begins and where it ends, neither I nor any physician in the world could tell you; in fact, on occasions like this, lawyers make fools of themselves in trying to make asses of doctors.

The New York *Times* of October 7 says: The month of September, especially the latter part thereof, was so chilly that the boys who bathe in the summer time from the river piers abandoned their primitive sport. At the public bath-houses, however, the number of persons who bathed was enormous. No less than 91,026 persons profited by the opportunities offered by our two public baths, and of this 91,026 we are informed by the Department of Public works that 18,138 were "females," by which term it is presumable that women are meant. When it is remembered that few women have been accustomed to a swimming bath, and that to very many the idea of using a crowded public bath houseis not attractive, it must be conceded that the September record of the bath-houses speaks well for the women of this city, and gives us reason to hope that the day when a woman will consider it disgraceful not to be able to swim is not far distant.
