

THE BIG FAIR TRAFFIC IS GOOD.

Utah and Vicinity Sending Their
Full Share to St.
Louis.

BUT GREAT RUSH IS TO COME.

Senator Bamberger and Family Leave
Today—Rock Island Increases Ser-
vice to Exposition.

The passenger departments of the lines running east out of this city are very well pleased with the showing made thus far in world's fair traffic. Neither line has more than 100 round trip tickets to St. Louis within the past month, although not all of these were purchased by Salt Lake. And to date the season has scarcely opened.

Every railroad in the country is making preparations for the great rush to the fair in September and October. Unquestionably, those months will furnish the finest weather of the period and, better still, the fair will be complete and at the zenith of its splendor. A number will arrange to leave here to attend on Utah day, Oct. 12.

The Short Line-Union Pacific started off the week this morning by making reservations to St. Louis for Senator and Mrs. Simon Bamberger and their son, Julian; George Y. Wallace, Jr., and Mrs. P. W. Madsen. Mr. Bamberger goes as a delegate to the Democratic National convention. He will spend his time between now and the date of the big gathering taking in the show and meeting fellow-delegates who may have come on the ground early.

An indication of what the railroads expect from now on is found in the announcement of the Rock Island that, beginning today, it will operate a through service to St. Louis from this city, using the Rio Grande on this end and the Chicago and Alton into the world's fair city. The new arrangement means two trains daily, each way.

VISIT OF MR. KING.

Former President of B. & O. to Inspect
Tonopah.

Thomas M. King of New York, former president of the Baltimore & Ohio, and E. H. Rushton, president of the Fourth Street National bank of Philadelphia, are distinguished members of a special car party that came in Saturday from the east and left yesterday for Tonopah. The main object of the visit of the capitalists is to inspect the conditions in and around the new Nevada bonanza. They will return this way within a few days.

Mr. King was a central figure in railroad circles of the nation until the labor troubles of 1877.

Garfield Beach "Butts In."

Old Garfield has "butted in" on the excursion season. Through the efforts of the San Pedro management, the resort has been fixed up temporarily, and next Friday evening the Masonic fraternity of all Utah will meet there for a grand reunion. The plan is to light the place from pinnacle to water level with Chinese lanterns and distribute other oriental decorations. The feature of the afternoon will be a ball game, and in the evening a grand ball will take place in the pavilion. It is said the bathing is good this year.

Didn't See the Derby.

Mr. Schumacher returned this morning from his eastern trip. He spent most of his time while away at Chicago, in conference with the Harriman officials on various matters concerning the traffic department of the Short Line. Mr. Schumacher did not stay over for the big derby because he could not spare the time. But thousands of others remained away from the race, he said, because they could not get the rule against betting. It is estimated in Chicago, made a difference in the attendance of about 50 per cent. The attendance was only 25,000. Chicago, according to Mr. Schumacher, is remarkably cool. An overcast in the evening is very comfortable.

LOWER COURT REVERSED.

Opinion from Supreme Bench Favors
Highland Boy.

The supreme court handed down an opinion this afternoon reversing the lower court in the case of John W. Meyers vs. the Highland Boy Gold Mining company. Meyers secured a judgment of \$1,000 for personal injuries received while working in the defendant's smelter. The opinion was written by Justice Baruch and concurred in by Justices Baskin, Judge McClarty dissenting. The majority of the court order a new trial of the case.

DRIVER INJURED.

Young Hugh Watson Meets With
Painful Accident in Ruawauy.

Hugh Watson, aged 24, son of Bishop James Watson of the Sixth ward, was badly injured this morning, by being thrown from his wagon. He was back of Anderson's store in south East Temple street, preparing to drive out on to Third South street, when the horse started. Watson tried to jump on the wagon, and catch the reins and stop the horse, when his foot slipped on the wheel and he was thrown to the ground. At the same moment another team drove by, and Watson was caught between the two. When he was rescued he was found to have sustained cuts and lacerations on the head, neck, arms and back, but no bones were broken. Mr. Watson was taken to his home, where Dr. Fisher is attending him.

FIFTEENTH WARD CHANGES

John W. Bowd Succeeds Edward T.
Ashton as Bishop.

At the regular meeting held in the Fifteenth ward last night, Edward T. Ashton, John W. Bowd and Jens M. Christensen, were released from their positions in the ward bishopric, and John W. Bowd was sustained as bishop, with Jens M. Christensen and Geo. S. Ashton as his counselors. The voting was unanimous.

The meeting was well attended and among those present were Presidents Joseph F. Smith and Anthony H. Lund, Stake President Nephi L. Morris and other prominent Church workers. In his remarks President Smith mentioned his return from Oregon, where he had been attending a conference of the Union stake. He reported conditions there

as flourishing and said that the influx of people to that region was so great that the bishops had refused to countenance those who came without recommendation. President Smith stated that in all probability the stake would be divided in the near future, as conditions demanded it.

President Lund spoke on the subject he dwelt upon at the stake conference, urging the Saints to settle their own differences as much as possible, so as not to burden the general authorities with matters that should receive but local consideration. There were also remarks by Stake President Morris and Edward T. Ashton, his second counselor.

After the meeting the visitors inspected the new buildings being erected for ward purposes, and were much delighted with the work under way. Especially pleased were they with the fireproof vault provided for ward records, which is perhaps among the first ever erected by any ward in the Church.

It is the purpose of the retiring bishopric to take the members of the ward choir on a cruise of the lake on Thursday in appreciation of their faithful services.

FIRST INFANTRY MAJOR.

Captain Grow Chosen to That Position
In the National Guard.

Captain Grow of the brigade staff has been elected major in the First Infantry. But the judge advocate, Col. Benner X. Smith, ruled the election off, as he held the law to mean that the election should have been by the regimental officers rather than by the officers of the battalion he was to command. He says that is the state law; consequently the election will have to be held over again. In other words, battalion officers are elected by their respective battalions; and it is held here that this is in accord with general equity. But according to the judge advocate, the law will have to be changed, if there are to be battalion elections.

OFFICIAL ADDRESS.

To the Latter-day Saints of the Old
Salt Lake Stake of Zion.

Salt Lake City, June 18, 1904. To the Latter-day Saints of the old Salt Lake stake of Zion:

In response to a universal desire among the Latter-day Saints of this city and vicinity that there should be a fitting public manifestation of their love and affection for the old Salt Lake Stake of Zion, a testimonial concert will be given in the Tabernacle on Friday, the 24th inst. A choice program will be rendered by the Tabernacle choir and organist and by a number of our most popular and talented artists. A nominal charge of 25 cents for persons over 14 years of age and of 10 cents under that age will be charged, in order to provide a fund for the purchase of suitable tokens of esteem.

Let the occasion be a grand popular demonstration. Anything short of an overflowing building will be inadequate either as an expression of the sentiments of the people, or as a tribute to the long, devoted, and intelligent services of the brethren named. Therefore, we urge all Saints to lay aside busy worldly matters and by their presence at the time and place mentioned render it a occasion worthy of the purpose in view.

Graciously and respectfully,

YOUR BROTHER,
ARNOLD SCHULTZ, ESQ.,
PHILIP B. MAYCOCK,
WM. MCCELLAN,
SILVESTER C. CANNON,
CHARLES H. HYDE,
EDWARD L. MORRIS,
GEORGE R. EMERY,

FAILED TO MAKE GOOD.

George C. Richards Arrested in Ogden
For Embezzlement.

(Special to the "News.") Ogden, June 20.—George C. Richards was arrested today on complaint of Robert C. Hillan, charged with embezzlement. Richards was employed by Hillan as a collector and it is alleged failed to turn over about \$250 which he had collected. He was arraigned, pleaded not guilty and his hearing set for Thursday.

Jack Buttermere was adjudged guilty of assault and battery for shooting Mrs. Garneau, a lodging house proprietress, down a staircase. He will be sentenced tomorrow.

Lewis Barrett, formerly of North Ogden and now of Menan, Idaho, met with a painful accident at the latter place yesterday. He was seated on his horse watching a ball game when a ball struck him in the face and knocked him off his horse, senseless. Mr. Barrett's nose was broken.

The Ogden Auto club took a run to Brigham City yesterday and was well entertained. E. P. Coleman of Idaho Falls, whose daughters are attending the Sacred Heart academy, gave the pupils of that institution a drive up Ogden canyon yesterday.

SEVERE KNOCK TO HALF-HOLIDAY.

Forty Salt Lake Merchants Vote
Together Against it
Today.

THEY WILL NOT CLOSE UP.

Views of the Hardware Men—R. K. Thomas' Idea of Holiday Effect
On Clerks.

There was a meeting this morning in the parlors of the Commercial club of about 40 local merchants, largely from the clothing and grocery stores, to take action on the proposition for general half-holiday each week by the business houses during the summer months. As the sentiment of the meeting was strongly against the weekly outing, it is considered doubtful if the half-holiday idea will prevail.

C. F. Mason was chosen chairman of the meeting, and J. Will Gray, secretary. J. P. Gardner stated that the meeting had been called to see whether the stores of the town should be closed Wednesday afternoon. As for himself, Mr. Gardner opposed the proposed half-holiday. C. A. Quigley was opposed, also, to closing, but was willing to do so if the meeting favored it. Mr. Martin declared he would not close anyway, and Charles Francis Adams registered his opposition to the scheme, as did C. H. Cutting, R. M. Gray said he would not close, even if others did. Mr. Wood was willing to close if the rest did. Mr. Crabbe, of Nicol & Crabbe, stated that he signed the petition to close with the understanding that unless the rest signed his name would not be used.

R. K. Thomas was against the closing. He said that when employees have a holiday, they generally use up three or four days of their employers' time talking over what happened during the holiday, and that a day's business loss is never regained. Mr. Gardner suggested that Mr. Bamberger give the miners a holiday on full pay, if he is so generous. Mr. Siegel was opposed to closing, and retail hardware men said that all the buildings under construction would have to stop for the time being; and the Salt Lake hardware management stated its unwillingness to close even if all the other stores closed. Mr. Mater, while opposed to closing, favored another meeting to talk about it. Mr. Gardner said that the Sunday law did not comprise one-fifth of the business houses in Salt Lake. The wholesale fruit houses opposed closing, and when the vote was put by Chairman Mason, the vote against closing was unanimous. Mr. Mason thought it would be a good idea to establish and make one day a holiday, and advertise it as such, for all time. It was then stated that the Commercial club was not responsible for the sentiments of the meeting. Adjournment was subject to the call of the chair.

OBLED FUNERAL.

Impressive Services, Strong Eulogies
And Many Floral Designs.

The funeral of John Frederick Obled took place today at the Ninth ward meetinghouse and was attended by a throng of friends and loved ones that filled the house to overflowing. The floral offerings were exceptionally numerous and beautiful. The ward choir, under the direction of A. M. Woolley, furnished the music. The solo, "Holy City," was sung by Miss Woolley. The opening prayer was by Elder Hamblin G. Park and the benediction by Patriarch John Smith. The speakers who eulogized the life of the deceased, were Elders Gustaf A. Ohlson, Charles H. Bassett, Andrew Jensen, M. S. Woolley, Charles Penrose, Joseph F. Smith, Anthony H. Lund, Angus M. Cannon and Bishop John W. West.

The outpouring of fellow workers and friends was a fitting tribute to Elder Obled's memory. Among those present were Seymour B. Young, Bishop George Romney, Pres. Knight of Ensign stake, President Maycock of Liberty stake and the ward bishopric.

Joseph E. Taylor conducted the funeral and burial.

BIG MUSICAL CALLED OF.

Reception for Dr. Stanley Postponed on
Account of Belated Train.

Owing to the failure of the Missouri Pacific train from St. Louis, to connect with the D. & R. G. at Pueblo, Dr. A. Stanley, professor of music in the University of Michigan, was unable to reach Salt Lake this morning, and consequently the great reception that was arranged for the distinguished instructor at the Commercial club tonight, has been postponed until after the lecture tomorrow night, and his cordial invitations to the reception are cordially invited to be present in the club parlors at that time, to greet the professor.

A great treat is promised for tomorrow evening, and there is evidence of a large attendance. Prof. McCellan is a very disappointed man at the inability of his former instructor to be present, but will give all the attention possible to the visitor tomorrow.

MORRIS FAMILY REUNION.

Committees Appointed and Date of Celebration Fixed for June 30.

There will be a big celebration of the Morris family at the residence of George M. Cannon on June 30. The preliminaries were agreed upon at a meeting held this morning. The session was presided over by Mayor R. P. Morris, who announced the appointment of the following committees, the first named in each case being chairman:

Invitation—Nephi L. Morris, Melvin C. Morris.
Program—R. P. Morris, George M. Cannon, Mrs. Belle Hawkins, George C. Morris, John P. Morris, John E. Hansen, Mrs. Jesse Badger, Mrs. Nyron Morris.
Refreshments—Miss Rebecca Morris, Miss Nellie Jones, Mrs. Selden I. Clawson, Mrs. Belle Morris Hawkins, Mrs. John E. Hansen, Mrs. Orvin Morris, Miss Emma Morris, M. Morris, Erson E. Morris, William Swan, E. M. Ashton, Mrs. George M. Cannon, and Mrs. Barbara M. Jones.

LIST OF MISSING BEING REDUCED.

Bodies of Five More Slocum Vic-
tims Found at Widely Sep-
arated Points.

DAMAGING FACTS DEVELOPED.

Life Preservers Were Rotten—Two
Corpses Found at Bottom of River
With Them On.

New York, June 20.—All along the East river from North Brother Island down to what are known as the Sunk-en Meadows, search was made today for bodies of unfortunates who lost their lives in the disaster to the excursion steamer General Slocum last Wednesday. Although more than 330 bodies had been recovered last night, reports from the first few minutes' work today added five more to the total. These were found at widely separated points and the searchers were of the opinion that before the day ended the list of missing would be considerably decreased. They believe that the big steamers and other craft will stir up the water as to cause bodies lying along the bed of the river to rise to the surface.

HULL RESTS ON ROCKS.

Wreckers at work on the wreck of the Slocum today encountered new difficulties. They were at work about the hull of the sunken steamer when they found that instead of the hull resting in mud as they thought, it rested on rocks which were never known to exist. This, they say, will delay the work somewhat.

MANY BODIES FOUND.

One diver reports that at a depth of 95 feet he has discovered a large hollow where he says there are a great many bodies.

More than 200 witnesses had been summoned to appear at the inquest, which was scheduled to begin before Coroner Berry today. It also was planned to have present an assistant United States district attorney and a stenographer with instructions from the department of justice to take down all testimony offered. As fast as the notes are transcribed, the evidence will be examined by United States District Attorney Burnett, who will in turn forward the evidence, together with his opinion thereon, to the department.

"If the evidence warrants it," said Gen. Burnett today, "I shall not wait until the end of the inquest before moving in the matter. If the evidence is strong enough the federal grand jury will be considering certain phases of the case before the inquest has closed."

In addition to the interest which the department of justice was taking in the inquest, H. K. Smith, the legal representative of Secy. Cortelyou, of the department of commerce and labor, was under instructions to keep that department thoroughly advised as the inquest progressed.

LIFE PRESERVERS ROTTEN.

It was expected that striking facts would be adduced at the inquest for an addition to the proof that the life preservers were rotten, that the fire hose burst, that the life boats would not work, and that the life rafts were so fastened to the decks that they could not be moved. Coroner Berry was said to have evidence that many of the ring preservers were so heavy that they sank like lead.

Two bodies were found on the bottom of the river with these ring preservers around them.

THE FATHER SUICIDES.

A resident of Jersey City, named Workman, lost two daughters and a son in the disaster, returned home last night after having visited the scene of the wreck and after attending memorial services during the day and blew out his brains with a revolver.

The coroner's jury was quickly secured. President Barnaby, of the Knickerbocker Steamboat company, owner of the General Slocum, was the first witness called from him it was learned that the actual operation of the steamer was under Capt. Van Schaick, who received his instructions from Capt. Pease. On application of the latter he sent an inspection of the Slocum was made by the United States authorities before she was put in commission this year, saying "It was reported to us that the Slocum was in thorough good order and working condition." The certificate of a United States inspector was placed in evidence. It certified that May 7, 1904, the General Slocum was in good condition, and that it had aboard 2,555 life preservers.

A GENUINE WILD WEST SHOW

Zach Mulhall Shoots Three Men
At Entrance to Wild West
Show on the Pike.

ONE AN INNOCENT BYSTANDER.

He Will Die—Trouble Was Culmina-
tion of Quarrel Over Question of
Authority.

St. Louis, June 18.—Zach Mulhall, livestock agent of the St. Louis & San Francisco railroad, tonight shot three men in front of the entrance to the Wild West show on the Pike at the world's fair. One of them, an innocent bystander named Ernest Morgan, the doctors say will die. He was shot in the abdomen. The other men are Frank Reed, boss hostler of the Wild West show, and Johnny Murrah, one of the cowboys. They are being cared for at the emergency hospital on the world's fair grounds.

Morgan lives in St. Louis and is 18 years old. Frank Reed, who is 50 years old, was shot in the arm and the right side of the neck. Murrah, aged 25 years, was shot in the abdomen.

The shooting was the culmination of trouble between Mulhall and Frank Reed over the question of authority. The shooting occurred at the entrance of the show just at the conclusion of a performance, while the Pike was crowded with people and great excitement was caused. Mulhall was locked up and bail was refused.

There has been trouble for some time between Mulhall and Reed. The latter says it is because Mulhall tried to run things, although he was only an employee like Reed. Last week Mulhall had Reed arrested on the charge of disturbing the peace, and Reed was fined \$50.

Yesterday afternoon, according to Reed, he received word that some horses which had gone astray had been taken up in St. Louis county, and he went out to get them. He took California Jack Roberts with him over the protest of Mulhall, who did not want Roberts to go.

After they returned Mulhall went to the stable and noticed that one of the horses had been used, asked Reed what he had been doing with the horse. Reed told him that he had ridden the horse when he went after the strays. Two additional shots fired at Mulhall, a bitter quarrel followed, in which Mulhall pulled his gun and threatened to shoot Reed. The latter not being armed, he desisted.

Tonight at the conclusion of the Wild West show, Mulhall met Reed as he was emerging from the show. Mulhall pulled his revolver, but before he could use it Murrah attempted to take it away. In the scuffle the weapon went off and Murrah was wounded. Mulhall then fired point blank at Reed, the first shot striking him in the arm, the second grazed his neck and hit Morgan. Two additional shots fired at Mulhall went wild. Mulhall then ran into another place enclosure, where he was arrested. Mulhall is in custody, previous to running away, he had his gun at the disposal of the show, but did not shoot.

SCHOOL BOARD MEETING.

Funds for High School Site—Resigna-
tion of Young—Possible Successor.

The board of education will be in session at 4 o'clock this afternoon to discuss the matter of raising the sum of \$50,000 with which to make the last payment to the state on the purchase of the old university, now the high school.

At this meeting it is thought that the resignation of B. S. Young, member from the Fourth, who is about to remove to Raymond, Idaho, must be associated with him, and accepted. It is probable, too, that the question of his successor will be taken up. Mr. Young, by right of precedent, might have named his successor, but when seen this afternoon, he declared that he had no intention even of suggesting a name.

MEETING OF POSTMASTERS.

The First Regular Session Will be
Held at Provo Next Month.

Postmaster Clove of Provo, who is president of the Utah Postmasters association, organized last April, is in the city today arranging some details with regard to the first regular meeting of that organization, which will take place July 20 and 21 at Provo.

The events promises to be of unusual interest. Invitations to be present have been accepted by Senators Kearns and Smoot and Congressman Howell R. F. Lawson of Edgemoor, Ill., president of the national association of postmasters of the second and third class, and publisher of the American Postmaster, will be in attendance, as will Secy. Hopkins of St. Clair, Mich., who is publisher of the Postmaster Everywhere. Both will make addresses with the intention of furthering the interests of the newly organized Utah auxiliary.

Mr. Clove has arranged for transportation for the state postmasters on the certificate plan, which will be a rate of one fare and one-fifth for the round trip.
