MINING, BUSINESS AND STOCKS

M'KINLEY COMPANY TO MAKE CHANGES

Will Increase Capitalization to a Million Shares of Stock.

VICTOR MAKES A SHIPMENT.

Plutus Nearly Carload of Ore Ready To Ship, That Will Pay Operating Expenses.

(Special to the "News.")

Eureka, March 22.—In these days of progress and prosperity in the mining industry companies with less than 1,000,000 shares appear to be looked disfavorably on, particularly in the Tintic district, and the companies which have been organized for some time are gradually falling into line and increasing their capitalization. The McKinley shareholders will hold their annual meeting on the 19th of next month, and among other things to be considered at that meeting will be the proposition of increasing the capital stock to 1,000,000 shares, which will mean that something like 600,000 shares will go into the treasury, thus providing a working fund and doing away with assessments for some time to come. It is understood that the larger shareholders in the corporation favor this plan. Under the management of Henry Mallach the McKinley is now doing some important development work which promises to give a good account of itself in the near future.

The victor made a shipment of good ore the latter part of last week, which is the product of the lessers now operating in the mine. The ore was taken from the 300 level, and the lins at the mine contain enough ore for another shipment. Some development work is being done on the 800 level in the Victor, which promises to have an important bearing upon the future of the property. It is understood that the company will put a much larger force to work next month.

SWANSEA TO BE SHIPPER.

The Swansea at Silver City is being worked at a depth of 800 feet, the first time in many years. There is a nice showing of ore on the 700 foot level, in virgin ground, both north and south of the shaft, and the Swansea will be a regular shipper in the future.

The Opex at Mammoth has reached a depth of 2,000 feet and after cutting a station on this level the shaft will be deepened to the 2,500 mark before drifts are started out in search of the ore.

The new hoisting plant at the Tintic Development company is being installed by F. B. Sullivan, formerly master mechanic at the Gemini mine.

The Wicklow company has raised its capitalization from 500,000 shares to 1,000,000 and as a result the company now has about 330,000 shares in the treasury for a working fund.

The people who had an option on the Meiich group of claims in East Tintic have transferred the option to the American Security and Redemption company, and it is understood that work is to be started at once.

PLUTUS HAS SHIPMENT.

John Strang, superintendent at the Plutus, states that he has nearly a carload of silver-lead ore at the mine awaiting shipment. This ore has been taken from the old workings, and will run from 30 to 40 per cent lead and 20 ounces silver to the ton. The ore which is now being taken out will be more than sufficient to pay the operating expenses of the mine. It is understood that the Plutus will be operated on a much larger scale after Manager Evans has looked over the property.

Manager A. N. Holdaway of the Tintic Central, who was in camp for a few days this week, stated that the new hoist for his company would arrive within a couple of weeks and that it would be installed immediately after its arrival. The hoist will be operated by electricity, a contract having already been made with the Telluride Power company for the power. The portion through which the Tintic Central shaft is being sunk is so soft that machine drills are hardly a necessity in the mine at the present time, and Mr. Holdaway says that a compressor will not be purchased until the lime formation is encountered.

The third connection with the ore opened up in the Iron Blossom allows the company to increase its daily tonnage to close on to 200 tons daily without any difficulty. The output of the mine is now about 100 tons daily.

STOCKS ARE FAIRLY STRONG.

Mason Valley Jumps Up Twenty Points—Other Securities Slow.

While Mason Valley has been silently working away and getting good results, the stock market has not been impressed with this property until the last few days. This morning the market took on a little spurt of activity in this stock and it jumped from $2.47½ to $2.67½. The highest price reached during the regular board session today was $2.75. During the trading 2,050 shares changed hands at $2.70. During the open and regular board sessions 4,447 shares of stock changed hands at advanced prices.

East Tintic Gold King changed hands at a higher price today than it has ever sold on the market, and 25,000 shares sold at 2 cents.

Iron Blossom showed an inclination to go down and sold as low at $2.70 on the regular board and $2.67½ on the open board. Beck Tunnel showed some activity and was stronger than it has been in some days. Black Jack came to life this morning and gained a point during the session.

During the trading today 93,727 shares were sold, representing $45,955.90.

On the curb market there was less activity than there has been for some time. Demijohn received a bid of 9½ cents and 30 cents was bid for Bingham Central Standard. Uintah Treasure Hill was offered at 26 cents and 32 cents was the bid. Mammoth received a bid of $1.60.

Six Sections of Sheep Range for Sale in Davis & Morgan Counties.

Will sell in lots of 2 or more Sections.

LEAD PRODUCERS ARE IN SESSION

Mine Operators of Idaho, Utah, Coolrado and Other States Hold Meeting.

DAY TALKS OF IDAHO MINES.

Declares Mining is Slow in Big Lead District of Gem State on Account of Conditions.

Close to a score of the operators of the lead producing mines of Idaho, Colorado, Utah, and other western states met at 2 o'clock this afternoon at the Commercial club to discuss the lead situation and to take any action that may be deemed necessary to keep the present tariff on the product, and build up the industry. The men who are attending the convention began to arrive yesterday. Among the first to come was J. F. Calbreath of Denver, secretary of the American Mining congress. He registered at the Knutsford hotel, and in a short time was in touch with many of the members of the Utah Mine Operators' association, which has been collecting statistics on lead production.

Although not a large delegation so far as numebrs are concerned, but which ranks high when it comes to representing producing mines, was the party that arrived this morning from Idaho under the leadership of Harry L. Day of Wallace. He comes in the interests of the American Mining congress and also as a representative of the Hercules property. With Mr. Day are such men as W. Clayton Miller of Spokane, representing the Federal Mines, J. F. McCarthy of Spokane, representing the Hecla properties; Judge M. A. Folsom of Spokane, representing the Bunker Hill and Sullivan companies and C. Fred Kratzer of Wallace, representing the National and the Caledonia mines.

NOT CROWDING PRODUCTION.

"We are not crowding the production of the mines in Idaho with the present weak conditions of the market," said Mr. Day this morning. "Of course there is a lot of work that must go ahead in spite of conditions, but at present the mines of our section are doing but little in development work and are not pushing the mine production.

"In Shoshone county about 85 per cent of the mining of the state is done. Conditions here speak pretty well of the entire state. The present weak market and the unsettled conditions over the tariff have not improved things. As soon as these have righted themselves, as I believe they will within a short time, there will be a greater production from this section of the country than ever before."

The meeting today promises to produce a closer association of the mining interests of the western states than ever before. One thing that is certain and that is that a closer general idea of the cost of production will be gleaned than ever before.

ADDS TO ORE RESERVE.

Ray Consolidated Finds That it Has Two Million More Tons in Sight.

D. C. Jackling, general manager of the Ray Consolidated property at Kelvin, Arizona, leaves in a few days to look over the work that is now being done on this great copper property. He expects to be gone about 15 days and during that time he will look more thoroughly into the rapid developments being made on that property.

At present the drill holes are being connected up so that a definite estimate can be made of the giant bed of ore that underlies the property. According to a report received by Mr. Jackling, the company has added in excess of 2,000,000 tons of ore to its reserve, during the past month.

BINGHAM MINES SHIPPING.

The Bingham Mines company, which recently took over the property of the Bingham Consolidated company, which was formerly controlled by F. Augustus Heinze, has commenced shipping from its property at Lark. During the visit of President James P. Graves, arrangements were made for the opening of this property at once. Under the direction of Supt. John Creighton it has been put into shape and the mine is now turning out about 60 tons of ore a day.

The ore being produced at this property runs 2½ per cent copper, 23 per cent lead and about 12 ounces in silver. The leasers on the property are making even a better showing than this, as they are sorting their ore.

Nothing has been done as yet toward opening up the company's property at Tintic, known as Eagle & Blue Bell. What will be done with the company's smelter at Bingham Junction is still an unsettled question.

SAN FRANCISCO MARKET.

CONCENTRATES.

M. J. Dailey, superintendent of the Silver King Coalition Mines company, is in Salt Lake City for a few days.

Charles A. Peet, a well known mining engineer, has returned from a trip through the oil country of southern Utah.

Colin McIntosh, general manager of the Ohio Copper company has gone to Bingham to look over the work being done there.

Murray C. Godbe and Anthony H. Godbe, interested in the Prince Consolidated, Ohio-Kentucky and other Pioche properties are at that camp.

The ore shipments out of Park City last week amounted to the following: Silver King, 1,228,220 pounds; Daly West, 964,000; Daly Judge, 472,000; Daly Judge Zinc, 642,500; American Flag, 88,000; total, 3,406,720 pounds.

The Mason Valley mine at Yerington has encountered the rich sulphide fissure in the lower tunnel, which on the level above was opened for 600 feet along the strike. The ore is from 30 to 40 feet wide, is a straight smelting product and assays 10 per cent copper.

Senator Dixon of Montana has filed with the senate committee on finance a statement in reference to the production of antimony in the United States and asking that it be protected. He asks that a tariff be placed on the importation of the cheap antimony ores that are now imported from Asia, Turkey, Germany and Mexico.

In removing a chunk of solid ore in a stope off the 400 level below the tunnel of the Columbus Consolidated company's property at Alta, a hole two feet wide was made through which a stream of dry, black, sandlike, sulphide ore began to run. Before this was stopped by the stope filling up to the level of the hole, Manager Tony Jacobson declares that about 200 tons of ore ran out. This can be handled with a shovel. This ore assays 10 per cent copper and 15 ounces in silver. On the 400 foot level below the tunnel, the ore fissure has been traversed for 80 feet, and the contact has been reached. This contact has not been determined, but it is believed that it is the greatest and richest ever found in an Alta mine.

TODAY'S MONEY MARKET.

New York, March 22.—Money on call, easy, 1½ at 2 per cent; ruling rate, 1¾ per cent; closing bid, 1½ per cent; offered at 2 per cent.

Time loans dull and firm; for 60 days, 2¼ per cent; for 90 days, 2¾ per cent; six months, 2¾ at 3 per cent.

Close Prime mercantile paper, 3½ at 4 per cent.

Sterling exchange steady, with actual business in bankers' bills at $4.86.20 at .30 for 60 day bills and at $4.88 at 4.88.25 for demand.

Commercial bills, $4.86 at ⅛.

Bar silver, 50⅝ cents.

Mexican dollars, 44 cents.

Government bonds firm; railroad bonds steady.

DR. GAMBLE RELEASED.

Dr. George A. Gamble, an osteopath, who was sentenced to four days' imprisonment in the county jail by Judge Morse because he refused to pay his wife, Dr. Mary Gamble, $25 a month alimony, was released yesterday after serving two days. Before he was released however however, he delivered the money to his former wife and promised never to be dilatory in his payments again.

GRIMM IN COURT AGAIN.

Martin Grimm, Jr., a bricklayer, filed an answer and cross-complaint Saturday in the Third district court to his wife's complaint for divorce, alleging that he was compelled under threat to marry Mrs. Mary Grimm. He declares he is not the father of Mrs. Grimm's child and asks for an annulment of the marriage. This is the third time within the last year that the Grimms have been before the courts with their matrimonial troubles.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or respective signers for further information.

IN THE DISTRICT COURT, Probate Division, in and for Salt Lake County, State of Utah. In the matter of the estate of Sidney K. Hooper, Deceased. Notice—The petition of Lucy Hewitt Hooper, executrix of the estate of Sidney K. Hooper, deceased, for confirmation of the sale of the following described real estate of said decedent, to-wit:

An undivided 1-14 interest in the following property:

Beginning at the northwest corner of lot 3, block 75, plat "A," Salt Lake City Survey and running thence south 123 1-3 feet; thence east 80 feet; thence south 17 2-3 feet; thence east 200 feet; thence south 15 feet; thence east 50 feet; thence north 165 feet; thence west 330 feet to beginning.

Also an undivided 1-13 interest in the following:

Commencing at the southwest corner of said lot 3, and running thence north 12 feet; thence east 75 feet; thence north 3 feet; thence east 205 feet; thence south 15 feet; thence west 280 feet to point of beginning, subject to certain rights of way thereover, for the sum of $14,730, and upon the following terms, to-wit:

10 per cent at time of making said bid and balance on confirmation, as appears from the return of sale, filed in this Court, has been set for hearing on Friday, the 2nd day of April, A. D. 1909, at 2 o'clock p. m., at the County Court House, in the Court Room of said Court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said Court, with the seal thereof affixed, this 22nd day of March, A. D. 1909.

MARGARET ZANE WITCHER, (Seal) Clerk.

By L. P. Palmer, Deputy Clerk.

Young & Merlo, Attorneys for Petitioner.

MARKET HIGHER, CLOSING STRONG

New York, March 22.—Initial prices of stocks showed some good gains today over Saturday's level in the active speculative issues and the whole list was moderately higher. The amount of business done, however, was small. Union Pacific rose 1¼, People's Gas, 1⅛, Reading, Great Northern, pfd., Canadian Pacific and American Smelting 1, and Northern Pacific, Brooklyn Transit and Amalgamated ¾. Buying orders increased largely and there was a further sharp advance in which the important railroads showed the largest share. The market quieted down considerably after many material gains had been made. Buying order for London account was a factor in the activity and strength of the first hour. When these orders had been executed the market became extremely dull and again and prices sagged a fraction.

Bonds were steady.

Heavy buying of Reading enlivened things up a bit for a time, but the market soon returned to its pathetic state, when Reading stopped advancing. The rise carried Reading up 2⅜, Canadian Pacific 1½ and American Sugar 1.

The undertone of the market remained strong, and there was a further advance in selective stocks. Union Pacific moved up 2¼, American Smelting 2, New York Central and Missouri Pacific 1¼, and Atchison, Rio Grande and Great Northern Ore certificates 1.

The market closed strong and quite active. The copper and lead industrials led a late advance, in which American Smelting and Reading rose 2¼, Chicago & Alton 2¾, Amalgamated Copper 2⅝, Northwestern 2, New York Central 1⅜ and National Lead and Tennessee Copper 1¼.

LIVESTOCK.

CHICAGO.

Chicago, March 22.—Cattle—Receipts estimated at 15,000; market 10c. higher. Beeves, 4.70@7.15; Texas steers, 4.50@5.50; western steers, 4.30@5.50; stockers and feeders, 3.40@5.45; cows and heifers, 2.00@5.60; calves, 6.00@8.25.

Hogs—Receipts estimated at 42,000; market 5@10c. higher. Lights, 6.45@6.85; mixed, 6.55@6.95; heavy, 6.60@7.00; rough, 6.60@6.65; good to choice heavy, 6.85@7.00; pigs, 5.35@6.30; bulk of sales, 6.70@6.90.

WOOL.

ST. LOUIS.

St. Louis, March 22.—Wool, firm. Territory and western mediums, 18@23; fine mediums, 17@20; fine, 11@17.

PRODUCE.

CHICAGO.

Chicago, March 22.—Lower cables, liberal world's shipments and favorable reports regarding the growing crop in this country, brought out considerable selling of wheat here today, which resulted in declines of nearly 1c. At the start prices were ⅜ to ⅝@⅝ lower. May being at 1.14⅝ to 1.14¾, and July at 1.02⅝. After touching, 1.14⅜. May declined to 1.14½, while July sold off to 1.02¼.

The slump in wheat, weak cables and fairly liberal receipts had a depressing effect on corn. May opened 1.09¾ to 1.10⅝ lower at 65⅛ to 65⅜, sold at 65⅞ and then declined again to 65¾.

The market for oats was rather weak because of the buying of wheat and corn. May opened ⅜ lower at 52⅜, sold at 52¾ and sold off to 52⅝@52¾.

Provisions were firm owing to a 5 to 10c. advance in live hogs. Trade was rather dull. Prices at the start were a shade to 10c. higher.

Wheat—The low point for May was reached at 1.14⅛. July declined to 1.01⅝. Late in the day several of the leading bulls began to buy and this started active covering by shorts, resulting in a sharp rally, all of the earlier loss being regained. May advanced to 1.15¼, and July to 1.02⅞. The close was firm although May was still a shade below Saturday's close, at 1.15¼. July was 3/8@½ at 1.02⅝@1.02¾.

Corn—The market rallied with wheat. May advancing to 66¼. The close was strong, with May up ⅜ at 66@66¼.

Oats—Wheat—May, 1.15¼; July, 1.02⅝@1.02¾; Sept., 96¾@96⅞; Dec., 97⅜.

Corn—March, 64½; May, 65⅝@65¾; July, 65¼; Sept., 65; Dec., 58.

Oats—May, 54; July, 48; Sept., 40¼.

Pork—May, 17.65; July, 17.87½.

Lard—May, 10.17½@10.20; July, 10.30; Sept., 10.42½.

Ribs—May, 9.37½@9.40; July, 9.52½@9.55; Sept., 9.67½.

Rye—Cash and May, 80.

Barley—Cash, 63@69.

Timothy—March, 3.80.

Clover—March, 8.80.

SUGAR AND COFFEE.

New York, March 22.—Sugar, raw, steady. Fair refining, 3.42; centrifugal, 96 test, 3.92; molasses sugar, 4.17.

Refined—Steady. Crushed, 5.35; powdered, 4.95; granulated, 4.85.

Coffee—Steady. No. 7 Rio, 8¼; No. 4 Santos, 8¾.

LATE LOCALS

Local Bank Clearings—Today's local bank clearings amounted to $1,045,222.84 as compared with $734,317.31 for the corresponding day of last year.

Mrs. Holding Very Ill—Mrs. Sarah Holding mother of E. G. Holding is very sick at the home of her daughter Mrs. Eardley on south Second West street. Mrs. Holding is 86 years old, and came to Utah in pioneer days.
