Attorney J. E. Frick and Directors to but nothing has been consum John Heimrich, E. H. Airls and George | mated H. Dern of the Mercur Mining company | Mining met in conference today with Capt. J. R. De Lamur, H. A. Cohen and W. H. Cunningham, for the purpose of arranging the details of the consolidation of the two Mercur bonanzas. The deeds of both properties were examined and the articles of incorporation were read and approved with the by-laws of the same,

(mmmmmm)

The final steps have now been taken and all that can be done in this State has now been attended to.

The papers will be mailed tomorrow to Lawyer Gromwell, Capt. De Lamar's legal adviser in New York, who will shortly proceed to effect the new incorporation under the laws of New Jersey. With this accomplished the officers of With this accomplished, the officers of the new company will be announced. Meantime everything is going along as usual at both mines. An effort will be made to have the final clean-up take place and the new company take hold of the properties on August 1st. The Mercur mill may pass out of use in time, but it is said that it will be used to treat the tallings dump for some time

CARBONDALE COAL CO. Preparations Being Made to Ship Early in the Fall.

R. A. Shipp has just returned from a visit to coal properties near Sconetd which are being worked under lease and bond by the Carbondale company. The company owns two coul properties in that district; one is located about six miles this side of Schoffeld, the other being about three miles on the other side of that town. A small force of men has been put to work opening up the properties and the company will appear many owns two conl properties among the shippers of coal in the fall. Something over 1,000 feet of development work has been done on one of the properties and a 10-foot vein of coal has been explored. On the other property,

Among the members of the company may be named George Y. Wallace, W. S. McCornick, Isaac Barton and Prof. Horace Cummings.

THE OLD JOE GROUP.

Freparations Being Made to Start the Mill on August 8th.

A meting of the directors of the com-pany which is working the Old Joe group in the Pony district, Mont., convened today for the purpose of listen-ing to reports from that gromising property. The new concentrating plant is almost ready for business. It was stated today by one of the director, that the mill will be put into commis slon about August 8th. Vast quantities of ore exist in the mine and it has been proved to be of excellent milling quality. Everything points to the success

ity. Everything points to the success of the undertaking.

The Peny district seems to be coming to the front. Victor M. Clement, the well known expert, who has the wealth of a big English syndicate behind him, is said to be very favorably impressed with the outlook in that section of Montana. It appears probable that more Utah and Eastern capital combined will seek investment in that field in the near future. field in the near future.

EXCITEMENT RUNS HIGH. Over the Discovery of Oil Beds in the Colorado River.

A dispatch to the "News" today from San Diego, Cal., says: There is much excitement among the miners in the eastern part of this county and the residents of Yuma over the discovery of what is believed to be a bed of oil in the pot-holes district. Colorado river, about 15 miles north of Yuma. A rush was made for the scene of the discovery and a scramble for land within the best became so exciting that some of the first locators were compelled to use rifles in protecting their rights.

IN LA SAL MOUNTAINS.

Dance Given by the Populace in the Tops of the Hange.

F. M. Shafer describes an entertain ment among the mining populace of the La Sals as follows:

Last Saturday evening at about five o'clock the writer left the trop-te-like climate of Moab and vicinity, and slowly wended his way over the dry hot sand flats that must be traversed in order to reach the lower foothills of the La Sal mountains, the half way point between Monh and the La Sala. A cool, refreshing spring of mountain water was reached just as the estination was tackled with a renewed determination. It was cool and pleasant and I soon had the pleasure of inhaling the scent of the long leaf pine. On reaching my intended destination. I learned that the folks from the camp were in attendance at a grand ball given by the La Sal populace, some three miles further up the guich. I jogged on up the mountain trail, having a desire to attend a dance in the tops of the La Sals. In due time the sound of human voices in song was borne to my ear and a few moments later the

cabin came to view.

The towering peaks surrounding the place, with the wind sighing in the spruces over head, caused reflections to place, with the wind sighing in the spruces over head, caused reflections to pass through my mind. I remembered earlier days in Moub when the entire passible of the valley as who have the sentire.

Sold by dealers in all civilized countries the sentire of the valley as who have the sentire. people of the valley, as one large family, tries,

gathered at different places and enjoyed | NO STRIKING CHANGE MADE themselves in song and dance. Here was a like community, that had gathered from all parts of the mountains as friends and neighbors, class and social

among them. There were forty or fifty people present with the sexus about aqual; the outling parties from Moab were fully represented. A general invitation was extended to all to attend a dance and supper to be given at the home of Mr. and Mrs. N. D'Arcy on the following Thurse day evening, the mining populace of the camp to bear the pleasunt burden of the banquet, and what the writer saw of their first attempt at entertainment he their first attempt at entertainment he feels uscured that the second will also prove a grand success.

CLARK IN CRIPPLE CREEK. Reported that the Millionaire has Of

fered \$100,000 for the Ceriolanus. It is reported that W. A. Clark, prinper mines in Arizona and one of the richest miners of the world, is endeavoring to get a foothold in something good at Cripple Crock, says the Den-ver Post. If ourrent rumor is worth anything, it is Dr. Downing's Ajax he is atter, on the strength of that late favorable developments in that property.
This is to be used as a base, with the
des of absorbing sufficient contigue
us grounds to make a large provases. Trading became dult and the
market. Just before midday a renewed raid on sugar caused short selling of other stocks.

MANAGEMENT orth out. The fact has just transpired hat Clark offered the owners of the coriolanus \$400.000 for their property, ut the deal fell through. The trans-

The smelter and uranium plant at Cashin, Paradox Valley, burned last week. The rebuilding of the plant has already been commenced.

Two uranium reduction plants are to be erected at once on Rock creek on the east slope of the La Sals. Denver capi-talists are behind these improvements

A Miner Suicides.

De Lamar Mining Co.

The De Lamar Nugget has received from the London office of the De Lalocated near the Winter Quarters mine, a 4½-foot seam is exposed. In addition to this, Mr. Shipp says the company has a lower vein about 30-feet thick, which appears to be a continuation of the great U. P. vein.

Among the Condon office of the De Lanar Mining company of Idaho, a copy of its annual report for the year end-ing March 34, 1990. The report gives the shareholders in detail every possible information of the work done for the year, with tables given. year, with tables giving analysis of the revenue acounts of the mines, mill and tallings plant in complete detail and also a tabulated statement of the results of nine years working.

The total receipts for the past year amount to \$458,300. The tabulated results of nine years working, since the property was taken over by the comproperty was taken over by the com-pany show, number of tons treated, 345.514; attness of gold produced, 191.-897; ounces of silver, 2.646.743; value of shipping ore gold, \$752.722; toltal re-ceipts from the mines, \$6.738,490; amount of dividends paid, \$2.352,000; amount of undivided capital, \$175.621. The amount paid out in mine expunses during the pine years \$2.847.879. luring the nine years, \$3,847,827.50,

MINING NOTES.

D. J. Williams, who is largely inter-cited in the Illinois group in Bingham, has arrived from the East.

Manager Loose of the Grand Central, is up from Tintic and reports the mine is improving. The station has been cut on the 1,100 level and drifting has just been started.

Capt De Lamar and Manager H. A. Cohen came in from Mercur last even-ing and expect to leave for California this afternoon where the captain will inspect his Rully Hill property on Shas-ta county, and his Gold Mountain proprly in San Bernardino county. Hon, Franklin Farrel and son Frank-

in Jr of Ausonia, Conn., have arrived from Butte for the purpose of inspecting the Sioux and Utah at Tintle in which Messrs, Farrel, Grant and Wallace own the control Mr. Farrel will leave for New York on Wednesday.

Manager Thomas Weir of the Ajax Mining company of Tintle reports at station being cut at the 200 level. Sink-ng has been resumed. The shaft will be put down 1,000 feet when drifting will begin. Another shipment of ore be on the market in the next few

Ploche Record: The De Lamar mine and mill is moving along nicely under the efficient management of Superin-tendent Swindler and Mine Foreman Oxnam. Not for months has the large plant been working so smoothly as at present, and from what information can be gleaned the mina has not for years wn so much ore in sight as at pres. The only difficulty is the milling While working 300 tons daily the chutes at the mines on Sunday.

Thirty-eight and fifteen-sixteenths inches in fitteen minutes with eight pound hammers and no swedged steel pound hammers and no swedged steel and the new world's record made in the double-handed rock-drilling contest at Leadville July 4, says the Denver Mining Reporter. The result of the contest was a tild between the Victor-Cripple Creek team, Chamberlain and Andreas, and the Leadville team, Me-Kenzie and Melly.

August Flower, "It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the wold, for the last 10 years, I have met more people having used Green's August Flower than any other remedy for dyspepsia, deranged uver and stom-ach, and for constitution. I find for tourists and salesmen or for persons of human voices in song was borne to my ear and a few moments later the bright light from a large double log habits exist, that Green's August Flow er is a grand remedy. It does not in-jure the system by frequent use, and

AN ENGINEER AND FIREMAN KILLED

Landslide Wrecks a Chicago, Milwaukee & St. Paul Train.

FEW PASSENGERS INJURED.

But Some of Them Rather Seriously Compers is Investigating the Strike at St. Louis.

The Chicago, Milwaukee and St. Paul passenger train No. 2, which is due at Lucrosse, Wis., at 3:05 a. m., was wrecked about 5 o'clock this morning at King's Coolle, near Wabasha. Minn, by running into a landslide at that place. Engineer Hathaway and Fireman Thomas were instantly killed and several passengers, who were in the forward coaches, were injured, some scriously. The track runs between high bluffs and the Missbelppi river be-tween St. Paul and Lacrosse and the heavy rains of yesterday located a vast amount of earth on a steep blun which gave way shortly before the train came along. A wrecking train has been sent to the scene. A wrecking train

Fixing Responsibility.

Samuel Gompers, president, and Jas. O'Connell, vice president, of the Amer-lean Federation of Labor, held a con-ference with St. Louis labor leaders, until a late hour this morning for the purpose of fixing the responsibility for the breaking of the agreement of July 2, which led to the second street rull-

way strike declaration.

Mr. Gompers, who would not talk about the proceedings of the conference, had this to say of the strike situation

I have come to St. Louis with the hope that I and my colleague, Mr. O' Connel, may bring about an adjust of the differences between the

npany and the union The first thing we shall do will be to ascertain the exact conditions at the present time. I shall then proceed to fix the responsibility for the violation of the agreement of July 2. This done, I all endeavor to bring about a settle-Justment is not possible then I may ake some steps to make the fight on the company more effective. I can or-anize the forces of union labor against he transit company so effectively that hey may do it a great deal of harm." President McMahon of the Amalga-hated association of Railway Employes

has sent a 3,000 word report on the sit-uation to President Gomper's, laying the responsibility for present conditions on the transit company.

Finances Arranged.

The Boise Statesman says that Thom W. Bates, president of the Idaho from the east, is preparing to start operations on the road on a large scale within the next couple of weeks.

To a reporter Mr. Plates said yester-

day he had nothing for publication at present but hinted that there would be something coming in a few days that

is said the sale of the bonds for the rend has been arranged and that its finances are in a most flourishing condition. It is also reported that a procured and that work will be rushed. It is the plan to have over a hundred miles of the road completed before win-ter. This will bring the road to the ter. This will bring the road to the mountain where the tunneling must be done. It is intended to run this tunnel during the heavy weather of the winter months and to finish the road to the Lombi country in the spring. The road has at present in its safe contracts that, it is claimed, insure it a profitable business as soon as the big mining regions are reached.

SPIKE AND BAILS Mr. Babcock of the Western has gone to Denver

Most of the railroad offices were closed today. A new passenger depot will be built at Missoula. Montana, by the Northern

An increase of \$15,000,000 is to be made in the capital stock of the Missouri Pacific.

H. W. Sheridan has been appointed superintendent at Green River, for the Union Pacific. Eleven cars of troops and equipment were hauled to Portland this week by the Oregon Short Line.

John P. Long is yardmaster for the Union Pacific at Ogden, having been transferred from Cheyenne. It is thought that the broad gauge

train will begin running on the Park City line next Bunday or Monday. John B. Lynch, general western pas-senger agent for the Santa Fe, with headquarters at Pueblo, is here.

Big crowds are invading Saltair and the water is alive with people. This season's business is proving to be the heaviest in the history of the resort. For the third week in this month the Western estimates its earnings at \$94,-700, an increase of \$29,800 over last year's corresponding period.

Bernard Featherstone, a Union Pacific brakeman, was rolled under an engine at Laramie yesterday. He lost a leg and an arm and will probably die.

The public will be surprised to learn that the Southern Pacific will build a cut-off across the lake. A contemporary this morning gave the "great news cific of the St. Paul & Duluth has re-sulted in the re-establishment of friend-

relations between the Northern Pa-fic and its principal competitors, which will eventually result in important benefits all around. E. J. Imhoff, dispatcher for the Spo-kape Falls & Northern, has been pro-moted to the position of agent and trair master of the Egotenai Valley, with

headquarters at Bonners Ferry, J. D. McCully has been appointed to succeed Mr. linhoff in the Spokanc Falls & Northern dispatcher's office. The report is current that the Southern Pacific ratiroad is running a pre-liminary survey from Empire to Dayton to connect with the C. & E. rall-road. The road will follow the Carsor tiver, and thus do away with the steep grade between Carson and the Mound House,—Virginia (Nev.) Chronicle,

The Minnesota & International Raff. way company has been incorporated by Northern Pacific officials. The company proposes to construct a line of road from Bemidji northeast to a point on the international boundary at Rainy river. Bemidji is the southern terminus of the line and the building of the proposed line will form a new route from the Twin Cities to the business. rom the Twin Cities to the boundary

An excursion will be run in August and September from Rock Springs,

Wyoming, and intervening points to sair Lake over the Union Pacific. The exceedingly law rate has put these ips within the reach of all people and ney are proving to be very popular, is a well known fact that travel-the seeing of new places and objects—is a great educator, and such opportunities are therefore public benefits as well as being fairly profitable to the "Over

The chambers of commerce of Guadaajara, Pueblo, Sombrerete and Collins Mexico, have signed a perition to the form in the railroad tariffs of the coun-try. Other cities are to join in the memorial. Sir Harry Neville Deringa British minister here, with his y, left last night for England via York over the Mexican Central The minister is anxious as to the fate of his son Herbert, secretary of the lega-tion at Pekin. Sir Heary goes as min-ister to Rio Janeiro. His successor here it is believed will be Geo. Greville, C. M. O., now diplomatic agent at Rangkok.

Engineer L. R. Lothrop, from Taco Engineer L. R. Loftnop, from raco-ma, Oregon, with a company of survey-ors under his charge, has been in the Malheur country. There they had been surveying a line up the Malheur river, beginning near Vale, where the canyon commences. They ran to Malheur lake, far up in the mountains. The line fol-lowed the grade made many years ago, when the Gregon Short Line was conhen the Oregon Short Line was con ructed, most of the old grade remain ing, and some of it being intact. Some well-posted railroad men think this party is really out for the Burlington company, which is reported to be conemplating building west via the south park, and making its ingress into Ore gon via the route over which the Loth

THE DENVER & RIO GRANDE R.R.

"Scenic Line of the World."

The only line having three daily Fast Express Trains and Dining Cars between Grand Junction and Denver This is the popular route to Leadville, Cripple Creek, Pushlo Denv r and all points East.

S. K. HOOPER,
G. P. & F. A., Denver, Colo,
B. F. NEVINS, H. M. CUSHING,
Gen'l Agent. Trav. Pass. Agt.
Salt Lake City, Utah.

Our cars are no petter-in themselves than the cars of other lines. It is what is INSIDE them that makes them

more comfortable.

For instance: The seats in our reelingschair cars are provided with lines head pieces—clean and cool. Our disnear packs clear and cool. Our dis-ng-cars have electric fans, and are gor-reously decorated with flowers. In livery car is a thermometer, which the porter constantly consults in order to seep the temperature of his car as near, ly uniform as possible.

By themselves, there things are trifles, but the sum total of them goes a long way toward making a trip over the

nce. Burlington trains leave Denver 4.00 and 10.00 p. m. for Omaha, Kansas City, St. Louis, and Chicago.
