## OGDEN NEWS.

The branch office of the Deseret News in Ogden is at No. 468 Twenty-fourth street, where advertisements and subscriptions will be received. The News is delivered by carriers in Ogden every evening on the same terms as in Salt Lake City.

OGDEN, UTAH, JAN. 13, 1903.

## SESSION OF CITY COUNCIL.

Affairs of Weber County—New Hooper Bridge Ordered—Treasurer's Bonds.

Business of the District Court Before Judge Holapp—Burgin-Con Wedding.

In the district court before Judge Rapp yesterday, Richard Flint, heretofore convicted of forgery, appeared for sentence. His counsel, Attorneys Bagley and Marshall, argued at length that the court had no right to sentence one so young as this, as on March 12, 1902, the passing of sentence was suspended, and the date for the next trial was set for Feb. 3, 1903.

Samuel Spears having been found guilty of assault, was sentenced to 10 days in the county jail. The hearing of the case of State vs. David A. Johnson, was continued for the term on motion of the district attorney.

The trial of the case of Mary W. Winslow against the Ogden Rapid Transit company was set for Feb. 6, before Judge C. H. Hart.

In the case of N. E. Coston against Howell Evans, judgment was entered in favor of plaintiff as prayed for.

The hearing was begun of the case of Joe Smith, against the Union Pacific Railroad company, suit brought to recover \$450, alleged to be due for injuries sustained by plaintiff on account of the negligence and carelessness of the defendant company. The prosecution of the case was taken to Peterburg by Henderson & Macmillan and the defendant, by Le Grande Young. The testimony of the prosecution is to the effect that the plaintiff bought a ticket from Ogden to Peterburg, on January 7, 1902, that plaintiff while passing from one passenger coach to another at the direction of defendant's employees, fell from the coach and was injured and bruised, and that while he was injured and unconscious he was carried to the hospital and that he was not returned to Ogden the next day, and by reason of said negligence on part of defendant plaintiff suffered great loss and injury. The hearing was not completed this evening.

Suit has been filed in the Second district court by Samuel Ferrell against Fred Culler and Elmer Warren, to recover the balance of a certain loan which is now in the possession of the defendants or \$150; also for special damages in the sum of \$50. J. D. Call acted as attorney for plaintiff.

**CITY COUNCIL SESSION.**  
At last night's session of the city council the city attorney was instructed to prepare a resolution asking the Legislature to enact a law giving municipal corporations the power to condemn waterworks systems for the use of the public.

An ordinance was passed abolishing sinking funds No. 1 and 2 and transferring the moneys therefrom to the general fund. An interest fund was also created and \$500 transferred to it from the general fund.

An ordinance was introduced providing for the construction of a building inspector, but it was found that there is a similar ordinance now in force; the new ordinance, however, was referred to the committee on public works.

The council then went into committee of the whole to consider the telephone franchise, but after a long session the committee rose without making any report. The council then inquired of the prospect of a special session of the council to consider the question.

**WEBER COUNTY AFFAIRS.**  
At the regular meeting of the board of county commissioners, the following business was transacted:

The board of commissioners reported that the Hooper bridge is in a very dilapidated condition and recommended the construction of a new one. The recommendation was adopted.

Charles Burton applied for reappointment as janitor of the court house. He was reappointed, salary the same as last year.

The board of commissioners' bond of \$25,000 was approved with the following sureties: David Eccles, Adam Patterson, W. W. Riser, Barnard White, Joseph Clark, James Pingree, George H. Tyle and John Pingree, each for \$5,000; also E. W. Chambers and J. W. Chambers for \$1,000 each.

Mr. L. Jones, as justice of the peace, and M. J. Jones, as constable of the Third ward, tendered their resignations, which were accepted.

On recommendation of the county auditor, \$7.69 was transferred from the general to the special road tax fund.

Eugene Robinson, constable of Hooper, sent in his resignation, which was accepted.

The Spanish-American war veterans petitioned the board to erect monuments at the graves of Charles J. Schaefer, Frank Young and Albert Murray.

**BURGIN-CON WEDDINGS.**  
A marriage license was granted to Isaac A. Con, 21, and Miss Rose H. Burgin, 23, both of Ogden City, Utah.

**BRIEFS AND PERSONALS.**  
Reub. Egelston, who has been special city officer, went out on the Southern Pacific last evening as special detective for the railroad company.

Rev. Wilson of California delivered a lecture last evening in the court house on Socialism.

Joseph J. Caworth has gone east to New York and other eastern markets to buy goods.

E. J. Kuntz has gone east to his old home in Pennsylvania to visit for a short time.

Rulon S. Wells, of the Mutual Life, Salt Lake, is in Ogden in the interest of his company.

Miss Marie Bullock has returned to her home in Providence, Rhode Island, after a pleasant visit in Ogden with William G. Bidgley and family.

Special Correspondence.

Brigham City, Boxelder Co., Jan. 10—Louis Jensen and Vicery Nelson were

married in the Logan Temple Wednesday, 7th inst. Mr. Jensen is a son of Bishop Jensen, deceased, and Miss Nelson is the charming daughter of C. Nelson, one of the best known citizens of Mantua.

At the first meeting of the new county board on Monday last the following appointments were confirmed: E. A. Box, deputy assessor; H. H. Cordin, deputy sheriff; Amelia Gracchi, deputy clerk; D. P. Burt was employed to assist the assessor.

Clair Christensen was appointed stenographer and typewriter.

**GOLDEN WEDDING.**  
On Saturday N. C. Nelson arranged a pleasant surprise for his father and mother, Christian Nelson and wife, to celebrate their golden wedding. On arriving at the home Saturday the old couple found the tables spread and a house full of friends to surprise them upon the occasion. Those present were: Bishop Nelson, L. C. Christensen, J. C. Christensen, and wife, Mrs. Miller, Christina Sorensen and Sophi Tomson.

**MEMORIAL SERVICES.**  
Memorial services were held in the First ward hall in memory of the late James Larsen, who recently died in Salt Lake City. The large hall was crowded to overflowing, the presidency of the state was in attendance, and many other friends from all parts of the city. The speakers were President Chase, Kelly, Olsen, Stohl and Lucious Snow and others, all speaking in high tones of the honor and integrity of the deceased, both as a citizen and a true Latter-day Saint.

**One Hundred Dollars a Box.**  
Is the value H. A. Tisdale, Symmington, S. C., places on Dett's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except Dett's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptic and emollient; relieves and permanently cures blind, bleeding itching and protruding piles, hemorrhoids, bruises, eczema, salt rheum and all skin diseases. Z. C. M. I. Drug Store, 112-114 Main St.

**CITY SOLONS IN SESSION.**  
Vexed Water Question Discussed a Length—Object to Arbitration.  
District Court Hearings—Case Against Leo Boyle Dismissed—A Trio of Wedding Bells.

**Special Correspondence.**  
Provo, Jan. 13.—The following business was transacted at the meeting of the city council last evening:

Councilman Carter presented a letter he had received from W. H. Smart of Heber in reference to the movement of Utah, Wasatch and Summit counties receiving the water tributary to Provo river, on which representatives of the three counties agreed at a meeting held in Heber City last December. The letter stated that objections to the project had been made by Salt Lake county people and the Wasatch county people, and that it was desired to arbitrate the rights of all interested in the watershed. Provo river, and asked Mr. Carter, who represents the council on the reservoiring plan to join in arbitration. Mr. Carter wanted to know the wishes of the council in the matter.

Mr. McEwan moved that the city withdraw from the "combination," as he did not think the city desired to arbitrate any of its rights. The matter was generally talked over and it was decided to take no definite action till after a meeting to be held next Saturday by Utah county speaking companies what they would do, the council considered it would be better prepared to act in the matter. The sentiments generally expressed were that more could be accomplished by united action of Utah county people than by the city acting independently; but in the event of the canal companies deciding not to continue in the reservoiring project, the city would not arbitrate any of its rights.

Superintendent of Waterworks Armstrong reported that he had collected \$2,247.14 in water rates for 1902, and that there were \$304.20 collectible accounts due the department; referred to the committee on waterworks. The same officer, as superintendent of sewer, reported having issued 40 plumbing permits in the sewer department during the past year. He recommended the extension of the sewer to a point near the First ward pasture. Referred to the committee on sewer.

The committee on fire department was instructed to draft rules providing for some member of the fire department to be at the fire station at all hours.

On motion of Mr. McEwan it was de-

\*\*\*\*\*

cided that the council attend the funeral of Mr. Tanner tomorrow in a body.

**FOURTH DISTRICT COURT.**  
The following business has been transacted in the Fourth district court:

Dr. S. J. Townsend, physician, in charge at the Tintic hospital at Robison, has been appointed surgeon for the Oregon Short Line railway at that end of Tintic district.

The infant child of Joseph Brooks of Diamond died on Jan. 8, and the little one was buried at Benjamin, Utah.

**SALINA.**  
ANTICIPATE A BOOM.  
Water Works and Other Town Improvements Greatly Needed.

**Special Correspondence.**  
Salina, Sevier Co., Jan. 12.—Every-

thing is quiet here at present. There is rumor that there will be track-laying on the Salina branch in a few weeks. There is no likelihood that the railroad company will allow the 20 miles of eminent grade to be unused. The grade up Salina canyon is one of the best ever built.

The citizens of Salina expect much from this railroad construction. But before the town can take its place among modern municipalities many improvements must be made. The well water of the town is bad but the water in the canyon is fairly good and could be piped successfully by the construction of a proper system of reservoirs or settling tanks. Water power can be developed within three miles of the town that would give the town electric lights and power to run such plants as would require it. A move has been on foot to develop this power. With waterworks and electric lights there is no reason why Salina should not grow to be a place of some importance commercially, as it has natural facilities, that are of permanent value. Nearly all the salt deposits are now removed. Some of these properties are being improved and excellent beds of the finest rock salt are being uncovered.

Stock buyers are here and some of the surplus stock is being made ready to ship. Everybody is putting up for next summer.

**SCHOOL CLOSURES.**  
On account of the smallpox situation the schools of Salina are closed. It is feared that smallpox will become epidemic. Twelve cases have been reported. It will be at least a month before the schools can resume. The spread of smallpox is the result of carelessness or criminal recklessness on the part of those afflicted and a lax of quarantine.

The crowned heads of every nation. All join in paying tribute to DeWitt's Little Early Risers.

H. Williams, San Antonio, Tex., writes: "Little Early Risers Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick headache, Torpid Liver, Jaundice, malaria and all other liver troubles. Z. C. M. I. Drug Store, 112-114 Main St."

**GUNNISON.**  
THUNELL-CHILDS WEDDINGS.  
Peculiar Accident—Highland Canal Co. Elects Officers.

**Special Correspondence.**  
Gunnison, Sanpete Co., Jan. 9.—Miss Tilda Thunell and Edward D. Childs, both of Gunnison, were united in marriage Wednesday at the Mantle temple. Immediate relatives joined in a pleasant reception in the same evening at the home of the bride's parents, Mr. and Mrs. John F. Thunell.

**CANAL COMPANY ELECTION.**  
The Gunnison Highland Canal company held its regular annual meeting last Monday, in the R. S. Hall. In the election of officers for the ensuing year some opposition was met.

**RICHFIELD.**  
WORK ON WATER SYSTEM.  
Need of Electric Light and Power Plant.

**Special Correspondence.**  
Richfield, Sevier Co., Jan. 12.—A great crowd left Richfield to attend the performance of "Corianton" at Mt. Pleasant, filling two cars. The author of Corianton is a native of Richfield, therefore the interest taken in the play here.

The preliminary surveys are completed and the engineer is completing his plans for the water system. The bonds have not been floated, but no difficulty is anticipated in getting purchase

ers, as the city of Richfield is out of debt.

Smallpox and other troubles are prevailing and the primary departments of the schools were dismissed this morning and if there is an increase all public gatherings will be prohibited.

An electric light and power plant is talked of and it is proposed to put in steam power. But this will be found too expensive when water power can be obtained. An ideal power for a small plant could be had at Glenwood, five miles from Richfield.

The water works and electric lights Richfield should become the most desirable residence town and business point south of Salt Lake in Utah.

**EUREKA.**  
LITTLE CHILD BURNED.  
Services in New Church—New Arrivals—Short Line Physician.

**Special Correspondence.**  
Eureka, Juab Co., Jan. 12.—Preparations are being made for the Eureka ward to hold services in the new church in a few weeks. Many members will leave the old meetinghouse with regret, as it is dear to the hearts of all the old "Mormons" of Eureka, but the increase in the size of the congregation makes removal to the new church imperative.

Dr. S. J. Townsend, physician, in charge at the Tintic hospital at Robison, has been appointed surgeon for the Oregon Short Line railway at that end of Tintic district.

The infant child of Joseph Brooks of Diamond died on Jan. 8, and the little one was buried at Benjamin, Utah.

**LITTLE ONE BURNED.**  
The 15-month-old child of Dr. Knott of Robinson fell from a chair and struck on a stove, upsetting it, and cutting a large and deep gash in the forehead, besides sustaining several severe burns.

## THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. The genuine article may be bought anywhere of all reliable druggists at fifty cents per bottle. Please to remember, the full name of the Company—**CALIFORNIA FIG SYRUP CO.**—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only.

## OUR NEIGHBORS.

**BLACKFOOT, IDAHO.**

**SHERIFF DAVIS DISAPPEARS.**

**Alleged Shortage of \$4,300 in His Accounts.**

**Special Correspondence.**

Blackfoot, Bingham Co., Ida., Jan. 12. James Davis, who has been sheriff of this county for the past two years has been missing for about two weeks and it developed today that he had left the county because he was short in his office accounts some \$4,300 and could not face the consequences.

Deputy Sheriff Storrs has received a letter from Mr. Davis, mailed on a train somewhere in Washington, which tells the story of the sheriff's troubles. The sheriff states in his letter that he had overreached himself in his business affairs and appropriated county funds in the hope of making good before his term expired, and that failing to do so he fled the country.

Davis' term of office expired today. He owns a general merchandise store at Swan valley and a ranch and other property there. Though slightly unwell, his friends believe that he could have easily raised the amount of his shortage. As he is a man of good habit and does not gamble his friends believe his flight is due to mental derangement.

**Unconscious From Cramp.**  
During the sudden and terrible attack of cramp our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, LaGrippe, and all Throat and Lung troubles. One Minute Cough Cure loosens in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. Z. C. M. I. Drug Store, 112-114 Main St.

**EAST BOUNTIFUL.**  
SUNDAY SCHOOL REVIEW.  
Excellent Program Rendered by the Various Departments.

**Special Correspondence.**  
East Bountiful, Davis Co., Jan. 11.—Today the people of this ward were treated to a ward gathering in the form of a Sunday school review.

The smallpox quarantine has interfered with the ward gatherings and to some extent with the program arranged for this review but as a whole the session conducted were appreciated greatly by the people of the ward and productive of much good. Any ward in Zion might well be proud of the manner these exercises were conducted and the spirit in which the little ones performed their parts. Among the visitors were Elders L. John Nuttall and Thomas C. Griggs of the general board.

The parts taken by the several departments were the Lord's Prayer, the Ten Commandments, the story of Early Church History—Life of the Prophet Joseph Smith, Lectures on the Life of the Savior and Book of Mormon history.

The most pleasing feature of the session was the excellent singing of the little children, under the direction of Sister Juanetta Duncan.

## NOTICE

Notice is hereby given by the City Council of Salt Lake City of the intention of such council to make the following described improvements, to-wit:

Constructing a gravel sidewalk on both sides of Princeton avenue between Ninth East street and Yale street, in Sidewalk District No. 37, and defray the cost and expense thereof, estimated at nine hundred six and 66-100 dollars (\$906.66) or 15-100 dollars (\$15) per front or back foot by a local assessment, for a depth of twenty-five (25) feet upon the lots or pieces of ground within the following described district, being the district to be effected or benefited by said improvement, namely: Lots 1 to 99 inclusive, 105 to 196 Inglewood Subdivision; Lots 1 to 41 inclusive and 46, block 2, Lots 1 to 41 inclusive, Block 3, Park View Subdivision.
