REMEMBRANCE OF THE DEAD
 JOHN LYON.

Let the dead in their life-virtue arise
 In the minds of their friends to their God,—
 While our love, and our sympathy lies
 With the body that rests in the sod,
 Till the Savior shall come to make earth his
 home,
 And reign with the righteous in bliss.

Let the dead, in their life-virtue arise
 In our minds, but to hope, and revere,
 That their spirits have gone to the skies
 While we are on trial still here.
 Till the Savior shall come to make earth his
 home,
 To reign with the righteous in bliss.

Let the dead in their life-virtue arise,
 While their absence is pregnant with gloom
 Seen by grief through our tear-stricken eyes,
 To the day-break, that 'll burst the dull
 tomb,
 Till the Savior shall come to make earth his
 home,
 To reign with the righteous in bliss.

FEMALE SOCIETY.—What is it that makes all those men who associate with women superior to others who do not? What makes that woman who is accustomed and at ease in the society of men superior to her sex in general? Solely because they are in the habit of free continued conversation with the other sex. Women in this way lose their frivolity, their faculties awaken, their delicacies and peculiarities and unfold all their beauty and captivations in the spirit of intellectual rivalry. And the men lose their pedantic, rude, declamatory, or sullen manner. The coin of the understanding and the heart changes continually. Their asperities are rubbed off, their better materials polished and brightened, and their richness, like the gold, is wrought into finer workmanship by the fingers of women than it ever could be by those of men. The iron and steel of their characters are hidden, like the character and armor of a giant, by stuffs and knots of gold and precious stones, when they are not wanted in actual warfare.

A GREAT TREE-PLANTING CONTRACT—Mr. S. T. Kelsey, of Pomona, Kansas, is certainly the king of American tree-planters. Besides the immense plantations he has made at Ottawa and at Pomona, amounting to many thousands of acres, which have before been spoken of in these columns, he has a contract with the Atchison, Topeka & Santa Fe Railroad Co. to plant along the line of its road one quarter section every ten miles from Atchison, the west line of the State, the distance being in the neighborhood of three hundred miles. He has eight years in which to accomplish the work. Mr. Kelsey is to furnish the stock, plant and care for it. For his services the road deeds to him a section of land at each point of planting, the one quarter section to form a part of it, and to be his property. While this, in time, will be a fortune for Mr. Kelsey, the railroad will be the greatest gainer by the enterprise, for it will add millions to the value of its remaining lands. It will also be a blessing to the whole country of the great plains in demonstrating, if successful, what variety of trees do best upon it, the period necessary to produce a remunerative forest, the increased value of farms having timber lots, and the best methods of planting and cultivating forest trees. It will stimulate the thousands who are settling up the plains to beautify and develop the resources of that immense country, and make it an attractive and inviting dwelling place.—*Ex.*

Are Indorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are a SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs little to give them a fair trial, and

Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country:
 ST. LOUIS, July, 1870.—JAMES A. JACKSON & CO., Gentlemen—As you have communicated to the medical profession the recipe of the "Home Bitters," it can not therefore be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.

 U. S. MARINE HOSPITAL, ST. LOUIS, MO., Oct. 8, 1870.—JAS. A. JACKSON & Co.; I have examined the formula for making the "Home Bitters," and used them in the Hospital for the last four months. I consider them the most valuable tonic and stimulant now in use.
 ST. LOUIS, July 6, 1870.—JAS. A. JACKSON & Co.; Having examined the formula from which your celebrated "Stomach Bitters" are prepared, and having witnessed the method of combining the different ingredients, we can safely recommend them as the best tonic with which we are acquainted. From the great care with which they are compounded, and from the choice materials which enter into them, we have no doubt that they will prove, as they deserve to be, the most popular tonic and stimulant in use. Respectfully yours,

We cheerfully concur with every word contained in the above testimonial.
