

"TEDDY WHACK" CLEVERLY CAUGHT

Was Informed Upon by a Booster
and Unsuspectingly Trapped.

SORROW IN GREEN LIGHT.

Officer Brown Conducted the Raid
Under Instruction of Chief Hilton
and Carried It Out Successfully.

For some time past it has been asserted with a good deal of persistency that gambling was going on in this city. The police said but little about it. The police said but little about it. The police said but little about it.

The place raided is known as the "Green Light." It was a small building, the officers by a tip to the effect that game was being played. Chief Hilton detailed Officer J. D. Brown to work on the case. He is not very well known as an officer. He learned that P. W. Evans, a tailor, possessed the secret of getting into the house, and he went to the house and took Evans with him. Evans was dressed in civilian clothes, and he was taken to the police station and placed in the "lock-out" after giving numerous signals, and finally landed him up against the real thing. The police said but little about it.

SUMMIT CONFERENCE.

State Authorities and High Council
Members Sustained.

(Special to the "News.")
Kamas, May 6.—The quarterly conference of the reorganized Summit Stake was held here yesterday and the following officers were sustained:

MURDOCH STAYS.

Chief of Bureau Has No Intention of
Removing Him.

Station Director Murdoch today received the following dispatch from the chief of the weather bureau at Washington:

TOMATO OUTLOOK.

William Craig Says It Is Not So Promising This Year.

According to William Craig, general manager of the Salt Lake Valley Canning company, who came to town today on business, the outlook for a heavy tomato crop this year is not of the brightest. "In the first place," he said, "the farmers are short on acreage, for they have not begun to plant as many tomatoes this year as they have done in the past, and then we have so much left over from last year that the market does not look as though it will be very good this year. I should say that there were over 100,000 cases of canned goods left over from last season. This means some 6,000,000 pounds or close upon 200 cars of freight for the railroads. Unless we can get some outlet for our trade I do not know what is going to happen to the industry for under present conditions the canning business is overburdened in Utah. Last week I sold 5,000 cases of last year's goods and I estimate that I lost fully \$3,000 by the deal. In spite of this condition I believe that to buy tomatoes at the present prices would be a good speculation."

FEDERAL COURT ADJOURNED.

The federal court was in session for a few moments this morning. Today is the statutory time for the opening of the May term of the court. However Judge Marshall is still holding court in St. Louis and sent an order to Marshall Miller to adjourn the court here until June 3rd, which was done this morning.

BROWN CASE CONTINUED.

Arguments for New Trial Will be
Heard Tomorrow.

Charles Brown, the man who, on Saturday afternoon, was convicted by a jury on the charge of taking indecent liberties with a number of little girls, was taken before Judge Timmony this afternoon to receive sentence. The court announced, however, that a motion for a new trial had been made and the case would go over until tomorrow at 2 p. m. when arguments would be heard. Brown's wife, who has been quite ill, was in court with her husband.

GOING TO SAN FRANCISCO.

Mr. Willis T. Beardsley, proprietor of Beardsley's Tavern, the splendid restaurant which has for the past few

months waited upon the best tastes of Salt Lake, is announcing his intention to dispose of his business here and identifying himself with the busy world of San Francisco. Mr. Beardsley is a favorite in Salt Lake and has a big crowd of friends who will wish him success in any undertaking he may essay.

LAND ENTRIES.

Original entry. May 1, 1901.
Robert A. Jones, Henefor; 146.39 acres; section 10, township 2 north; range 4 east.
Martin Anderson, Fillmore; 160 acres; sections 27 and 28, township 20 south, range 4 east.
Raymond Cox, Orangeville; 160 acres; sections 23 and 24, township 18 south, range 7 east.
Orion A. Farnham, Woodside; 80 acres; section 25, township 17 south; range 13 east.
Henry L. Southworth, Provo; 160 acres; section 13; township 11 south, range 6 east.

Final entry. May 1, 1901.
Invaly Olsen, Petersen; 160 acres; section 12, township 4 north, range 1 east.
Orson C. Aldred, Spring City; 80 acres; section 33, township 15 south, range 4 east.
Parley P. Peterson, Ephraim; 160 acres; sections 25 and 35, township 17 south, range 3 east.
Franklin W. Cowley, Venice; 40 acres; section 14, township 23 south, range 2 west.

King Lewis, Vernal; 158.38 acres; section 7, township 5 south, range 22 east.
Hyrum Farnsworth, Gunnison; 160 acres; section 28, township 19 south, range 1 west.

CHURCH NEWS.

Y. M. C. A. MEETING.

The regular monthly meeting of the Y. M. C. A. of Salt Lake, will be held in the L. D. S. college lecture hall, Wednesday evening, May 10, at 7:30 o'clock. Dr. J. M. Tanner will deliver a lecture, subject, "The Chinese Question." There will also be an excellent musical program rendered. All officers and members of both the Y. M. C. A. and Y. L. M. I. A. are invited to be present.

WARD ENTERTAINMENTS.

Beginning with tomorrow afternoon the ladies of the Sixteenth ward will hold a fair and bazaar in the meeting house, and will continue it open on that evening and on the afternoons and evenings of Wednesday and Friday. The ladies have the welfare of the ward at heart and are holding this fair for the purpose of securing funds to help in the improvement of the ward in all respects. They have been assiduous in their efforts and the artistic cleverness of the booths and decorations does much credit to their sense of the harmonious. The promoters of the fair say that if their neighbors in other parts of town would like to visit them the west First South street car will bring them to the door.

PERSONALS.

Rev. Dr. Sheldon Jackson, United States commissioner of education for Alaska and the principal patron of the Sheldon Jackson college in Fairbanks, is in Salt Lake for a few days' visit prior to leaving for the west. He expects to sail from Seattle for Alaska on May 10th, and will make a tour of inspection of the education and religious establishments there, during the next six months.

Spring Medicine

Is of the greatest importance. This is the most critical season of the year, from a health standpoint.

It is the time when you imperatively need Hood's Sarsaparilla.

It will give you a good appetite, purify and enrich your blood, build up and steady your nerves, overcome that tired feeling, give mental and digestive strength—in short, will vitalize your whole being, and put you in perfect health.

Don't delay taking it.

Don't experiment with others. Get that which trial and test have proved the best—

HOOD'S Sarsaparilla

Best for Spring—"I have taken Hood's Sarsaparilla when needed for several years and would not be without it in the house. It is an excellent medicine and I heartily recommend its use in the spring and at any time when a blood purifier and tonic is needed." Mrs. F. M. Foor, 21 Irving Place, Passaic, N. J.

Spring Fever—"I have taken Hood's Sarsaparilla for my spring medicine for years and have always found it reliable and giving perfect satisfaction. In the spring it takes away that tired feeling or spring fever, gives energy and puts the blood in good condition." Miss Ervin Colman, 1335 10th Street, N. W., Washington, D. C.

The case of Charles A. Armstrong vs the Overland Mining company has been

MUNYON'S WITCH HAZEL SOAP
BEST TOILET SOAP MADE
MAKES THE SKIN SOFT AS VELVET
Heals, Softens, Beautifies, Transforms.
CURES ALL SKIN DISEASES

I want every person who desires a perfect toilet soap or suffers with rough skin or any skin irritation to try my Witch Hazel Soap. I know that it will cure chapped hands and lips in a night. I know it will soften the roughest skin. I know it will improve any complexion. I want every person who has a scratch, a wound, or a sore of any kind to use this soap, and notice how quickly it soothes, heals and cures. People who are troubled with pimples, blackheads or eczema will find this soap a great blessing. I want every body who has a low delicate or sensitive skin to try it, for I guarantee that it will improve any complexion, no matter how fair. To those who suffer with dandruff or any scalp disease, I most urgently advise the use of the soap. It will not only strengthen the growth of the hair, but will positively cure dandruff and all scalp diseases. It removes disagreeable odors from the body and keeps the skin in a healthy condition. To every mother in the land I most emphatically recommend this article for her baby. If the little one is suffering with prickly heat, hives, chafing or rash of any sort, don't fail to bathe it in this soap. It will give almost immediate relief. In fact, I have never known it to fail. I repeat, I want the public to give this soap a thorough test, and I am positive they will agree with me that it is the best toilet soap ever made.

and Centerville, Mrs. Brown's former home.

Logan Nation: Mrs. Isaac A. Clayton of Salt Lake City is visiting in Logan, the guest of Mr. and Mrs. G. Fred Wright.

Logan Nation: Mrs. J. W. Hyde is in Salt Lake, having been called there by the serious illness of her mother, Mrs. Joseph Kimball.

Mrs. E. F. Snyder, Studio 516 Templeton Building, Water Colors and China Painting. Original designs and studies from nature.

HOTEL ARRIVALS.

The following guests were registered at the hotel at 3 o'clock today:
Knutson—Henry Knutson, Mr. Glen-dale, Montana; O. A. Kimball, Miss L. B. Wells, Boston; John W. Northrop, W. J. Murphy, Chicago; A. G. King, Telluride; Sam'l A. Fish, Denver; Mrs. J. S. Dunham, Miss Mary E. Howlett, Green Bay, Wisconsin; Geo. W. Kirske, Charles A. Sykes, New York; Gus C. Fried and wife, Chicago; J. L. Wheaton and wife, St. Frank Dexter and wife, Pawtucket, R. I.
Kenyon—Fred F. Hogan, City; E. L. Clark, City; W. A. Sprague, Denver; F. S. Hastings and wife, Kansas City; L. G. Wilkerson, Weiser; P. N. Campbell, C. G. Campbell, Hillsdale; R. V. Wagner, M. D., Chicago; Geo. H. Decker, C. G. Galt, Omaha; E. Sage, T. C. Gardiner, New York; R. B. Whittemore, City.

COUNTY COMMISSIONERS.

The first matter that was introduced by Clerk James at the meeting of the county commissioners today was a petition signed by forty taxpayers of the vicinity of Seventh East between Twelfth and Thirteenth South streets, to the effect that as thousands of vehicles passed over Seventh East street between Twelfth and Thirteenth South streets, during the summer months it was of paramount importance to the residents as well as the traveling public that the street should be sprinkled. The matter was referred to the roads and bridges committee, with power to act.

BENEFIT BALL.

On the evening of May 1st the Gate City silver band gave a dance for the purpose of getting a set of new uniforms for the band, the attendance was fair, but as the suits cost money and it has been decided to get them, the dance will be repeated in the near future, and the boys appeal to the public spirited to aid them in this laudable enterprise.

COTTONWOOD, IDAHO.

Room and Facilities for Making Homes and Ranches.

Special Correspondence.

Cottonwood, Bannock Co., Idaho Post Office, Salt Lake, May 3.—The little Cottonwood branch of the Oxford ward is located about eight miles northeast of Swan Lake, the nearest postoffice. This little valley is about four miles in length, north and south, and from one to two miles in width. It is a well watered country, with plenty of building material, such as saw timber, house logs, and fuel. One saw mill, shingle mill, and a planing mill is owned by Fred Walker and sons, and is doing a moderate business. The country is mostly adapted for cattle and sheep raising. There is considerable grain raised, also hardy kinds of vegetables. Snow falls from two to four feet during the winter season. The country has lately been surveyed. Settlers are being more encouraged since the survey. There is room for more settlers. About 14 ranches are now taken up.

CLEARING HOUSE REPORT.

Salt Lake City, May 6, 1901.
Today's clearings.....\$739,602.58
Same day last year.....\$69,777.24

LATE LOCALS.

The work of fencing in the Thirteenth East street reservoir was commenced today. Taylor, Romney and Armstrong are building the tight box fence that is to enclose the 5,000,000-gallon tank on the north and east sides, and the ornamental iron fence on the other two sides is being put up by the Krager Wire and Iron works.

The Alice Mining company which filed articles of incorporation Saturday with \$300,000 capital, has changed its name to Alice, the being another Alice in the field ahead of it.

Marriage licenses were granted today to Casare Gini, 32, and Celeste Lucchini, 20, both of Salt Lake; Vitale Pedrini, 32, and Nina Silvestra Folladori, 32, both of Salt Lake; John Gini, 35, of Sugar, and Innocentia Lucchini, 24, of Frederic, R. Powell, 32, of Altar, and Louise A. Blythe, 19, of Granite; Thomas S. Green, 21, and Annie E. Smith, 19, both of Salt Lake.

The case of Charles A. Armstrong vs the Overland Mining company has been

SALT AIR BEACH IMPROVEMENTS.

Gangs of Men at Work on the
Pavilion and Roadbed.

GOOD SEASON ANTICIPATED

As Garfield Beach Will Not Be Opened
Salt Air Will Have No Lake Re-sort Competition to Meet

Manager McAllister of Saltair, and General Manager Bateman of the Salt Lake & Los Angeles railroad are two very busy men at the present time. Under their respective directions a number of improvements are being made both at the beach and on the roadbed of the line. During the past few days Manager McAllister has placed orders for 1,000 additional bathing suits and a like number of towels. He also has put on a gang of carpenters and painters out at Saltair who are making a number of additions and alterations. Among the improvements now under way is the erection of a portable band stand which can be moved to any part of the resort, the removal of the beer counters in the center of the lower floor to the corner adjacent to the bar, and a general overhauling of the bath rooms. Mr. McAllister stated this morning that he was seriously considering the advisability of opening the beach on Saturday evenings for dancing provided the weather held good.

Everything points to the fact that Saltair will enjoy one of the most prosperous seasons this year that has fallen to its lot since it was opened to the general public. Already the afternoon train out to the lake is crowded with sightseers, and for that matter the returns all through the winter have largely exceeded those of any former year. As the Short Line officials have definitely decided to keep Garfield closed this year, as far as lake resorts are concerned, Saltair will have no competition.

CONTRACT TO BE LET.

Kilpatrick Bros. Accompany Pres.
Burt Over Proposed Route.

President Horace G. Burt of the Union Pacific and W. H. and S. D. Kilpatrick, the well known railroad contractors who have done so much work for the Union Pacific in the past, are now going over the proposed route of the Oregon Short Line from Uvada to California. The trip is being made in sightseeing cars, and it is expected that by the time the contractors return that they will be prepared to put in a bid for the construction work on the road.

POCATELLO, IDAHO.

State Institution to be Built on East Side.

Special Correspondence.

Pocatello, Idaho, May 3.—The struggle for the state academy site is over, and a square of four blocks on the east side has been accepted by the trustees of the academy of Idaho, after the deeds had been approved by Attorney General Martin. The initial appropriation is \$25,000. J. E. Tourtelotte, a Boise City architect, was chosen to prepare the plans for the main building.

The struggle for the site was a very bitter tug of war, and as expected the victory swung around in favor of the real estate man, headed by J. M. Ingersoll, the hottest real estate owner here, who can count his wealth in the six figures, and follow it up by shrewd business manipulations. Blocks 202 and 203 were donated by Mr. Ingersoll, and blocks 241 and 242, adjacent blocks west by him to the citizens of Pocatello for the sum of \$12,000, and added to the site. Although the east side has the lesser inhabitants and the most public houses and the power water mains, still the addition of the state academy will be a distinct advantage to the whole city and be the cause of creating more beautiful homes, and the light that is now over will not leave any serious wounds.

VICTIM OF DIPHTHERIA.

Last night at about half past ten o'clock Winifred, the only child of Mr. and Mrs. D. J. Malone, master mechanic at the O. S. L. shops here, died of diphtheria after an illness of over one week, during which time the whole family were quarantined. She had a fair of medical skill that could be procured without avail.

Mr. and Mrs. Milo Hendricks of Oxford have located here having rented one of the Guyon houses on the east side. Mr. Hendricks is superintendent of the Pocatello State Y. M. M. I. A. and therefore a valuable acquisition to the ward here.

FULTON NAMED.

Succeeds W. S. Bennett as Traveling
Freight Agent, Oregon Short Line.

I. N. Fulton, traveling freight agent for the Union Pacific, with headquarters at Ogden, has been transferred to the Oregon Short Line in the place of W. S. Bennett, who last Thursday left for New York to take a position with the American Smelting & Refining company. Mr. Fulton is well known in local railroad circles, has been connected with the Union Pacific for a number of years, and for some time past has been the joint interest of the Union Pacific and Oregon Short Line at Ogden and adjoining territory. Just as soon as he cleans up his desk at Ogden, he will make this city his headquarters.

HILL DENIES RUMORS.

New York, May 6.—James J. Hill, president of the Great Northern Railroad, denied the report that a plan was formed three years ago by J. Pierpont Morgan, the Goulds, the Vanderbilts and himself for the consolidation of the great railway systems of the country, and that it is about to be carried out. Mr. Hill, who is at a hotel here, said: "The story is ridiculous and entirely unworthy of any serious attention from any one."

Portland, Nehalem and Tillamook.

Portland, Ore., May 6.—The Oregonian says:

The report of the officers of the Portland Nehalem and Tillamook Railway company, that the Nehalem line will not be so costly in construction as was at first estimated. A more southern lay pass on the summit reduces the grade from 2 per cent to 1½ per cent, and lowers the cost of work in proportion. It appears from the report that the transcontinental lines do not favor direct connection between Portland and Nehalem, and the Northern Pacific has given assurance in writing that so long as the Portland Nehalem & Tillamook is an independent line going into Portland, it may use any portion of the Northern's main line. By this concession, the Nehalem road can terminate temporarily at Linton or Springfield, north of the city, saving a snug sum thereby and use the Northern Pacific track into the union depot.

The Portland Nehalem & Tillamook company proposes to build and have in operation by November or December of this year forty-three miles of road which will cost \$14,750, to do this the officers recommend that \$50,000 of 5 per cent first mortgage bonds be issued and that for equipment \$100,000 be raised on preferred stock.

Wool in Wyoming.

J. W. Trewhella returned this morning from Wyoming, where he has been attending a wool sale at Rawlins on Saturday. He states that there were some thirty buyers and railroad men congregated at the scene, but the sale was not a spirited one. All in all \$231,000 pounds of wool were sold.

DIED.

RISHTON—At Riverton, Salt Lake county, Utah, April 18, 1901, of stomach trouble, Mary Ann Rishton, wife of Edward Rishton. The deceased was 61 years of age and was the mother of several children, nine of whom she raised.

The funeral was held at Riverton on April 20. A large concourse of friends being present to pay their last respects to her memory.

Direct From China.
A very fine shipment of China
Matting in a large variety of patterns and grades.
Now is the time to make your selection while the assortment is large.
We invite your inspection. We will make the prices right.
H. DINWOODEY FURNITURE CO.

000 pounds of wool changed hands at prices varying from 10¢ to 11¢. This was bought in by Boston firms. He states that there is over 2,500,000 pounds of wool left in that section of Wyoming, two-fifths of which was left over from last season.

SPIKE AND RAIL.

Surveyors have nearly completed their work on the Leamington cut-off.

General Superintendent A. S. Welby, of the Rio Grande Western, is in Denver.

The Southern Pacific surveyors at work on the cut-off to Salt Lake are expected to reach the outskirts of this city by the end of the week.

S. A. Mann, who was last year excursion agent for Saltair, returned last evening from the east where he has been for the major part of the winter.

Work on the new bridge over the Snake river for the Houston branch has been delayed somewhat on account of the high water during the last few days.

The Oregon Short Line will run the first mining excursion of its season on Sunday morning. The special for Tintic and Mercur will leave Salt Lake at 7:45.

Manti Messenger: Alfred Alder was asked over the telephone yesterday by Reynolds and Rawlins, railroad contractors of Springfield to furnish them five or six good teamsters for railroad work in Idaho.

The Rio Grande Western eastbound trains are hauling extra Pullmans to accommodate the large amount of travel. No. 2 pulled out today with one extra sleeper while No. 4 will have four standards on tonight's train.

A formal invitation by the Mayor and City Council has been forwarded to C. B. Patterson of Wasatch lodge No. 88, the delegate from Utah to the present Trainmen's convention at Milwaukee, asking the Brotherhood of Railway Trainmen to hold their next convention at Salt Lake City.

The Rock Island will put on two more trains during the present month which will pass through Omaha. The two new trains will be limited between Chicago and Colorado Springs, and consequently will be replete with the latest of chair, sleeping and buffet cars.

Contracts have been let for the construction of another cut-off on the main line of the Union Pacific. The second of the proposed improvement is in the vicinity of Tipton, west of Rawlins. Here a cut-off two miles in length will be built at once by Contractor Christensen. The new line will eliminate several bad curves and grades.

The first of the Pan-American Issue of postage stamps, styled Aids to Commerce, is now in circulation. It depicts the New York Central Empire State Express in full swing. It is a ten-cent strike for General Passenger Agent George H. Daniels, and needless to say he is making the most of it from an advertising standpoint.

Pocatello Advance: Geo. A. Robethan reported yesterday from Blackfoot. He reports Blackfoot quite active. He stated that there must be about 80 men working on the Salmon river grade and on the bridge over about a mile and a half from Blackfoot. The grade is completed to the river and ties are being laid. The graders are now at work on the other side of the river.

"Akers' Tours Illustrated by Colored and Moving Pictures" is the latest form of advertising the attractions of the Rio Grande Western. Mr. Akers is lecturing in the large cities of the east on the attractions of Utah and is using an up-to-date stereopticon to bring his audience more fully in touch with his subject. The lectures are being widely advertised through the medium of artistic paper.
