

QUIET REIGNS AT CANANEA NOW

American Volunteers Crossing Mexican Line With Gov. Ysabel Have Returned.

NO EXCITEMENT OVER RIOT.

Some Censure of Consul Gibralth—Cavalry Will Be Recalled From Naco.

Bisbee, Ariz., June 3.—The situation at Cananea is again normal. The American volunteers who went across the line at Naco with Gov. Ysabel on Saturday morning, returned to Bisbee at 5 o'clock this morning. Their services were no longer needed, although their presence there during Saturday before the arrival of Col. Kosterlitzky with Mexican rurales, held the situation in check.

The town is now under martial law and Col. Kosterlitzky is disarming Americans and Mexicans alike. A telephone message to the Review today says that a single shot had been fired Saturday afternoon at 6 o'clock. Col. Kosterlitzky, Gov. Ysabel and the governor-general of Sonora, assisted by Gen. Torres, are on the ground, and Col. Greene makes the statement that the trouble is over.

NO EXCITEMENT IN MEXICO.

Mexico City, June 3.—There has been no public excitement over the Cananea riot, although some concern was shown by American residents last night lest the trouble might spread, through unwelcome action of the people of Cananea.

There was some censure expressed of Consul Gibralthair for what appeared to be an unbecoming appeal and call for aid from his government. That more Mexicans were killed and wounded than Americans is thought to show that the latter were possibly the aggressors.

The statement of Col. Greene that the riot had its cause in a socialistic campaign among the Mexican laborers is ridiculed, as Mexican laborers have nowhere any socialistic organizations. There was a general sentiment of relief that the matter was in the hands of two friendly governments, and Ambassador Thompson's prudent and conciliatory conduct was praised.

A statement made by Luis E. Torres, commander of the military zone in Sonora, indicates that the Americans opened fire on the strikers in the lumber yard at the mine, which provoked the shooting that resulted in the death of the brothers Metcalf. Then, as reported, Americans in automobiles and on horseback passed through the streets of the town, shooting into private residences and killing 15 Mexicans and wounding several persons, including a child who was leaving school. The Mexicans immediately got their pistols, to be in readiness for further trouble.

The morning papers content themselves with printing the news quite impartially.

The Mexican Herald says: "It is most fortunate that in such junctures as this strike and riot at Cananea the government of Washington and this city are so sincerely animated by a desire to avoid making a bad matter worse by harsh language and mutual recriminations. The conduct of the Mexican government and the Roosevelt administration has been characterized by restraint and by an evident friendliness which is gratifying to all serious and well disposed people on both sides of the boundary line. It is quite inevitable now that Mexican and American labor is so often mingled in many places, especially near the border, that troubles such as that which has stirred the two countries should rise. There will in the future be much need of tact and diplomacy on the part of the local Mexican authorities and American cooperation managers, as well as private employers. Very fortunately in the United States there is a well based confidence in the uprightness and fairness of President Diaz, who is able to listen to both sides and arrive at a right decision."

WILL RECALL CAVALRY.

Washington, June 3.—The probability is that the four troops of cavalry which went to Naco, Ariz., from Fort Huachuca, on account of the riot at Cananea, Mexico, will be ordered back to their post in a day or two. Gen. Bell, the chief of staff, will take up the matter with Secy. Taft tomorrow and if it develops that there is no reason why the men should remain at Naco, they will return promptly.

Grandfather's Cure for Constipation

Great medicine—the Saw-buck. Two hours a day sawing wood will keep anyone's bowels regular.

No need of pills, Cathartics, Castor Oil nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation and—Ten-Minute walk will do, if you haven't got a wood pile.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, and make a Success of it.

Because—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowels Muscles, without work.

They don't Purge, Grip, nor "upset your Stomach," because they don't act like Cathartics.

They don't flush out your Bowels and

\$100,000,000.00 Savings Stolen Yearly

from comparatively small wage-earners by the Bucket-Shop Sharks—most insidious and hypocritical of confidence-men.

The sharks keep one-third of this booty; the rest they divide with the newspapers, legitimate brokers of standing, telegraph and telephone companies, who unconsciously or consciously lend their aid to this cowardly swindle.

Everybody's Magazine

15 cents a copy \$1.50 a year

Word has come to the department from Col. Steadman, the commanding officer of the post at Fort Huachuca, that it was never intended that the troops of cavalry should cross the border line into Mexico with a view to assisting in quelling the troubles at Cananea, except on explicit order to that effect from Washington. According to the department it was with a view to assisting in protecting American citizens at Naco, where for a time there was some difficulty, that the troops were sent to that place. War department officials said tonight that there are no fresh developments in the situation from the army standpoint, and in the apparent absence of any word from the troops at Naco they will return to their proper post.

MORE RIOTING.

Los Angeles, June 3.—A special dispatch from El Paso, Tex., says: Reported trouble broke out at Cananea last night between the striking Mexicans of Col. W. C. Greene's mine and the rurales under Col. Kosterlitzky. Five rioters were killed and 12 injured. One of the rurales was shot, but not seriously injured. The trouble broke out shortly before the arrival of 200 Mexican soldiers from Hermosillo. All of the American women of the town and many of the higher class of Mexicans are quartered in the home of Col. Greene, which is under guard.

COMPLICATIONS.

Phoenix, Ariz., June 3.—Several telegrams passed today between Gov. Kibbey and officials on the Mexican line. One was from Capt. Rymming of the Arizona rurales, and stated that there were 12 killed up to the time of his departure for Naco, and that the trouble appeared to be quieting rapidly. He also stated a shot was fired at Col. Greene, but missed him. Mexican Consul Antonio Maas at Douglas wired to Gov. Kibbey saying his government had requested that American officials be forbidden to cross the line, to avoid further complications. Gov. Kibbey replied that he had cautioned Americans to that effect as soon as he was advised of the situation, and asked that the details concerning the circumstances of the armed body of men that went from Naco be furnished him.

METCALFES FROM SANTA BARBARA.

Santa Barbara, Cal., June 3.—George and William Metcalf, the two brothers killed in the Cananea riot, were brothers of W. R. Metcalf, county treasurer of Santa Barbara county and cashier of the Central Savings bank. Both were born in Santa Barbara, and the older, George Metcalf, was a graduate of the University of California.

NEGRO IN DANGER OF A MOB.

Gibbsland, La., June 3.—Allan Turner, a young negro, has been arrested at Avondale, La., charged with attempting to assault Mrs. James Hartman at her home in Bienville parish. After falling in the attempt the negro escaped to the home of his mother, where he was trailed by possesmen. He was called to come out, but refused, and the posse, upon firing and killing the negro's mother. He was then captured and later turned over to an officer, who succeeded in landing him in jail. Mob violence is threatened.

REWARD FOR MURDERER.

Seattle, Wash., June 3.—A reward of \$2,000 is offered for the capture or information of the murderer of Elsie Milbush. King county offers \$1,000 and Benton city council \$500 and citizens of Benton have raised \$1,000.

CAR TURNED OVER, ELEVEN KILLED

Was Allowed to Coast Down Hill In Fog. Striking a Sharp Curve.

A SCORE SERIOUSLY INJURED.

The Scene of the Accident Was East Providence, Rhode Island.

Providence, R. I., June 3.—Eleven persons are dead, a score seriously injured and many others slightly injured as the result of the overturning of a crowded electric car at Moore's corner in East Providence early this morning. More than 100 young men and women had spent the evening at Crescent park, six miles below this city, were on a chartered car returning to their homes in this city, Olneyville and Thornton. It is believed that two of the injured will die.

THE DEAD.

George Atcherson, 20 years.
Edward F. Brennan, 18 years.
Alice Franklin, 17 years.
Burton Gambrell, 23 years.
John Gavin, 20 years.
Angelo Germain, 30 years.
Gustave Gurtin, 25 years.
William W. Luther, 27 years.
Bernd M. Kelley, 18 years.
John Schneider, 19 years.
Esther Whiteley, 19 years.

The motorman in charge of the car, W. J. Laueheiser, was unfamiliar with the road over which he was traveling. The car, an open one, was of heavy build.

Fog prevented a clear view of the road ahead of the motorman. Awareness of the sharp curve below, allowed the car to coast rapidly down the hill. Suddenly he felt the car swing into the curve, and realizing the peril, applied the brakes and reversed the engine. The car, however, was thrown into the road 25 feet from the track.

Seven of the passengers were pinned beneath the car and instantly killed. Those who were able began the work of rescue. A large log was utilized as a lever, and the car was raised from the ground just enough to permit the escape of its imprisoned passengers. Two persons had succeeded in escaping when the log broke under the weight of the car, and the heavy vehicle fell back, killing two of the injured.

The rescuers again raised the car from the ground and by building a pile of heavy stones, kept it in position while the dead and injured were removed. Two of those taken out, John Gavin and George Atcherson, by both of whom had sustained fractured skulls, died within an hour.

AERONAUT'S NARROW ESCAPE.

Con Beachey Has One While Making Trial for Amusement.

Cleveland, June 3.—While making a trial flight with his airship at an amusement resort today, Little Con Beachey, the young San Francisco aeronaut, narrowly escaped death by the collapsing of the framework of the car. The airship was 500 feet in the air when the accident occurred, and Beachey was saved from being dashed to the ground only by the narrowest margin. He managed to guide the airship until it was but 50 feet above the ground, and although it fell that distance Beachey escaped with a few bruises.

MEMORIAL SERVICES FOR THE LATE CARL SCHURZ.

Chicago, June 3.—Services in memory of the late Carl Schurz were held today in the Auditorium before an audience which completely filled the great hall. The organizations under whose auspices the meetings were held were numerous and varied, including clubs and societies. Turn of mind, the military order of the Loyal Legion, parts of the G. A. R., commercial organizations, political associations, literary clubs and civil service leagues.

Mr. Schurz was extolled as a patriot, a model German American, a statesman and a man of moral force, whose life had been a benefit to the country which was his by birth and that which became his by adoption.

William Vocke of Berlin presided, and addresses were made by Prof. Benjamin Terry of the University of Chicago, Harry Rabenau of Chicago, Prof. Edmund J. James of the University of Illinois, and Prof. Charles J. Little of Northwestern university.

MUSIC was rendered by the United German Singing societies, numbering 300 voices.

The following letter was read from President Roosevelt: "I wish I could be present at the meeting in honor of the late Carl Schurz. To him there befall the great good fortune which befall all men who were able to play a part in the history of the time of the great crisis of our government. He was one of those who in the council chamber, on the stump and on the field of battle upheld the policies of mighty Abraham Lincoln, and he is remembered therefore among the men who came to the front in one of the two heroic periods of our government—at the time of its foundation and at the time of its preservation. He was able to prove his fealty to a lofty idealism by the course he then took."

"After the war he was among the most prominent champions of civil service reform, and later of sound money, and in addition to his service as a public man he rendered a very real service to the cause of American letters by his remarkable little biography of Lincoln, and his longer biography of Henry Clay, not to speak of his other writings."

A BALLOON VOYAGE.

Chief of Austrian Military Balloon Department Has Perilous Trip.

Dieppe, France, June 3.—The balloon of Baron Korwin, chief of the Austrian military balloon department, which left London Saturday night in an attempt to reach Vienna, descended near here at 1 o'clock this morning. Baron Korwin returned to London tonight. He relates a story of a perilous trip. Above the channel a terrific thunderstorm was encountered and he was carried 200 miles out of his course. He was obliged to throw away everything, even his overcoat and shoes, in order to enable him to reach Dieppe.

STOPPED MOORS LOOTING.

Gibraltar, June 3.—On a threat of British warships to bombard them, the Moors have desisted in their attack on the British steamer Craighead, from Cardiff for Savona, which is ashore off Point Ceres.

BANK OF MEXICO DIVIDEND.

Mexico City, June 3.—The National Bank of Mexico has declared an annual dividend of 10 per cent on the capital and reserves.

day, but they have been promised an eight-hour day beginning July 1, and will return to work Monday. The Detroit Copper company, at the same place is trying to break a strike for the eight-hour day by putting to work many refugees from San Francisco.

GREAT SWIMMING FEAT.

A Half-breed Hawaiian Swims Thirty Miles.

Honolulu, June 2.—Through the capturing of a boat occupied by Edward Devauchelle, a half-white, and three native companions off Maui Island, last Tuesday morning, three of the natives were drowned. Devauchelle saved his life by extraordinary effort.

After swimming for 17 hours, Devauchelle secured temporary footing on a rock on which he slept all day Wednesday. On Thursday he took a further swim of two miles and landed at Molokai.

One of the natives accompanied Devauchelle for the first 14 hours following the capturing of the boat and then sank exhausted. It is estimated that the former swim 20 miles, including the distance he was carried by the currents.
