# RACES AT SAUCER THIS EVENING

Fine Program Will be Run Off If Rain Does Not Interfere.

FIRST MOTOR PACED MATCH.

Hardy Downing and Gussie Lawson Will Compete in Five Mile Event—Australian Pursuit for Amateurs.

If the weather man will be kind and considerate and furnish good weather this evening he will greatly oblige a great many bike riders and cycle fans. If there is a downpour of rain there will be much disatppointment and an excellent program of bike races will be spoiled. What should prove to be the best card so far this season is scheduled for tonight an there will be thrills enough to satisfy the most exacting.

The main feature on this evening's bill will be a five-mile motor paced match race between Hardy Downing and Gussie Lawson. It will be the first race of the kind this season and should prove a fast one as both men have been training behind motors for several days, getting into proper form for the contest and there is little choice between the two. Lawson claims to be in his usual good form for this sort of work and Downing's ability in pace following is well known to patrons of the saucer. A purse of $100 is offered for this event.

The professionals will compete in a three-mile lap race for $128, and a purse of $70 has been offered for the half-mile handicap professional. Frank Kramer, champion, expects to get most of this money, but he will have to reckon with Clarke and Lawson.

Among the amateurs, the Australian pursuit race will undoubtedly be the feature. They will also compete in a three-quarter-mile handicap event. In the motor paced match race the riders believe they will lower the record made by W. E. Samuelson, which is 6:52, pretty fast time for five miles.

### TORPEDO BOAT RACE.

New York, June 6.—Six torpedo boat destroyers started today on a 240-mile race from the Scotland lightship to Cape Henry, Va. They were the flagship Whipple, the Truxton, Worden, Stewart, Hull and Hopkins, comprising the second torpedo flotilla.

When the swift craft ranged behind the starting line for a flying start, the wind was fresh and the sea lumpy. With the signal the six destroyers made for the line at full speed. The time of the start was taken at 8:35. Within a mile from the line the Worden, Stewart and Hopkins had pushed out ahead of the others.

Naval officers expect the destroyers to make about 24 knots an hour, which would bring them to Cape Henry by 6 p. m. At the finish of the race the boats will proceed to Hampton Roads, to be present at the Jamestown exposition on Georgia day, June 10.

# HORSE SHOW IS A BIG SUCCESS

International Affair Now Going on in England.

SPECIAL BOX FOR THE KING.

Presence of Mr. Vanderbilt's Stable Has Greatly Accentuated Interest in Event—Americans Competing.

London, June 7.—Horse shows have been spring and summer features in England for years, but never before has there been such an attempt to interest the public as has been successfully undertaken in connection with the international show which opened at Olympia today and continues for a week. Heretofore a horse show in England was merely attracted by the attention of exhibitors and those interested in the breeding of high class stock. But emulating America, the promoters of the international exhibition have, by making it a social event, interested many who in the past have left the showing of their horses to their grooms and stable boys, but who during the coming show, who watch from comfortable boxes the parade of the aristocrates of the English and American stables. When the campaign for this change in English shows was started, the promoters consulted those who had experience in America and besides got American owners to promise to enter their horses. This insured success for besides promoting the social side, it put English owners and breeders on their mettle, with the result that entries poured in from all parts of the country and the continent and the applications for boxes soon guaranteed a fashionable and record attire. A special box has been reserved for the king and members of the royal family, while others have been taken by leaders in American and English social circles. The judging ring has been converted into an ideal arena, 20,000 square feet of turf having been laid down, so that the exhibits will be shown to the best advantage without the accompaniment of clouds of dust. In all, over 2,000 horses will go before the judges. In the draft class it was anticipated that Armours team of six American greys would have a clear road for first, but some of the English brewers and other manufacturers who use heavy teams have entered their best to keep the prize in England. Besides Armours' team some 60 American horses have been entered in various classes, the most prominent among them being Alfred Vanderbilt's coach four, hackneys and jumpers.

### VANDERBILT'S STABLE.

The presence of Mr. Vanderbilt's stable has greatly accentuated interest in the show with the result that in every class he enters, he will have scores of competitors. Hunters have been sent from Ireland, Holland, Spain and France, not to mention those from England, to prevent the prizes for jumpers crossing the Atlantic, while in the hackney class Mr. Vanderbilt will have to compete against Walter Winans, an American resident of England, and Mrs. Hartley Batt, the two famous owners of high steppers, beside many others.

Americans are competing in all for 300 prizes, many of the horses from across the Atlantic being entered in several classes. C. W. Watson of Baltimore has entered 22 carriage horses, including his famous pair paces "Lord Baltimore" and "Lady Maryland," besides his jumpers and coach team. Alfred Vanderbilt is showing five carriage pairs; Mrs. W. Orr Barnclay has entered her carriage horses including "Sandow" and "Sultan," winners at most of the American shows and which she will drive herself; A. B. McLay will exhibit hackneys; Col. Lawrence Jones, Kentucky hunters, and F. Pabst of Milwaukee hackneys. Adam Beck, M. P., of Canada, has brought over his hunters and jumpers, and Mrs. Beck will drive several carriage pairs.

DR. COOK, Founder Cook Medical Co

We treat MEN only and our experience in the past assures our patients straightforward and satisfactory treatment for the future. Many a MAN has lost his grip through brooding over his condition because he imagines he cannot be cured. To such we say investigate our methods of treatment and place yourself under our care and your weakness will disappear and confidence will be restored for the future. Our treatment has proved to be the best yet devised for restoring LOST VIGOR and that physical and mental incapacity which has made a wreck of so many. Our treatment for NERVOUS DEBILITY does not stimulate temporarily but permanently. It stops every drain of VIGOR and builds up the muscular and nervous system—revives the spirits—brightens the intellect and above all restores the WASTED POWERS. Sometimes organic weakness and LOSS OF VITALITY arises from VARICOCELE and STRICTURE in such case we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no cases we cannot benefit or cure so you run no risks.
