

EDUCATIONAL

L. D. S. UNIVERSITY.

Salt Lake City.—The new heating apparatus works like a charm.

Some of the boys have indulged in tag contests over the school election, and the president has explained the rules of fair dealing in such cases.

On Wednesday entertaining talks to first and second year girls were given by Mrs. Susan Y. Gates and Miss Holmgren, to third and fourth years by Mrs. Leslie Hunter and Mrs. Kelly; to the business college girls by Misses Bitner, Adams, Cannon, Wetser and Neesley.

The fourth year girls in cooking have now completed their lessons in pickles and jams. Pickling will be taken up next. The third-year girls are studying milk, its adulterations, food value, and uses in other foods. A selection of samples is being made for the food museum. There are, at present, more than 200 samples. These have been obtained from the different packing companies, Helme & Co. donated vinegar; Seville Packing Co., olive oil; Armour & Co., 15 samples of canned meats; Adams Spice company, spices; while many smaller samples were obtained from various companies.

On the sudden and unexpected departure of Miss Leona Taylor for the east, Misses Helen Davis and May Morris were chosen to assist Miss Morris in the work of the Kindergarten Department. This year there is an increase in attendance of about 25 over last year's Kindergarten enrollment.

A new feature of the school this year is the college course in Shakespeare. The course is conducted in the same way as the college course, and the students are going at the work with a vigor that indicates enjoyment as well as interest. Just now the class is reading a detailed study of Hamlet and Edward Elmer's Shakespeare Primer. The books to be studied during the year are: "The Winter's Tale," "King Lear," "King Henry V.," "Antony and Cleopatra," one or two of the comedies, and Sidney Lee's, "Life of Shakespeare."

Miss Edwards with the fourth year normals and sixth grade students, visited the fine department on Monday last. Captain Love took them through the engine rooms and explained the use of each machine. He then took them upstairs to the apartment rooms of the women, which consist of bedrooms, bathrooms and parlors. Little Miss Williams sang. After all the explanations had been given, the firemen gave a drill and the pupils felt amply repaid for their visit. On the same day the graduates visited the firm of Callaway, Hick and Francis and were entertained by Mr. Francis. He explained specimens of each kind of ware.

A special feature of the student election this year was that both parties nominated the same man, Burton W. Musser. This was due to the unassisted standing of Mr. Musser. Last year he completed the second year of the business course, but this year he became a junior in the high school course, and affiliated with the high school juniors.

At the time of the convention these facts were not understood. The entire "business" party, under the misapprehension that Mr. Musser was a deserter to the "commercial," unanimously resolved to strike his name from the "commercial" ticket.

There was a bolt in the high school convention manifested by the failure of a motion to make Mr. Musser's nomination unanimous. The dissenters held for Joseph B. Harris, vice president, Charles Richardson, bookkeeping, secretary, Isabella Zeiger, stenographic, treasurer, Howard Benson, high school sophomore.

The cry was for the abolition of the old method of political division, and for a representative ticket. The party named members from nearly all the departments in the university.

Rallies were held by both parties and spirited speeches were made. The threat to overthrow tradition met with opposing results. The majority, manifested by the sophomores. The first three years of the high school were with a number of exceptions, strongly for Mr. Musser. The seniors, however, held for their classmate. The result was doubtful, but the high school won. Mr. Musser leading with 41 majority, out of a vote cast of 571.

The other officers elected were: Vice president, Maria Knowlton; secretary, Grant; treasurer, Marcus Woolley; all on the high school ticket.

BRIGHAM YOUNG UNIVERSITY

Provo.—The first issue of the White and Blue will be a Halloween number. It will be out on Monday.

The advertising matter for our lecture courses has come and tickets are now on sale.

Another order for \$200 worth of books has been sent to eastern publishing houses.

On Monday, Prof. Chas. Kent was the guest of Prof. Lund and the music school. In devotional, Prof. Kent sang for the school, "I know that my Redeemer liveth."

This week the English A classes finish the study of Franklin's "Autobiography." Next month they take up a series of the best orations.

On Saturday evening Mrs. Ida S. Dusenberry will entertain in honor of the kindergarten girls of last year.

Prof. Lund, Miss Boren, Prof. Miller and Miss Jepperson have been engaged to assist in the Sixth ward musical festival.

Prof. A. B. Christensen of the L. D. S. U. gave an interesting talk in devotional on Tuesday morning. Prof. Christensen has many friends here who were delighted to have him visit the school.

The kindergartners have elected Miss Nellie Clyde to represent them in the state convention.

The people of Utah state were greatly pleased with the report Prof. Swenson carried to them, concerning the Utah county students.

The library committee has formed a new set of rules for the government of the library. Under these regulations students have greater freedom and the librarian has less work.

Samuel A. Brimhall, a war veteran of Iowa, visited the University on Wednesday. Mr. Brimhall was especially pleased with the practical work done by the students.

Prof. Hickman spent Sunday in Lehi attending the Alpine stake conference. He found the people there much interested in the report of their young people here at school.

The Sunday night meetings held in college hall are very popular among the students. An interested and attentive audience came out to hear Prof. Nelson's lecture last Sunday.

Joseph Sudweeks, one of the advanced students, has accepted a position as tutor in the preparatory school. Mr. Sudweeks has had several years' experience as a teacher in the county.

Although the museum of agriculture is the youngest department of our school, it shows signs of rapid growth. This week were received a number of agricultural products from eastern firms.

Dr. and Mrs. Widzee, Prof. Hinckley, Prof. Partridge and the Mandolin and Guitar club, report a most enjoyable time in Millard county last Saturday. They held several meetings and made many friends both by their speeches and by their music. They are thoroughly convinced that Farmers' Institutes are successful and essential.

The girls in design A are correlating their work with domestic science. This week they carried out the autumn idea in table decoration. A hollowed pumpkin, filled with the products of the field, formed the centerpiece. The border and tokens were made of autumn leaves. The color scheme of green and yellow was effectively carried out.

Among the most pleasant and profitable helps in school are the musicals given every week under the direction of Prof. Lund. The advanced students furnish the program, and by thus appearing before their friends they gain confidence and better prepare themselves for appearance in public. The selections are always of the best, and many lovers of music take advantage of the treats offered.

The athletic outlook is most promising. Although Adams and Gouley, of school, are not with us, we have good material left. With Chamberlain, the never measured runner at center, Rose and Watkins to turn the basket with lightning pitches, Greenwood and Anderson to make our opponents long for a touch of the ball, and such men as Perkins and Alder, ready to step in we feel that victory is not beyond our reach. Both heavyweight Petersons have returned. Chamberlain, Rose, Powell, Johnson, Carroll, Murdoch, Evans and others are here, ready for the races. Under the direction of our excellent coach, Mr. Teetzel, the boys feel that defeat belongs to a past vocabulary.

Miss Marie Reeve Overton.

ROOSEVELT MADE HER SCHOOL TEACHER

Miss Marie Reeve Overton, who is a devoted admirer of President Roosevelt, is about the happiest of all teachers on Long Island. Her happiness is all because the president personally obtained for her an appointment in the Philippines. Miss Overton made an effort to get an appointment as a school teacher in the Philippines some time ago, but for some reason was set aside. When Mr. Roosevelt heard of the failure to secure an appointment he ordered a cable inquiry sent at once to Manila to see why it was held up. The appointment was cable back at once. The interference of the president is a great compliment to Miss Overton and her record as a schoolteacher.

BRIGHAM YOUNG COLLEGE.

On Friday of last week the students were addressed by Prof. John M. Mills, of the L. D. S. U., who visited Logan as a member of the special committee appointed by Gov. Cutler to report upon the duplicating of work at the Agricultural College and the University of Utah.

At devotional exercises on Monday morning Mrs. Mann rendered a violin solo that was much enjoyed, after which Master Mann, only two years of age, sang two songs and seemed to enjoy the applause fully as much as the audience appreciated his remarkable talent.

President Linford lectured at Preston, Idaho, on Friday evening of last week.

Last Sunday a most enjoyable musical program, under the auspices of the Mutual Improvement class, was rendered at Sunday school. A piano selection by Prof. Mann and a vocal solo by Elder Walter S. Lamoreaux were numbers worthy of special notice. Owing to the quarterly conference no session of the Sunday school will be held tomorrow.

The classes in domestic science are much larger than ever before. Under the direction of Miss Honer a class in chafing dish cookery has recently been organized, in which 14 enthusiastic young ladies are already enrolled.

During the week Miss Lillian Oliver has presided at the piano during devotional exercises, a fact that has been greatly appreciated by the student body. The college choir is now prepared to make itself heard at the chapel services and congregational singing has been superadded for the time being. Instructor Mann is to be congratulated upon the results he has achieved in so short a time.

President Joseph F. Smith and wife were the guests of President and Mrs. Linford on Monday and Tuesday.

AGRICULTURAL COLLEGE.

Logan.—An enthusiastic mass meeting of the students took place on Wednesday morning at which Hillman, '07, and Stuart Lee, '07, were elected respectively college leaders in cheering and singing. Some time was spent in practicing college songs and cheers as a preparation for the game with Ali Hallows which takes place today.

afternoon reception to the faculty and their wives.

The series of bi-weekly college hops will commence at the Thatcher pavilion next Monday evening. These dances are for the benefit of the various student activities and were last year very enjoyable and well attended.

A meeting of the Commercial club was called by Prof. Robinson on Oct. 21. A. B. Olson was chosen temporary chairman. The following officers were elected: A. B. Olson, president; Mr. Judd, vice president; Miss Egbert, secretary and treasurer; H. E. Jensen, club historian. A committee, consisting of H. E. Jensen, P. R. Jensen, R. Hillman was appointed to draft a set of by-laws.

Regular recitals by the music department will soon be resumed as Prof. Thatcher is busy examining them.

Companies A and B of the cadet battalion were formed this week under direct charge of Captains F. Jensen and I. C. Hillman. The squads have made good progress in target practice as well as in preliminary drill in the school of the soldier. Every Monday has been devoted to target firing and among the cadets who have made good records the following stand highest: Walker, Padlock, Ware, Jones, W. L. Johnson, W.

New squads are being formed every week and C company will probably be formed soon under command of Lieut. Connolly.

The military band now has 20 members and is rapidly getting into condition. Nearly all the old members of last year have returned.

The total enrollment in the military department is now 185.

Practice marches will be held this fall, if the weather permits and practical work in advance, rear guard duty, patrols, etc.

UNIVERSITY OF UTAH.

Salt Lake City.—Arrangements have been made this year for three debates, one with Denver university at Denver, and two at home, one with Idaho and one with the University of Colorado.

The executive committee of the Associated Students has adopted the constitution of the preparatory students, who will now be admitted to lectures, athletic contests, and debating at the same place as are the college students.

The latest issue of the Chronicle has a new and attractive cover design in the shape of a large red U covering the center of the pages. The paper has 42 pages and includes some good cartoons and witelapses. It has an excellent article review with our shooting some of the football men. The medical department is also well represented.

The students are sorry to know that Burton, the big guard on the football team, is out of the game. He had his shoulder dislocated last Saturday and he will not be in condition to go to Denver.

The sophomore class in analytic geometry expects to finish next week and begin the study of calculus.

Captain Tibbey will address the Engineering society on Nov. 7. His subject will be "Mine Ventilation." This will be the second of a series which will continue throughout the year.

Mr. Strane, formerly in charge of the mechanic arts department, is now with the Standard Tool company of Cleveland, O.

The surveying classes have begun on the survey of the school grounds and the location of the buildings. A survey of some of the city blocks will probably be done next.

The Associated Students expect to be able to entertain the Colorado School of Mines football team at the new gym. The dancing floor will be one of the finest in the city and a number of good dances are promised for the season.

The new desks for the physiology laboratory are expected to reach Salt Lake next week. These desks were designed by Dr. Chamberlain for use in this department.

The Engineering society will revive the old custom of initiating the new members, and some lively times are expected in about two weeks.

The class in geology is beginning to make preparations for a number of field trips to be taken in the vicinity. This county shows a great number of formations and Dr. Talmage wishes to explain them to the students.

The Original.

Poley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Poley's Honey and Tar, many imitations are offered for the genuine. Ask for POLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safe for a child and delicate persons. Sold by J. J. Hill Drug Co.

BLOOD POISON CURED

A Desperate Struggle and How it Ended

Just 27 miles from the classic city of Athens, Ga., is located the thriving little town of Maxey's, the residence of Mr. Robert Ward, who has just been released from the most perilous predicament, the particulars of which he has consented to give to the public. He writes as follows:

Maxey's, Oglethorpe Co., Ga., July 1.

For twelve or fourteen years I have been a great sufferer with a terrible form of Blood Poison which ran into the secondary, and finally it was pronounced a tertiary form. My head, face and shoulders became almost a solid mass of corruption, and finally the disease commenced eating away my skull bones. I became so horribly repulsive that for three years absolutely refused to let people see me. I used large quantities of the most noted blood remedies, and applied to nearly all physicians near me, but my condition continued to grow worse, and all said I must surely die. My bones became the seat of excruciating aches and pains; my nights were passed in misery; I was reduced in flesh and strength, my kidneys were terribly deranged, and life became a burden to me.

I chanced to see an advertisement of B. B. B. and I sent one dollar to W. C. Birchmore and Co. merchants of our place. And they procured one bottle for me. It was used with decided benefit. I continued its use and when eight or ten bottles had been used was pronounced sound and well.

Hundreds of scars can now be seen on me, looking like a man who had been burned and then restored. My case is well known in this county, and for the benefit of others who may be similarly afflicted, I think it my duty to give facts to the public, and to extend my heartfelt thanks for no valuable a remedy. I have been well over twelve months, and no return of the disease has occurred.

ROBERT WARD.

Maxey's, Ga., July 1.

We, the undersigned, know Mr. Robert Ward, and take pleasure in stating that the facts as above stated by him are true, and that his was one of the worst cases of Blood Poison we ever knew in our county, and that he has been cured by the use of B. B. B.—Bismuth Blood Balm.

A. F. BRIGHTWELL, Merchant, W. C. BIRCHMORE & Co., Merchants, W. C. CAMPBELL, J. H. BRIGHTWELL, M. D.

Detonic blood balm (B. B. B.) is guaranteed to cure any Blood or Skin Disease if taken in sufficient quantity as directed. It is sold by all good druggists at \$1.00 per large bottle; 6 for \$5.00. Valuable book free.

BLOOD BALM CO., Atlanta, Ga. Send for free medical advice and free sample. For sale in Salt Lake by Zion's Co-operative Mercantile Institution.

82 YEARS OLD AND CURED OF A SEVERE CASE OF Rheumatism BY "5-DROPS"

MRS. ELIZABETH GODFREY, Fort Bidwell, California, writes: "Your '5-DROPS' has cured my rheumatism. I have used many other medicines and received little or no benefit from them. My case was a severe one of long standing. I believed it to be chronic, as all the other remedies failed to effect a cure. I am 82 years old and can use my limbs as freely as I ever could. I have been unable to do any work for many years. '5-DROPS' has worked a miracle for me, and I believe that every trace of Rheumatism is banished from my system. I can heartily recommend your cure, as it is the only one I have ever known that is so good. I know that '5-DROPS' is good, and I hope all who are suffering will test its wonderful curative powers."

MRS. R. PRICE, Sand Lake, Mich., writes: "I received your sample bottle of '5-DROPS' and it has directed and I have used it. It was helping me. I then bought a dollar bottle and have taken most of that. I am now enjoying myself. I am 70 years old and can do all that I want to do. For some years I have been very lame and '5-DROPS' has helped me. I am now forty-eight. I am very thankful I ever heard of '5-DROPS' and will recommend it to all I can. You are at liberty to use this letter if you like."

SWANSON'S "5-DROPS" is the only medicine in the world that will cure Rheumatism in all its forms and stages of development. Rheumatism is a blood disease, and is caused by poisonous matter (lactic acid and uric acid) being retained in the blood. "5-DROPS" cures this dreadful malady by eliminating from the blood these poisons and other impurities which may prevent perfect circulation. This is the only way in which a permanent cure may be obtained. With the blood pure, perfect circulation is assured, and disease is an impossibility. "5-DROPS" is an internal and external remedy which acts quickly, safely and surely, and is an absolute cure for Rheumatism, Lumbago, Sciatica and Neuralgia. "5-DROPS" taken internally will dissolve the poisonous acid, remove it from the system and cleanse the blood of all poisons. An application of "5-DROPS" to the afflicted parts will stop the pains almost instantly. While the cause of the disease is being removed by its internal use.

"5-DROPS" Cures Rheumatism, Kidney Trouble, Lumbago, Sciatica, Gout, Asthma, Catarrh, Nervousness, Indigestion, Dyspepsia, Liver Complaint, La Grippe, Backache, Nervous and Neuritic Headache, Heart Weakness, Drooping Humors, Sleeplessness, Scrofula, Eczema and all blood diseases.

NOTICE. If "5-DROPS" is not obtainable in your locality order direct from us and we will send it prepaid on receipt of price, \$1.00 per bottle. Large Size Bottle (100 Doses) \$1.00. For Sale by Druggists.

Ask your druggist for the Swanson Pill, a sure cure for Constipation, price 25 cts.
