

CHICAGOANS WILL BE MADE WELCOME

Representatives of Commercial
Association Arrive Tonight
Over Short Line.

PROGRAM OF ENTERTAINMENT.

Includes Trip to Saltair, Special Or-
gan Recital, Automobile Rides and
Other Et ceteras.

An informal reception will be held this evening, at the rooms of the Commercial club, in honor of the presence in this city of the representatives of the Chicago Commercial association, who will arrive at 7:40 p. m., over the Short Line. The visitors will be met at the depot by the committee of welcome appointed by the board of governors, and escorted at once to the club where the reception is to be held. The club will do everything in its power to make the stay of the Chicagoans pleasant while in this city, and show every courtesy. The program includes a trip to Saltair, a special organ recital in the Tabernacle, visit to the smelters, automobile rides, etc.

The Commercial association of Chicago is one of the largest wholesale organizations in the United States, and among other interests represented by these visitors will be wholesale grocery, \$15,000,000 annually; hardware, \$6,000,000 annually; iron and steel, \$50,000,000; timber, \$75,000,000; 48 banks and trust companies, with a total capital and surplus of \$84,000,000 and total deposits of \$64,000,000.

TO GET ACQUAINTED.

The Chicagoans are making a tour of the far west, to post themselves on the possibilities of the country, and to become acquainted with the principal business men, and in this connection Secy. J. P. Hardin of the Chicago association recently said to a San Francisco reporter:

"The purpose of this trip is to meet the merchants with whom our salesmen are doing business, to learn the needs, the resources, and to understand the prospects for the development of this country, with a full appreciation that Chicago looks to the up-building of this region for its increase in trade and finances, and on behalf of the trades represented in our association, to make a comprehensive report for the guidance of those houses that expect to do business in the northwest, especially through Utah, Idaho and Nevada."

"The interest already existing in the government operations that will open the Pacific canal, and its relation to the Pacific coast, were important factors in the decision of the association in sending out this delegation. It wants to learn the sentiment of the people of the coast cities as well as those in the contiguous states as to the possible effect the opening of the canal may have on trade."

A special reception committee has been appointed for the informal reception at the club tonight. The committee includes Joseph E. Caine, chairman; Heber M. Wells, M. H. Walker, Samuel Newhouse, Edwin F. Holmes, Charles W. Whitley, Edward S. Perry, Charles R. Burton, F. C. Schuchman, Frank Knox, W. F. Callaway, Lester D. Freed, John C. Cutler, Sr., C. N. Strevel, C. Hewitt. A committee will go to Ogden to meet the visitors, in addition to the regular committee on entertainment, who will meet the visitors at the depot here.

DAUGHTERS HOLD FORTH

Those of the Confederacy Have Enjoy-
able Reunion at Kenyon.

The Kenyon hotel parlors, Friday evening, presented a most elegant appearance. Venerable age and sparkling youth, and all intermediate ages, mingled freely in the flood of light from the electric candelabras, while sweet strains of music, and still sweeter song bore the listeners toward a higher sphere. The occasion was a reception given by local Daughters of the Confederacy, the Bridgwell Chapter, to visiting veterans, and their widows and descendants. It was the first event of the kind in the city, and it was in every respect a notable success. No less than 200 southerners met and enjoyed the reunion.

The program was most excellent. Skelton's string quartet, consisting of the Misses Helen Hartley and Mary Jory Brooks, Mr. Edward Fitzpatrick, and Morris Andrews and Miss Mary Brooks was one of the pleasant features. A quartet consisting of Misses Irene and Gertrude Kelly, Jennie Miles and Edna Evans was another feature. Two excellent papers were read, one by Mrs. Craddock, a lady from Virginia, on "The Southern Hero," and one by Miss Gene Glazier, of this city, on "Why We are Patriots." Miss Glazier, it was said, is of Russian extraction. Her recitation, as well as the composition, gave evidence of no mean ability. Mrs. Bridgwell Anderson and Mrs. Windsor, also contributed very much to the pleasure of the evening, by their musical talent. Refreshments were served in the dining room.

The refreshment committee were: Misses Margaret Pointer, Winifred and Ella Dye, Laura Hield, Orla Pinkerton, Mrs. W. B. Bates, Misses Vera Schaffer, Nellie Street, Lena Rives, Carrie Sappington, Florence Foster, Louise Walker, Fanny Breeden and Mrs. Reinhardt. The reception committee consisted of Mrs. C. Leigh, Mrs. Tom De Pau, Mrs. Kate Bridgwell Anderson, Mrs. Abbie, Mrs. W. Prosser, J. Silver, Mrs. W. C. Hall, Mrs. Fisher Harris and Mrs. Fred Loofbourrow.

CITY'S WATER SYSTEM.

Maps Showing Proposed Extension
Completed by City Engineer.

The maps and surveys of the city's proposed extension of its water system have been completed by City Engineer Ritter and his staff and will be filed in the state engineer's office as soon as the mayor affixes his signature to them. There are six sets of maps which show all the surveys made and levels run from Big Cottonwood along the line of the proposed conduit to Parley's canyon. The maps also show where the city has filed on water and where it proposes to get water by exchange with the farmers. With this work completed everything is in readiness to commence active construction work as soon as some of the bond money is received.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

MRS. ANN CRANER MILLER,
Honored Mother of Bishop O. P. Miller, Laid to Rest Yesterday With Impres-
sive Ceremony.

Funeral services over the remains of Mrs. Ann Craner Miller, mother of Elder O. P. Miller of the Presiding Bishopric, were held yesterday afternoon in the Mill Creek assembly hall. Bishop Joseph A. Cornwall of Windsor ward presiding. As an opening selection the ward choir rendered the hymn, "I Need Thee Every Hour." Prayer was offered by Patriarch John Cook. The choir then sang, "Shall We Meet Beyond the River?" The speakers were Bishop Cornwall, Patriarch Cook, Bishop James C. Hamilton of Mill Creek, Elder William H. Hill, President Frank Y. Taylor, President Hyrum Goff, Elder Joseph E. Taylor and President Arthur H. Lund. All spoke in the highest terms of Sister Miller, praising her for her many virtues and extolling her for her conduct as a wife, mother, neighbor and Latter-day Saint. She had been faithful and true to every trust reposed in her and had shed abroad an influence that had been felt for good.

In the family circle she sowed seeds of loving kindness and her children were a witness of her noble example and good teachings. As a closing selection the choir sang the hymn, "What Voice Salutes the Starred Earth?" and the benediction was pronounced by Elder John Rider. There was a large attendance of sorrowing relatives and friends, and a wealth of beautiful floral emblems adorned the casket in which reposed the remains of a good woman. Ann Craner Miller was born July 15, 1838, in Warwickshire, Birmingham, near Coventry, England. She was baptized into the Church of Jesus Christ of Latter-day Saints by William Bramwell in 1866 and emigrated to Utah in the early 80s, having endured many hardships incident to crossing the plains, and other pioneer experiences. She buried her father on the desert west of the Missouri river; was married to the late Reuben Miller in 1856 by President Brigham Young, and was the mother of 11 children, eight of whom survive her; also 21 grandchildren and four great-grandchildren.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

FIVE YEARS AGO TODAY.

Alfred H. Brown, a blacksmith of the Nineteenth ward, died suddenly. Dr. Buchanan, the New York wife murderer, was denied a writ of habeas corpus.

The wife of Oscar Wilde instituted proceedings for divorce. The official census gave the city of New York a population of 1,984,366. Mrs. Ada Andrews, a deserted wife, committed suicide by drowning at Saltair.

C. H. Barratt succeeded A. H. Nash as postmaster of Salt Lake. TEN YEARS AGO TODAY. Trooper William E. Tufts, who was killed in battle in the Philippines, March 5, 1899, was laid to rest in Mount Olivet cemetery. A motorman was killed by a stone by strikers in St. Louis. A bridge collapsed at the exposition in Paris, resulting in the death of nine persons and the injuring of 40. Julius Jensen, a crazy man, made two attempts to hang himself.

GREEK EASTER SERVICE.

First of the Kind to be Given in This
City Tomorrow.

Tomorrow the first Easter service of the Greek church will be held in Utah, following a series of preliminary services which have been held during the past week. It is expected that a large number of Greeks from the smelters and mining camps will come to Salt Lake to attend the service. As the Greek

ritual is one of the most elaborate, a beautiful ceremony is looked for. Last night at midnight Good Friday services were held in the temporary church the Greeks have established in the Utah National bank building. The cars from Murray in the evening brought in a large number of Greeks to attend the service, and it was highly successful. Father Parthenios Limberopoulos conducted the ritual service, chanting the measures commemorative of the crucifixion. This morning at 9 o'clock the service indicative of Christ's resting in the tomb was begun, and it lasted until nearly noon.

BITTERNESS OF SIN.

Theme Dwelt Upon by Rev. R. S.
Walker Last Night.

A large throng of people crowded into the First Methodist church last night to listen to R. S. Walker, who spoke in the series of union revival services which have been in progress for several weeks.

After the sermon was finished a general prayer meeting was held, in which many of the audience bore testimony of their belief in Christ, and a number of songs were sung by the choir and audience combined. Mr. Walker said in part:

"For a while sin is sweet to the sinner, but it is always bitter to God. Yet out of it He extracts all the sweet there is. He makes this bitter thing the occasion of the revealing of Himself. The present war is a bitter thing, yet it is revealing Japan's power and possibility. To see God has been the cry of the race through the restless generations: to know God has been the thirst of the heart in every age and among every people. The books of men tell us much, but it is for the fact of Jesus giving Himself on behalf of man to make the window back into God's heart."

"Because the world speaks of God's wrath and judgment we are not to think His heart toward man is that of revenge or anger. Think of what man is to God when he had not sinned. His child, in whom God delights, about whom His hopes center, and what he is to God today after sin has come. He is still dear to God. Man changes but God does not."

"God loved him then and God loves him now. This helps us to see what sin is to God. How dreadful an offense against His nature, that awful thing that robbed God of His own child, that ravished His beautiful offspring, that made impossible God's place of love for His loved ones, that debased and debauched His own family, separating them from Him and making them enemies. How God is opposed to it, and wishes to crush it out with the power of His righteousness. To this end the Christ came, making a way back, giving forgiveness for sin and victory over its power."

WEAK MEN PAY WHEN CURED.

Contracted Disorders.

Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured, and we cure in less time than the ordinary treatment requires.

What "Weakness" Is and How We Cure It.

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proven absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

VARICOCELE.

Absolutely painless treatment that cures completely. Investigate our method. It is the only thoroughly scientific treatment for this disease being employed.
