ment by Soren Hansen of Hyrum.

- Death's Harvest.

Logan, Dec. 31 .-- Hon. Soren Hansen,

the Hyrum capitalist, has just returned

from the east and announces that he

has placed an order for a 1,200 ton ca-

pacity sugar factory with the Dyer

Steel Works, Mr. Hansen states that

the machinery is all of the very latest

ed with the enterprising farmers there for the planting of 5,000 acres to sugar beets. It is desired to obtain 8,000 acres, however, and the effort will be contin-

ued to that end. The factory will have a capacity of 1,200 tons of beets in each

24 hours, and will therefore require an

enormous amount of beets. It is not yet decided exactly where the

factory will be located, but, as indicated

above, it will be somewhere in the neighborhood of Idaho Falls. Mr. Han-

sen is not asking any bonus of land or

money from the citizens but is willing to buy the site. He does ask, however,

that the people arrange that no taxa-tion be placed upon the factory, and all

those consulted on the matter are very favorable thereto as this would entail

no loss to individuals and the factory

would increase the tax income by the rise in the value of property.

Mr. Hansen is to be congratulated on the successful consummation of his rlans for a factory for southern Idaho. He is one of the keen and far-sighted

business men of the west, and his ex-

pectations in business affairs have in-

variably succeeded. He never lost faith in the Lehi sugar factory, but pur-chased its stock at the lowest ebb, with

gratifying results. His present venture

is in line with the confidence he has al-

ways displayed in the business future

DEATH'S HARVEST.

Mr. Larsen, an aged and highly as.

Brown of Wellsville, while walking along the sidewalk, was seen to fall suddenly. He was immediately car-

ried into a nearby store in an uncon-scious condition. Medical aid was summoned and restoratives applied without avail. He shortly began to

have convulsions, which were pro-nounced to be uraemic, a diagnosis which subsequent analysis confirmed.

The medical attendants succeeded in

relieving the convulsions, but were un-able to restore consciousness, and the unfortunate sufferer died at 7 o'clock the same evening. He leaves a wife and six children to mourn his death, be-

Quarries, says: "Doan's Kidney Pills are a rem. in which I have great confidence and I heartily re-endorse what I have before stated about them in our Cripple Creek papers. Some three years ago I gave them to our little girl, who was troubled with a weakness of the kid-neys. A few doses checked the annoyance and a short continuation of the treatment cured her. She has had very little trouble since, with the exception of when she caught a severe cold; then there were symptoms of a recurrence, but a few doses of the pills never fails to ward off an attack. I recommended them to a lady friend of mine some time ago who used them and was also benefited. I keep them constantly in the house so as to have them on hand in case of recurrence. I do not hesitate to advise any mother to use them in her family where necessity demands." For sale by all dealers. Price 50 Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

### CHOIR FAIR AND DANCE. Y. M. M. L. A. Work Flourishing Missionary Call.

Special Correspondence,

Salina, Sevier Co., Dec. 31 .- This week the members of the Salina band and

the choir are giving a sort of a "choi" fair" under the able management of Prof. John Hood. An admission fee of 10 cents is charged each one who enters. A new program is renderd nightly, and the entertainment has its finale in a dance without which holl-days would lose their magic charm. Elder O. Swensen, our Y. M. M. I. A. re'ssionary, is doing a good work among us; he is being ably assisted by Elder George D. Casto, one of our stake aids in Improvement work. Last Sunday night a rousing meeting was held in the Salina meetinghouse, the seating capacity being taxed to its utmost. The speakers were Elders Casto and Swenspeakers were Elders Casto and Swen-sen respectively. Our Young Men's association seems to have drunk in the inspiring vigor of new life, and great interest is being manifested in the same.

Another of our young men has re ceived a Box B message-Elder Barn-ard Mattsson. We expect to soon chronicle the arrival home of another young man who has been absent in Sweden some two and a half years-"one cometh and another goeth."

### MISSIONARY SOCIAL.

### New Departure in Social Affairs Ward Finance Committee.

Special Correspondence,

Huntington, Emery Co., Dec. 30.-A most pleasant sociable gathering occorred here last night. The occasion was a joint affair to welcome home Eider William Marshall who has just returned from a mission, and a fare-well to Elder U. W. Grange, who left this morning to fill a mission in the Northwestern States. A splendid pro-gram was rendered in the large meet-inghouse interspersed with musical selections by Elder H. E. Glies of Salt Lake City, and C. R. Johnson of Hunt-ington, after which everybody that that could enjoyed themselves in a dance in the seminary hall.

We have here a new departure it social affairs in the shape of a finance social affairs in the shape of a finance and managing committee composed of J. L. Brasher, M. E. Johnson, F. P. Sweet, Heber Leonard and Anton Niel-son, who have been appointed by the bishopric. This committee is to take charge of sociable gatherings and to handle the funds from the same and look after the wants of the mission-aries and their families; the commit-tee is also to take charge of all public works and improvements, and to rustle for means to carry on the same. So for means to carry on the same. So far this arrangement is only in the exfar this arrangement is only in the ex-perimental stage, but we hope it will prove a success as it will relieve the Bishops of a great deal of work that is just as well done by others. The large Rellef society hall that is being built here, has been turned over to the finance committee, and it is hoped they will make as good a showing on it as the sisters did while they had it in their charge. The walls are now about up to the square of the first story. They will now be covered up and work suspended until warm weather comes again.
