PRICE OF GOLD.

Consolidated by BANK OF DENVER.
SALT LAKE CITY, APRIL 25, 1872.
DAILY AT 10 A.M. SALT LAKE CITY.

LOCAL AND OTHER MATTERS.

THEATRE.—Last evening Mrs. F. M. Bates appeared as "Elizabeth, Queen of England," in the well known play of that name, a character which she sustained with decided ability and success. Mr. Bates, also, as "Robert, Earl of Essex," showed himself a competent and effective actor, winning the good opinion of the audience.

For this evening a very enticing programme is offered, on the occasion of Mrs. Bates' benefit, consisting of the beautiful drama of "The Secret of a Life," or "Adrienne's Trials," and the sparkling comedy of "The Conjugal Lesson." "Adrienne's Trials," and Mr. Bates' "Earl of Essex," and in the last Mrs. Bates will appear as "Mrs. Simon Lullaby." A bill promising enough surely.

CONTRACTED.—We find the following in the A. and P. Tel. dispatches in the Golden Junction:

The following dispatch was received in Washington last night:

SALT LAKE CITY, April 20.—To the Hon. W. H. Hooper, M. C.: The infamous insinuations which have been directed against the Associated Press. There has been no excitement over the decision of the U. S. Supreme Court, as all the citizens here know the aim of the Press Agency is to create excitement, or make it appear to exist, to provoke Congressional action.

Signers:

Thomas P. Akers, Theodore B. Tracy, John Wiggins, J. O. Gordon, M. M. Durrell, Wm. C. Campbell, Geo. W. Whitely, A. W. Nichols, S. A. Mann.

None of the signers are Mormons.

MARRIAGE CASE.—A petition for annulment was filed by Brigham Young, Sen., was heard yesterday before his honor Judge Elias Smith, in the Probate court of this county, Territorial Attorney Z. Snow appearing for the petitioner, and Messrs. J. L. High, Assistant U. S. Attorney, and J. K. Gilchrist, against Mr. High presented a plea to the jurisdiction of the Probate Court, and Mr. Snow entered a demurrer to the plea, which was then argued, and the demurrer was sustained. Return was made to the writ, and the Court adjourned until 10 o'clock this morning.

The case was resumed this morning before his honor Judge Smith. Mr. Snow, petitioner's counsel, opened the proceedings by reading the answer of Mr. Patrick's counsel, and also the reasons of petitioner's counsel why his release should be granted.

The return showed that Mr. Patrick held the prisoner by virtue of a writ, of which the following is a copy:

"Territory of Utah,
Salt Lake County, U. T.

"The people of the United States in the Territory of Utah, to M. T. Patrick, U. S. Marshal, of Utah Territory, greeting:

"Whereas the grand jury of the Third Judicial District of Utah has returned an indictment to the Third District Court of the Territory of Utah, against Brigham Young, Sen., Daniel H. Wells, Hosea Stout, W. A. Hickman, and Joseph A. Young, charging them with the murder of one Richard Yates, on the 15th day of November, A. D. 1857, feloniously, wilfully, deliberately, premeditatedly and with malice aforethought, killing and murdering one Richard Yates, contrary to the form of the Statute of Utah in such case made, and provided, and against the peace and dignity of the people of the United States in the Territory of Utah.

These are therefore to command you to take the said Brigham Young, Sen., Daniel H. Wells, Hosea Stout, W. A. Hickman, and Joseph A. Young, if they can be found in said Territory, and them safely keep, so that you have their bodies before the court aforesaid forthwith, to answer said indictment, and to deal with according to law.

In testimony whereof I hereunto set my hand, and the seal of said court, this 25th day of October, in the year of our Lord 1871.

Signed, J. B. McKINNA, Chief Justice, etc., Judge of the Third Judicial District of said Territory.

[S. Seal of Third Judicial District Court of Utah.]

Petitioner's reasons, as set forth by his counsel, why he should be discharged, were as follows:

"1st. It appears from the return made by Mr. Patrick, through his counsel, that the supposed writ is void on its face, it not being such a writ as is authorized by law to be issued in any event whatever.

"2d. The people of the United States in the Territory of Utah have no authority whatever to command the United States Marshal to execute the processes of its courts; to execute the processes of its courts; to hold the said Young in confinement for want of power in the judge to issue it.

"3d. The writ being void for want of power in the judge to issue it, cannot be received for evidence of the supposed facts therein stated. Void things are as no things.

"4th. But if in this we are mistaken, then it does not appear that the District Court of the Third Judicial District of the Territory of Utah had jurisdiction of the supposed murder, because it does not appear that said murder was committed within the limits of the Third Judicial District of the Territory.

Mr. Snow supported these several propositions in a brief argument.

Messrs. Gilchrist and High, counsel for Mr. Patrick, replied, at some length, the chief points he sought to establish, being that the United States Marshal was the executive officer of the district courts of the Territory, and that having authority by those courts, the probate court, being a court of inferior jurisdiction, could not question that it was also incompetent to question the regularity or irregularity of proceedings in courts of superior jurisdiction, or to correct their proceedings and decisions.

Authorities were quoted to sustain these and other points adduced by the counsel against the petitioner.

In reference to writs of Habeas corpus, Mr. High quoted from a unanimous decision of the Supreme Court of the United States, delivered by Justice Swayne, in which the United States Marshal was held to be authorized to issue writs of Habeas corpus, and where such facts appeared on the application for the writ, the Court to whom the application is made should release him from custody.

This afternoon Mr. Snow concluded the argument, and the ruling of the court was that the prisoner be discharged from custody and go hence without danger.

Deputy U. S. Attorney High gave notice of exception to the ruling of the court, and that they should probably remove the prisoner on a writ of certiorari for review to the District Court.

In conclusion Mr. Gilchrist, one of Mr. Patrick's counsel, said: "If your honor please, that we may be distinctly understood in the matter, I desire to say to your honor that we in submission to your honor's decision, but we protest, in the name of the government of the United States, to the exercise of this direction; and at the proper time, in the proper way, and before the proper tribunal, we expect to have this question adjudicated.

The Court then adjourned.

DEPART TELEGRAPH OFFICE.—The Denver Telegraph Company are now fairly established and ready for business in their new and commodious office in Woodman's building, next door north of Wells, Fargo and Co's. The growth of the Denver Telegraph Company's business has been very rapid, and it is expected that the company now carries the Utah telegraphic business for the U. P., C. F., U. C.,

U. S., and U. N. railroads, it is in constant communication with all parts of the world.

PAPERS AND PERIODICALS.—Before us are "Moore's Rural New Yorker," a capital agricultural and family weekly; the "London Mining Journal," of high value to those interested in mining; "Peters Musical Monthly" for May, a beautiful journal for the lovers of music; and that famous daily paper, the "London Times," all of which can be obtained at Dryer's Salt Lake News Depot.

Special Notices.

OILS AND GREASE.—We would call the attention of Mill and Railroad Men and Manufacturers to the advertisement, in the present issue, of the Deseret Fertilizing and Manufacturing Company, for the manufacture of all kinds of Lubricating Oils and Grease. It is a new firm just started in this city, Geo. Chase being superintendent of the same, and we have no doubt from his experience in this branch of business that it will be a success. We have often been surprised at the quantity of oil and grease used in the factory of this kind had not been started before, seeing the great waste of material constantly wasted, from such oils and grease could be extracted, and the residue made into a fertilizer for the earth.

Before purchasing elsewhere, give the firm a call and examine their specimen.
