GREAT CENTRAL ROUTE

THE MICHIGAN CENTRAL RAILROAD

Unit in running FOUR EXPRESS PASSENGER TRAINS DAILY between Chicago and New York, Boston, and all intermediate points in New England, New York and the Canada.

The renowned Pullman Palace Sleeping Cars are run on this line, exclusively, from Chicago east, and are fully supplied on all night trains.

The famous PULLMAN HOTEL CARS leave daily on evening trains running directly through to Rochester, N.Y., without change. The passenger equipment of this line is unequalled by any other in the country, and will be found by patrons to possess all the requisites of SPEED, COMFORT and SAFETY.

Connected with the

GREAT CENTRAL ROUTE

The Blue Line

Established January 1, 1887, for the carriage of

Through Freight without Transfer

This line is owned and operated by the Michigan Central, Illinois Central, Chicago, Burlington and Quincy, Chicago and Alton, Great Western of Canada, New York Central, Hudson River, Boston and Albany, Providence and Worcester, Worcester and Fitchburg, Housatonic and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE"

Is the only route that offers to shippers of freight the advantages of an unbroken gauge of track from Chicago and the Mississippi river to the seaboard, and is of the

SAME GAUGE AS THE UNION PACIFIC,

over which these cars will run on completion of that road.

THE BLUE LINE CARS

Are ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of rapidly while remote from their own roads.

The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Road or Line and the public.

The facilities of the Line for making uniformly quick time are unequalled.

All claims promptly settled on their merits.

Freight contracts given at the office of the Companies in New York, Boston, etc.

DON'T BUY A SEWING MACHINE
Until you have examined the

FLORENCE

While a large number of Sewing Machines have been offered to the public, some of which have been of a very inferior quality, we have long felt the necessity of a machine of perfect in its mechanical structure, combining in the highest degree simplicity with durability, which, while capable of doing any range of work, is easily understood that a child could run it. Discarding the chain stitch of the Grover & Baker, so easily raveled, and subject to wearing out, on account of cord on the under side, we adapt the lock stitch alike on both sides of the fabric, and have added the knot, double knot, and double lock, thus enabling every range of work.

The four different attachments and reversible feed, which allows the work to run either way, make it incomparably the best for family use. We also offer

A NEW MANUFACTURING MACHINE,
which is pronounced the Machine of the age. It is a Florence Sewing Machine in Utah, Idaho, Montana, or Wyoming not giving perfect satisfaction. We will repair it free of any charge.

Branch Office at Salt Lake City. Will be open by September 22nd. Ladies are invited to call and examine our Machines, whether designing to purchase or not.
