

## TROUBLE AT THE SAUCER TRACK.

Rishel Resigns—Sharp Refuses Sanction for Tonight's Meet.

GIBSON DECLINED TO RIDE.

Gus Lawson and Clem Turville Were Thrown From a Motor While Going at 147 Clip.

There was lively doings or rather untold to the "pleasure" of the To add to the "pleasure" of the occasion, the weather was cold and the crowd not large enough to pay expenses.

Briefly stated the features were these: Manager Rishel announced his resignation, but declined to state the cause. Harry Gibson, by his manager, Al Bloomfield, refused to ride in the fifteen mile motor-paced race because he claimed there would not be enough money in it to buy a decent breakfast.

Referee John Sharp said he distinctly understood he would not grant a sanction to the Salt Palace association to conduct a meet tonight. Gus Lawson and Clem Turville narrowly escaped serious injury by being thrown from the track when the motor they were riding at the rate of 147 slipped a tire. These features furnished excitement worthy of a larger crowd.

When Gibson refused to ride he stated that it was a percentage proposition and that first of all the management would hold out for expenses \$25. After that the riders were to receive 50 per cent of the balance of the receipts, and it was to be divided among the riders on the basis of 50, 30 and 20 per cent. Then the riders were to give their pacemakers half of their earnings.

At first Sharp announced his intention to suspend Gibson and fine him \$25, but later reconsidered the matter and concluded to submit the question to the N.C.A. board of control. A similar case occurred in the L.A.W. association and the decision was in favor of the riders.

Lawson finished the fifteen miles after the accident to Turville's motor. His time was 23:31 2-5.

W. E. Samuelson won the half mile open with Gus Lawson a close second and John Lawson third.

Nine riders competed in the two mile amateur handicap. Eddie Smith won from scratch; Hopper, 35 yards, second; and Ansell, 45 yards, third.

score of eight to seven. Ogden had the better of it in hits, getting fifteen off Newmeyer's delivery, while Salt Lake touched Hawley for twelve. In the last of the ninth the score was seven to six in Salt Lake's favor when the Lobsters tied the score. In the eleventh two doubles and a single brought in the winning run for the White Wings while in their half the Lobsters were held down successfully. There were a number of pretty double-plays and running catches, but at times the fielding was very ragged.

## GAME HERE TOMORROW.

Also Saturday, Sunday and All Next Week.

Tomorrow afternoon Salt Lake and Ogden are scheduled to meet in battle royal at Walker's pasture. Meredith and Evans will do the twirling and some lively proceedings will most likely be the result.

There are also games scheduled for Saturday, Sunday and all next week.

**NO RACES TONIGHT.**  
Managers Mulvey and Rishel Resign—Sharp Refuses Sanction.

There will be no bicycle races at the Salt Palace this evening. When the directors decided to conduct a meet, Manager Mulvey and Manager Rishel promptly objected and finally resigned. It was then decided to run the meet anyway. Here fresh trouble arose. Jack Sharp, representative of the N. C. A. refused to sanction the meet which means that if any of the cyclists ride they may as well go out of the business altogether, for they would be black listed all over the United States.

## MANASSA, COLORADO.

Harvest of Grain Better than Anticipated—Range Good.

Special Correspondence.  
Manassa, Conejos County, Colorado, Sept. 18.—The grain crop has exceeded the expectations of the farmers. Many were discouraged in the early part of the season, the spring was cold and backward and vegetation late in starting. Water for irrigation has been abundant and during July and August almost daily showers have secured. Threshing machines are humming and while the yield of grain is below the average the prices are better. Grass for winter range is more plentiful and ranchers are happy.

**PARKER, IDAHO.**  
Killing Frost on Sept. 9—Crops Practically All In.

Special Correspondence.  
Parker, Fremont Co., Idaho, Sept. 18.—We had our killing frost on September 9th, and the weather, contrary to its usual custom, has been frosty ever since. Except some late patches of oats the grain is all harvested and the threshers are carrying things with a rush; by the end of the month will be about through if the weather continues fine.

The landscape is profusely checked with immense haystacks. Hay is worth from \$3.50 to \$4.50 per ton. This locality was never before so completely drained of wheat as before threshing began.
