

displets, proved most interesting. A visit to "Ellis Island," by special per-mit is counted among their many treats, every courtesy being shown them by the G. A. R. people. Mrs. Jones, who is a prominent member of that society, has been warmly well-comed by the fraternity whenever she has made herself known. Miss Emily Jesup, who is one of the hardest of waynes in a musical way, has two church choirs under her management, and is doing other work on special lines in the cause of the divine art. Her beautiful voice is not heard as of the severe tax on her time, but her beswere tax on her time, but her to severe tax on her time, but her to pass a charming evening with Mrs Jesup, is taking a mechanical course in engineering at Columbia and stands high among the professors there. Mrs. Chester E. Coulter left Saturday for West Point to pays a hast visit to the son there, before returning to the son there there is on there there is no there tax on her time, but here there is no there there is the there is no there there is the there is no there there is no there

the senate two young ladles who watch engely for the appearance of Senator Beveridge of Indiana. They go into ratpures as soon as he appears and follow him with shining eyes as he filts from place to place in the senate. No matinee hero is more adored than is the brilliant young Indianan senator by this gair of young women. Their appear-ance has been so frequent and the fact that they have no eyes for any person sub-treasury to be sent on to washing-ton for redemption. Local banks do not care to keep them, as they are not legal reserve, and they are "shoved out," to use the vernacular of the street. The result is that there are stacks of hills lying on the counters of the sub-trea-sury. As with the big national banks, there is a glut of currency with the sub-treasury.

CORVERSENT! A REMARKABLE FLOUR is the White Fram Brand-remarkable for its purity, whiteness and the whole-some bread it produces. Remarkable, too, quality considered in its economy-no that it's the cheapest flour on the marke as to cost price, but it's a maney save as to cost price, but it's a money saver because you get more and better bread

JANET. **Deservet News Stories** Of More Than 40 Years * *FROM THE FILES OF 1860. * * Ago.

Carty, who came in with the eastern mail on Sunday reports that Archibald Williams, son of A. Williams, Esq., of Williams, son of A. Williams, Esq., of Provo, and brother of T. S. Williams, who is reported to have been killed by Indians near the Mojave on the 18th of March, was shot near Fort Bridger on Monday, the 18th inst., and that his recovery, at the time the mail passed that post, was considered doubtful. The circumstances, as related in

as related in The circumstances, as related in short, were that Williams had left Provo some weeks since, with two other men, on a trading expedition to the trading post at Fort Bridger, and that at the time he was shot they were at at the time he was shot they were at the Cedars near that place, and that mether Williams nor the men who were with him knew or could or would tell who shot him. He was wounded with four or five dragoon revolver balls and time buckshot.

the buckshot. After being wounded he ran some dis-ance, and on failing was taken up by some soldiers, who were nearby, and taken into the garrison, where he was receiving every attention that could be expected under the circumstances. There is some mystery invioved in the matter, and in consequence of some al-leged hattention or singular conduct

matter, and in consequence of some al-leged inattention or singular conduct on the part of the two men who were in company with Williams towards him after the occurrence, they had been suspected as having something to do with the shooting and were arrested, but on examination they were discharg-ed, nothing having been elicited that would tend to criminate them in the matter.

Found .- The whereabouts of the body

Found.-The whereabouts of the body of Oliver Oglivle, who was buried by an avalanche about four miles up Big Canyon creek, on the 5th of March, was discovered by some men at work in the mountains, the fore part of last week; the snow having melted some little, a part of one hand was seen above the surface. Not having en-ergy enough or not being inclined to disinter the remains of the unfortunate man from the snowy grave, the discovman from the remains of the unitor unitor man from the showy grave, the discov-erers contented themselves by sending down word by somebody equally as studown word by somebody equally as stu-pid as they were, who was up in that is vicinity after word, either from the city or country-no matter which—that they had found the body of Ogilvie and wished some one would come and take it away.

Shooting at Fort Bridger .- Mr. Mc- | extremely severe in the mountains extremely severe in the mountains, and dug the body out of the snow and brought it to the city for interment. The body had evidently never been far under the surface of the snow. which, at this time, is some 20 or 30 feet deep, filled up with trees and tim-ber carried down the mountain by the force of the slide and among which the body lay, badly mutilated, but in a per-fect state of preservation, excepting the hand that had been exposed above the snow for a short time. the snow for a short time.

Extraordinary Mail Arrival .-- The Extraordinary Mail Arrival, ---The western mail began to arrive here on the 20th, and continued to arrive in parcels at intervals of about two days till the evening of the 24th, when it was announced authentically that the last sack expected by that trip had been received. received.

There was unquestionably some cause for its being brought in a little at a time, but we have not yet been in-formed why it did not all arrive at the same time.

Taking the Lead .-- The people in the Thirteenth ward are making the neces-sary arrangements for building, in the course of the summer, a commodious schoolhouse on the foundation that was commenced some time since-not after the original design, but upon a plan considered more economical and convenient and better suited to the uses

convenient and better suited to the uses for which it may be required, We are pleased with the movement, and expect to see an elegant and com-modious building erected, before an-other winfer, that will be creditable to that ward and to its presiding officer, Bishop E. D. Woolley, under whose su-perintendence the work will be per-formed. formed. The means has been raised by sub-

scription and not by taxation, as is gen-erally customary in building school-houses, thereby exempting those who do not wish to ald in making improve-ments of the kind from taking any part in the matter: consequently when the house is completed such characters, if there are any of the kind in the ward, cannot complain that it was built by

The result of so much stupidity compared to recover the body of Oglivie and take. The result of so much stupidity compared to recover the body that it might be needed, other wards which it may be needed, other wards ward which it may be needed, other wards which it may be needed, other wards which it may be needed, other wards ward ward was that the spirit of importing upon what has been done by others will continue to be manifested ill a degree of perfection shall have onvenience of schoolhouses not hither onvenience of schoolhouses not hither to seen or deemed necessary by a majority of the good people of the territory.

The inflow of currency after the crops have been moved and the Christ-mas trade has ended is fisual in Jan-uary. The farmers and country mer-chants place their money in the coun-

charks place their money in the coun-try banks, and these in turn send it to the large centres of nopulation, which in turn send to New York. Usually, however, there is a demand in the large interior cities from one cause or another, which diminishes the surply, Trade in the South, particularly in the textile lines, is very slow. In New England the period of read-justment in the cotton trade is caus-ing a slackness in business. In the West, the improvement in business has not reached the smaller arteries and channels of trade, although in the raw and heavier manufacturing lines it is known that a marked improvement has set in. Next month currency will again go West to allow the farmers to

Frank Wayland Higgins, the new exutive of New York, is sometimes rearred to as the "business governor e did not enter the political field until e had achieved notable success in he business world, and when he was eady to become a candidate for official istinction he did not lay aside the nethods which had made him a man of

affairs in the business community. He had acquired a reputation for the most scrupulous integrity in commercial matters, and he carried his methods into politics. Governor Higgins was born in Rushford, Allegany county, N. Y., in 1856. He was graduated from the Riverview Military academy at Pough-keepsie. He lived in Michigan four years, but returned to his native state and settled at Olean. He has been a state senator and lieutenant governor.

that they have no eyes for any person save Beveridge is so apparent that they have become marked by others in the senate and have been christened "the heavenly twins." Not long ago one of heaveny twins. Not long ago one of the habitues of the senate with an ar-testic temperament drew a picture of the "twins" as they gazed from the gallery at their favorite senator, and this was passed around and thoroughly enjoyed by those who are "in on the joke,"

REMINDS HIM OF HOME.

Senator Nelson received a letter from a newspaper friend who is with the Japanese army in Manchuria which recalls some incidents of the senator's trip in Alaska and also reminds him of the climate in his home state. Here is a paragraph from the communication: "We have had some hardships to put

"We have had some hardships to put up with, but none much more unpleas-ant than these I had the pleasure of undergoing with you in Alaska last summer, certainly none to compare with those you underwent on your memorable 'mush' south from Eagle or those that were forced on me at that equally memorable meeting of the Arc-tiq brotherhood in Rampart. Certainly what few hardships we have had are what few hardships we have had are but a small price to pay for the privi-lege of witnessing the two greatest bat-The weather is beginning to get cold here. Today is a regular old fashioned Minnesota winter day-cold and clear and bright. At dawn this morning the

thermometer showed 7 degrees below sero. It reminded me of home and made me a bit homesick."

BURROWS GREW IMPATIENT. One of the last witnesses in the Smoot

investigation was rather slow. He was given much to relating details of an unimportant character. The committee and attorneys were weary and anxious to get through.

"I went down to see a sick man," said the witness. "Never mind the sick man," said Mr.

"Never mind the sick man, said ar, Worthington, one of Smoot's attorneys, Again the witness started, "I was going down to see a sick man"— "We don't care anything about the sick man," Interjected Judge Tayler,

an attorney against Smoot. "Tell your story, leaving out the de-tails," instructed Worthington.

"But this is unportant," said the wit-"This slok man'

ness, "This slek man"-"We don't care whether the slok man lived or dled!" thundered Chairman Burrows, "We want facts." There was a bit of a titter over Bur-row's efaculation, and he added:

"That is so far as this investigation is concerned."

And we never did find out what hap-pened to that sick man.
