Speaker Refers to Book of Mormon prophecies Regarding America-Excellent Selections by Choir,

A large attendance was present at the tabernacle services yesterday afternoon. The day was ideal, a fact which induced many to come out. The first hymn was "Hark listen to the thumpeters." The second was even a greater favorite, being "O My Father." The "Hallelulah Chorus" was the clos-ing anthem. The Latter-day Saints accept the Bible in it entirety, certain slight in-accuracies of interpretation excepted. They believe the book as firmly as any people in the world. They are peculiar in that they be-lieve in other revelations of God be-sides those in the Bible. Much of the history of the land of America was made known to the people of pre-historic America, knowledge of which is presented in the Book of Mormon. This book does not parallel the Bible which is a record of the Jews who are a branch of the house of Israel. The Book of Mormon deals with another branch of Israel.
