

RECEPTION TO GENERAL NEVIUS

Three Thousand Guests Invited To Attend the Function at Commercial Club.

BY WOMAN'S RELIEF CORPS.

"Living Flag" Feature is Now an Assured Success—Headquarters of Various State Departments.

Three thousand guests have been invited to attend the reception in honor of General Henry M. Nevius, commander-in-chief of the G. A. R., given by the Woman's Relief Corps of G. A. R. The reception will be held at the Commercial Club rooms on Monday evening, Aug. 9, from 8 until 11 o'clock. The room will be beautifully decorated and illuminated for the occasion. With General and Mrs. Nevius in the receiving line will be members of the staff and their wives, Governor and Mrs. Spry, Mayor and Mrs. Bransford and other prominent citizens.

The "living flag" feature of the big parade on Wednesday, Aug. 9, is now an assured success. Prof. Wetzel, who has charge of the drillings of the children, is enthusiastic over the aptness of the little ones in acquiring skill at military maneuvers.

The children participating in the parade were distributed this afternoon from the Assembly hall.

STATE HEADQUARTERS.

Since the national headquarters have been formally installed at the Knutsford hotel, the matter of securing headquarters for the various state departments has been taken care of. The list of headquarters completed for all departments requesting accommodations, has been assigned. Five departments remain which have not yet asked for headquarters assignments. The list is as follows:

- Alabama—208 city and county building.
- Arizona—Room 24, Fremont school.
- Arkansas—Cullen hotel.
- California and Nevada—Wilson hotel, room 147.

- Wisconsin—Commercial club building, rooms 217-218.

ENCAMPMENT NOTES.

The entire cadet battalion of the high school will be detailed for duty during encampment week, to act in the capacity of guides for veterans and visitors. There will be seven information booths, each to be in charge of a cadet and there will be nine cadet guides to each booth. The special duty of these guides will be to show people to their accommodations. The balance of the battalion will be on hand at different places to assist in directing and escorting visitors to the points of interest of the city.

Work on the grandstands to be erected at different points on the main street, from which the popular view of the great parade, has been commenced and will be pushed to completion. The street will be cleared of all manner of vehicles on parade day, and the space for spectators will be roped off on the sidewalks. Tickets for the grandstands are on sale at \$1 each. The committee will use the proceeds of the sale of seats to pay for the erection of the stands and to increase the general fund.

Mrs. Anna L. Young, matron of the juvenile court, desires to hear from former residents of Illinois who would like to have part in entertaining the veterans from that state.

It was given out yesterday that the impression which has gained ground that only uniformed Grand Army men would be permitted to participate in the parade is incorrect. According to the announcement from the executive offices any Grand Army man, whether in uniform or not, who wished to march would be cordially invited to take part in the parade.

The Hawkeye club will hold a meeting in Judge Armstrong's courtroom Friday evening at 8 o'clock. All members of the club and all Iowans are urged to be present to discuss plans for encampment week. The court room is situated on the third floor of the City and County building.

Enos F. Ham, past department commander of New Jersey and George S. Lohr, a veteran from Atlantic City, are in Salt Lake. They will conduct the campaign to be waged by Atlantic City to secure the encampment for next year, and have established headquarters at the Knutsford hotel.

The Federal Order of Eagles at a meeting held last evening decided to keep open house for visitors during encampment week. On Friday evening, Aug. 13, a special entertainment will be provided. George Whitaker is chairman of the committee on entertainment.

DEATH OF G. A. R. VETERAN.

Frank Hoffman, Past Commander J. B. McKean Post, Answers Call.

In the death of Frank Hoffman, which occurred on Wednesday at the family residence, 444 Fifth East street, there passed an honored member of the

Utah bar and a veteran of the Grand Army of the Republic. In addition to being a past commander of the J. B. McKean post of the G. A. R., Mr. Hoffman was also a past commander of the Utah department of the Grand Army. His death was not unexpected, as his health had been failing for some time past.

Mr. Hoffman was born in Akron, O., in 1844, and studied law at the Jackson Academy at that place. He was there when the civil war broke out, and he immediately left his studies and enlisted in the Twenty-ninth Ohio regiment, company D. After taking part in a number of engagements, he was honorably discharged June 3, 1865. He then entered the Vermillion Institute at Hayesville, O., from which school he was graduated in 1867. He went to Omaha, and after staying there a year, he came west in the engineering department of the Union Pacific, and located in Salt Lake City, where he was admitted to practice at the bar in 1870. He was prominently connected with some of the important mining cases of the early days, such as the Kahn vs. the Central Mining company, Montreal vs. the Old Telegraph company, and others.

Mr. Hoffman is survived by his wife, who was Miss Louisa Abbe, to whom he was married in 1869 at Salt Lake City, and four children. They are Mrs. G. S. Hitchcock, Golconda, Nev.; Miss Grace Hoffman of this city, John F. Hoffman of Mammoth, Cal., and Frank Hoffman, Jr., of Silver City, Utah. The funeral services will be conducted by the local G. A. R. posts, though the date has not been announced, pending advices from Mrs. Hitchcock.

GIRLS ASSAULTED.

Hit Over the Head With a Club by a Young Man.

Carrie Ryan and Mary Olsen, two young women residing at 847 Lake street, were the victims last night of a vicious attack made by an unknown assailant under circumstances puzzling to the police.

The young women were returning to their home from the theater and when nearing the house were suddenly confronted by a young man who stepped out of the shadows of the trees. Without saying a word the man dealt each of the women a vicious blow over the head with a weapon that seemed to be either a bottle or club. Then he took to his heels and made his escape.

GOOD SHEEP SEASON.

Heber Stockmaster Tells of Utah Situation to Kansas City Paper.

H. S. Jamison of Heber, Utah, who is interested in a good many sheep ranches throughout that country, is here on his way home from Boston, where he has been looking up some wool matters, says the Kansas City Telegram. Mr. Jamison thinks this one of the most favorable seasons for sheep that country has had for some time. "We fell a little short on lambs last spring," he said, "but everything else has come our way. The mountains were full of snow, and water has been plentiful. That means that we have an abundance of grass, and our sheep are putting on fat now. The reserves are not the least bit crowded, and sheep are doing well both inside and outside of the reserves. There is no doubt but what our lambs will be good enough to sell to the packers this fall, and ought to command a good price. By having them fat they will be good enough to kill, or go on feed, giving the ranchman an advantage in selling. We are confident now that the lamb prices will be considerably higher than they were last year. Already there is considerable inquiry about feeding lambs. Then we marketed our wool at a high price this spring. That was a big help to sheepmen. Some of the sheep owners made a mistake by contracting their wool several months in

GOT TO

Have Sharp Brains Nowadays or Drop Back.

The man of today, no matter what his calling, needs a sharp brain, and to get this he needs food that not only gives muscle and strength but brain and nerve power as well.

A carpenter and builder of Marquette, who is energetic and wants to advance in his business read an article about food in a religious paper and in speaking of his experience he said: "Up to three years ago I had not been able to study or use my thinking powers to any extent. There was something lacking and I know now that it was due to the fact that my food was not rebuilding my brain."

"About this time I began the use of Grape-Nuts food, and the result has been that now I can think and plan with some success. It has not only rebuilt my brain until it is stronger and surer and more active, but my muscles are also hard and firm, where they used to be loose and soft and my stomach is now in perfect condition."

"I can endure more than twice the amount of fatigue and my rest at night always completely restores me. In other words, I am enjoying life and I attribute it to the fact that I have found a perfect food." Read "There's a Reason" in the paper.

advance at prices around 18 cents a pound, while the regular price for they clipped was around 22 cents in some cases higher. When they made the early contracts, 18 cents looked good, as that was higher than the year before, but when the time came it looked very low. There is no danger now about being short on feed. We never had a more favorable season in that respect. There are about the usual number of sheep in that country, but fewer lambs, perhaps by one-fourth."

UTAH DAY AT A. Y. P. E. TO BE CHANGED AGAIN

Gov. Spry Writes Director General on Subject—Bookings on Tabernacle Choir Special.

Gov. William Spry has written a letter to the director-general of the A. Y. P. exposition suggesting that Utah day at the fair be changed to Aug. 26 instead of 25 as heretofore announced.

This suggestion is made for the reason that the Tabernacle choir will not reach Seattle until that date and is scheduled to sing at the Auditorium on the fair grounds that evening. The change in Utah day will undoubtedly be made on the suggestion of the governor.

Both the choir and the high school cadets will leave the Oregon Short line depot on the evening of Aug. 21, the choir stopping and giving concerts at Boise, La Grande, Portland and Tacoma en route while the cadets will go right through to Seattle and go under canvas on the grounds immediately.

This call for Pullmans is taxing Supt. Twining's energies, as the heavy tourist travel to the northwest is taking every available car.

Bookings for reservations on the choir special continue to come in in bunches. The passenger car of the Oregon Short Line, Prof. Stephens and George E. Carpenter, the advance agent, announce that the proper place to book berths is in the preceding bishop's office where George C. Smith, the treasurer of the choir, is nearly distracted trying to convince the applicants that an upper berth has more ventilation than the main berth and is in every way preferable to a lower.

TELEPHONE ORGAN.

A. G. Mackenzie Once More Gets Into The Editorial Harness.

The Rocky Mountain Bell Telephone News, an eight-page monthly, was issued yesterday, as the official organ of the company, and "a telephone newspaper for telephone people." The editor is A. G. Mackenzie who, with characteristic modesty, has suppressed all reference to himself. President Lane of the company contributes a brief address in which he says:

"I have no desire to make this a sermon, but I cannot resist the temptation to say a word or two about our responsibilities. Our company is a public service institution, and its success will be measured by the extent to which it discharges its duty to the public. The welfare of the public is, therefore, our welfare, and I hope every employee will grasp the full significance of this. Our growth in a material way and in public esteem demands that we treat the public well by giving good service and courteous treatment and by charging reasonable rates for our service. No employee of this company need be told that the company's intentions are good; its policy regarding these matters has been announced unequivocally. But we shall be judged by our performance, not by our intentions. The way to win public good will is to deserve it."

Half tones of the officers of the company are printed with biographical notices. The publication is well arranged and attractively gotten up.

HELD UP BY BARLEYCORN.

With a mind befuddled from numerous potatoes, Thomas Nalsh, an employee of the Singer Sewing Machine company, appeared at police head-

quarters last night with a confused tale of having been held up and robbed. When it was found that Nalsh still had several dollars and his gold watch in his possession, and as he grew more uncertain whether it was one of three men who held him up, he was given over to the care of Jailer Bush for his own protection. Nalsh claimed that the hold-up had occurred at Second South and Second West streets, and that he had been robbed of \$8. The bruised condition of his face, together with his rambling story, convinced the police that Nalsh had been the victim of a drunken brawl rather than a hold-up.

CANDIDATES NUMEROUS.

Several Names Mentioned for Juvenile Judgeship to Succeed Gowan.

The names of Alexander McMaster, former justice of the peace from the Fifth precinct and a practicing lawyer, N. H. Tanner, C. M. Nielsen, also a former justice, N. W. Sonnedeker, an attorney, and George S. Gibbs, are all in the list for the consideration of the state juvenile court commission for the appointment as juvenile judge for Salt Lake City to succeed Judge E. C. Gowan, recently named to succeed H. H. Thomas as superintendent of the state industrial school at Ogden.

In connection with the selection of Judge Gowan for the Ogden institution, the governor and all concerned in his appointment have been the recipients of much praise for the wisdom manifested in the selection. Judge Gowan as juvenile judge has won an enviable reputation and the trustees feel to congratulate themselves in being able to secure his services for the place. The citizens generally have manifested their pleasure in seeing the appointment made, as is evidenced in expressions of approval made to Governor Spry and others concerned in the appointment.

PICKPOCKETS ARRESTED.

Three Crooks Picked Up by the Police at O. S. L. Depot.

A man and woman, who gave their names as George and Jessie Patterson, and who are thought to be dangerous crooks, were arrested last night at the O. S. L. depot by Officers Simpson and Olson. The couple were caught in the act of attempting to pick the pockets of travelers. When taken to police headquarters Chief of Detectives Sheets identified the man as "Tommy" Lewis, a notorious eastern crook with a long police record. The woman is believed to be Annie Pickett, sister of Jack Pickett, an equally notorious criminal of San Francisco.

OLD MEAT MADE NEW.

"Freezine" Makes Feeble Cattle Appear Fresh and Causes Trouble.

"Embalmed beef," or something very near to it, has been found by the state food and dairy commissioner. Tests have been made by State Chemist Herman Harms and he has reported that out of nine samples, seven of them

contain a preservative. "Freezine" a compound guaranteed to make inferior cowfeed feel young and springy, was the substance found in most cases. The meat being offered for sale in this instance was guaranteed fresh and free from preservatives. This puts the meat dealers guilty of selling the meat in question in a shady position and prosecution is threatened.

We Have Planned a Remarkable Furniture Sale

THE REDUCTIONS WILL AVERAGE 20% TO 50% DISCOUNT—FROM ONE FIFTH TO ONE HALF LESS USUAL PRICES

The furniture, carpet and drapery buyer has just returned from the Eastern Markets. He deviated from the usual course this time, by cutting out some lines and on the other hand enlarging the scope of his purchases. These new goods will be here in a few weeks. In the meantime the department is being rearranged—hence the sale.

The furniture is the very kind one buys for Christmas, or where special sets and pieces are wanted for the home.

It is a beautiful, high grade stock which we include in this sale. It is the best there is in furniture. The opportunity is one which should not be disregarded—for it is an economy sale in the truest sense. The collection comprises furniture for the home, the porch and the lawn.

If you want an article of merit, quite a little cheaper, visit the Bargain Department—floor below.
