TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect

ANTIDOTE TO MALARIA.

Sold everywhere 25c. Office 44 Murray St. N.Y.

CHAPTER I.

"I was taken sick a year ago
With bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I
Could not move!
I shrunk!
From 228 lbs. to 120! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign but weigh more than I did before. To Hop Bitters I owe my life."

Dublin, June 6, '81. R. FITZPATRICK

How to Get Sick. — Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know *how to get well,* which is answered in three words—Take Hop Bitters! (5)

HEALTH IS WEALTH!

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved. With impure blood the whole system becomes affected, and no organ can perform its proper functions unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important and when one has to feel tired of being continually tired, worn out, dyspeptic, constipated, with tender feet, Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Blotches, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore the natural Strength and Vigor. For all the complaints of this kind there is no medicine that equals

DR. R. F. SHERMAN'S PRICKLY ASH BITTERS.

The result of years of study, experience and medical research and practice of Dr. R. F. SHERMAN, its originator, and its success where any has ever been made known to the afflicted, for the most obstinate cases of Dyspepsia, Constipation, Sick Headache, Dizziness, Nervousness, Sleeplessness, Dull Pains in the Back, Sides and Limbs, Pimples and Blotches on the face, Female Complaints and that class of maladies which so many have to contend with, the cause of which is in the blood. Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach and Bowels, in a mild yet effectual manner, by giving tone and vigor to the digestive organs, purifying the blood, and it as specially adapted to the wants of children as adults.

PRICKLY ASH BITTERS is a medicine of great merit, and not a intoxicating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific. As a BLOOD PURIFIER it ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask him to be ordered for you.

PRICKLY ASH BITTERS CO., SOLE PROPRIETORS, ST. LOUIS AND KANSAS CITY, MO.

EVENING NEWS.

BY TELEGRAPH.

FOR WESTERN UNION TELEGRAPH LINE.

AMERICAN.

Wired From Washington.

WASHINGTON, 14. — The State Department has received from Wolfgang Schoenle, United States Consul at Barmen, Germany, a report containing a synopsis of a letter recently sent Bismarck by the Chamber of Commerce at Barmen, protesting against the prohibition of American pork. The protest sets forth, first, that American pork on account of its wholesomeness and cheapness, enters largely into the diet of the working classes, and becomes an indespensible article of food. In spite of its large and steady-growing consumption, not a single case of trichinosis has been brought to the notice of the authorities. Second, the prohibition of the importation of American hog products is very likely to suggest to the United States government the policy of reprisal. If that government should impose a prohibitory duty on German stockings and knit goods, it would inflict on German manufacturers a loss of nearly $5,000,000 per annum, and reduce whole communities to destitution. In view of these considerations, the Chamber submits the following petition to the Imperial Chancelor: "We most respectfully petition your serene highness to intercede and interest yourself that the import of American pork products be set free again." Consul Schoenle says protests similar to this were sent to Bismarck from a number of other Chambers of Commerce in various parts of the empire.

At the meeting of the Senate committee on Territories, the bill providing a civil government for Alaska was taken up. Harrison offered an amendment providing for the establishment of a school to be open to the children of both whites and Indians; adopted, and the bill ordered reported to the Senate. The bill authorizing retired army officers to hold offices in the Territories to which they may be elected by the people thereof, was acted upon favorably, and ordered reported.

Members of the Pacific Coast delegation held a meeting to-day for the purpose of agreeing upon a series of amendments to the Chinese restriction bill. There were present Senator Dolph of Oregon. Representatives Sumner, Glascock, Rosecrans, Budd, Henley and Tully of California, Cassidy of Nevada, and George of Oregon. The committee were in secret session from 2 to 7 p. m. The amendments decided upon, which will be embodied in the bill, will be introduced in the House by Henley on Monday, provide for a passport system substantially identical with that contained in the vetoed 20-year bill. All Chinese will be required before leaving or entering the United States to provide themselves with certificates containing detailed descriptions of their personal appearance, which must be exhibited to a customs officer at the ports of entry or departure. Special custom officers are to guard the frontier of British Columbia, in order to prevent the unlawful immigration of Chinese from that country. Every constable, justice of the peace, sheriff and deputy sheriff along the border to have the power and authority of a United States Marshal to make arrests for violations of the restrictions of law. The appellation "merchant," under which so many Chinese have recently entered the United States, will be clearly defined and held to be applicable not to peddlers, hucksters, etc, but only persons actually engaged in the business as popularly understood. In view of the recent decision of a Boston Judge to the effect that the present law does not apply to Chinese British subjects, it is proposed to amend that law by providing that no native Chinese shall enter the United States except under legal restrictions. A number of regulations of minor importance relating to the enforcement of the proposed new provisions, were also unanimously agreed upon, and the entire series of amendments will go before the House as the work of the whole Pacific Coast Congressional delegation.

The case of O'Donnell was again under consideration of the Cabinet to-day.

The Railroads.

DENVER, 14.—Colonel Dodge, General Manager of the Denver & Rio Grande, speaking of the reported possible alliance between the Chicago, Burlington & Quincy, Northwestern, and the Denver & Rio Grande roads in opposition to the Pacific tripartite pool, said: "While overtures looking to such a combination had as yet been made to this road, yet in view of the recent action of the Union Pacific, such alliance is not altogether improbable but he inclined to the opinion that the differences would be adjusted, as the U. P. could hardly afford to discriminate against the Burlington and Northwestern, now especially, while these roads were doing considerable over fifty per cent. of the west-bound competitive business of the entire pool."

Winnipeg, 14.—Through the indomitable will of Superintendent Egan, the Canadian Pacific is enabled to overcome the effect of the great strike, and wheels are beginning to move regularly. Three express trains left this morning, west, east and south, with the higher officials of the company at the lever. The inconvenience to the public has been comparatively insignificant, considering the firm, defiant stand of the engineers, who will not be taken back unless they sign an agreement with the company. Newspapers express the belief that the strikers have been frozen out, as the company expects about twenty men from the south. A schedule of their wages published to-day shows a hundred and thirty-four engineers earned an average of over $200 that month. Egan says the workshops will be reopened soon.

Depravity and Disaster.

NEW YORK, 14.—At 7 o'clock this evening a fire was discovered in the Standard Theatre, Sixth Avenue and Thirty second street, one of the most popular up town places of amusement. Three alarms were sent out. The fire department responded promptly. The fire spread rapidly, and by the time the firemen got to work the flames burst through the roof and the upper part of the city was illuminated, attracting an immense throng. When the fire broke out no one was in the theater, but a few stage hands and young actresses rehearsing their parts. They had no difficulty in escaping. The alarm was first raised by the stage hands, who say they noticed smoke over the gas jet between the drop curtain and the "flies." The alarm was at once sent from the stage by the prompter. At the same time a policeman outside the theater says he noticed smoke coming out of the windows, and sent out an alarm from his box on the street. He claims he ran into the theater, and according to his version, the fire was under the stage, and there was indication of fire above. The two stories can't be reconciled, and the origin of the fire is still in doubt. As soon as the flames were discovered, fire extinguishers were called into requisition, but after a few moments were abandoned, and those who remained within were obliged to flee for their lives, as the fire seemed working around to the exits, cutting off their escape. The flames spread with such astonishing rapidity that the whole structure was a total wreck within an hour. A portion of the rear wall in falling, crushed in the wall of an adjoining dwelling house, 108 West 22d Street, causing a loss of $3,000 on the building and $1,200 to the occupants. The theatre was valued at $50,000; scenery and stage properties $25,000, which are a total loss. It is said the property was insured for nearly its full value.

The theatre was leased under the management of Brooks & Dickson. A new comic opera entitled "Estrella," was produced the first time on Tuesday night at great expense.

Halifax, N.C., 14.—Enoch Brown (negro) was hanged this morning for the murder of his wife, August 17th. The hanging took place in a heavy rainstorm. Brown made a full confession. Great crowds of negroes assembled outside the jail.

Fort Smith, Ark., 14.—Levi James, Choctaw Indian convicted last November of the murder of James Fulsom, was shot yesterday at Scullyville, Indian Territory. In accordance with the sentence of the Choctaw chief, James sat upon a blanket. The sheriff held one hand, a deputy the other; another deputy took a position five paces distant with a Colt's revolver, deliberately aimed and shot him through the heart. He died in two minutes. James was educated, of a good family, and leaves a wife and five small children.

New York, 14.—At 11 30 Wednesday night, the watchman at the Casino Theatre, Broadway and Thirty-ninth street, discovered a box filled with paper, shavings and rags saturated with oil in an unfinished proscenium in the upper tier, and a lighted candle burning in the centre of the box. The police arrested Edward Rough, stage carpenter, who was discharged the day before for disobeying orders, and when confronted by Rudolph Aaronson, lessee of the theatre, confessed his guilt. His motive was revenge for being discharged. He made his preparations with great care, and lighted the candle just as the curtain rung up for the last act. He supposed the candle would burn an hour before it would reach the combustibles. The opera "Beggar student" was being performed at the Casino, which is said to be the handsomest theatre in the country. An audience of 1,500 people were present Wednesday night. The audience and members of the company had left the theatre when light the was discovered,

FOREIGN.

British Briefs

LONDON, 14.—Parliament is prorogued till February 5th.

O'Donnell took final leave of his friends yesterday. His brother was with him half an hour. O'Donnell told him just previous to shooting Carey he asked him to go below and order some "go," stating he would go himself only he did not care to have his wife see him. O'Donnell went below and Carey followed. While drinking Carey replied with an oath: "I believe you know me." O'Donnell replied, "Yes, you are Carey the informer." Carey then drew his pistol. O'Donnell knocked it up, drew his own pistol and fired. Carey's son was the first person to come toward them. He picked up his father's pistol. Beyond this O'Donnell refused to talk on the subject. He is in good spirits and hopeful.

The *Daily Telegraph* understands the Home Secretary has decided that on no grounds will he interfere with the execution of O'Donnell. In reply to the request of the American Government to postpone the execution pending inquiries in reference to O'Donnell's citizenship, an answer has been sent that the Government has carefully considered the whole matter, and is convinced no reasonable ground has been assigned to warrant a stay of execution.

The Earl of Meath has written a letter to hon. Trant Hamilton, (conservative), M. P. for Dublin county, subscribing his name to an address approving Lord Rosmore's conduct as a protest against the execrable principles of the League.

The *Times* Paris correspondent believes China has submitted a basis for the arrangement of the pending difficulties with France to the judgment of England. The correspondent says it seems certain, despite all contrary assertions, there are no Chinese regular troops at Bacninh or Sontay; thus the taking of these places will no longer constitute a *casus belli.*

A *Times* Madrid dispatch says. A few days ago at the frontier station of Irum on the return of the French Embassador from Paris, he was maltreated, not only by threats but also physically a saulted by Spanish officials, who pointed out to him that walking in a certain part of the depot was trespassing upon the grounds allotted to Spaniards. The exciting scene only ended when the express started for Madrid. The Embassador has requested that the employees be dismissed. The minister of Public Works, however, refused the request. All the papers call the serious attention of the government to the case. Republican journals are commenting upon the event as strongly as the rest.

General Items

Paris, 14.—The government is without information relative to the reported revolution at Hue and the poisoning of the Anamite King. It is well known, however, the king's position has been a very difficult one since his signing the treaty with the French.

Eight hundred French troops occupy the forts at Hue and on the river; seven gunboats are in the stream. The government, therefore, has no fear for the safety of its forces there.

Henri Martin, the well known historian, is dead. He was born in 1810.

The Deputies to-day discussed the estimates of the Foreign Office.

Gerville Reache referring to the position of the French residents in Hayti, criticized the conduct of the French consul during the recent events at Port-at-Prince.

Prime Minister Ferry replied that the Haytien government admitted its responsibility in the matter, and had undertaken to indemnify the French sufferers. France would see the indemnity duly paid, and inquire into the conduct of the consul.

Raspaid moved in the Chamber of Deputies that the French Embassy to the Vatican be abolished; rejected, 325 to 119

All members of the Senate committee on the Tonquin credits favor granting the credits. Barthelemy Saint Hilaire is president of the committee.

La France states that three battalions have been ordered to prepare to embark for Tonquin at 2.30, and volunteers have been called for to form three more battalions. These battalions will form a brigade under General Lesgilles.

The *Temps* says Gen. Millet will be appointed commander of the land and sea forces in Tonquin, with 15,000 men, not including those aboard the flotilla.

A dispatch from Saigon says there is no room to doubt that the King of Anam was poisoned by pro-Chinese Mandarins.

The French residents are fortified in the citadel at Hue with 100 marines.

We have on sale, at this office, the Pearl of Great Price, Hymn Books and Words of Defence in German.

John T. Barry, Esq., of Rockland, Me., President of the Dime Rock National Bank, and of the Knox and Lincoln Railroad, says he had the rheumatism in his left foot and leg. St. Jacobs Oil relieved him wonderfully.
