NEWS OF THE WEST.

The Brutal and Cold-blooded Murder of a Chinese Laundryman.

HOME FOR CONSUMPTIVE MASONS.

A Cushion-house Broker Sent to Jail—Low Placer Mining Camps.

Miss Estelle Reel, of Cheyenne, Wyo., is secretary of and ex officio of the Republican party as those candidates for state superintendent of schools.

W. W. Hooker, a cattle-owner whose case a jury recently convicted at San Francisco of embezzlement, has been sentenced to three years' imprisonment in San Quentin. The governor's clemency consisted in the commutation of the sentence imposed upon him by the trial Judge from that of Charles Tyson & Co.

It is stated that the consumptions at Aurora, Ore., have almost given up hope of a large pack of salmon this year. Despite the fact that all the conditions so far have been favorable for a heavy run, fish are still scarce, and the average pack per cannery is not more than 2,000 cases. There has been talk of the Astoria fishermen and canners that the water closets it would be a waste of time and money to get the traps in readiness.

The result of twelve days work in a placer river placer by two men was cleaned up in the office yesterday, says the Lead Call, Lemhi, Idaho. It was a gum Saujack about five inches in diameter and weighing 22 ounces equal to $352. It was mined by Bishop and Hanson on their ground about half a mile below Warm Springs Ferry. The Tribune wanted a tasting from the same nugget, but, as usual, was not gratified.

Governor Osborne, of Wyoming, says an exchange, has pardoned the three men, Chris Hirtle, James Baker and John Bostler, sent up from Cheyenne for cattle stealing. Hirtle has six young children and a wife depends upon him. Bostler has an aged father, who, owing to his son's confinement, has been living alone in the cabin on the ranch. Bostler, the third man, has a young wife and two children who have been eking out an existence as best they could during the absence of the husband and father.

A dispatch says that at a recent special communication of Montezuma lodge, A. F. and A. M., at Santa Fe, N. M., a resolution was adopted setting forth the fact that the death rate from consumption is increasing and that the benefits of climatic cure are universally recognized by physicians, and that the most perfect climate is found in Santa Fe, and inviting the Masons of the United States to cooperate with Montezuma lodge in the erection at Santa Fe of a sanitorium for consumptives, to be governed and maintained by Masons for benevolent and charitable purposes.

The body of Fong Sing Fung, who was murdered in Woodward, Okla., arrived in Denver on Sunday, and was received at the depot by a delegation of Chinese. The dead man was an old resident of Denver. The murder was a custantly one. Fong kept a laundry in the Oklahoma town and became wealthy in the business. It was noised around that he kept his horde in his laundry. On the night of April 28 four desperate characters broke into his house, and dragged the Chinaman from bed and started to torture him into disclosing where he kept his gold. Fong resisted. The fiends struck him with a hot poker, but still he refused to give up his money. Then one of the robbers seized an ax and struck the Chinaman, cutting his skull wide open, killing him instantly. The robbers then searched the house and secured $31. Next the body of the murdered Chinaman was wrapped up in a blanket and oil was poured over the floor and the house set on fire. By this means the men hoped to cover up the crime, but were not successful, for before the body had been consumed the flames were extinguished. Three of the men are now in jail.

SELF PRAISE.

Self praise is no recommendation, but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others, a reasonable man will donot his word. Now, to say that Allcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them.

Beware of imitations, and do not be deceived by misrepresentations. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.
