City Engineer Riter Defines City's Fosition in the Recently Proposed Purchase.

### POINTS OUT ITS ABVANTACE.

Water, if Used for Exchange Purposes, Will Do Much to Solve Preseut Problem.

In order that a thorough understanding may he had as to the object of the purchase by the city of 1,600 shares of the stock of the East Jordan Irrigation company, as recommended by Mayor Merris, and as to the benefits to be derived from the purchase, City Engineer Riter has made a statement which clearly defines the situation so that the general public may be advised on the matter. Mr. Riter states that practicalty all of the water coming from Utah lake into the Jordan river is owned by salt Lake City, the East Jordan Canal onnany, the Utah & Salt Lake Canal North Jordan Errigation their title has been esthe district court and afstate. There are some smaller inter-ents in the water of the river, but those are principally in the seepage water.
