HOLDUPS HELD FOR TRIAL.

Boggs, the Alleged Counterfeiter, Must Answer Before Federal Court.

SUNDAY SCHOOL CONFERENCE.

Henry Reid Found in a Vacant Lot Badly Battered—New Democratic Paper.

The preliminary hearing of Gus Smith and Harry Campbell, charged with assault with intent to commit robbery, was held yesterday afternoon before Judge Howell. The principal witness for the prosecution was John Owens, who testified that on the evening of Sept. 17 he was held up by two men, one of them holding a gun; that the holdup took place down near the Rio Grande gas place down near the depot yards. That he held up his hands and backed towards the track, where a switch engine was standing, and the holdups, seeing the engine, ran away without getting anything from Owens. The next day he saw the defendants in the depot yards and identified them. He also positively identified the defendants yesterday in the courtroom as the men who held him up.

Officers Herrick and Vance who made the arrest with Officer Elam, testified to arresting the men down in the brush near Ogden river the next day after the holdup. The defendants can give very poor account of their actions and whereabouts during the night of the holdup. The court held from the testimony that there was sufficient cause to hold the defendants to the district court and fixed their bond at \$500 each.

BOGGS, THE ALLEGED COUNTERFEITER.

The United States officials have taken up the case against Richard Boggs, the alleged counterfeiter, and will prosecute him in the federal court. United States Marshal Heywood came to Ogden and spent the greater part of the day investigating the testimony in the case, and decided that the man shall be prosecuted on the charge of passing counterfeit money. He was turned over to Sheriff Bailey for safe keeping and will have his preliminary hearing Saturday morning at 10 o'clock before United States Commissioner Thomas Maloney.

Boggs is the man arrested a few days ago by the police, for having passed some counterfeit coins at a restaurant to pay for a meal, and several other holdups. He has confessed to passing the worthless money, but claims that another man named Bryan was the real counterfeiter and gave him the money.

"WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH"

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

SCROFULA, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

RHEUMATISM is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

CATARRH is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

CONTAGIOUS BLOOD POISON is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

CANCEROUS ULCERS and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution. S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

THE GENUINE VS. COUNTERFEITS.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by all druggists.

Compromising Assault Cases—Large Attendance in B. V. University.

Special Correspondence.

Provo, Utah, Sept. 24.—G. Teucher at charged with assaulting Hyrum Heisel in Provo canyon were before Justice Noon last evening and entered a plea of not guilty. Their hearing was set for Saturday at 10 o'clock. Mr. Heisel, the complaining witness, is in considerable trouble over the case. He wants to drop the matter, and he claims that he does not want to appear against the defendants because if he does, they and other men working for the power company, so he says, will swear out complaints against him for selling liquor without a license at his place in Provo canyon, which he claims he has not done since he was fined for the offense some weeks ago.

WEDDING BELLS.

The following candidates for matrimony have received marriage licenses: Alma V. Wheeler, 21, of Springfield, and Dorothy M. Stoker, 21, of Spanish Fork.

COMES TO SALT LAKE.

Hausen, of baseball fame, left here this morning for Salt Lake, presumably to again become catcher for that team.

Funeral of Mrs. Blanchard—Program of Y. L. M. I. A. Convention.

Special Correspondence.

Logan, Cache Co., Sept. 22.—William Moore, a well known resident of Millville, died there last Sunday of heart failure. He was aged 67 years, and was a miner of early days. He leaves no family.

George Anderson, son of Mr. and Mrs. Andrew Anderson, is lying very ill at Brigham City with typhoid fever. The mother of the young man is at his bedside.

Bishop C. J. Larsen writes that he was to sail for home from Europe on Sept. 10. He will reach Logan about Oct. 1.

Messrs. Moses Johnson and T. H. Cutler, the talented and energetic and Alma of Corianton, are preparing to make a tour with a new version of that play.

The funeral service over the remains of the late Mrs. Ephraim Blanchard was held in the Second ward meeting-house last Sunday. The speakers were Elders William Athay and Melvin J. Ballard, both of whom paid a glowing tribute to the worth of the deceased. Mrs. Blanchard was a native of Logan, had lived here all her life, and had made a wide circle of friends who mourn her untimely demise. Her father, the late David Davis, and her mother preceded her to the grave by some years. The infant of the deceased, aged a few days, died Sunday and was buried beside its mother.

AGREEMENT RATIFIED.

A special meeting of the Logan city council was held Monday evening, at which the agreement with the telephone company was ratified. The agreement provides that the city and company shall construct and maintain a line of poles in Logan 35 feet high, with necessary crossarms, etc.

CACHE COUNTY REGISTRARS.

The Cache county court met in special session Tuesday, all members being present.

By motion it was decided to give districts No. 1, 2, 3 and 4 to the Democratic party and the other six to the Republican party, in the matter of registrars for the coming election. The following registrars were then appointed:

Logan—1, Heber Carlisle; 2, Alma Johnson; 3, D. D. Davis; 4, Richard Yeates; 5, Cyrus Jones; 6, C. V. Hanterson; 7, John D. Phillips; 8, Alice Smith; 9, Hugh Hanterson; 10, John P. Carlisle.

A number of registrars in other cities were then removed and the following appointed:

Providence—Adeline Theurer, Newton—J. N. Hansen, Wellsville—J. M. Smurthwaite, 2, Mr. F. P. Phillips.

Court then adjourned.

It is learned on good authority that negotiations are pending looking to the adjustment of the difficulties between the two sugar factories in the county. The expectation is that the Lewiston factory will be pushed to completion in time for next year's run.

FARMINGTON.

PROMOTERS WANT MORE TIME

Salt Lake and Brigham Electric Railway Co. Can't Buy Rails.

Special Correspondence.

Farmington, Davis Co., Sept. 22.—The board of county commissioners of this county were in session today, several minor routine matters were attended to. Messrs. McCarron and Gibbs representing the proposed Salt Lake and Brigham City Electric Railway company, appeared before the board and asked that they be granted until March, 1905, in which to accept their franchise over Davis county roads and in which to commence work; they gave as a reason the fact that it had been impossible to obtain rails and other supplies. The matter was taken under advisement.

Mr. and Mrs. McRae have also been blessed with a baby girl, born Sept. 10.

HYRUM.

STAKE CONFERENCE.

Church Affairs Reported to be in Excellent Condition.

Special Correspondence.

Hyrum, Cache Co., Sept. 22.—Taking into consideration the busy season of the community it can be truly stated that all four sessions of the conference just ended had a splendid attendance from all the wards of the stake. One very prominent feature of the occasion was the spirited testimonies given by all the speakers in support of the latter-day work in general and the divinity of the mission of Joseph Smith, the Prophet, in particular. The conference convened on the 20th inst., at 10 a. m., in the stake building. Elder George Teasdale of the quorum of the Twelve, Elder Orson Smith, President Wm. C. Parkinson and Counselor P. H. Pickett and Thorenson were present. In his verbal report, President Parkinson stated that the presidency and High Council had met on the 20th day of the stake since the last conference; that the bishops of the different wards had acted as missionaries in the stake every alternate Sunday during the quarter just ended;

that all the organizations were complete; that he considered the stake as a whole up to the average standing with simple room for improvement; that four meetings were under construction and others under improvement, all of which extra labor and expense make the people very busy. The reports given by the bishops and other representatives of the stake were in harmony with President Parkinson's report. The many timely and valuable remarks given by the brethren in general, and by Elder Teasdale in particular during the conference were highly appreciated by the assembled Saints and will be long remembered.

A conference of the Improvement associations was held on the evening of the 20th. It was attended by the superintendents and officers of the various organizations of the stake, the stake presidency and a large congregation of young people.

The stake choir rendered appropriate music at all the above mentioned gatherings and was complimented highly by the leading elders and others for its efficient and inspiring renditions.
