### PLANTING.

OUR spring is rather late this year, but it is here nevertheless. Its lateness will tend to make early planting and sowing necessary to be soil is fairly fit to be worked, which it is now in the drier localities. Some of the upper valleys are so burdened with snow that there is no prospect of them being ready for the plow for several weeks yet. The soil will be pretty well soaked, the streams will be very full generally, and the bottoms badly flooded, according to present appearances, which will all tend to delay the plowing and planting.

President, to be counted and determined as above provided, shall be Vice President if such number be a majority of the whole number be a majority of the whole number of electors; if not the Vice President by a majority of its whole membership. Finally, it is provided that no justice of the Supreme Court shall be eligible for election as President or Vice President or Vice President or Vice President or Vice President if such number be a majority of the whole number of did the mill of the Bron Powder Manufacturing Company, at Washingtonville, in the northern section of the city, exploded with great violence; four men were literally blown to atoms, and some six or seven severely injured, of whom one or two will die. The mill was blown to pieces, and the buildings in its immediate vicinity consider. delay the plowing and planting More from Stewart About the Emms

has begun, and they will hardly have time to think of politics or anything else but stirring the soil

The planting of trees should be bankers, and nearly everybody encouraged in all our cities and with whom they came in contact.

Jay Cooke & Co. demanded 2½ per cent. on the sale. Witness detimber. Indeed tree culture is en- voted his time mainly to the emlisting very general attention phatic denial of many of the main throughout the civilized world, inasmuch as it is held that denuding showing that General Schenck was asmuch as it is held that denuding an owner of stock long before the the land of trees decreases the use- organization of the company, and vestigate the alleged frauds in the and increases the liability to destructive freshets and floods. The climate of the cultivated portions of this Territory has certainly been considerably ameliorated with the increase of soil culture and planting.

In this city an increase in the company was organized. Adjourned.

that he did not become a director, the mine. He said it could not be true that Rayon Grant went into the affair merely on the statement that Schenck was a director, for the reason that Schenck did not become a director until after the sale of the mine; he said that Schenck's name was first suggested on the 3rd of November, long after the company was organized.

Wright said was Schent from Michigan, Christian beyon the statement that Schenck was a director of the vote on the bill axing the salary of the President.

The morning hour expiring the Chair laid before the Senate the unfinished business of yesterday, being the bill to count the votes of the President.

very beneficial. There are many places on the sides of streets where no shade trees at present are growing. Trees temper the atmosphere, the tradership. He received the both in summer and in winter, and appointment at Ft. Craig, but it walks during the hot season is exceedingly grateful. Now is the ceedingly grateful. Now is the Chavis of New Mexico, Witvery time to take steps to increase ness said he sent a man named this pleasant shade. Fill up the gaps along the sidewalks. Trees of various kinds can be readily obtainand and if planted early will have ed, and if planted early will have was a scalawag. Cogswell re-a chance to become well established marked that he had seen it stated and make a a good growth the present year, and thus add to the value of private property and to the beauty and pleasantness of the
