LOCAL AND OTHER MATTERS.

Fifth Annual Ball.—The fifth annual ball for the benefit of St. Mark's Hospital, will be given to-morrow evening at the Continental Hotel. Tickets, including supper, \$3. We acknowledge with thanks the receipt of an invitation.

Closing for the Season.—The Mutual Improvement Association of the 18th Ward closes its sessions, for the summer season, to-night. A special programme of exercises has been prepared for the occasion. The members of the Ward and the public generally are cordially invited to be present.

Interesting Relics.—Sister Vienna Jaques, of the 12th Ward of this city, has donated to the Deseret Museum a camel cloak, that formerly belonged to the Prophet Joseph Smith. This interesting relic will now be deposited in the cabinet of relics from Kirtland, Nauvoo and Carthage, in the Deseret Museum.

Thanks are due to Brother Martin Lenz for his interest in obtaining this curiosity from Sister Jaques.

"The Creation."—This evening, agreeable to popular request, Haydn's sublime oratorio "The Creation" will be presented for the second time in this city. The Philharmonic Society, whose efforts were so well received on the former occasion, will again appear in full force, including its talented corps of soloists, and the entire company, with the enlarged orchestra, will be under the immediate direction of Professor Radcliffe. All lovers of good music should attend.

Iron Company.—The meeting of the Central Board of Trade, yesterday afternoon, resulted in the appointment of the following named gentlemen as a committee with full power and authority to organize and incorporate a company for the production and manufacture of iron: Chairman, Wm. Jennings; W. H. Hooper, John Sharp and Thomas Taylor, of this city; A. O. Smoot, of Provo; Henry Lunt, of Cedar City; W. B. Preston, of Logan. After some discussion on the subjects of silk and sugar, the meeting adjourned till Thursday at 10 a. m.

"A Little Off."—An employee of the Eagle Emporium the other day, hearing the telephone signal bell ring, proceeded to the instrument and answered the call, and was given to understand that he was in communication with Z. C. M. I.

"Where's Mr. Jennings?" came over the wire to his ear. "He's up there," was the reply. "No, he's not," was returned. "You're he; he went up this morning." "You are mistaken," was the response. "He has not been up here since last Saturday."

"Who am I talking with?" Ogden asked the bewildered clerk. "Ogden Co-op," was the reply. "We cite this instance to show the advisability of first ascertaining where the 'call' comes from, before commencing a colloquy by telephone. Time is money, and a penny saved is a penny earned."

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, May 17th, 1881, Mayor Little presiding:

A petition was submitted from David Broberg, asking the Council for an appropriation to pay for damages sustained to himself by falling over an embankment on Arsenal Hill, on the evening of April 17th, 1881. Referred to the committee on claims.

J. K. Trumbo petitioned for a license to transact business as an auctioneer for one year from May 7th, 1881. Granted.

The committee on finance reported on the April report of the committee on canal construction. They had examined and checked the vouchers and found them correct, all properly signed, countersigned and receipted, and therefore recommended that the report be accepted and the expenditure for the month approved. Report accepted and placed on file.

The committee on public grounds to whom was referred the petition of Ephraim Bench, asking the privilege of purchasing Lots 1 and 4, in Block 57, Plat D, Salt Lake City Survey, reported, recommending that the prayer of petitioner be granted and the Mayor authorized to give the deed and fix the price of said lots, with the understanding that said deed shall not be construed as conveying any water rights to said land. Adopted.

The committee on public grounds reported also on the petition of Dr. S. B. Young, who asked that certain arrangements be effected to protect his right to the use of the waters of a certain spring lying east of the asylum property on the east bench of the city. The committee recommended that the proposition of Dr. Young, viz., to make an exchange of certain parcels of land at the west of the same amount of land owned by himself, be accepted, as in the opinion of the committee such an arrangement would be advantageous to both parties. Adopted.

The same committee reported unfavorably on the petition of H. Van Sleet, Jr., who wished to purchase certain parcels of land at the west end of the rock aqueduct on North Temple Street. The committee considered that the city should not dispose of the land in reference. Adopted.

The recorder stated that the city scaler of weights and measures had made his regular annual report as required by law, showing the number of scales tested, corrected, put in order, etc., since his last report, to have been 472. Filed.

Adjourned for one week.

Petition for Damages.—A man named David Broberg, last evening petitioned the City Council for the sum of \$150, as remuneration for damages sustained by him in falling over the embankment on the east bench of Main Street, on the 17th of last month. He represented that himself and wife were walking along that way as was their wont with a number of friends, and that he was wheeling a perambulator containing his infant child. As it was dark and he was unaware of the excavations made in that locality, he was suddenly precipitated over the bank a distance of 10 or 15 feet and seriously injured by the fall. The perambulator was smashed, and the child narrowly escaped without injury. His wife, he says, would have thrown herself after her child had she not been prevented by those at her side. The petition of Mr. Broberg was referred to the committee on claims.

We are informed that after the accident described his wife called on Mr. Livingston, the Street Supervisor, asking for the sum of \$15, to pay for the broken carriage. Mr. Livingston treated her courteously, and requested her husband to come in person to his office. Mr. Broberg did so, and this time asked for \$30, in compensation for the broken carriage, his bruises, and several days' absence from work necessitated by the injuries he sustained. Mr. Livingston paid the \$30, and Mr. Broberg gave a receipt for the same, in full satisfaction for all damages. A few days afterward the case was given into the hands of an attorney who vainly attempted to get hold of the receipt, and finally retired discomfited from an interview with the Mayor, upon the subject. The next movement was the petition from Mr. Broberg, for \$150, he claiming that the injuries he sustained by the accident were more serious than he supposed at the time he signed the receipt above mentioned.

"Woman's Exponent."—The Exponent for May 15th is an excellent number. The second section of the "Victorian Era" is furnished from the able pen of Hannah T. King. "Life Incident" are interestingly continued by Helen M. Whitney; "Women Storing Grain," and "Our Little Paper," are the titles of two good editorials; "Pen Sketch of an Illustrious Woman," still continues; also the story of "Jesse Burns."

Another leaf from the life of "Amanda Smith" is presented; and comments upon "Utah and its People," are made by E. B. W. Besides these, are other good pieces in prose of various kinds. The main poetical contribution is from the pen of Esther A. Benson, and is entitled "Utah and its Flowers." The more we read of this lady's productions, the more we are charmed by the sweet and plaintive tone in which they are written. She has true poetical talent. "Lula" also indites a little gem called "Mistakes." For further particulars, get the Exponent.

Cesarean Operation.—Mr. Henry Grow, Jr., writing from Logan on the 14th, informs us of a post-mortem cesarean operation upon the person of Mrs. H. A. Hansen, of the First Ward of that city, on the 5th inst. The operation was performed by Dr. D. B. Cranmore, assisted by Dr. H. K. Cranmore, about 15 minutes after the mother had expired, and lasted 20 minutes, resulting in the liberation of the dead bodies of a pair of twins (male and female) well developed. They were clothed and buried with the mother. The twins made seven children, still-born of the same mother.

"Widow Bedott."—Don't forget "Widow Bedott" to-morrow night, at the Theatre. C. B. Bishop, one of the funniest men of the times, personates the redoubtable "Widow," and will be supported by a complete company of artists. This is Haverly's show, and Haverly always gives a good one. All who wish to laugh long and loud should see "Widow Bedott."

District Court.—Proceedings in the Third District Court on Wednesday, May 18th, 1881, Chief Justice Hunter presiding.

People, etc., vs. Henry Shields, assault; motion for a new trial heretofore submitted. On grounds of irregularity of verdict, new trial allowed.

S. F. Mount vs. Henry Simons et al; evidence closed, arguments in progress.

From Fillmore.—Among the representatives now in the city, attending the meetings of the Central Board of Trade, is Mr. Thomas C. Callister, of Fillmore, who arrived night before last and will return in a day or two to his southern home. He reports times as very dull in Fillmore; a great many of the men have left there to work on the railroad and nearly all of those remaining are getting ready to leave. Grasshoppers are working considerable damage in Solio and the people are up in arms, so to speak, to fight them. In some places the hoppers have moved the young grain close to the ground. Grain is late in that region on account of some cold spells recently. Lucern is very forward, and the fruit prospect is very good. There is but little sickness throughout the county.

The "Strategist."—The Haverly "Strategist" comedy company opens here on the 23d inst. Respecting this renowned comical performance, a Nevada paper has the following:

"A play must be very funny, its construction reach the very acme of the true spirit of comedy, if through four acts, covering three hours' time, it can keep an immense audience, such as filled the Opera House last night in a continuous roar and convulsions of laughter; at times sufficiently deafening to drown the voices of the actors on the stage. 'The Strategist' fully succeeded in accomplishing that feat last night, and their reception, both in numbers and appreciation, must have been very gratifying to all engaged."

The comedy is laughable and, as the author aptly styles "The Strategist," is by far one of the best, if not the very best, of that character now on the American stage. We are glad to be able to speak in high terms of this company. Their performance is first class in every respect, and to witness it is the very best antidote for the most inveterate case of blues on record."

RESERVED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "On the 1st of June I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not get out of bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I was able to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years."

I write this hoping you will publish it, so that those who are afflicted with Disordered Lungs will be induced to take DR. WM. HALL'S BALSAAM FOR THE LUNGS, and wonderful cures as Hop Bitters do, but when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, you must believe and try them yourself, and doubt no longer. See other column.
