

EX-PRESIDENT SIMPLY DELIGHTED

At Being Relieved of Cares of
Office and Restored to Free-
dom of Private Citizenship.

FAREWELL TO WASHINGTON.

As He Left Station Great Crowd
Shouted in Unison, "Good-bye,
Teddy"—At Sagamore Hill.

Washington, March 4.—With thousands of his countrymen bidding him an affectionate adieu, Theodore Roosevelt, retiring president of the United States, accompanied by Mrs. Roosevelt, departed from the national capital for his Oyster Bay home at 3.30 this afternoon.

As he was leaving the scene of seven years of strenuous activity, Mr. Roosevelt gave every indication of delight over being relieved of official cares, looking somewhat tired but happy, the former president was deeply moved by the affectionate demonstration in his honor while waiting for his train at the station.

"Good-bye and good luck to you," were his farewell greetings to the thousands who witnessed his departure. It was a magnificent spectacle when the great crowd waved handkerchiefs in salute and shouted "Good-bye, Teddy."

Mr. and Mrs. Roosevelt occupied a dressing room in a Pullman car. All the way from the Capital to the Union station, where he arrived at 1.30 p. m., Mr. Roosevelt, escorted by the New York county Republican committee, 500 strong, received a tremendous ovation, which he greatly appreciated.

A band played "Auld Lang Syne." "What's the matter with Teddy?" shouted Representative Herbert Parsons of New York, who headed the escort.

"He's all right," answered the crowd, and a cheer followed.

Addressing the escort, Mr. Roosevelt said: "I want to thank you heartily for escorting me down to the station, and let me say to you how much I appreciate your courtesy, good-bye and good luck to all."

Then Mr. Roosevelt, who had been preceded to the station by Mrs. Roosevelt and Mrs. Nicholas Longworth, held an impromptu reception in the presidential train, where he was met by members of his former cabinet officers, members of the diplomatic corps, officials and other admiring friends, came there and bade him farewell.

Mr. Roosevelt, in conversation with friends, declared he was glad to give up his arduous duties.

"My, that was a fine inaugural address of Mr. Taft," remarked Mr. Roosevelt to Senator Root.

Mr. Root responded: "It was splendid."

AT SAGAMORE HILL.

Oyster Bay, N. Y., March 5.—Citizen Roosevelt, free from political cares, rests peacefully this morning in his own home at Sagamore Hill, three miles from this village, after having gone through one of the busiest weeks in his life. As an ordinary gentleman and lady of the land, instead of the first gentleman and lady of the land, he journeyed from Washington to Oyster Bay after the care of office had been lifted from the former's shoulders.

Mr. Roosevelt's special train left Long Island City at 12.25 this morning and as he was more than three hours behind the scheduled time, he did not expect that his neighbors in Oyster Bay would remain up to greet him. He was agreeably disappointed, therefore, when his train reached Oyster Bay to find the station brilliantly illuminated with electric bulbs and Japanese lanterns bade him "Welcome Home."

Better than all this was a crowd of from 100 to 200 of his neighbors whom neither the lateness of the hour, the biting wind nor the snow covered

AUTOMOBILE COACH SERVICE.

New York, March 5.—Automobile coach service will be inaugurated between New York and Philadelphia tomorrow, but because of an innovation and a reminder of days gone, which, it is believed, will prove popular. The first automobile is due to leave Philadelphia at the Bellevue Stratford hotel at 10 a. m. and will have the Waldorf-Astoria here at its objective point. Because of the bad roads, it is impossible to say when it will reach this city. After remaining in New York overnight the car will leave for Philadelphia at 10 a. m. on Saturday.

ESCAPING CONVICTS CAUGHT.

Presidio, Colo., March 4.—Albert Richardson, Theodore McCreary, and Ed. Barnard, convicts at the state reformatory at Buena Vista made a sensational attempt to escape this afternoon. But were captured 40 minutes after their last attempt. Placing a ladder against the stockade they climbed to the top of the fence and jumped out, starting for the mountains. The men in the tower opened fire on the men who ran nearly a mile before surrendering.

CATAHRH.

Called an American disease, it is cured by an American medicine, originated and prepared in the most cathartic of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all its effects of catarrh, too, and builds up the whole system.

AMERICAN MEATS SAID TO BE DISEASED

London, March 4.—Startling allegations concerning the diseased condition of some recent consignments of American meats are contained in a report by Dr. Williams, medical officer of the port of London, presented to the city council today.

In a shipment of meat that arrived Feb. 2, Dr. Williams reports that he found 523 sheep livers and 150 lungs were diseased out of a total of 2,400. There were also 300 frozen carcasses on board this ship, of which 15 were minus the lymphatic glands. Nine carcasses were affected with tuberculosis.

"There is no necessity," Dr. Williams says, "of removing the lymphatic glands unless with some specific object, and presumably in the case of the 15 carcasses found without glands, they had been discovered on inspection in the United States, to show some evidence of disease."

Continuing the doctor pointed out that in the above consignments more than 600 cases of tongues, livers, plucks, etc., bore an official label, indicating that they had been inspected and passed as sound in the country of exportation.

The city council decided to forward Dr. Williams' report to the government, but for the present the allegations may be brought to the notice of Ambassador Reid.

CHICAGO COMMENT.

Chicago, March 5.—Officials of several large packing concerns declare that it is extremely unlikely that any of the consignments of diseased meat complained of by Dr. Williams, the medical officer of the port of London, were shipped from Chicago.

"I am not acquainted with the facts in the case, but I consider it very doubtful, indeed, if any of the meat in question came from Chicago," declared Louis F. Swift, who cannot see how it could be possible for meat such as is described to be shipped anywhere, in view of the rigid federal inspection now in force. In Chicago, especially, these government representatives are very strict.

EMERGENCY SURGICAL KITS.

New York, March 5.—Emergency surgical kits will be carried by all railroads if recommendations of the Society for the Instruction of First Aid to the Injured are carried out. Resolutions calling for all passenger trains to be so equipped were adopted at a meeting of the society here last night. Special legislation would be required to force the roads to take such action, however.

SUGAR CASE ARGUMENTS.

New York, March 4.—Argument of counsel was heard today in the suit brought by the United States against the American Sugar Refining company of New York for duty damages growing out of alleged fraudulent weighing by the company, and after Judge Holt's charge tomorrow, the case will go to the jury.

Summing up for the defense, Atty. John B. Stanchfield declared the prosecution was nothing more or less than tyranny.

Dist. Atty. Stinson, closing for the government, asserted that the action was not against any of the men who direct and own the American Sugar Refining company, but against sugar itself, and if the sugar had gone into consumption the money representing that sugar was the just demand of the United States.

BRYAN SAYS DEFEAT MEANS NOTHING TO HIM

Pittsburg, Pa., March 4.—"Before election I expected to win," said William J. Bryan tonight, in addressing the Allegheny County Bryan league, "but now, instead of being surprised at being defeated, I feel surprised that the Democratic party polled as many votes as it did."

Mr. Bryan said he would rather be the defeated candidate of the Democratic party and have the support he received and the votes of the 6,000,000 people than be president and feel that he owed it to the powers that corrupt.

The speaker referred to the many times that he had been called a "dream" and told the parable of the dreamer, ending with the remark that the dreamer had come in time of need.

Mr. Bryan said defeat meant nothing to him who did not seek office, but rather who fought for the triumph of his ideas, and he said he would be entirely satisfied if people would think of him as a builder who had done the best he could and helped make the building of good higher.

SALOME DANCE OBNOXIOUS.

Kansas City, March 4.—Gertrude Hoffman, the actress, was enjoined by the circuit court here today from presenting the Salome dance during the rest of her engagement here in the leading part of the "Mime World" on the ground that the dance is obnoxious to public morals.

The maximum penalty for the conspiracy charge is one year in the county jail, while the felony charge

STANDARD OIL CASE.

First Trial Point Decided in Favor of Government.

Chicago, March 4.—A vital point in the government's case against the Standard Oil company was decided in the former's favor by Judge Anderson today. The defense argued against the admission of "Tariff 24," which shows the rate on oil between Whiting, Ind. and East St. Louis to be 15 cents, on the ground that the mere posting in Chicago of this tariff was not publication.
