

CARNEGIE REPAYS OLD OBLIGATION

When a Poor Youth Struggling Against Odds He Was Aided.

NOW HELPS FUGITIVE'S WIFE

Father of Mrs. Henry Sanger Snow Gave Steel Millaire Help, Though All Details Are Withheld.

New York, March 4.—Out of gratitude for an obligation rendered to him many years ago, Andrew Carnegie has given \$25,000 to Mrs. Henry Sanger Snow, whose husband, formerly treasurer of the New York & New Jersey Telephone company, is a fugitive from justice. Snow is charged with the embezzlement of \$25,000, and when he disappeared his wife and three children were left without other resources than an appeal to relatives for aid.

Much publicity followed Snow's defection, and it was then that Mr. Carnegie remembered the favor of the times of long ago. It had been rendered him as a matter of fact, by Mrs. Snow's father, David Brooks, a wealthy manufacturer and banker of Baltimore, who died about 20 years ago. Mr. Carnegie was a poor boy in western Pennsylvania, struggling to make his way, when Mr. Brooks came to his aid. What the service was or what the amount no one concerned would reveal. Mrs. Snow declared that she never has known the nature of the obligation, as she had no acquaintance with Mr. Carnegie, and her father never mentioned the subject.

Her first knowledge of the benefaction was when she received word that the \$25,000 had been deposited to her credit in a New York bank and that she was free to draw upon it whenever she pleased.

Before Snow disappeared it was asserted that he had obtained possession of his wife's fortune, amounting to about \$40,000, and had used it in an effort to save himself by plunging in Wall street. He failed to get on the right side of the market, and everything was swept away.

ANARCHY RAMPANT IN SEEKING ALFONSO

Barcelona, March 4.—Placards posted throughout Barcelona announcing that an attempt would be made to free the life of King Alfonso on his approaching visit to this city March 12, were torn down today by the police.

DOWAGER EMPRESS TO VISIT J. P. MORGAN

London, March 4.—The Dowager Empress of Russia arrived here this afternoon on a visit to her sister, Queen Alexandra, King Edward and the queen, the Prince and Princess of Wales, Foreign Secretary Sir Edward Grey and a number of other officials met the royal visitor at the railroad station. Extraordinary precautions had been taken by the police for the protection of the empress. Among other things, the entire railroad line from Dover to London was closely guarded.

During her stay in England the dowager empress will visit the residence of J. Pierpont Morgan, in company with Queen Alexandra for the purpose of inspecting his unique collection of art treasures. Mr. Morgan is expected here shortly from New York.

Hungry As a Bear And Can't Eat

If, When Mealtime Comes, You Suffer from a Yes-Not Kind of Hunger, You're a Dyspeptic

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but they don't know their stomachs. "I'd love to eat it but I can't," is one kind of dyspepsia.

"I hate to think of it," is another kind. There are thousands of people today who hate their meals and love them at the same time. They haven't that empty-hungry eat-everything-kind of feeling which goes with every good, strong, healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking stomachics which will just take right hold of all the food in your stomach and digest it all without the help of the stomach and let the stomach take a rest.

Stuart's Dyspepsia Tablets, this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good, strong, healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia indigestion, burning or irritation, loss of appetite, bloating, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal and make your stomach strong and healthy again. They will make you happy.

Send us your name and address to-day and we will at once send you by mail a sample package, free. Address P. O. Box 150, Stuart, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

HOW TO PREPARE THE BEST REMEDY

Very Fine Prescription For Rheumatism and Kidney and Bladder Trouble.

FIX THIS UP YOURSELF.

Cut This Out and Save It or Hand To Some Afflicted One, as It Relieves Nearly Every Person Who Tries It.

A large New York health publication tells its readers of a number of simple and safe prescriptions that can be made at home. The following, however, for the cure of rheumatism, kidney and bladder troubles receives the greatest praise, viz., Fluid Extract Dandelion, one-half ounce; Compound Karsch's one ounce; Compound Syrup Sarsaparilla, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is further stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections, relieving the aches and pains and reducing swellings in just a short while.

Who this mixture acts directly upon the eliminative tissues of the kidneys; cleanses these spongelike organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

Cut this out and hand to some sufferer which would certainly be an act of humanity.

SENATOR LAUDS WOMEN

Owen of Montana Says Lower Class of Emigrants Would Purify Ballots.

Washington, March 3.—The advocates of female suffrage were today given their annual opportunity to present pleas to Congress, the presentation to the senate being made before the committee on woman suffrage and to the house before the judiciary committee. Before the senate committee meeting, Rev. Anna Shaw, as president of the National Female Suffrage association, introduced the speakers, the first of whom was Mrs. Belva Lockwood, who expressed confidence in the women's cause by the committee. Mrs. Fannie Fernald made an eloquent plea for "a voice in government which controls every interest we hold dear." Mrs. Harriet Taylor Upton of Ohio was in charge of the house committee and the speakers included Miss Emma Gillette of Washington, Mrs. Chapman Catt of New York, Senator Owen of Oklahoma and Miss Rose Sullivan of Utah.

OWEN'S TRIBUTE APPLAUDED.

Senator Owen was frequently interrupted with applause. He paid a glowing tribute to womanhood and earnestly advocated universal suffrage. He claimed that the saloon element in Oklahoma had defeated the universal suffrage proposition, and said that if woman had questioned every candidate before the election they would have carried that point. Instead of having their suffrage limited to school questions, Mr. Alexander of New York asked Senator Owen if he would be willing to give the ballot to the low class of immigrant women who come to this country.

"Yes," replied Senator Owen, "because the vote of the male immigrant is largely dominated by the saloon and brothel influences, and the vote of the women would counteract the votes of this class of males."

The senator pointed out that in the states where woman suffrage is universal the percentage of women convicted is very low. He said in Wyoming, there is not one woman now incarcerated in the penitentiary. He claimed the women would largely vote against corruption.

SAN BENITO JUSTICE TRYING LIBEL CASES.

San Francisco, March 3.—Judge M. T. Dooling of San Benito county, sitting for Superior Judge Frank H. Dumes in the trial of R. A. Crothers and Fremont Older, charged with criminally libeling W. S. Tevis, president of the Bay Cities Water company, during a ruling this afternoon, said in as many words that he would instruct the jury to bring in a verdict of guilty.

"The alleged libel consists of three parts," said the court. "First, the alleged conspiracy to falsify upon the city an inadequate water supply; second, that Abraham Ruef was to receive one million dollars from Tevis; third, that Ruef's testimony before the grand jury was the foundation for an indictment by the grand jury against Tevis. Should the defense prove the truth of the two former and not the later, the two charges proven true the defendant is liable in law if the latter is untrue; it leaves it a libel and I would so instruct the jury, but the judge believed that both the law and the facts, is not bound by my instructions."

This statement by the court was made just before the adjournment this afternoon. Assistant District Attorney William Hoff took closed his case with the testimony of Assistant District Attorney Francis J. Heney, the prosecutor in the bribery-graft cases, by whom he proved that Abraham Ruef did not testify before the grand jury in reference to Bay Cities water scheme until September 20, 1907, while the article in the Bulletin was published May 16. Hiram Johnson, of course, had been indicted and ordered to stand trial for the defense. He explained to the jury what constitutes a libel and declared that he was in evasion on the part of the two defendants, and no attempt to dodge the responsibility of the truth of it.

FIRST IN COMMAND.

Washington, March 3.—Rear Admiral Evans will have supreme command at the battle and Pacific fleets in San Francisco bay, according to an authoritative statement made by the navy department today. This is simply in keeping with existing naval practice, which gives the command of the fleet to the senior officer in command at the time a special announcement is made.

Rear Admiral Evans will have supreme command at the battle and Pacific fleets in San Francisco bay, according to an authoritative statement made by the navy department today. This is simply in keeping with existing naval practice, which gives the command of the fleet to the senior officer in command at the time a special announcement is made.

RIDGELY AT THE HELM.

Kansas City, March 3.—It was announced here tonight that the National Bank of Commerce of this city will reopen its doors Monday, March 9, in its own building with \$500,000 cash in its vaults. J. H. Ridgely, controller of the currency, according to the announcement, will be president of the bank. Edward Ridgely, his brother, will be cashier, and George W. Catts, the prominent banker now in charge, will be first vice-president. The board of directors will include many local men.

The formal announcement of March 30 as the day of resumption and of the selection of the general officers will be made at noon tomorrow, by which time it is expected Controller Ridgely will have telegraphed his acceptance of the presidency from Washington.

EVERY DIRECTOR HELD TO ANSWER

Nevada Court Permits Indicted Officials to Furnish Bonds.

Carson, Nev., March 3.—The Ormsby county grand jury reported to Judge Laungan at noon today, bringing indictments against every director, the cashier and the assistant cashier of the defunct State bank.

The following are the people indicted and held under embezzlement charges: Cashier Davis, Assistant Cashier Van Delich, Directors Brougher, Woodbury, Lee, Peterson, Mapes, Bender, Livingstone and Meyers. Bench warrants were ordered drawn by the judge and were served during the day. Bail was fixed in each case at \$10,000, requiring \$100,000 in all.

RICKY'S BOND \$70,000.

The embezzlement charge is based on a deposit made by Oliver D. Jarlis, a hotel man of this city. This deposit was for the sum of \$100,000, made on the 21st day of October.

President Ricky was included in the new count and he will have to furnish an extra \$10,000 bond, making his entire bond \$70,000.

The grand jury has not yet adjourned and is investigating the switching of statements by the bank examiners where in they declare the bank solvent and the original report of Examiner Miller showing it insolvent. The evidence that has called forth the indictments was that which shows the withdrawal of personal accounts by the directors after the meeting of the directors on Oct. 19. After that date, until Oct. 23, the day of closing the bank's doors, nearly every director withdrew his account. President Ricky had been ordered to proceed to San Francisco in order to raise funds. During his absence the other members of the bank withdrew their personal accounts, and in one or two cases the funds of their families.

NOVEL BOND PLAN.

The afternoon session of the district court brought all of the indicted directors of the State bank before Judge Laungan. There was a lively rivalry when bonds were offered and asked that the directors could go on each other's bonds. This was done, the directors in turn furnishing bail for their brother members. They will be arraigned Thursday morning. The case of T. B. Ricky, the president of the bank, who is charged with embezzlement on six charges, was then brought up for arraignment. All six charges were read and a continuance was asked by the defense for 10 days to answer the charge. This was granted, setting the day for hearing on March 14. Late in the afternoon Governor W. M. Stewart, president of the Washoe County bank at Reno, and C. Bender, the cashier, both of whom were directors of the State bank, arrived in this city. They at once furnished bail for the sum of \$10,000, as did the other directors.

COAL MINES MAY CLOSE.

Fifteen Thousand Miners Face Idleness as Result of Controversy.

Des Moines, Iowa, March 4.—A complete shut down of the coal mines in Iowa, worked by 15,000 miners, is threatened.

The agreement now existing between the mine operators and the miners expires March 31 and because of the failure of miners to accept the offer of the operators to reach an agreement last week it is probable that the miners and operators, who have heretofore followed the example of the coal operators, will not be able to make a new arrangement before March 31.

JUDGE FOR SHANGHAI WILL SAY A FEW WORDS

Washington, March 3.—The taking of testimony preliminary to a determination by the house judiciary committee of the question whether or not impeachment proceedings should be instituted against Judge L. R. Willey of the United States court for China, pursuant to a resolution of inquiry introduced by Representative Waldo of New York, was concluded today by the subcommittee having the matter in charge. Today's session was consumed in a further and final cross-examination of Lorin S. Andrews, the American attorney, who with other Shanghai lawyers, brought charges against Judge Willey of misbehavior in office.

Judge Willey himself conducted the cross-examination today, and clashes between him and Mr. Andrews were frequent.

SPIRITED ARGUMENT.

The subject matter mainly considered was the refusal of Judge Willey to allow Mr. Andrews and other American lawyers in Shanghai to practise before his court, and the names of Secretaries Taft and Root and Solicitor General Scott were brought into the controversy. Mr. Andrews declared that he was given by officials here to understand, upon the occasion of his visit here last year, that if he would return to Shanghai, it would be arranged that Judge Willey should permit him to practise before the United States court for China on the strength of his admission to the highest federal court of the United States. This Judge Willey disputed and a spirited argument occurred between the two.

Oral arguments will be heard by the subcommittee next Friday. Representative Waldo speaking for Mr. Andrews and Judge Willey for himself.

KING LEOPOLD MAKES A BIG CONCESSION

Brussels, March 3.—It is announced that King Leopold and the Belgian government have come to a complete agreement on the question of annexation of the Congo independent state. It is stated in official circles that the agreement was made possible by an important concession by the king in consenting that the parliament have control of the Congo budget. In addition, the king transferred to Belgium the magnificent domain of Case Ferrat in the south of France, reserving for himself the use of it, however, during his lifetime.

The government on its part agrees to propose that the chambers vote a special fund to carry out certain undertakings in the Congo and in Belgium, which fund shall not exceed \$12,000,000, and at the same time a special annual credit of \$500,000 will be included in the Congo budget for 15 years for the construction of hospitals and other institutions in the Congo.

It is expected that the annexation treaty in its new form will be presented to the chambers on Wednesday or Thursday next. It was stated tonight that the official gazette will publish shortly a royal decree abolishing the crown domain in the Congo Free State.

STOCK GRAZING ALLOTMENTS

Substantial Increases for 1908 Over Previous Year on Western Forest Reserves.

FIVE-YEAR GRAZING RIGHTS.

Fees for Privilege Remain the Same As Last Year—Improved Condition of Reserves.

Special Correspondence.

Cheyenne, Wyo., March 2.—Dr. A. F. Potter, assistant forester and chief of grazing of the bureau of forestry, passed through here en route to Washington from Salt Lake City, where he met with foresters and sheepmen and adjusted matters pertaining to grazing livestock in the Utah reserves. Dr. Potter has made up the list of allotments for grazing in the reserves of this and other western states for the current year. The Wyoming allotments follows:

Reserves.	Cattle Sheep & Horses Goats
Big Horn	4,000 8,000
Crow Creek	2,500 4,500
Medicine Bow	10,000 100,000
Sierra Madre	6,000 275,000
Idaho	8,000 5,000
Yellowstone-Shoshone	20,000 80,000
Yellowstone-Teton	25,000 200,000
Yellowstone-Wind River	30,000 80,000
Total	141,500 824,500

The allotments by states follow:

Reserves.	Cattle Sheep & Horses Goats
Colorado	330,650 576,000
Arizona	177,500 390,000
California	198,150 454,600
Idaho	171,550 1,244,900
Kansas	5,000
Montana	218,900 571,000
Nebraska	45,000 99,500
Nevada	36,500 519,500
New Mexico	125,850
Oklahoma	3,500
Oregon	140,650 1,047,500
South Dakota	28,800 848,800
Utah	150,000 1,000,000
Washington	55,450 326,800
Wyoming	141,500 824,500
Total	1,830,550 7,692,870

Mr. Potter stated that the above is an increase over the number of permits issued for last year, in round numbers, of 630,000 cattle and 1,800,000 sheep.

There are 14 reserves not included in the above, in which allotments have not yet been made. These reserves are in the reserves a few weeks the coming summer will return to the forest service something like \$1,100,000. Last year the forest service obtained from grazing the sum of \$260,000.

In the main the fees charged for grazing cattle, sheep, horses and goats remain the same this year as last. In Montana a reduction in the fee charged for grazing sheep has been made. Last year eight cents per head was charged, and this year seven cents will be charged. In some instances an increase is noted. In Idaho the grazers of sheep will be charged seven cents per head for a four-months' season, and six cents per head for a three-months' season. The forester says the fees are about the same all around, with a slight reduction on sheep, if any change at all.

The present season the forest service will make allotments on the following per head, per month basis:

Cattle	Horses	Sheep
Five months or less	21c	29c
Five to 10 months	25c	35c
Year long period	39c	50c

Stockmen have complained heretofore that grazers in the forest reserves were given no assurance that when they left the reserves one year that they would be permitted to enter the next, and stockmen were discouraged because they could not anticipate a year ahead, or plan for the future. The forest service has finally changed this system and beginning with this season supervisors will approve applications for grazing privileges for a period of five years, in certain reserves, the fee to be paid annually at the regular rate current for each year.

The reserves in which this five-year system will be put in force are:

Five months or less	Five to 10 months	Year long period
21c	25c	39c
29c	35c	50c

COFFEE All the good words for coffee ought to be kept for good coffee.

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draftsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful services and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.

PATENT BUREAU, THE DESERET NEWS, Salt Lake City.
