

## FOOTBALL GAME THIS AFTERNOON.

Y. M. C. A. and National Guards  
Play at Walkers.

EACH TEAM SURE TO WIN.

Report That Richards Will Coach  
Agricultural College Team of Logan  
—Contests on Eastern Gridiron.

The Y. M. C. A. and National Guard football teams are lined up at Walker's field this afternoon for their first struggle of the season, and the game is doubtless a hard fought one for the reason that there is good stuff in both aggregations, and each is determined to carry off the honors.

The battle was scheduled to begin at 3:30 o'clock. It is generally conceded that the Christians have the more experienced players and have a slight advantage in weight.

On the other hand, Coach Richards says his men have learned a whole lot about the game and they have the stuff in them to "rough it" and will hold their own in the rushes and hard fighting.

Coach Boyle of the Y. M. C. A. says he will have an easy time vanquishing the soldiers, while Richards says just the contrary.

The teams lined up as follows:

Y. M. C. A.	Position.	Guards.
Margretts	L. E.	Russell
Bulman	L. T.	Douglas
Fuhrer	L. G.	Auerbach
Jennings	Center	Lynch
Carman	R. G.	Hamlin
Webster	R. T.	Kidder
Wicks	R. E.	Gunn
Boyle	R. E.	Bassett
Smith	Q. B.	Clayton
Thomas	L. H. B.	Christy
McAndrew	R. H. B.	Romney
Elliot	F. B.	Chadlin

Substitutes, for Guards, Beck, Willy, Lee, Smith, Pike, Lund.

THE ROPED ARENA.

"Dummy" Rowan After Young  
Christy—Turville-Condole Bout.

Clem Turville and Roy Condole seem to be in no hurry to sign articles for their proposed twenty-round boxing contest to take place at the Salt Lake Athletic club on November 2nd, and the match may be declared off forever and a day.

After learning the result of the Christy-Francis fight, "Dummy" Rowan, who is now in Anacosta, issued a challenge to Christy, and is anxious to meet him in Salt Lake at an early date as possible.

The "Dummy" has won over Jim Francis twice, and a third bout was scheduled to draw. Young Christy's friends are confident he can beat the mite, and they are eager for him to accept the challenge. They believe if the young boxer would use "Dummy's" method of boxing he would win, but they say if he attempted to "rough it," the result would be the reverse.

RICHARDS MAY GO.

Report That He Will Coach A. C.  
College Team of Logan.

It was stated last evening that Dick Richards, who now has the National Guard eleven in hand, will leave soon for Logan where he will coach the Agricultural college team. It is said he will go tomorrow morning but so far Mr. Richards has not confirmed the report.

There is some splendid material for football in Logan and as Mr. Richards is one of the very best coaches in the country, great things can be expected from the team should he assume charge of the boys.

Logan is enthusiastic over football and the boys up there are determined to land the championship in their city.

Eastern Football Games.

Philadelphia, Oct. 16.—The University of Virginia football eleven played Pennsylvania a hard game today, but the latter won by a score of 20 to 5.

Wesleyans Defeated.

Cambridge, Mass., Oct. 16.—Harvard defeated Wesleyan this afternoon, 16 to 0. This score, though smaller than Yale's score against Wesleyan last Saturday, is not considered discouraging, as a number of Harvard's best players were not in the game. The play was slow and ragged. Sargent at center was poor in passing the ball, and the backs had little team work. Cuts did well at tackle, but Grayson was slow and awkward at fullback. Wesleyan held Harvard on down in the second half and also blocked one of Keraman's punts.

Yale, 45; Bowdoin, 0.

New Haven, Conn., Oct. 16.—Despite their luck, the Bowdoin football players went down under Yale's attack this afternoon by the score of 45 to 0. The game was of the whirlwind order from the start until the very last minute of play. In the tail end of the game Bowdoin for a moment rallied and made a longer gain on an end run than during their whole previous playing, but it was futile.

Princeton Won.

LONGEST TUNNEL IN WORLD

Twelve Miles of Rock to Be Bored Be-  
tween Switzerland and Italy.

Brig, an Alpine village, has long been the terminus of the Jura-Simplon railway system, says Eugene P. Lyle in Everybody's Magazine. Only twelve kilometers away, twelve miles and half, lies Italy. But there are twenty kilometers of a towering, unbroken mountain of rock. For many years men have been figuring how to go away with this twelve and a half miles of mountain. Some wanted to go right through. Others would have gone half way up and then dug. There were several scores of plans, but finally the most costly and most daring, and yet the simplest was chosen—namely, to go right through. So this last and permanent plan is an evolution from fifty years of surveying, defining, subdividing, and planning. The men who did it are lost in the powerful corporation for which they worked, the Jura-Simplon.

In 1891 the plan was submitted to the Swiss government, and the Swiss government talked it over with the Italian government. Both accepted the proposition, granted concessions, and in 1892 ratified a treaty having a tunnel between them. Next came the question of money. The cost of a single track would be 70,000,000 francs, and the cost of a double track, 140,000,000 francs. A syndicate of Swiss banks on 3½ per cent bonds guaranteed by the Swiss Confederation. The confederate also gave a subsidy of 4,200,000 francs, and Italy granted an annual subsidy of 66,000 francs (12,540,000 francs). Swiss parties subscribed 10,500,000 francs more, and Italian parties 4,000,000 francs.

At once the Jura-Simplon let out the contract for building the tunnel to Brandt, Brandt & Co., of Zurich.

The contract was a long and involved one. It was a bill involving Switzerland or Italy, or an epidemic, or a strike not the fault of the enterprise, and the other unforeseen difficulties and catastrophes whatsoever do not count. The gigantic hole must be drilled five and a half miles, or eight and a half miles. Under a future contract the enterprise will make the second tunnel the same size as the first for a return track. Work began in November of 1893. It should be finished May 13, 1904.

HOLD-UP LAST NIGHT.

Young Man Accompanied by a Lady  
Robbed by Two Thugs.

Within three blocks of the police station, J. Burnett, a cook, was held up and robbed of \$20 and a silver watch and chain about 8 o'clock last evening.

Mr. Burnett was accompanied by a lady, and they met the robbers on Second East between Third and Fourth South streets.

One of the highwaymen appeared to be about 25 years of age, while the other was but a mere lad. The former thrust a revolver in Burnett's face and ordered him to throw up his hands. The other robber stood near Burnett and said nothing.

At first Burnett was disposed to fight, but the older hold-up tapped him on the face with the gun and admonished him to behave. Then the younger drew a revolver and intimated that any attempt to escape meant trouble of a serious nature.

After the robbery the two men fled in a motor car, and the police are endeavoring to trace them.

## NO ARGUMENT NEEDED.

Every Sufferer from Catarrh Knows  
that Salves, Lotions, Washes, Sprays  
and Douches Do Not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease, and local applications, if they accomplish anything, at all, simply give transient relief.

The catarrhal poison is in the blood, and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities

of mucus, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptic scientifically known as Eucalyptol, Guaiacol, Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and trachea, and the lungs.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt of Rochester, N. Y., says: "I know of few people who have suffered so much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure."

Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from the use of the tablets that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, no congestion at all, and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience of carrying, a box of 100 tablets is sold at \$1.00. The long looked for catarrh cure.

The victim told his lady companion to go on and then he quietly submitted to the robbers. They went through his pockets and took a \$20 gold piece, 40 cents in silver, and a watch and chain. As soon as the robbers got out of sight, Burnett reported the case to the police.

INFORMATION WANTED.

Margaret Robinson is very desirous of learning if possible of the whereabouts of her brother, Francis M. Bailey, who was living in Ogden, Utah, when last heard from. He was a veteran of the civil war, and if living is about 70 years of age. Address, Margaret Robinson, Edwardsville, Ill. (Utah papers, please copy).

Mrs. Sarah A. Grogan, of No. 34 Tudor street, Winona Green, Birmingham, England, would be very grateful for any information revealing the whereabouts of her uncle, John Barnett, who is living somewhere in Utah. He left Manchester about seventeen years ago, and was at that time 63 years of age.

ROOSEVELT AND A ROOSTER.

How He Caught the Gamecock at  
"Old Bill" Sewall's.

Bangor, Maine.—Up in Island Falls, Aroostook county, lived a rugged farmer and backwoodsman familiarly known as "Old Bill" Sewall, and to his house one day in autumn about twenty-five years ago came a young man, a young man, armed with a gun and fishing rod, and looking for a place to board for a few months while he "roughed it" for the benefit of his health. The youth was Theodore Roosevelt, of New York, and he was made welcome. For many weeks, accompanied by "Bill" Sewall, he lived in the house, and the young man went hunting and fishing and gradually the color came into his face and his muscles grew. If he was slight and rather sickly, he had plenty of grit, and soon he won the friendship and admiration of all the woodmen in the island. This section of the country, although at first sight the young tourist "didn't look" as if he'd pulled through, he was game to the backbone, and if sticking to his health, they thought he might turn out all right after all.

Many stories are told by those who remember Roosevelt's visit of his courage and persistence. One day, when with Sewall and the rest, he went on a long tramp through the woods after deer, he was much excited on the way home, and someone offered to carry his rifle for him. Roosevelt almost indignantly declined the proffered assistance, and, although almost ready to drop in his tracks from weariness, he clung to his rifle and struggled through to the end of the journey. On another occasion he had a long chase after a game rooster that had escaped from his coop, and pursued the bird through the village streets, over fence and through yards, until finally it flew into the open window of the second story of a house. Nothing daunted, Roosevelt got a ladder and climbed into the house, presently emerging with the fowl squalling and struggling in his arms. He had actually crawled under an old woman's bed to get that rooster.

When Roosevelt went West to become a ranchman, he took "Bill" Sewall and Wilbur Dow along with him, and kept them in his employ for some years. Dow died in the West, but Sewall came back to Maine, and is still living at Island Falls, where he delights to tell of the days he spent with Theodore Roosevelt. He says that at the time of the chase and capture of the gamecock, an aged settler of Island Falls, admiring the persistence and determination of young Roosevelt, said: "That young fellow'll be President some day, if he lives."—New York Tribune.

## MAIL SERVICE FOR HOUSTON BRANCH

Chief Clerk of Railroad Post Office  
Returns From North.

FINISHES HIS INSPECTION.

Bright Future Before the Salmon  
River Railroad, Which is to Be  
Opened Within a Few Days.

Mr. Lindale, chief clerk of the railway service at Ogden, has returned from a visit to the towns adjacent to the Salmon River railroad, which will be turned over to the operating department of the Oregon Short Line within the next two weeks. Mr. Lindale reports that as soon as the regular trains are running that there will be a regular mail service installed on the Houston branch.

This will be a great boon to the settlers in that part of Idaho. Agents have been already installed at the two ends of the line and other appointments will be made to cover the stations of Moreland and Arco, where post offices will be installed. In all it is said that there are about 6,000 people in the vicinity who will appreciate the new railroad mail service. The district tributary to the new line is for the major part a very rich one which undoubtedly will be thickly settled within a few years. At Mackay, the terminus of the line, a town is rapidly springing up and the White Knob Mining company is now busy erecting a smelter in the vicinity which will have the effect of increasing the population of the railroad and mail business.

C. P. MEETING POSTPONED.

No Action Towards Electing Harri-  
man Board Taken This Morning.

The postponed meeting of the shareholders of the Central Pacific which was scheduled to take place this morning was again adjourned for two weeks until October 31 at 10 o'clock. It is the intention of the board of directors of the stockholders in electing a Harri-man board will be taken, however, at the next meeting.

HUGE INCORPORATION.

Move by Hill-Morgan Interests for  
Consolidation of Big Roads.

Burlington, Ia., Oct. 17.—What is believed to be the first tangible move in the Hill-Morgan deal for the consolidation of the Northwestern roads, was taken here when articles of incorporation for the Chicago, Burlington & Quincy railroad company were filed in the county auditor's office.

The capital stock of the new company is \$100,000,000 and its object, as set forth in the articles of incorporation, is to acquire the Burlington, Wisconsin and Minnesota. The life of the corporation began October 15, 1901, and will continue for 50 years with the principal places of business in Burlington.

It is said that the corporation will take charge of the Chicago, Burlington & Quincy railroad company and the many lines leased and controlled by that company, and then transfer them all together to the Hill-Morgan syndicate.

This new corporation is legally separate from the Chicago, Burlington & Quincy railroad company. The old company is incorporated under the laws of the state of Illinois, while the new one is controlled by the laws of the state of Iowa. There is but one change in the name of the company, the old is a "railroad" company and the new is a "transportation" company. The incorporation of the new company is a big move, and it is believed that it will result in the consolidation of the Northwestern roads.

There was resistance and a few physical encounters, but no injuries of consequence were inflicted.

Both sides have secured injunctions, and until an amicable arrangement is effected ore shipments from the mine will be interrupted. The Midland laid rails to the orehouse a year ago, but they were supplanted by tracks for Short Line connection a few months ago.

SPRINKLE AND RAIL.

Engineer Ashton, of the Oregon Short Line, is moving into his quarters in the old high school building today.

The work of ballasting the Oregon Short Line track from Shoreline west is being pushed with a big force of men.

Conductor Simons came in this morning from the West with a party of eighteen Raymond-Whitcomb excursionists.

J. A. Fillmore, formerly of the Southern Pacific, passed through this city yesterday on his way back to California from New York.

D. J. Malone has returned to Prosser from the East, where he went as a member of a committee to select machinery for the new shops.

"The Belle of New York" company, consisting of forty-six people, went East this morning over the Rio Grande Western and Colorado Midland.
