KENDALL'S SPAVIN CURE.

The most Successful Remedy ever discovered, as it is certain in its effects and does not blister.

READ PROOF BELOW from

Rev. P. N. GRANGER,
Presiding Elder of the St. Albans District.

St. Albans, Vt., Jan. 20th, 1880.

DR. B. J. KENDALL & CO., Gents:—In reply to your letter I will say that my experience with 'Kendall's Spavin Cure' has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it, cured a horse of lameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ringbone was forming. I procured a bottle of Kendall's Spavin Cure and with less than a bottle cured him so that he is not lame, neither can the bunch be found.

Respectfully yours, P. N. GRANGER.

KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargement, such as spavins, splints, curbs, callous, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1 per bottle, or six bottles for $5. ALL DRUGGISTS have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & CO., Enosburgh Falls, Vermont.

Ayer's Cathartic Pills

For all the Purposes of a Family Physic,

CURING *Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach and Breath, Headache, Erysipelas, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumor and Salt Rheum, Worms, Gout, Neuralgia,* as a *Dinner Pill, and Purifying the Blood,* are the most universal purgative yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action, and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skilful physicians, most eminent clergymen, and our best citizens, lend certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take, and being purely vegetable, they are entirely harmless.

EVENING NEWS.

Monday, - - Sept. 18, 1882.

SUNDAY SERVICES.

The regular Sunday services of the Church of Jesus Christ of Latter-day Saints were held in the Tabernacle, on Sunday, commencing at 2 p. m.

The choir sang the hymn on the 22d page:

O, Jesus the giver,
Of all we enjoy,
Our lives ty thy honor
We wish to employ.

Prayer by Elder W. L. Binder.

The choir sang the hymn on the 53d page:

Sprit of faith come down,
Reveal the things of God, etc.

The Sacrament was administered by the Priesthood of the Twentieth Ward.

Elder T. B. Lewis said, the peculiarity of religious thought and sentiment in the Church of Jesus Christ of Latter-day Saints is much more marked than in any other system. All that is necessary for a man to know that this Gospel is the same as was preached anciently, is for him to believe in the Bible as it has been handed down to us, and then investigate it and compare its teachings with the teachings of our Elders. There are no new principles in this Gospel, they are the same as were taught to Isaac and Jacob, and the ancient Saints. There were times when this Gospel was not on the earth, but still the worshipping sentiment was so strong in mankind that they made forms of religion for themselves. But, there is and always was a power in this gospel which no man can make. The great principles contained in it are for the redemption of mankind from Adam down to the last soul who breathes upon this earth, and not only for a particular period of time, or set of people. When Jesus went from the earth He left His Gospel, with its various gifts, Apostles, Prophets, inspired men, etc. When Joseph Smith was raised up there was not a town in all America but had its church for the worship of God in. Then why the necessity for this work which Joseph Smith commenced? Probably he was looking for a Church established the same as the ancient Church, upon the rock of revelation. It is upon that ground that the Church was established and stands to-day. After Joseph Smith had made the discovery that there was no church on the earth containing the same principles and offices as the ancient church, he did not go to work and proclaim himself an Apostle, and build up a church of his own on this new idea he had conceived, but waited until the Lord sent His angels to him and restored the Everlasting Gospel to the earth. Some of the Christian ministers said that the canon of Scripture was full, and that there was to be no more revelation. The Apostle Paul tells us that these Prophets, Apostles and inspired men should remain in the Church until we had all come to to believe in the same baptism by immersion, to a unity of the faith, and a universal principal of repentance, and also that the Gospel is an everlasting Gospel. Therefore what was necessary in the Gospel anciently is necessary to-day. The Latter-day Saints are not here to rebel against the United States. They are here to worship God. This work is growing and in its growth we will work off the evil influences and make more room for the good. The speaker exhorted the Saints not to live for time but for eternity. Time is but short but eternity is endless. We and all people are in the hands of God for the accomplishment of his purposes, and that which is good will stand while that which is evil will be swept away. Our religion is to go forth and bear our testimony to the people of the earth that every kindred, tongue and people may hear the glorious sounds of the Gospel and have an opportunity of embracing it. We all have one common Father and we all want to gain His approbation. The speaker said, he could pray for every senator, every officer and every individual in the United States, that they may be able to do that which is right and just, that truth may reign and peace cover the whole earth.

Elder John Nicholson briefly addressed the congregation upon the fulfilment of prophecy in the establishment of the work of God in this age, and its peculiar situation at the present time.

The choir sang an anthem.

Benediction by Elder James Cummings.

PERSONAL EXPLANATION,

MADE BY HON. R. K. WILLIAMS, ON THE OPENING OF THE FIRST DISTRICT COURT, IN OGDEN CITY, SEPTEMBER 16TH, 1882.

If Your Honor please, I arise, in parliamentary parlance, to a privilege of question and personal explanation.

It has been made known to me that Your Honor suspects that in some manner I was connected with certain publications in some of the Salt Lake City newspapers, made in relation to the recent important cases and questions involving the legality of female suffrage in this Territory. I know that sometimes false reports are secretly made to the Judge of a Court for the purpose of affecting the professional status of a lawyer, but as secrecy itself is a badge of fraud, and as such means are too contemptible to be noticed by a gentleman, I have never condescended to inquire into such things.

This, however, is of a different character. It is true that the appearance here, last Monday, the day of opening the registration of voters for the November election, of Gov. Murray, Receiver of United States Land Office, Gen. Bane, the senior member of the distinguished law firm of Sutherland & McBride, and the rejection of the application for registration of a "Gentile" lady by the County Registrar, Major Stephens, and the suing out of a mandamus and immediate trial by an attorney of the "Liberal" or "Gentile" party, both counsel and parties belonging to the same party, hostile to female suffrage, and no lady applicant of the "People's," or "Mormon" party rejected, so as to make a test case in their behalf, excited much of unfavorable comment, and of strong suspicion of unfairness, and this was not a little enhanced by reports of boasts by prominent "Gentiles" that such measures had been determined on by the Governor as would set aside female suffrage.

In this state of affairs the People's party had taken measures to get up a test case in their behalf, to be presented and argued by their counsel. So I remained in court until the argument of the case of Mrs. Anderson vs. Registrar Stephens was closed, when I arose and asked your Honor to postpone any decision of the question, as I had another case involving this same question, affecting as it would a large class of voters and one of general interest, and wished to be heard on it as I thought I could present some additional and imposing reasons for the validity of female suffrage which had not been presented.

Your Honor at once remarked substantially that you had not given the question any thought, were unprepared to decide it and were entirely willing to hear any additional argument on either side.

It was then agreed to postpone further hearing on the question until Wednesday. And I have substantially and truthfully stated what did occur whenever I have had occasion to mention this subject.

I am in nowise connected with said publications, nor am I in any manner responsible for them. I did not know of them until on Wednesday night, after your Honor had granted the mandamus on Mrs. Gilbert's application against the deputy registrar at Brigham City, Box Elder County, Major Loveland. Hence, when your Honor said to me, on the said application, that some of the Salt Lake papers "had gone for the court and counsel" in the Mrs. Anderson case, I did not know the character of the article, or that my name was mentioned in them, but naturally supposed there would be unfavorable comments in the papers representing the People's party, as against the Governor, Receiver, Rrgistrar and counsel, but intended myself not to be connected with it in any manner, nor in any way implicated further than required by professional obligation.

So far as I know or am informed I feel sure that there is no just cause for any reflection on the integrity of the Courts or Board of United States Commissioners. Indeed, I may say that thus far the general impression is quite flattering as to this Board—that they have acted fairly and with a view of administering the law as they understood it. I have said this much as due both to Your Honor and to myself.

R. K. WILLIAMS.

P. S.—The argument was finally adjourned over to Salt Lake City to be argued with other cases, on Thursday, where it was fully ventilated before Chief Justice Hunter and Justice Emerson. R. K. V.

Lewis G. Folger, Esq., 25 Elizabath street, Cincinnati, says he was cured by St. Jacobs Oil of a severe attack of neuralgia in twenty minutes.

THE CASE
AGITATOR
Ahead of all Other Competitors!

—o—

SALT LAKE CITY,
August 12th, 1882.

J. W. Lowell, Esq.,

Dear Sir.—The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recommend it to any persons wishing to purchase a good Thresher.

Yours, etc.,
G. W. LUFKIN,
W. A. BARRON.

ASHLEY'S FORK,
UINTAH Co., Feb. 26th, 1882.

John W. Lowell,

Dear Sir.—The Agitator Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw to thresh and clean. We have run seven different kinds of machines, but this is the champion. The cleaning and the separating are perfect. We have not had a man find fault with it yet, and we believe that the people here will testify to our statement as being the truth. It comes as near being perfect as it is possible for a machine to be. We cannot tell you upon paper all its superior qualities or how much we think of it, but can say this, that could we not get another like it, no money would buy it.

Yours truly,
GEORGE BROWN,
S. J. CAMPBELL,
WM. P. REYNOLDS,
ROBERT BODILY.

CEDAR CITY, Sep. 23rd, 1881.

John W. Lowell,

Dear Sir.—Our machine, Agitator, is doing excellent work. Cleans the best and threshes faster than any Thresher we ever saw.

We remain,
CORRY & HUNTER.

LEHI, Utah County,
February 7th, 1882.

To John W. Lowell, Esq.,

Dear Sir.—As our opinions have often been asked about the merits of the Agitator Threshing Machine we purchased from you last fall, we take pleasure in sending you the following as our experience with it. To answer the numerous inquiries, and perhaps others who would like to know, we recommend the following points of superiority over all other machines we are acquainted with—

1st.—Lightness of draft. Our team of five span of average native horses and mules, being fully equal to the work, and without crowding or hurrying them, they gave us all the speed and power we needed.

2nd.—Thorough threshing and cleaning, and that *without extra effort* on our part; such a thing as the sieves being crowded or clogged, or requiring the attendance of one person at the tail end of machine having never occurred or been needed.

3rd.—Lightness of wear. After having threshed 18000 bushels of grain, lucern seed, etc., the general wear on the machine being scarcely perceptible.

4th.—Lightness of running expenses. By comparing notes with our friends of other machines, we find ours have not exceeded half of theirs.

We also consider the capacity for threshing in quantity, superior to other makes of machines. Although the farms here are small, necessitating a great deal of moving, and often to distant points, yet we threshed as high as 800 bushels per day.

We also consider the Straw Stacker, End Shake, Elevator principle and many other points are *all* worthy of notice and examination of any and all persons who may contemplate purchasing a machine.

A. J. EVANS,
M. T. WOODHOUSE,
H. M. ROYAL,
M. B. BUSHMAN.

I have helped wear out four machines of other kinds, and I heartily endorse all of the foregoing points.

A. D. RHODES, JR.

CEDAR CITY, March 18th, 1882.

Mr. J. W. Lowell.

We bought one of the J. I. Case 32 inch Agitator Threshers last year and consider it by far the best Thresher ever brought to this country. It runs very light, saves all the grain and is a very durable machine. We threshed grain at the rate 2½ bushels per minute.

Yours, etc.,
CORRY & HUNTER.

I also take the liberty to refer thresher men to the following reliable people who have purchased the Agitator Machines:
