ORE WAT TO ECONORIZE.

Many a poor man, if required to account for the manner in which he has expended his income, would flod bills of his family physician for "medical services" among the leading items. In seven cases out of ten, acute diseases are the result of some neglected chronic disease. Thus, fovers invariably result from diseased conditions of the blood and liver, and a timely use of alterative or blood-purifying, and cathartic remedies would have averted the prostrating illness that often leaves
