SEXTON'S OFFICE in same

BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE. XLVIII CONGRESS. SENATE.

Washington, 17.—The chair laid before the Senate a communication from
the Secretary of the Navy in response
to the recent resolution of Vest, which
inquired whether any surveying party
had been or was about to be sent to
Nicaragua to survey the route of the
proposed canal, and—if it had been
sent—under what authority of law.
The Secretary's reply is as follows: NAVY DEPARTMENT,

Sir:—In responding to the resolution of the Senate, I have the honor to state that orders have been issued to civil engineer A. G. Menocal, civil engineer R. E. Peavy and ensign Washington J. Chambers, to visit Nicaragua in order to make a survey of the route for the proposed Nicaraguan canal. The orders have been issued in the exercise of the general power of this department, under the President, to issue such orders to all officers of the navy as may be deemed best for the public interest. The arrangements which have been made contemplate a revision of the survey made on a former occasion by civil engineer Menocal and the investigation of any change in that route which has been suggested as possibly available for shortening the canal and diminishing its cost. The cost of the arrangement made and contemplated—in addition to the pay and mileage of the naval officers—is expected to be \$1,000 as outfit, and about \$1,000 per month during the stay of the party in Nicaragus.

WM. E. CHANDLER,

WM. E. CHANDEER,

Dawes possible that the Secretary could sanction such lease. It was not possible that the Interior Department would consider its duty performed if it kept itself ignorant of the existence of such a lease. Whatever might be wrong in the Administration could, Dawes thought, be excused by saying that the lease did not actually have the approval or positive sanction of the Department. He did not mean to reflect on the Interior Department, but to emphasize the fact that the responsibility rested with that Department.

Vest said he had offered a resolution Vest said he had offered a resolution which the Senate had agreed to—calling on the Interior Department for information as to such lease, but no reply had been made. It was extraordinary, he thought, that a transaction involving 3,000,000 acres of Indian lands should be published in the press without attracting the notice of the Interior Department. A large number of remonstrances against the ratification of the Spanish

treaty were presented and referred.

Brown, from the committee on railroads, reported favorably the bill to extend the time for building the St. Louis and San Francisco Railroad through the Indian lands.

through the Indian lands.

Dawes offered a resolution, which was agreed to, calling on the Secretary of the Interiori for all information in his department relating to the leases of the Crow Indian lands for grazing purposes, and his action thereon.

Among the bills introduced and references one by Van Wyck to fix the Among the bills introduced and referred was one by Van Wyck, to fix the rates upon the transmission of messages by the telegraph west of the Missouri River, not to exceed the average rates east of said river to the seaboard; also, to fix passenger and freight rates on railroads running west of the Missouri Biver not to exceed the average rates east of said river to the seaboard.

Morgan, from the conference committee on the Atlantic and Pacific railroad land grant forfeiture fill, submitted a report stating that the committee had been unable to agree. Ordered printed The Senate then went into executive

session.
The nomination of McCulloch to be The nomination of McCulloch to be Secretary of the Treasury was then taken up, and Riddleberger continued his speech in 'opposition to fils confirmation. He began reading the last annual report of McCulloch as Secretary of the Treusury, and incidentally mentioned that he should, upon its conclusion, read his two previous annual reports. After an hour's debate, consideration of the nomination went over until to-The naval bill was taken up, and, after debate, the bill passed substantially as it came from the committee.

The Chair laid the Senate inter-State commerce bill before the Senate, and Slater submitted the proposed amendment to it moved by him, embodying the provisions of the Reagan bill.

Adjourned.

Brunm asked Henley his objection to having the amendment on the bill. Henley—Because it creates enmity to

favored the bill?

Brumm—I have, and a great many on my side have; and if you are honest, you will not kill every bill, simply because there may be a color line in it.

Breckinridge's amendment was then adopted as a substitute for Crisp's amendment—yeas 138, nays 127—and Crisp's amendment, as so amended, agreed to—yeas 137, nays 131.

Mills offered an amendment prohibiting any railroad company from charging to or receiving from any persons,

by Attorney-General Wirt, and when the Department of Justice was created, the law in this respect was not changed. Of course it will be my wish to conform to any request the House of Representatives may make, but such wish I cannot comply with without reversing law and precedents here-tefore established. Adjourned.

ORLEANS.

AFFAIRS IN THE WIDE WEST. The Swaim Court Martial.

Washington, 17.—In the Swaim court martial to-day, witness Seth A. Terry, who was examined yesterday, was recalled by the Judge Advocate for further cross-examination. The principal part of the examination—and one which proved highly e-sential—was directed to impeaching the credibility of the witness. Under the close questioning of the Judge Advocate, witness stated that he was formerly Secretary of the Territorial Land and building Association of this city, and severed his connection with that asso-

all these people knew the circumstances attending his indictment for embezzlement; that he had told them all about it.

Adjourned.

Montana's New Governor.

B. Platt Carpenter of New York, who has been nominated by the President for the Governorship of Montana, is a native of Poughkeepsie, N. Y., 50 years of age and a lawyer. He ran for Lieutenant Governor on the ticket with Judge Foiger when the latter was beaten by Cleveland. He belongs to the Stalwart wing of the party, and was recommended for the place by the President's most intimate friends. Clatus for Property Lost.

Senator Slater to-day introduced a bill to provide that no statute of limibill to provide that no statute of limitation heretofore enacted shall be deemed to prohibit the adjudication of a claim for compensation for property lost in the military service of the United States, when such loss is a matter of record in any official record of the War or Treasury Departments. It is provided, however, that it shall not be construed to extend to any classes of property other than those for the loss of which compensation has been authorized by existing laws.

Ponnion Claims: The Secretary of the Interior, in response to a House resolution, informs the House of Representatives that 83,-872 fee contracts at \$25 each have been filed in the pension office under the act of July 4, 1884. Of this number it is estimated that not less than 65,000 relate to pension claims filed prior to July 4th, and for which a \$10 fee only can be legally charged. By this trick claim agents hope to secure a large amount of money they are not entitled to.

Oscar Hammerstein of New York, editor of the U. S. Tobacco Journal, had an interview yesterday with Minister Foster, and Senator Miller of California, chairman of the foreign relations committee, in regard to the pending Spanish treaty. Hammerstein said that there were very strong objections to the tobacco clauses in the treaty, as now worded, but suggested that the objections might be removed if it were provided that the duty on tobacco fillers, etc., grown in Cuba, shall be wholly abolished and the present duty on cigars reduced one-half. In reply he was assured by Senator Miller and Minister Foster that if the tobacco and cigar trade will agree upon this, or any other proposition to harmonize conflicting interests, there is every reason to believe a duly authorized expression of the wishes of the trade would have great weight when the treaty reaches The Spanish Treaty, great weight when the treaty reaches the point of consideration for possible

the point of consideration for possible amendments by the Senate.

The Republican has information that Sergeant Otto Holtnorth, of the signal corps, was the person who broke into Lientenant Greeley's desk and copied Howgate's letter to Greeley, made public on Sunday last. Holtnorth, it is said, suspected Greeley of complicity in the Howgate frauds, and by this means hoped to obtain evidence against him.

"I have had no such suspicions in the matter," replied Secretary Lincoln, "but Lieut, Greely was unfortunete in allowing his own name to be used as giving out information, which was rendered useless by being published, and if he is correctly reported in making the remark as to his friendship for and willingness to assist Howgate, which implied that he regarded him as an tunfortunate man, rather than an ascaped criminal; I say that it was unfortunate, in that it pends to give the color of suspicion to the friendship feit and aid rendered Howgate by persons formerly with him in the signal

At a meeting of the commission today, a programme was decided upon.
The morning is to be devoted by the
marshal of the day to the concentration of the societies and
troops on the ground. The ceremonles at the monument will commence promptly at 12 o'clock, Senator John Sherman, chairman, of the
Congressional commission, presiding.
The programme will be as follows:
Music: prayer by Rev. Mr. Sator of
Christ's Church, Alexandria, Va.; remarks by W. W. Corcoran, first vicepresident of the Washington Monument Society; remarks by the engineer
of the joint commission turning the
completed structure over to the President of the United States; acceptance
by the President for the people of the
United States, and dedication to the
nemory of George Washington; music.
During the programme of music a proceed along thejeastern front of the
monument, thence along its north-

ceed along theleastern front of the monument, thence along its north-ern front, thence between the two

and visiting firemen. The Exposition.

New Orleans, 16.—The day of the inaugural ceremonies at the World's Exposition opened bright and cheerful and thousands of people made preparations early in the morning to witness the long-expected event. Every public and private building along the principal streets was decorated with more or less elaborateness. Along the street car routes visitors from nothern climates were astonished to find hundreds of orange trees bending beneath their ripe fruit, and to see the bloom of roses and the rich verdure of kitchen and flower flardens. Many steamers bore to the Exposition grounds full comple to the Exposition grounds full comple-ments of passengers. Along the banks of the Father of Waters the Exposition grounds displayed to the best ad

At 11 o'clock Gov. McEnery, of Louisiana, Major-General Glynn, commanding the State militla, members of their staffs in uniform. members of the State Legislature, foreign consuls, and several hundred invited guests assembled at the St. Charles Hotel for the nurpose of proceeding to the Evnosiurpose of proceeding to the Exposi tion grounds.

A procession formed, consisting of a battalion of the Washington artillery, under Col. Richardson, the Continen-tal Guards, a fine body of men in the tal Guards, a fine body of men in the garb of a century ago, all of the full stature of six feet, led by Captain Brown, and the Crescent Rifles under Captain Pairrey. Emong the distinguished persons present were Governor McEnery of Louisiana, Governor Hamilton and staff of Illinois, Governor Knott of Kentucky, Governor Worty of British Honduras, Rev. Dr. Talmage of Brooklyn, Ex-Gov. Morton, Senator Voorhees and others in carriages, and a long column on foot it regular order of procession and headed by the celebrated Mexican band. The procession moved through band. The procession moved through the crowded streets towards the river. At the head of Canal street this procession—in which were the official members of the Exposition—boarded the steamer Free Hunts, and she, at 14.30 a.m., steamed up the river to the grounds. The French man-of-war Boutette in midstream saluted, and then hoisting anchor ascended the river in her company. As the official boat appreached the wharf built from the Exposition grounds the washington artillery began firing a salute of 100 guns, and the procession moved towards the spacious building where the inauguration ceremonies were carried band. The procession moved through inauguration ceremonies were carried out in accordance with the previously aunounced programme.

The Union Pasino.

Washington, 17.—The House resumed consideration of the inter-State commerce bill, the pending questions being on the motion to table the motion to reconsider the vets by which the House yesterday adopted the amendment offered by O'Hars.

The motion to reconsider was tabled. Crisp offered an amendment providing that nothing in this act shall be so constpacy as to prevent any railhoad company from providing separate accommodations for white and golored persons.

Breckinridge offered a substitute for Crisp's amendment. In the course of debate, Henley said the amendment of the gangleman from North Carolina had been brought in for the purpose of defeating a measure intended to relieve the people not to be led aside by such a proposition.

Brumm asked Henley his objection to be led aside by such a proposition.

Brumm asked Henley his objection to be had as the proposition.
