## DAGUERREOTYPING.

I AM now ready to execute Daguerreotype Likenesses in the most approved style of the Art, with all the late improvements, in the building at the north east corner of the "Old Fort," sixth ward, fitted up expressly for the purpose, with a large sky light, so that the work can be done equally as well in foul weather as fair. Particular pains taken with Likenesses of children. Having had nine years practice in the Art, principally in the city of Boston, Mass., I fancy I can suit the most discriminating taste. All persons are invited to call and see specimens of work.
