LOCAL AND OTHER MATTERS.

GENERAL CONFERENCE.—The 43rd Annual General Conference of the Church of Jesus Christ of Latter-day Saints will convene to-morrow morning, April 6, in the Tabernacle, at 10 o'clock.

THEATRE.—Last evening there was another fair attendance, in point of numbers, and the representation of "Cherry and Fair Star," with the evolutions, comicalities and eccentricities of Mr. Taylor, Professor Brunk and the Ferry Brothers met with repeated applause.

The same play again this evening.

FLOCKING.—From a little after one till about two o'clock to-day mater-familias and large numbers of little ones kept flocking to the Theatre to witness the performance of "Cherry and Fair Star," the best spectacular entertainment ever produced in this city. A big house at the matinee this afternoon.

RETURNED.—Mr. J. C. Cutler, of the firm of Taylor and Cutler, returned night before last, from the East, having added largely by order to their stock, some of the new goods having already arrived, and others being expected daily. Mr. Cutler looks well after his trip.

MEETINGS IN UTAH COUNTY.—Bro. Geo. Halliday reports that Elder Orson Pratt held meeting at Pleasant Grove on Thursday evening, and at American Fork on Friday afternoon. On both occasions the houses were crowded, much interest was manifested, and a great flow of the good spirit was enjoyed. The principal subject dilated upon was temporal inequality, showing the necessity of the practice of the higher principles of the gospel, revealed in the early days of the Church in regard to consecration, etc.

MISS DARGON'S BENEFIT.—The programme which Miss Augusta L. Dargon presented to her friends last evening was well patronized by an appreciative audience and was exceedingly satisfactory to them, it was hardly possible for an entertainment of such a high order of merit to be otherwise.

BEAVER CITY.—Riders Jonathan Crosby and John L. Smith, of Beaver City, called this morning, and represented their section of country, having left home a week last Wednesday to attend Conference in this city. Improvement is the order at Beaver, those being many good buildings now going up there. Among those in course of erection is one, of stone, for the Z. C. M. Institution, which will cost about ten thousand dollars. During the past winter there was considerable sickness among the people, but the general health is improving. Sunday school is flourishing, and meetings better attended now than for years, there being a general awakening among the Saints, and a determination manifested by them to live their religion. A theological class is well attended by the young folks of the city, who have shown great interest in lectures for their benefit by Bishop Fotheringham and his assistants.

ART GALLERY.—The Art Gallery of Mr. C. R. Savage is a pleasant place for visitors to Conference to spend a few hours in. There is a very fine collection of pictures at the gallery, which can be viewed by the lovers of art free of charge.

Mr. Savage has just received an addition to his photographic apparatus in the shape of a large camera, for the purpose of taking landscape pictures 17x14 inches in size. With this instrument he purposes, this season, taking a large number of views of Utah scenery expressly for the English market. Mr. Savage's pictures are now probably in nearly every part of the world and are generally much admired.

The next drawing of the Art Union Lottery, at the gallery, takes place on the 11th.

Territorial School Teachers' Association.

THURSDAY, 3d.—The session of this association commenced on Thursday, April 3, at ten a.m., at the University buildings, Dr. John R. Park in the chair. After organizing the association was adjourned, until 7 p.m., to give the teachers from the country an opportunity of visiting the schools of the City.

7 p.m.—The association met, W. N. Dusenbery, President of the association, in the chair.

Mr. Dusenbury being indisposed, Supt. Campbell was called upon to deliver the opening address, which will be found in another column.

On motion of Dr. Park, a committee was appointed to wait on the Superintendent to obtain a copy of his address for the press.

A committee was appointed to ask the co-operation of the press in publishing the proceedings of the association.

FRIDAY, 4th, 2 p.m.—Opening exercises. After the transaction of miscellaneous business, Misses Emma Wells and Louise Ashby conducted primary class recitations, the former in geography, the latter in reading, which elicited interesting and profitable remarks.

Mr. Karl G. Maeser read a very appropriate paper on the subject of the payment of teachers, closing with a motion for the appointment of a committee to draft pertinent resolutions.

At the evening session, Dr. John R. Park delivered an able and lengthy address on the importance of education, and was followed by Mr. Charles Wright, who spoke on the condition of the schools in Utah as they were ten years ago and as they are now. Adjourned till to-morrow at 10 a.m.

SATURDAY, 5th, 10 a.m.—Opening exercise. Mr. O. H. Riggs read an excellent address on "The Special Qualifications of Teachers," and was followed by Mr. F. M. Bishop, who spoke on the subject of "Free Schools." The latter subject called forth the sentiments of many present, and the following resolution was adopted—

"Resolved, that a system of free schools is felt to be an urgent necessity and that the future prosperity of the rising generation demands its early consideration by the Legislature of Utah."

Meeting adjourned until two p.m.

CONFERENCE.—To-morrow morning, at 10 o'clock, the Forty-third Annual Conference of the Church of Jesus Christ of Latter-day Saints will assemble at the New Tabernacle. The city has had a lively appearance for the past two days, in consequence of the number of people who have come and are continually arriving for the purpose of attending the meetings. As a general thing the attendance at the Spring Conferences is not quite as numerous as at those held in the Fall, but it is probable that the meetings of the Conference which will commence to-morrow will be quite large. A very interesting and instructive time may be expected, and it is to be hoped the brethren and sister s in the city, and, as far as possible, those living in the country, will respond to the call for a general gathering of the Saints for the transaction of business connected with the Church of Jesus Christ, and for the giving and receiving of instruction with regard to the laws of the gospel and the duties of the people.

In a capacity like that in which the people will assemble to-morrow morning they can unite their hearts together in gratitude to the Almighty, who has so manifestly preserved, blessed and protected His people by divine interposition in their behalf.

It is to be hoped that all the people who attend Conference will endeavor to be as still as possible, during the services; shuffling of feet, etc., has the effect of preventing the speakers from being heard in some portions of the large building.

MUSICAL.—A very pleasing feature among the exercises of the general Conferences is the beautiful singing of the Grand Choir, under the direction of Prof. Careless. It will be remembered that by invitation of Brother Careless, a large number of the members of the choirs of the cities and settlements outside of Salt Lake participated in the musical exercises at the Conference, held last October, and with fine effect. At the Conference which will commence to-morrow Brother Careless expects, in addition to the regular Tabernacle choir, about 175 members of choirs from other places.

Elders J. C. Little, J. D. T. McAllister and George Goddard have been appointed a committee to see that the singers from a distance are properly entertained during Conference.

PLANK.—A new, substantial plank sidewalk has been laid in front of the stores of C. R. Savage and C. W. Stayner.

COOL.—The weather was quite cold last night and has been rather chilly to-day. Ice was from one-eighth to a quarter of an inch thick this morning.

APPROACHING COMPLETION.—The new house, in the General Tithing Office yard, designed for a temporary home for emigrants, is so far advanced that it is about ready for the plasterers to commence work. It is a very respectable looking building.

DIED.

is the
BEST ORGAN OFFERED TO THE PUBLIC
in this market and, to convince all that we mean just what we say, we are prepared, at any time, to test our
Prince Organ against the Estey
as follows:

$125 Prince Organ against	$125	to	$145 Estey
$150 " "	$150	to	$175 "
$170 " "	$170	to	$190 "
$200 " "	$200	to	$250 "
$250 " "	$250	to	$300 "

We propose to select our Organist; are willing to accord the same privilege to the contestant, and therefore shall not object to any Organist in America performing on the Estey, not excepting Mr. Estey himself.

Judges, selected in equal numbers by ourselves and the contestant, and an Umpire to be agreed upon by both parties shall decide upon the merits of the Organs.

We would suggest the Music Hall, 14th Ward, as a central, convenient place in which to have the Organs tested.

THIS IS THE
MEDICINE OF NATURE.
HE WHO CURES IS THE BEST PHYSICIAN.
PLANT'S HERBAL MEDICINE STORES,
10th Ward—E. L. PLANT.

Composition Essence.
"Composition" is extensively used and much valued in Colds, Influenza, Pains in the Stomach and Bowels, Bowel Complaints, Cold Feet, Cold Sweats, &c., &c. As a general remedy it is a most valuable Tonic. If taken freely; and the best substitute for all stimulants used by parties exposed to cold weather. Beneficial if it be used as a substitute for tea and coffee, and instead of brandy or such liquors, after dinner or supper; when used in this way it relieves nightmare and without any of the bad effects indiscriminate drinking produces.

The Essence is much more powerful and safer less than five drops of Peruvian bitters with the stomach. Does not require boiling water, as a cup of tea or coffee, but will extract all the virtues of the medicine. Will be found to keep as useful a remedy by them for a time of need. Prepared and sold only by E. L. PLANT.

Pulmonary Lozenges.
Nothing that has yet been discovered can be compared with them for their immediate beneficial action upon all diseases of the respiratory organs; so simple, that they may be administered with safety and benefit even to the youngest children, yet sufficiently strong to arrest the progress of many of the most formidable pulmonary complaints, whether caught, neglected, coughs, colds, pneumonia, pleurisy, asthma, difficulty of breathing, and that fell disease, Consumption, of which over 40,000 die annually in England. 75 and 50 cts. per package.

Plant's Waterdock and Bilious Pills.
As a remedy for loss of appetite, flatulency, sick headache, giddiness, acid eructations, costiveness, languor, nervous debility, heartburn, waterbrash, spasms, after eating, depression of the mind, and all the distressing symptoms dependent upon indigestion, they surpass any remedy ever introduced. 75 and 50 cts. per box.
