MOTHER'S FRIEND

It is hard enough as it is. It is to her that we owe our world, and everything should be made as easy as possible for her at the time of childbirth. This is just what

MOTHER'S FRIEND

will do. It will make a baby's coming easy and painless, and that without taking dangerous drugs into the system. It is simply to be applied to the muscles of the abdomen. It penetrates through the skin carrying strength and elasticity with it. It strengthens the whole system and prevents all of the discomforts of pregnancy.

The mother of a plump babe in Panama, Mo., says: "I have used Mother's Friend and can praise it highly."

SALOON MEN ARRESTED.

Permitted Card Playing, the Police Learned of It—How it Happened.

On Saturday night three saloon men were arrested by the police for permitting card playing in their saloons. The men are G. C. Elmer of the Comstock, Joe House of the Cullen and L. T. Harris. They were taken completely by surprise.

It was shortly before 9 o'clock that Officer Bush attired in citizens' clothing ambled into the Comstock and over to the bar table where a game was in progress. A few minutes later Elmer was en route to the police station, where he was booked for permitting gambling. The other officers in the same manner. Officers Bush and Furster were selected to do the work and were the most familiar to the saloon men as the other officers and they were able to enter the saloons unnoticed.

LIPPMAN RETURNS.

Campaign Manager of Senator Kearns Comes Home From the East.

Joseph Lippman returned last evening from a long trip to the Pacific and Atlantic coasts, and which included a visit to Portland, a sea trip down the coast to San Francisco, thence to the oil fields in Martin county, Cal., and on to Chicago, via the Santa Fe. After leaving the Windy City Mr. Lippman visited New York and Washington. While at the capital he was the guest of Senator Kearns for three weeks. Mr. Lippman says that Utah's new senator is being very favorably received at Washington, and is already on intimate terms with such men as Senators Hanna, Dewey, Elkins, Scott and other prominent ones.

Regarding the story to the effect that there had been a "falling out" between himself and Senator Kearns Mr. Lippman says that there was no truth in it whatever. He said that he accompanied the senator from Utah on his way to Washington as far as Green Bay, Wis., and that he was then "dropped by" and returned to go on the trip as outlined above. In corroboration of the assertion that he and the senator were on the best of terms, Mr. Lippman is quoted as stating that when Senator Kearns went out of his way to introduce him to the notables at Washington, and also invited him to dinner, in the company of Senator Hanna, it was the guest of Senator Kearns during his stay at the capital.

WEEKLY HEALTH REPORT.

The report of the city health board for the week ending Saturday shows the following: Births, 23; males, 13; females, 10; deaths, 14; males, 6; females, 8. Bodies brought here for interment, 2; shipped away, 3.

Smallpox cases developed, 33, as against 56 the week previous. There are now under quarantine in the city 100, as against 120 the week before last. Eight cases of scarlet fever were reported, as against 6 the week before; there are 20 of these cases now quarantined in the city, which is 5 more than last week. Of diphtheria there was one case reported against 2 cases under quarantine the preceding week. One case of variella was also reported.

THEORIES ABOUT FOOD.

Learn a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads about the same line.

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food cranks in their glory, and arguments and theories are never intended to prove that stomachs, and almost make us believe that our sturdy ancestors who lived on beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to corn.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutritious. In a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmonson on this subject says: "Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after meals." "Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after meals." Two of these capsules after meals taken after dinner will digest several thousand grains of meat, eggs or any animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase necessary to perfect digestion, and every trace of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure proper digestion by the daily use of cheap, harmless digestive medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids, and salts, which actually perform the work of digestion. Cheap cathartic medicines, purgatives under the name of dyspepsia cures are useless for indigestion, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50c for full treatment.

BRIDGES

Among my lady's pretty dimples
There were seen unsightly pimples;
She took some R.I.P.A.N.S. for a clearing;
The pimples now are disappearing.
